## INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of  
the FormFactor, Inc. 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the FormFactor, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the FormFactor, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the FormFactor, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the FormFactor, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the FormFactor, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the FormFactor, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at Year End) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**FORMFACTOR, INC. 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024**

---

**NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES**

**General** - The following description of the FormFactor, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan that was established in 1996 by FormFactor, Inc. (the “Company” or “Employer”) to provide benefits to eligible employees, as defined in the Plan document. The Plan was restated January 1, 2021. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the “Code”), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

**Administration** - The Company has appointed the Administrative Committee (the “Committee”) to manage the operation and administration of the Plan. The Company has contracted with T. Rowe Price Trust Company (“T. Rowe Price”) to act as the trustee and custodian, and a third-party administrator to process and maintain the records of participant data.

**Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Basis of accounting** - The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

**Forfeited accounts** - Forfeitures may be used to pay for Plan administrative expenses or reduce future Employer contributions. There was \$58,878 of administrative expenses and \$60,339 of Employer contributions made from forfeitures during the Plan year ended December 31, 2024. The balance of unallocated forfeitures was \$218,388 and \$145,378 as of December 31, 2024 and 2023, respectively.

**Investment valuation and income recognition** - The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) includes the Plan’s gains and losses on investments bought or sold during the year as well as held at year end.

**Notes receivable from participants** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

**Payment of benefits** - Benefits are recorded when paid.

**Corrective distributions** - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase to corrective distributions. As of December 31, 2024 and 2023, contributions that exceeded the maximum allowable amounts totaled \$0.

**FORMFACTOR, INC. 401(K) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024**

---

**NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Income taxes** - The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service (“IRS”) on August 19, 2020. Although the prototype plan has been amended since receiving the opinion letter, the Plan administrator and the Plan’s tax counsel believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan’s tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

**SECURE 2.0 Act of 2022** - The Plan has implemented certain requirements of the SECURE 2.0 Act of 2022 (“SECURE 2.0”). The provisions implemented in 2024 include, among others, an increase in the required minimum distribution age from 72 to 73, reduced service requirements for long-term, part-time employees to participate in the plan, and remove the pre-death required minimum distribution requirement for Roth accounts. Future provisions will be adopted at later dates, as necessary, to comply with the requirements of SECURE 2.0.

**Risks and uncertainties** - The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

**Plan termination or modification** - The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

**Subsequent events** - The Plan has evaluated subsequent events through August 21, 2025, which is the date the financial statements were available to be issued.

**NOTE 2 – FAIR VALUE MEASUREMENTS**

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

**NOTE 2 – FAIR VALUE MEASUREMENTS (Continued)**

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include managements own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* The fair values of these securities are based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

*Common/collective trust funds:* The collective trust funds are public investment vehicles valued using a Net Asset Value ("NAV") provided by the manager of each fund. The NAV is based on the underlying net assets owned by the fund, divided by the number of shares outstanding. The NAV's unit price is quoted on a private market that is not active. However, the NAV is based on the fair value of the underlying securities within the fund, which are traded on active markets, and valued at the closing price reported on the active market on which those individual securities are traded. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The significant investment strategies of the funds are as described in the financial statements provided by each fund. There are no restrictions on redemptions from these funds. Common/collective trust funds used by the Plan include the T. Rowe Price Retirement Trusts (the "Retirement Trusts") and the T. Rowe Price Stable Value Fund (the "Fund").

*Self-directed brokerage:* The self-directed brokerage provides additional investment options and flexibility to participants, outside of the core retirement offering. These investments are valued based on the fair market value of the underlying stocks, mutual funds, unit investment trusts, and other assets, based on the level to which it belongs (Level 1, 2, or 3).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE 2 – FAIR VALUE MEASUREMENTS (Continued)**

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Total	Level 1	Level 2	Level 3
Mutal funds	\$ 118,440,086	\$ 118,440,086	\$ -	\$ -
Self-directed brokerage	6,222,675	6,222,675	-	-
Total assets in fair value hierarchy	124,662,761	<u>\$ 124,662,761</u>	<u>\$ -</u>	<u>\$ -</u>
Common/collective trust funds (a)	<u>148,598,590</u>			
Total investments at fair value	<u>\$ 273,261,351</u>			

  

	December 31, 2023			
	Total	Level 1	Level 2	Level 3
Mutal funds	\$ 100,239,359	\$ 100,239,359	\$ -	\$ -
Self-directed brokerage	6,246,225	6,246,225	-	-
Total assets in fair value hierarchy	106,485,584	<u>\$ 106,485,584</u>	<u>\$ -</u>	<u>\$ -</u>
Common/collective trust funds (a)	<u>131,939,265</u>			
Total investments at fair value	<u>\$ 238,424,849</u>			

(a) In accordance with Accounting Standards Update No. 2015-07, *Fair Value Measurement*, certain investments that are measured at fair value using the net asset value per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total investments in the Statements of Net Assets Available for Benefits.

The Retirement Trusts are structured as a trust of trusts that invests in other trusts offered by the trust company (the “underlying trusts”); the underlying trusts invest directly in securities. The Fund is 100% invested in the T. Rowe Stable Value Fund N, which holds investments in synthetic investment contracts (“SICs”) which are designed to provide stability and a competitive yield. At December 31, 2024 and 2023, the Retirement Trusts and the Fund did not have any unfunded commitments, any other redemption restrictions, or a redemption notice period.

**NOTE 3 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS**

Certain Plan investments are managed by T. Rowe Price, the trustee and custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

T. Rowe Price provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (“MSA”) between the Company and T. Rowe Price. T. Rowe Price receives revenue from mutual fund and collective trust service providers for services T. Rowe Price provides to the funds. This revenue is used to offset certain amounts owed to T. Rowe Price for its administrative services provided

to the Plan. The Plan or the Company may make a payment to T. Rowe Price for administrative expenses not covered by sharing of the excess revenue. If the revenue received by T. Rowe Price from such mutual fund or collective trust service providers exceeds the amount owed under the MSA, T. Rowe Price remits the excess to the Plan’s trust on an annual basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. During 2024, the excess amount was approximately \$245,400, net of administrative fees applied.

**NOTE 4 – PARTICIPATION AND BENEFITS**

**Participant contributions** - Participants may elect to have the Company contribute their eligible pre-tax, after-tax, or after-tax Roth compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in compensation. Contributions withheld are invested in accordance with the participant’s direction. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant’s direction and the Plan’s provisions.

**Employer contributions** - The Company may make Employer discretionary profit sharing and Employer matching contributions to the Plan, as defined in the Plan document. In 2024, the Company matched 50% of each participant’s contribution up to a maximum of 3% of the participant’s eligible compensation. Elective deferrals over 3% of compensation were not matched. No Employer discretionary profit-sharing contributions were made for the year ended December 31, 2024.

In June 2016, the Company acquired Cascade Microtech, Inc. (“Cascade”). As part of that acquisition, Employer matching contributions for Cascade employees were grandfathered into the Plan. For Cascade employees, the match contribution is 50% of the first 6% of the participant’s deferral contribution, with a maximum match of 3% of eligible compensation. Elective deferrals over 6% of compensation are not matched. Any new hires subsequent to the Cascade acquisition will be eligible for Employer matching contributions under the original terms of the Plan.

**Vesting** - Participants are immediately vested in their contributions. Participants are fully vested in the Employer’s matching and profit-sharing contributions allocated to their account based on the vesting schedule below:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0 %
1 but less than 2	33 1/3 %
2 but less than 3	66 2/3 %
3 or more	100 %

**Participant accounts** - Each participant’s account is credited with the participant’s contribution, Plan earnings or losses, and an allocation of the Employer’s contribution and Plan expenses. Allocation of the Company’s contribution is based on participant contributions or eligible employee compensation, as defined in the Plan document.

**NOTE 4 - PARTICIPATION AND BENEFITS (Continued)**

**Payment of benefits** - Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump sum amount or installments equal to the value of the participant's vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed \$5,000. All participants become fully vested upon death or disability.

**Hardship withdrawals** - Participants may withdraw their vested contributions in the event of hardship as defined in the Plan agreement.

**Notes receivable from participants** - The Plan allows participants to borrow up to the lesser of \$50,000, minus their highest outstanding notes receivable amount during the prior 12 months, or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period is within a reasonable time allowable under the Plan's provisions. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2024 and 2023 carry interest rates at the available market rates ranging from 4.25% to 9.5%, respectively.

**NOTE 5 - CERTIFIED INFORMATION**

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable at December 31, 2024 and 2023, and net realized and unrealized appreciation or depreciation in fair value of investments, interest and dividends, and other income for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by T. Rowe Price Trust Company in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
