INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
O.L. Thompson Enterprises Profit Sharing Plan
Charleston, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of O.L. Thompson Enterprises Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the O.L. Thompson Enterprises Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of O.L. Thompson Enterprises Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about O.L. Thompson Enterprises Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of O.L. Thompson Enterprises Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about O.L. Thompson Enterprises Profit Sharing Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) referred to as “supplemental information,” is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of O.L. Thompson Enterprises (Companies) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

The Plan Administrator is: Thompson Trucking Co., Inc.
P.O. Box 63385
Charleston, SC 29419-3385

General The Plan is a defined contribution profit sharing 401(k) salary deferred plan. It covers substantially all full-time employees of the Companies in the management group identified below. Covered participants must have obtained one year of entry service (considered 1,000 hours of service). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The original effective date of the Plan was January 1, 1996. The Plan was restated during 2000 and has a restatement date of July 1, 2000. The terms and conditions of the restated Plan are essentially the same as the original Plan except in the area of direction of contributions and investments. Under the restated Plan, participants direct all investment selections for all elective deferral contributions, rollover contributions, and the Companies' matching and profit sharing contributions made on their behalf. Under the original Plan, Plan assets were not participant directed.

A second amendment to the Plan was adopted and made effective July 30, 2008 to allow participant loans borrowed against a percentage of the participants vested account balance, assuming they meet other various requirements detailed further in this Note. The terms and conditions of the Plan remain essentially the same, aside from the changes pertaining to participant loans.

Employers of the management group participating in the Plan at year-end are as follows:

Thompson Trucking Co, Inc. (Plan Sponsor)	57-0844756
O.L. Thompson Construction Co., Inc.	57-0848633
Thompson Administrative Group, Inc.	42-1556237
Thompson Management Group, Inc.	42-1556242
Thompson Equipment Maint., Inc.	26-3975402

Contributions Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to \$23,000 as limited by law, for the year ended December 31, 2024. The Plan does not require a minimum salary reduction contribution. Voluntary employee contributions are not permitted. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Under the restated Plan, participants direct the investment of their contributions into various investments offered by the Plan. The Plan currently offers several pooled separate investments and an insurance investment contract as investment options for participants. The Companies contribute 50% of the first 6% of base compensation that a participant contributes to the Plan. For participants who are at least 50 years of age by Plan year end may make additional catch-up contributions limited to \$7,500 for the year ended December 31, 2024. Matching contributions from the Companies after Plan restatement are participant directed. Additional discretionary profit sharing amounts may be contributed at the option of the Companies' board of directors. These amounts are contributed to the participants' accounts in accordance with an allocation formula as defined in the Plan agreement. Under the restated Plan, participants direct all investment selections for all elective deferral contributions made on their behalf.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN – (CONTINUED)

Participant Accounts Each participant’s account is credited with the participant’s contribution and allocation of (a) the Companies’ contributions, (b) investment earnings, and (c) forfeitures of terminated participants’ nonvested accounts. Each participant’s account is also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The Companies’ matching contributions are made on a weekly basis for all participants who make elective deferral contributions during the month. The Companies’ discretionary profit sharing contributions and forfeitures are allocated based on a formula, which is integrated with social security at the Maximum Integration Rate. Forfeitures derived from the Companies’ contributions are reallocated to eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Forfeitures The balance of forfeited nonvested accounts will be reallocated to participants in the same manner as employer contributions but, fees, if any for the Plan, come out first. For the years ended December 31, 2024 and 2023, administrative fees were offset by \$8,750 and \$532, respectively, by forfeited nonvested accounts. For the years ended December 31, 2024 and 2023, employer contributions were reduced by \$0, by forfeited nonvested accounts. At December 31, 2024 and 2023 forfeited nonvested accounts totaled \$1,225, and \$0, respectively.

Vesting Participants are immediately vested in their contributions plus actual earnings thereon. A participant’s interest in the Companies’ contribution portion of his account plus actual earnings thereon, is fully vested and non-forfeitable upon the occurrence of any of the following events: participant’s death, participant’s total and permanent disability, participant’s attainment of normal retirement age (65) while in the service of his employer, or the termination of the Plan. Prior to the occurrence of any of the preceding events, a participant’s vested interest in the Companies’ contribution portion of the participants account is based on years of continuous service (at least 1,000 hours) using a graduated vesting schedule.

Vesting Schedule:

Less than 2 Years of Service	0% Vested
2 Years of Service	20% Vested
3 Years of Service	40% Vested
4 Years of Service	60% Vested
5 Years of Service	80% Vested
6 or more Years of Service	100% Vested

Payment of Benefits On termination of service due to death, disability, or retirement, any benefits payable under the Plan to a participant (or the participant’s designated beneficiary in the event of death) are distributed to the participant as follows: (1) if the value of his vested account balance has never been more than \$5,000, the distribution is in a lump sum payment; (2) if the value of the participant’s vested account balance has ever exceeded \$5,000, the distribution is, at the election of the participant (or the participant’s designated beneficiary in the event of death) and with appropriate spousal consent, made in any one or a combination of the methods set forth as follows: (a) by lump sum payment; (b) by the payment of installments over a period certain not extending beyond the life expectancy of the participant or the joint life expectancy of the participant and a designated individual. In the case of benefits payable to a terminated participant whose vested account balance has never exceeded \$5,000, the vested portion of his Companies’ contribution account is to be distributed as soon as administratively possible following his termination. The Plan permits a terminated participant whose vested account balance has exceeded \$5,000 to elect to defer the commencement of benefits until normal retirement age or to have all or any part of his vested account balance paid to him under method (a) or (b) described above.

Notes Receivable from Participants Effective July 30, 2008, participants may borrow funds against a portion of their vested account balance. The minimum loan amount is \$1,000. Interest is applied at a base

rate of the Prime Rate (as published in the Wall Street Journal) plus 2%. Loan applicants must be actively employed, and use up to the lesser of 50% of their vested account balance or \$50,000, at the time the loan is made. The participant's investment balance serves as security for the loan. Loan payments will be deducted by Employer from the participants pay and submitted accordingly. Delinquent notes from participants are recorded as benefits based upon terms of the plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition The Plan's investments are stated at fair value. Shares of pooled separate accounts and registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of the units held by the Plan at the close of the last business day of the Plan's year-end. Securities traded on the national securities exchange are valued at the last reported sales price on the units held by the Plan on the last business day of the Plan year. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received rather than when earned. For corporate bonds that do not have an established fair value, the fair value is based on yields currently available on comparable securities of issuers with similar credit ratings. The Plan's investment contract with Principal Life Insurance Company is a Guaranteed Interest Account, which is reported at fair value since it is not a fully benefit responsive plan.

Payment of Benefits Benefits are recorded when paid.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants Participant loans are reported as Plan assets separate from other investments.

Expenses Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation of fair value of investments.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2000, the Plan entered into an investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The contract is a Guaranteed Interest Account. This account provides a guaranteed interest rate for a specified period of time as determined by the Plan. The guarantees made with regard to the Guaranteed Interest Account are supported by Principal's General Account. The General Account is invested mostly in private placement bonds, commercial mortgages, and residential mortgages. The Guaranteed Interest Account promises contract value for a benefit event such as termination, death, disability, or retirement. However, there is a possible market value adjustment when funds are withdrawn prior to their maturity.

O.L. THOMPSON ENTERPRISES PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY – (CONTINUED)

Thus, the Guaranteed Interest Account is not considered benefit responsive and is reported at fair market value. The account is credited with accrual earnings on the underlying investments charged for participant withdrawals and administrative expenses. There are no reserves against the value of this account for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately, 1.04% to 1.42% for the contracts that mature December 31, 2024, .75% to 4.80% for the contracts that mature December 31, 2025, 1.43% to 2.43% for the contracts that mature December 31, 2026, 4.80% to 5.00% for the contracts that mature December 31, 2027, and 5.03% to 5.17% for the contracts that mature December 31, 2028. The crediting interest rates are based on an agreed-upon formula with the issuer.

4. PLAN TERMINATION

Although they have not expressed any intention to do so, the Companies' have the right under the Plan to discontinue their contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. RELATED PARTY TRANSACTIONS

The Company provides certain accounting, administrative and investment management services to the Plan for which no fees are charged. Certain investments are managed by Principal Life Insurance Company. The related investment fees are presented net of the appreciation in fair value of investments on the statements of changes in net assets held for benefits.

8. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

8. FAIR VALUE MEASUREMENTS – (CONTINUED)

- a. Quoted prices for similar assets or liabilities in active markets
- b. Quoted prices for identical or similar assets or liabilities in inactive markets
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based the lowest level of any input that is significant to the fair value measurement.
