INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Western Wisconsin Electrical Workers Retirement Plan
Fall Creek, Wisconsin

Opinion

We have audited the accompanying financial statements of Western Wisconsin Electrical Workers Retirement Plan (the Fund), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Fund as of December 31, 2024, and changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Prior Period Financial Statements

The financial statements of Western Wisconsin Electrical Workers Retirement Plan as of December 31, 2023 were audited by other auditors whose report, dated July 9, 2024, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were made for the purpose of forming an opinion on the basic financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of reportable transaction are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Fund's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WESTERN WISCONSIN ELECTRICAL WORKERS RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE FUND

The following description of the Western Wisconsin Electrical Workers Retirement Plan (the Fund) provides general information only. Participants should refer to the plan document for a more complete description of the Fund's provisions.

General - The Fund is a multiemployer defined contribution retirement plan covering substantially all employees of employers working in the participating divisions of the Wisconsin Chapter of the National Electrical Contractors Association (NECA) and in the International Brotherhood of Electrical Workers Local Union 14 (IBEW).

The Fund is a profit-sharing plan qualified under Section 401(a) of the Internal Revenue Code (IRC). The Fund is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Fund is administered by the Board of Trustees (the Trustees), which consists of union and employer representatives. The Trustees oversee governance of the Fund, determine the appropriateness of the Fund's investment offerings and monitor investment performance.

Participant Contributions - Effective January 1, 2024, the Fund was amended to allow elective 401(k) contributions. Eligible participants are permitted to elect to have a percentage, limited by Fund provisions, of their compensation contributed as pre-tax 401(k) contributions to the Fund. The Fund does not permit catch-up contributions. After initial enrollment in the Fund, eligible employees may elect to modify their 401(k) contributions on the first day of any quarter of any plan year.

Employer Contributions - Participating employers contribute amounts as specified in the collective bargaining agreements. Contribution rates vary per employee based on the employees' classification. Contributions are subject to certain limitations.

The Fund is required to remit funds received and is entitled to receive funds from participating employers on behalf of temporary employees to and from the employee's participating local union.

The Fund utilizes the IBEW/NECA Electronic Reciprocal Transfer System (ERTS) to receive and remit funds. Reciprocal contributions received and paid are recorded as employer contributions in the statements of changes in net assets available for benefits.

NOTE 1. DESCRIPTION OF THE FUND (CONTINUED)

Participant Accounts - Each participant's account is credited with (a) the employer and employee contributions and (b) Fund earnings, net of administrative expenses. Participants select the investments for their individual account from a group of investment options approved by the Trustees. Earnings are credited to their account based on the performance of the investments selected. The benefit to which a participant is entitled is reflected in the balance of their individual account.

Vesting - A participant is 100% vested and shall have a non-forfeitable interest in his account at all times.

Payment of Benefits - The Fund provides for normal retirement at age 60 with benefits paid in cash over an elected number of months with the maximum period determined by the amount of the participant's accumulated share. A participant may be able to receive an early retirement benefit on or after their 55th birthday, provided the minimum number of months over which the benefits shall be paid are equal to or greater than the number of months until their 60th birthday.

A participant who becomes disabled shall be entitled to a monthly benefit of \$200 if the value of the participant's accumulated share is more than \$2,400. If the accumulated share is equal to or less than \$2,400, the amount shall be paid in a one-time lump-sum payment. Upon the death of a participant, the beneficiary shall receive a lump-sum payment equal to the balance of the deceased participant's accumulated share.

Each participant terminating employment shall be entitled to receive a total distribution of his or her accumulated share.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investment Valuation and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the closing price reported in the active market in which the individual assets are traded. Shares of the common collective trust and pooled separate accounts value are based on the net asset value of the units held by the Fund at year end, as reported by the Fund's custodian. Cash and cash equivalents held by the custodian represents assets held for investment purposes and are reported as investments.

Dividends are reported on the ex-dividend date. Interest income is reported on the accrual basis. Purchases and sales of securities are reported on a trade-date basis. Net appreciation in fair value of investments includes the Fund's gains and losses on investments bought and sold as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Employer Contributions Receivable - Contributions receivable represent subsequent contributions received for work performed through December 31st.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses - The Fund's expenses are paid by the Fund as provided by the plan document. Certain expenses incurred in connection with the general administration of the Fund that are paid by the Fund are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net change of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

NOTE 3. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Fund has the ability to access.

Level 2 - Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered investment companies: Value is determined based on the closing price reported in the active market in which the individual assets are traded.

Common collective trust: Value is based on the net asset value (NAV) of the units held by the Fund at year end, as reported by the trust's custodian. The underlying investments of the trusts consist of marketable securities that are valued based on quoted market prices or yields currently available on comparable securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Levels 1, 2 or 3.

The following table sets forth by level, within the fair value hierarchy, the Fund's assets at fair value as of December 31, 2024:

	Fair Value Measurements at December 31, 2024 the End of the Reporting Period Using			
	Fair Value	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies Investments measured at net asset value *	\$ 304,956,380	<u>\$ 304,956,380</u>	<u>\$ -</u>	<u>\$ -</u>
	<u>31,359,346</u>			
Investments at fair value	<u>\$ 336,315,726</u>			

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Fund's assets at fair value as of December 31, 2023:

	Fair Value Measurements at December 31, 2023 the End of the Reporting Period Using			
	Fair Value	Quoted Market Prices for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 258,376,072	<u>\$ 258,376,072</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value *	<u>33,800,196</u>			
Investments at fair value	<u>\$ 292,176,268</u>			

* In accordance with Accounting Standards Codification, investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table and the table on the preceding page are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4. FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE

Authoritative guidance on fair value measurements permits the Fund to measure the fair value of an investment entity that does not have a readily determinable fair value based upon the NAV per share or its equivalent. This guidance does not apply if it is probable that the investment will be sold at a value different than NAV.

The Fund's investment in investment entities is subject to the terms of the respective private placement memoranda and governing agreements. Income or loss from investments in these investment entities is net of the Fund's proportionate share of fees and expenses incurred or charged by these investment entities. To diversify its investment risk, the Fund looked for different investment vehicles where the return did not necessarily correlate to general market returns as what was previously invested.

The Fund's risk of loss in these entities is limited to its investment. The Fund may increase or decrease its level of investment in these entities at its discretion. The Fund typically has the ability to redeem its investment from these entities on a daily or quarterly basis, but longer lock-up periods can apply to certain investments.

NOTE 4. FAIR VALUE OF INVESTMENTS THAT CALCULATE NET ASSET VALUE (CONTINUED)

The following tables summarize the Fund's investments in certain entities that calculate NAV per share as fair value measurement as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Fund:

IBEW-NECA Equity Index Fund	\$ 9,499,409	Daily	Daily	N/A

IBEW-NECA Equity Index Fund	\$ 7,428,160	Daily	Daily	N/A
IBEW-NECA Stable Value Trust	26,372,036	Daily	[1]	N/A
	<u>\$ 33,800,196</u>			

[1] - 12-month written notice requirement if the Fund intends to redeem all or a portion of its participation in the Trust.

All common collective trusts report as direct filing entities (DFE) to the Department of Labor.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

The Fund participates in a statewide benefit plan fund with other local unions. The fund, the Wisconsin Electrical Benefit Plan Fund (the State Fund) receives all contributions directly from the contractors within the local unions. The State Fund then remits the contributions to the local unions for disbursement to the Fund.

NOTE 6. RISKS AND UNCERTAINTIES

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7. FUND TERMINATION

Although they have not expressed any intent to do so, the Trustees has the right under the Fund to terminate the Fund subject to the provisions of ERISA. In the event of Fund termination, distribution of fund assets will be made to the participants after all expenses incurred by the Fund are paid.

NOTE 8. TAX STATUS

The Internal Revenue Service has determined and informed the Fund by a letter dated August 5, 2015, that the Fund and related Trust are designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Fund management to evaluate tax positions taken by the Fund and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. As of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Fund is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. At December 31, 2024, the Fund administrator believes that the Fund is no longer subject to income tax examinations for years prior to December 31, 2021.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 14, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
