Report of Independent Auditors

To the Administrator of Diageo North America, Inc. Savings Plan

Opinion

We have audited the accompanying financial statements of Diageo North America, Inc. Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute

assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 (the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are

presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

December 31, 2024 and 2023

(1) Plan Description

The following description of the Diageo North America, Inc. Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(a) *General*

The Plan is a defined contribution plan sponsored by Diageo North America, Inc. (the “Company”, “Diageo” or “Plan Sponsor”). It is intended that the Plan and its Trust be qualified and exempt under Sections 401(a) and 501(a) of the Internal Revenue Code of 1986 (the “Code”), as amended from time to time, and meet the requirements of Section 401(k) of the Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

(b) *Eligibility*

Employees of the Company, as defined in the Plan document, are immediately eligible to participate as soon as they have attained the age of 21.

(c) *Contributions*

Participants may contribute annually from 1% up to 50% of their salary either pre-tax, after-tax, or both, as defined in the Plan document. Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers 3 money market funds, 21 mutual funds, and a company stock fund invested in American Depository Receipt (“ADR”) shares of Diageo plc as investment options for participants. The Plan provides for automatic deferrals of 3% for newly eligible employees unless they affirmatively elect not to participate.

All employees who are eligible to contribute under the Plan, and who have attained age 50 or older before the close of the Plan year, are eligible to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing distributions from other qualified retirement plans.

Effective January 1, 2003, the Plan terminated Company contributions. Nonvested Company contributions are used to pay Plan expenses.

(d) *Participant Accounts*

Each participant’s account is credited with the participant’s contributions, an allocation of the Plan’s investment earnings or losses, and charged with administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The participant is entitled to their vested account balance upon termination, death, retirement, or disability under the Company’s Long-Term Disability Plan.

(e) *Vesting*

Participants are immediately vested in their contributions plus actual earnings or losses thereon.

DIAGEO NORTH AMERICA, INC. SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(f) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to \$50,000 less the highest outstanding loan balance in the last 12 months or 50% of their account balance, whichever is less. Effective September 15, 2023, the number of outstanding loans a participant may have at any time increased from one to two. The loans are secured by the balance in the participant's account and bear interest at rates equal to the Prime Rate published in the Wall Street Journal at the time the loan is originated. Principal and interest are paid ratably through payroll deductions. The loans are payable over a period not to exceed 5 years, or 20 years for loans taken for a primary residence.

(g) Payment of Benefits

Distributions from the Plan are eligible to be paid upon retirement, attainment of age 59½, hardship, termination of employment, death, or disability under the Company's Long-Term Disability Plan.

If a participant's account balance is greater than \$5,000 and the participant is eligible for retirement or "early retirement" (i.e., age 50 or older with five or more years of service), the participant may leave the account in the Plan until age 73 and then may elect to receive a lump sum distribution, a rollover to another qualified plan (or Individual Retirement Account ("IRA")), or quarterly or annual installments over a period elected by the participant not to exceed the participant's life expectancy (or the life expectancy of a designated beneficiary).

If a terminated participant's account balance is greater than \$1,000 but not more than \$7,000, the amount will be distributed to the participant as soon as practicable. If the participant does not elect to receive the distribution as a lump sum or a direct rollover to an eligible retirement plan or IRA chosen by the participant, the Plan Sponsor will pay the distribution as a direct rollover to an IRA designated by the Plan Sponsor.

If the participant's account balance is \$1,000 or less, the distribution is made from the Plan in a lump sum cash distribution.

Upon the death of a participant, the designated beneficiary, or the participant's estate if no beneficiary is designated, is entitled to 100% of the participant's account.

(h) Forfeited Accounts

Unallocated forfeitures as of December 31, 2024 and 2023, amounted to \$75,528 and \$50,112, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared in compliance with the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA and under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

DIAGEO NORTH AMERICA, INC. SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

(c) *Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as benefits paid based upon the terms of the Plan document.

(d) *Administrative Expenses*

Expenses reasonably incurred in the administration of the Plan are paid by the Plan. Certain costs of establishing and administering the Plan have been paid by the Plan Sponsor and, accordingly, are not included as administrative expenses of the Plan.

(e) *Benefit Payments*

Benefit payments to participants are recorded when paid.

(3) *Investment in Master Trust*

The Plan's investments are held in the Diageo North America, Inc. Master Trust ("Master Trust"), which was established for the Plan and another Company sponsored defined contribution plan. Each defined contribution plan has a divided interest in the Master Trust. The assets of the Master Trust are held by Fidelity Management Trust Company (the "Trustee"). Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual defined contribution plans based upon balances invested by each plan.

(4) Master Trust Financial Information

The Plan's specific interest in the Master Trust is credited or charged for contributions, transfers and benefit payments relating to its participants. Net appreciation (depreciation) in fair value of investments and income (loss) from investments are allocated to the Plan based on the Plan's specific interest in the net assets of the Master Trust.

The following table presents the fair values of investments and other assets and liabilities of the Master Trust, and the Plan's interest in the Master Trust, as of December 31, 2024 and 2023:

	December 31, 2024		December 31, 2023

Investment income of the Master Trust for the year ended December 31, 2024 is as follows:

Net appreciation in fair value of investments	\$ 36,972,172
Interest and dividends	12,493,631
Total investment income	\$ 49,465,803

(5) Master Trust Investment Valuation and Income Recognition

Investments in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Master Trust follows the fair value measurement guidance presented by GAAP for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

DIAGEO NORTH AMERICA, INC. SAVINGS PLAN

Notes to Financial Statements

December 31, 2024 and 2023

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: These investments are public investment vehicles valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Money market funds: Valued at the NAV of shares held by the Master Trust at year end.

Diageo common stock fund: Represents a unitized employer stock fund and it is comprised of the Company's ADRs and a short term cash component valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan evaluated the significance of transfers between levels based on the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no transfers in or out of Level 3.

(6) Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as inflation, a pandemic or international conflict. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

December 31, 2024 and 2023

(7) **Related-Party and Party-In-Interest Transactions**

Certain Plan investments that include mutual funds and money market funds are managed by Fidelity Management & Research through the Master Trust. Fidelity Management & Research is related to the Trustee as defined by the Plan and, therefore, transactions involving these investments qualify as party-in-interest transactions. Fees incurred from related parties by the Plan amounted to \$163,635 for the year ended December 31, 2024.

The Plan's investments include ADR shares of Diageo plc through the Master Trust. Diageo plc is the parent company of the Plan Sponsor and, therefore, transactions involving these investments qualify as party-in-interest transactions. At the Master Trust during 2024, these investments earned dividends of \$366,000, realized gains of \$1,000 and unrealized losses of \$1,648,000. At the Master Trust during 2024, purchases and sales of the ADR shares of Diageo plc were approximately \$1,442,000 and \$1,770,000, respectively.

Notes receivable from participants also qualify as party-in-interest transactions.

(8) **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA.

(9) **Tax Status**

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated September 13, 2022 that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(10) **Subsequent Events**

In preparing the financial statements, management of the Plan has evaluated events and transactions for potential recognition or disclosure through June 26, 2025, the date that the financial statements were available to be issued, and noted no subsequent events requiring disclosure.
