MMT 401(k) Plan

Financial Statements

December 31, 2023

Independent Auditors' Report

The Plan Administrator of MMT 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of the MMT 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted accounting standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

**The Plan Administrator of
MMT 401(k) Plan**

Page 3

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**The Plan Administrator of
MMT 401(k) Plan**

Page 4

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations of Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MMT 401(k) Plan
Notes to Financial Statements
December 31, 2023

1. Description of Plan

The following description of the MMT 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering employees of Medical Manufacturing Technologies, LLC (the “Employer”) who have attained 18 years of age. Employees who are non-resident aliens, leased employees, part-time employees (less than 1,000 hours of service) or union employees are not eligible to participate in the Plan. Participation is effective as of the day the defined requirements are met. For purposes of eligibility, vesting and contribution allocation, service with Glebar Company, Inc., Tridex Technology Ltd, Everite Machine Products Co., Inc. and Syneo LLC will be recognized by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of their eligible compensation on a pre-tax or Roth basis, as defined in the Plan Document. The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants will have their deferral rate set at 3% of their eligible compensation. The deferral rate will increase each year by 1% up to a maximum of 5% of a participant’s eligible compensation. Participant contributions may not exceed the federal statutory limit as specified by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to the statutory limit as specified by the IRS. Participants may also rollover or transfer amounts representing distributions from other qualified plans.

The Employer makes safe harbor matching contributions equal to 100% of a participant’s contributions that are not in excess of 3% of their eligible compensation plus 50% of the amount a participant contributes that exceeds 3% of their eligible compensation but not to exceed 5% of their eligible compensation. The Employer may also make a discretionary non-elective contribution to the Plan. For the year ended December 31, 2023, the Employer did not make a discretionary non-elective contribution to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Employer’s contribution and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All investments are participant directed.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their salary deferrals, safe harbor matching contributions, rollover contributions and earnings thereon. Vesting in the Employer's discretionary non-elective contributions are based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Participants will become 100% vested upon death or total and permanent disability. All prior Employer match from Glebar Acquisition LLC and Syneo LLC is 100% vested.

Forfeitures

The non-vested portion of the accrued benefit of any terminated participant is forfeited and may be applied to reduce future Employer contributions or administrative expenses. As of December 31, 2023 and 2022, the amount of unallocated forfeitures amounted to \$13,215 and \$11,320. During 2023, forfeitures of \$122 were used to reduce administrative expenses and none were used to reduce Employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of 50% of his/her vested account balance or \$50,000. The loans are secured by the participant's vested account balance and bear interest at a the prime rate. Loan repayments must be made through payroll deductions over a term not to exceed 5 years unless the proceeds of the loan are used to purchase the participant's principal residence, in which case the term may not exceed 10 years. Principal and interest is paid ratably through periodic payroll deductions.

Payment of Benefits

Upon termination of service due to death, attainment of age 59 ½, disability or retirement, a participant's balance will be paid in an amount equal to the value of the participant's vested interest in their account. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered withdrawals, are subject to restrictions as to use of the proceeds.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investment where fair value is measured using the net asset value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

All investments of the Plan are stated at fair value. The mutual funds held by the Plan are valued at fair value based on the daily closing price reported by the funds. These funds are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These funds are deemed to be actively traded. The common/collective trusts are valued at the NAV of units held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements
December 31, 2023

2. Summary of Significant Accounting Policies (*continued*)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Such amounts are reflected as deemed distributions. Until a distributable event occurs, the loan will continue to have a balance and accrue interest.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is August 13, 2025.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest income for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Institutional Trust Company (“Voya”), a qualified institution.

4. Investments

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31:

	2023		
		Other Investments Measured at	
	Level 1	NAV*	Total
Common/collective trusts	\$ -	\$ 8,430,679	\$ 8,430,679
Mutual funds	864,181	-	864,181
	<u>\$ 864,181</u>	<u>\$ 8,430,679</u>	<u>\$ 9,294,860</u>
	2022		
		Other Investments Measured at	
	Level 1	NAV*	Total
Common/collective trusts	\$ -	\$ 6,129,033	\$ 6,129,033
Mutual funds	811,978	-	811,978
	<u>\$ 811,978</u>	<u>\$ 6,129,033</u>	<u>\$ 6,941,011</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

The Plan invests in twenty-one common/collective trusts (the "Trusts"). The NAV for each of these Trusts is determined each business day. Issuances and redemptions of units may be made on such days, based upon the NAV per unit, with no advance notice requirement. The Trusts have no unfunded commitments as of December 31, 2023 and 2022.

5. Tax Status

The Plan has adopted a prototype plan, which received an IRS opinion letter dated June 30, 2020, indicating the prototype plan is designed in accordance with applicable qualification section of the Internal Revenue Code ("IRC"). The Plan has been amended after that date, however the plan administrator believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC.

MMT 401(k) Plan
Notes to Financial Statements
December 31, 2023

5. Tax Status (*continued*)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Plan Termination

Although it has not expressed any interest to do so, Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. Exempt Party-In-Interest Transactions

Certain Plan investments are managed by an affiliate of Voya. Voya is the trustee as defined by the Plan Document and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Employer perform administrative services to the Plan at no cost to the Plan.

8. Prohibited Transactions

During the 2022 and 2023 plan years, the Employer failed to remit to the Plan certain participants' contributions totaling \$55,758 within the period described by the Department of Labor's regulations. In July 2025, the Employer made the necessary corrections to satisfy both the Department of Labor and IRS guidance for this matter for the delinquent contributions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
