Candid DC Plan

Financial Statements

December 31, 2024

Independent Auditors' Report

Board of Trustees of Candid DC Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Candid DC Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2024

1. Description of Plan

The following description of Candid DC Plan (formerly The Foundation Center Defined Contribution Retirement Plan) (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan covering all eligible employees (as defined in the Plan document) of Candid (formerly the Foundation Center) (the "Employer"). No years of service for eligibility are required, except for employees who are scheduled to work less than 1,000 hours per year, upon completing two years of service. Employees who have attained age 21 on January 1, 2019 and (1) who have met the years of service requirement as of December 31, 2018 or (2) who are scheduled to work 1,000 or more hours per year, are eligible to receive Employer contributions no later than January 1, 2019. Excluded employees include non-resident aliens, collective bargaining employees and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective December 31, 2023, the Candid Tax Deferred Annuity Plan ("TDA Plan") merged all assets into the Plan, maintaining the investments and participant loans in a contract with Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF").

Contributions

Once the employee has met the age requirement listed above, they will enter the Plan the first day of the following month and become eligible. Effective December 31, 2023, participants may voluntarily contribute up to the Internal Revenue Service ("IRS") maximum allowable amount of their pre-tax and Roth contributions which are made on after-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified retirement plans. The Employer will contribute 7% of compensation earned after plan participation commenced. In addition, the Employer will make a matching contribution of 50% of the first 5% of a participant's contributions. In no event, however, will compensation in excess of a maximum set by the Internal Revenue Service each year be considered under the Plan. Compensation is defined as a participant's base annual salary and excludes all or any portion of irregular or additional compensation including, but not limited to, any type of additional work performed outside their regular tour of duty, overtime, bonuses, and stipends. Compensation also excludes reimbursements, deferred compensation and welfare benefits.

Vesting

Once employees meet the age requirement, they are fully vested in the Plan.

Participant Accounts

Each participant's account is credited with the participants' contributions, employer's contributions and allocations of the Plan earnings on his or her specific investments. Allocations of plan earnings are based on each participant's account balance while employer contribution allocations of earnings are based on the participant's compensation. The benefit to which a participant is entitled is the amount accumulated in the participant's vested account.

1. Description of Plan (*continued*)

Payment of Benefits

Upon termination of service due to death, disability, retirement, age 59 1/2 or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. The Plan will make a mandatory distribution following termination of employment for participants with account balances of \$5,000 or less.

Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

Loans to a Participant

Participants may borrow from their accounts up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000. Participant loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Loans must be repaid within five years, unless the loan is used to purchase a participant's principal residence or the participant is on authorized leave for military service for a period which extends the maturity date of the loan beyond five years.

Collateralized Assets

Loans with TIAA and CREF are issued directly from funds owned by TIAA and CREF and not directly from a participant's account. Interest and principal are paid by the participant directly to TIAA and CREF. The loans are not considered assets of the Plan and, therefore, are not reported in the statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral for the loan is maintained as part of the participant's TIAA Traditional Annuity account. The collateral securing the loan continues to earn interest. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits.

The loan interest rate for these loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. Principal repayments are transferred to the investment options chosen under the terms of the Plan.

At December 31, 2024 and 2023, there were 9 and 12 loans outstanding with total principal balances due of \$426,179 and \$57,193, which also represents a collateralization of participant accounts. Of these loan balances, \$11,624 and \$11,027 were defaulted as of December 31, 2024 and 2023. As of December 31, 2024 and 2023, interest rates on these loans ranged from 4.38% to 5.68% with maturities through 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The TIAA Traditional Annuity Account is an unallocated contract. The fully benefit responsive contracts are carried at contract value and the non-benefit responsive contracts are carried at fair value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The fair value is derived from a discounted cash flow analysis and other factors. Investments in registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year end. The pooled separate account is valued at the NAV of units held by the Plan. The NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. The NAV based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Purchase and sales of securities are recorded on a trade-date basis. Income is recorded on the accrual basis. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceased to make loan repayments and the plan administrator deemed the loan to be in default, the participant loan balance was reduced and a benefit payment was recorded upon a distributable event.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies *(continued)*

Administrative Expenses

Certain expenses of the Plan are deducted from the value of the participants' assets and certain expenses which are paid by the Employer on behalf of the Plan and are excluded from these financial statements. Expenses relating to investment management are paid directly by the respective investment vehicle and are included as a reduction to net appreciation in value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is August 27, 2025.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in value of investments, interest and dividend income and interest on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Teachers Insurance and Annuity Association of America (“TIAA”) and College Retirement Equities Fund (“CREF”), qualified institutions.

TIAA has been authorized by TIAA Trust, N.A., to certify the investments and investment information for which TIAA Trust, N.A. is the directed trustee and custodian.

4. Investments

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024				Total

Candid DC Plan

Notes to Financial Statements

4. Investments (continued)

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

The table below sets forth the summary of changes in fair value of the Plan's level 3 assets for 2024:

Balance, beginning of the year	\$ 12,873,881
Contributions	4,410
Plan Servicing Credit	3,616
Interest income	567,367
Benefit payments	(814,057)
Transfers in from other Plan investments	171,565
Transfers out to other Plan investments	(161,920)
Balance at end of year	<u>\$ 12,644,862</u>

The TIAA Traditional Annuity is comprised of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity ("GSRA"), the Supplemental Retirement Annuity ("SRA") and the Retirement Choice Plus ("RCP") contracts. The non benefit responsive contracts are: the Group Retirement Annuity ("GRA"), Retirement Annuity ("RA") and Retirement Choice ("RC") contracts. The Plan utilizes the GRA and the RA contracts, which are reported at fair value. Unobservable inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: GSRA – 4.50% - 4.75%; SRA – 4.50%-4.75%; GRA – 5.25% - 5.50%; RA – 5.25% - 5.50%; RC – 5.50%-5.75%; RCP – 4.75%-5.00%.

Under GSRA and SRA contracts, lump-sum withdrawals and transfers can be done at any time without any restrictions or charges. Under RA contracts, lump-sum withdrawals are not permitted and all withdrawals and transfers must be paid in 10 annual installments. Under the GRA contract, lump-sum withdrawals are available within 120 days after termination of employment and are subject to a 2.5% surrender charge, all other withdrawals and transfers must be paid in ten annual installments. Under RC contracts, lump sum withdrawals are only available within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers must be paid in 84 monthly installments (7 years). Under RCP contracts, lump sum withdrawals and transfers are allowed at any time without any surrender charges. Certain RCP contracts impose a 90-day equity wash rule.

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The Vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

Candid DC Plan

Notes to Financial Statements
December 31, 2024

4. Investments (*continued*)

The TIAA Traditional Annuity Account represents approximately 15% and 17% of the Plan's net assets available for benefits, as of December 31, 2024 and 2023, and represents an obligation from TIAA to repay as amounts come due.

TIAA Real Estate

Redemptions from the TIAA Real Estate Account may occur daily, transfers out are limited to one per calendar quarter. The TIAA Real Estate Account had no unfunded commitments at December 31, 2024 and 2023.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

6. Tax Status

The Employer has adopted a restated prototype plan document effective January 1, 2024 which is intended to satisfy the Internal Revenue Service's final 403(b) regulations. The prototype plan document preparer received an opinion letter dated August 7, 2017 from the Internal Revenue Service. The Employer believes that the Plan is designed and currently being operated in accordance with applicable sections of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

7. Party-in-Interest

Certain Plan investments are managed by TIAA and CREF and, therefore these transactions are considered exempt party-in-interest transactions under ERISA.

Certain employees of the Employer may also participate in the Plan or perform administrative services to the Plan at no cost to the Plan.

Participants who are active employees can borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Candid DC Plan

Notes to Financial Statements
December 31, 2024

7. Party-in-Interest (*continued*)

The Plan and TIAA and CREF entered into a revenue sharing arrangement whereby a portion of the revenue earned from certain funds is passed through to the Plan for payment of permitted plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay plan expenses, the Plan created the Revenue Credit Account under the Plan. The Revenue Credit Account is a cash account within the Plan, similar in design to forfeiture accounts, and is used to record the redistribution of plan-generated fund revenue that exceeds the costs associated with plan administration. The Revenue Credit Account balance was \$88,812 and \$31,560 at December 31, 2024 and 2023. During 2024, \$60,206 of these funds were used to pay Plan expenses from the Revenue Credit Account.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
