INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Florida Paints & Coatings LLC 401(k) Plan
Winter Garden, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Florida Paints & Coatings LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

To the Plan Administrator and Participants
Florida Paints & Coating LLC 401(k) Plan

INDEPENDENT AUDITOR'S REPORT

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FLORIDA PAINTS & COATINGS LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of Florida Paints & Coatings LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the summary plan description and the adoption agreement for a complete description of the Plan's provisions.

General

The Plan, originally effective January 1, 2014, and most recently restated April 9, 2021, is a defined contribution plan covering all eligible employees of Florida Paints & Coatings LLC (the Company), as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and Contributions

Employees of the Company are eligible to participate in the deferral and safe harbor matching components of the Plan after they have attained age 18 and completed two consecutive months of service. Eligible employees may enter the Plan on a monthly basis once the eligibility requirements are met. Employees are eligible for Company non-elective contributions after they have attained age 18 and completed one year of service, as defined.

Participants may contribute up to 92% of their eligible compensation, as defined, as pre-tax or Roth after-tax contributions to the Plan, not to exceed the Internal Revenue Service limitation of \$23,000 in 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$7,500 to the Plan in 2024. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

The Plan provides for the Company to make safe harbor matching contributions equal to 100% of employee deferrals up to 3% of eligible compensation, plus 50% of deferrals on the next 2% of eligible compensation. The Company may, at its discretion, make a non-elective contribution to the Plan. A participant must be employed as of the last day of the Plan year in order to be eligible to share in the Company's non-elective contributions. The Company did not make a discretionary non-elective contribution for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor contributions, an allocation of the Company's non-elective contributions, and an allocation of Plan earnings, and charged with benefit payments and an allocation of the Plan's losses and administrative expenses. Allocations are based on participant earnings or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their accounts into various options offered by the Plan. Participants may change their investment options at any time.

Vesting

Participants vest immediately in their elective contributions, Company safe harbor matching contributions and non-elective contributions, plus earnings thereon.

FLORIDA PAINTS & COATINGS LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Upon termination of employment, retirement, disability, or death, if the participant's vested account balance does not exceed \$5,000, the participant may receive the vested account balance in a single lump-sum payment. If the vested balance exceeds \$5,000, the participant may elect a partial distribution, or to receive a distribution in a single lump-sum payment or a series of installments over time. The Plan allows for in-service distributions when a participant reaches age 59 ½ or becomes disabled. Hardship withdrawals are also permitted by the Plan from elective deferrals and are paid in one lump-sum. The Plan allows the Plan administrator to authorize the distribution of vested account balances of up to \$5,000 for terminated participants without the participant's consent.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The \$50,000 is reduced by the highest outstanding loan during the past twelve months or the existing loan balance at the date the loan is made, whichever is greater. Participants are allowed to have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The period for loan repayment cannot exceed five years from the date of the loan unless it was used to purchase a principal residence, in which case it may not exceed 15 years. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Any non-vested amounts remaining after the distribution of a terminated participant's vested account balance are forfeited. Forfeitures can be applied to offset Plan expenses or reduce Company non-elective or safe harbor matching contributions. At December 31, 2024 and 2023, there were \$11,438 and \$10,960 of unallocated forfeitures, respectively. There were no forfeitures used during the year ended December 31, 2024.

Plan Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan are included in administrative expenses and certain investment-related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits. Transaction fees are charged directly to the accounts of the participants who incur those fees. Any costs associated with the investment of a participant's account are charged to that participant.

Revenue Sharing

The Plan participates in a revenue sharing agreement with the trustee. Under the terms of the agreement, the Plan earns revenue credits based upon the Plan's investment holdings, which are allocated to participants who are investing in the specific investment options that earn such credits. Revenue credits are used to pay administrative expenses of the Plan. For the 2024 Plan year, the trustee contributed \$34,995 in revenue sharing credits, which are presented net with Plan administrative expenses in the accompanying financial statements.

FLORIDA PAINTS & COATINGS LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments (except for the fully benefit-responsive investment contract) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in the Empower Investments Fixed Account – Series Class I, a traditional guaranteed investment contract option, which is considered fully benefit-responsive. The primary objective of the account is stability of principal. The contract issuer maintains the contributions governed by the contract in a general account that is managed by the contract issuer. The investment contract issuer is contractually obligated to repay the principal and a specified guaranteed interest rate to the Plan. There are no long-term restrictions on the ability to move Plan assets into or out of this investment option or among investment options in general under the contract.

The investment contract meets the fully-benefit responsive contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Investments, represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) certain amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) and (ii) changes to the Plan's competing investment options without the approval of Empower Investments or deletion of equity wash provisions. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

FLORIDA PAINTS & COATINGS LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan agreement.

Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2024, as of August 19, 2025, which is the date the financial statements were available to be issued. No material events have occurred since December 31, 2024, that require recognition or disclosure in the financial statements.

Note 3 - Fair Value Measurements

The Plan measures and reports its financial assets and liabilities using a three-tier hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1—Inputs to the valuation methodology are quoted prices for identical securities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include: (1) quoted market prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from, or corroborated by, observable market data by correlation of other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology at December 31, 2024 and 2023.

Mutual Funds: Valued at the quoted market prices of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**FLORIDA PAINTS & COATINGS LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

**FLORIDA PAINTS & COATINGS LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

Note 5 - Party-in-Interest Transactions

Certain of the Plan’s investments are managed by the Plan’s trustee or entities related to the trustee. Therefore, transactions in these investments qualify as party-in-interest transactions. Expenses paid to the Plan’s trustee and related entities, net of revenue sharing credits, totaled \$56,250 for the year ended December 31, 2024. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants’ account balances, and the amounts reported in the statements of net assets available for benefits.

Note 8 - Tax Status

The Plan adopted a non-standardized defined contribution pre-approved plan, which received a favorable opinion letter dated November 14, 2022, in which the Internal Revenue Service (IRS) stated that the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:
