Independent Auditor's Report

Employee Benefits Administrative Committee and Participants of Hanesbrands Inc. Legacy Pension Plan
Winston-Salem, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hanesbrands Inc. Legacy Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, the statement of accumulated plan benefits as of December 1, 2023, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 30, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Hanesbrands Inc. Legacy Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined benefit pension plan and is the result of a spin-off from the Hanesbrands Inc. Pension Plan. Effective December 1, 2022, Hanesbrands Inc. (“Hanesbrands”) spun-off the majority of the participants and assets of the Hanesbrands Inc. Pension Plan into the Plan, excluding certain participants who are actively employed or deferred vested with a Part B benefit under the former National Textiles, L.L.C. Pension Plan. The Plan covers the remaining employees and former employees of Hanesbrands and its participating divisions (the “Company”). Benefits under the Hanesbrands, Inc. Pension Plan were frozen on December 31, 2005 and continue to be frozen under the Plan, so no further benefits are accruing and no participants can be added to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The investments of the Hanesbrands Inc. Pension Plan and the Plan are held in the Hanesbrands Inc. Master Investment Trust for Defined Benefit Plans (the “HBI Investment Trust”).

Contributions

The funding policy for the Plan is to make the necessary contributions to meet minimum funding requirements, as determined by the Plan’s independent actuary. No voluntary employee contributions are permitted. The Plan was in compliance with applicable ERISA minimum funding requirements for the years ended November 30, 2024 and 2023.

The Company elected to apply \$16,400,000 and \$7,500,000 of payments made in the subsequent plan year to the plan years ending November 30, 2024 and 2023, respectively, for pension funding purposes.

Retirement Benefits

Participants in the Plan are provided frozen benefits based on the terms of the Plan, as set forth in the Plan document.

Normal Retirement Benefits - Normal retirement is at age 65. The amount of monthly retirement benefits payable to a participant who retires at the normal retirement date will be equal to the participant’s frozen accrued benefit under the Plan.

Early Retirement Benefits - An eligible participant who is at least age 55 and has completed 10 years of service may receive a pension equal to the frozen accrued benefit payable at the normal retirement date. However, if benefits commence before age 65, this amount is reduced based on the terms of the Plan to take into account the participant’s younger age and earlier commencement of the participant’s pension.

Deferred Retirement Benefits - An eligible participant who retires after the normal retirement date may receive a pension calculated in the same manner as for normal retirement, with an actuarial increase for benefits not paid upon normal retirement age. If a participant continues to work, benefit payments will commence following retirement date.

Termination Benefits - A vested participant who terminates employment prior to normal retirement age may receive a deferred monthly benefit payment at normal retirement age equal to the accrued benefit as of the date employment terminates (or as of the date benefits were frozen under the Plan, if earlier).

Preretirement Death Benefits - Following the death of a vested participant, the participant’s spouse will receive a monthly benefit equal to the survivor portion of the age-65 frozen accrued benefit payable in the 50% joint and survivor form, with reduction for early commencement. For certain groups covered under the Plan, an enhanced death benefit is provided to the spouse or beneficiary of a participant who dies while actively employed with a vested benefit. If the participant is not fully vested, no benefits are payable.

Benefits under the Plan are subject to certain minimum and maximum amounts.

Vesting

Participants are fully vested upon completion of five years of service (three years of service for certain former National Textiles, L.L.C. Pension Plan participants) or, if earlier, at age 65, if they are still working for the Company.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein and disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from these estimates.

Valuation of Investments

The Plan maintains an investment in the HBI Investment Trust. The Plan's interest in the HBI Investment Trust is based on the Plan's relative aggregate contributions, benefit payments and other relevant factors. See Note E for a discussion of the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded in the period earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The HBI Investment Trust and Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Plan Expenses

Plan expenses including fees related to actuary, audit, investment and certain administration costs are paid by the HBI Investment Trust. In addition, certain investment related expenses are included in the net investment income.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Recent Accounting Pronouncements

There were no recent accounting pronouncements that were applicable to the Plan.

NOTE C - PLAN INTEREST IN HBI INVESTMENT TRUST

At November 30, 2024 and 2023, all of the Plan’s investments are held in the HBI Investment Trust. The assets of the HBI Investment Trust are held by The Northern Trust Company (the “Trustee”).

The Plan’s interest in the HBI Investment Trust was approximately 99.284% and 99.349% as of November 30, 2024 and 2023, respectively. A summary of the net assets of the HBI Investment Trust as of November 30, 2024 and 2023 is as follows:

	Master Trust Balances		Plan's Interest in Master Trust Balances

The aggregate net investment income of the HBI Investment Trust for the years ended November 30, 2024 and 2023 is as follows:

	Years Ended	
	November 30, 2024	November 30, 2023
Interest and dividend income	\$ 1,025,173	\$ 5,643,755

Net investment income	<u>\$ 97,306,905</u>	<u>\$ 13,471,677</u>

NOTE D - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits represent the estimated future periodic payments, including lump-sum distributions, under the Plan’s provisions that are attributable to services rendered by employees through the valuation date. Accumulated Plan benefits include benefits expected to be paid to the following: (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died and (3) present employees or their beneficiaries. Benefits payable under all circumstances are included to the extent that they are deemed attributable to employee service rendered through the valuation date.

Actuarial information as of and for the year ended December 1, 2023, as reported on the Statement of Accumulated Plan Benefits and Statement of Changes in Accumulated Plan Benefits, is the most current information available to Plan management and is thus utilized for reporting.

The actuarial present value of accumulated plan benefits for the year ended December 1, 2023 is determined by the Plan’s actuary, Aon. The actuarial present value of accumulated plan benefits is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the

**Hanesbrands Inc. Legacy Pension Plan
Notes to Financial Statements - Continued

probability of payment between the valuation date and the expected date of payment. Significant actuarial assumptions used in the valuation are as follows:

	December 1, 2023	December 1, 2022
Investment return	5.95%, compounded annually	7.00%, compounded annually
Mortality ⁽¹⁾	Pri-2012 Mortality Study	Pri-2012 Mortality Study
Normal retirement age	65	65

(1) The Pri-2012 Mortality Study utilized for December 1, 2023 and 2022 had a generational projection from 2012 using scale MP-2021 and reflecting Aon's Endemic scale adjustment.

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE E - FAIR VALUE MEASUREMENTS

Fair value is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The HBI Investment Trust utilized market data or assumptions that market participants would use in pricing the asset or liability. A three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value, is utilized for disclosing the fair value of the HBI Investment Trust's assets and liabilities. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities measured at fair value are based on one or more of the following three valuation techniques:

- Market approach — prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.
- Cost approach — amount that would be required to replace the service capacity of an asset or replacement cost.
- Income approach — techniques to convert future amounts to a single present amount based on market expectations, including present value techniques, option-pricing and other models.

The HBI Investment Trust primarily applies the market approach for its investment assets and attempts to utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs.

As of November 30, 2024 and 2023, the HBI Investment Trust held certain financial assets that are required to be measured at fair value on a recurring basis. These consisted of common stocks, collective trusts, hedge fund of funds and real estate. The fair value of common stocks is determined based on quoted prices in active public markets and are categorized as Level 1. There were no changes during the years ended November 30, 2024 and 2023 to the valuation techniques used to measure asset and liability fair values on a recurring basis. As of November 30, 2024 and 2023, the HBI Investment Trust held no financial assets that are required to be measured at fair value on a nonrecurring basis.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another.

**Hanesbrands Inc. Legacy Pension Plan
Notes to Financial Statements - Continued

The following tables set forth by level within the fair value hierarchy the HBI Investment Trust's assets accounted for at fair value on a recurring basis as of November 30, 2024 and 2023. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented within Note C and ultimately to the amounts presented in the Statements of Net Assets Available for Benefits.

The HBI Investment Trust has elected to use a practical expedient to estimate the fair value of the investments in collective trusts, hedge fund of funds and real estate. The net asset value ("NAV"), including member units or an ownership interest in partners' capital to which a proportionate share of net assets is attributed, is used for each investment as of the reporting date.

Investor transactions in the collective trusts (purchases and sales) may occur daily. If the HBI Investment Trust were to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

Hedge fund of funds are primarily invested in hedge fund of fund accounts which are broadly diversified across investment managers, investment strategies, asset classes and geographies. Real estate, comprised of a group trust and limited partnership investments, is primarily invested in domestic public real estate investment trusts and private real estate which are broadly diversified across investment managers and property types. Terms for the redemption of the investments in the hedge fund of funds and real estate vary between monthly, quarterly and annually and the notification periods range from 45 days to 90 days. At November 30, 2024 and 2023, excluding required notification periods, there were no other redemption restrictions imposed by the investment managers for the hedge fund of funds. At November 30, 2024 and 2023, there were unfunded commitments of \$8,297,200 and \$8,347,200, respectively.

NOTE F - PLAN TERMINATION

Although Hanesbrands has not expressed any intention of terminating the Plan, Hanesbrands has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distribution of the Plan assets shall be made to the participants according to the provisions for such distribution in the Plan document.

If the Plan terminates, a portion of the benefits under the Plan is insured by the Pension Benefit Guaranty Corporation ("PBGC"), a U.S. Government agency. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE G - CERTIFIED INFORMATION

The Plan administrator elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) as of and for the years ended November 30, 2024 and 2023. Accordingly, the Plan administrator received a certification from the Trustee that all investment information for the Plan and the HBI Investment Trust disclosed in the accompanying financial statements, including investments held at November 30, 2024 and 2023 and net appreciation in the fair value of investments and interest and dividends for the years ended November 30, 2024 and 2023, was obtained from information provided by the Trustee and certified as complete and accurate. The Plan's independent accountants did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information disclosed in these financial statements.

NOTE H - SECURITIES LENDING

The HBI Investment Trust is authorized to engage in the lending of certain investments under the terms of a Securities Lending Authorization Agreement ("Lending Agreement"). Securities lending is an investment management enhancement that utilizes certain existing securities of the HBI Investment Trust to earn additional income. Securities lending involves the loaning of securities to approved banks and broker/dealers. In return for the loaned securities, the Trustee, prior to or simultaneous with delivery of the loaned securities to the borrower, receives collateral in the form of cash or U.S. government securities as a safeguard against possible default of any borrower on the return of the loan under terms that permit the HBI Investment Trust to repledge or sell the securities.

The Plan has the right under the Lending Agreement to recover the securities from the borrower on demand; if the borrower fails to deliver the securities on a timely basis, the Plan could experience delays or losses on recovery. Additionally, the Plan is subject to the risk of loss from investments that it makes with the cash received as collateral. The Plan manages credit exposure arising from these lending transactions by, in appropriate circumstances, entering into master netting agreements and collateral agreements with third party borrowers that provide the Plan, in the event of default (such as bankruptcy or a borrower's failure to pay or perform), the right to net a third-party borrower's rights and obligations under such agreements and liquidate and set off collateral against the net amount owed by the counterparty.

Each loan is initially collateralized, in the case of: (a) loaned securities denominated in US dollars or whose primary trading market is located in the US, or (b) loaned securities not denominated in US dollars or whose primary trading market is not located in the U.S. to the extent of 105% of the market value of the loaned securities. The collateral is marked to market on a daily basis. In the event the counterparty is unable to meet its contractual obligation under the securities lending arrangement, the HBI Investment Trust may incur losses equal to the amount by which the market value of the securities differ from the amount of collateral held. The HBI Investment Trust mitigates credit risk associated with securities lending arrangements by monitoring the fair value of the securities loaned on a daily basis, with additional collateral obtained or refunded as necessary.

The HBI Investment Trust maintains full ownership rights to the securities loaned and accordingly, classifies loaned securities as investments. Because the securities received as collateral may be repledged or sold, the HBI Investment Trust recognizes the amount of collateral received and a corresponding obligation to return such collateral on the statement of net assets. There was no securities obligation or securities collateral at November 30, 2024 and 2023. Securities lending income earned by the HBI Investment Trust is recorded on the accrual basis and was approximately \$0 and \$818,118 with rebates paid totaling \$0 and \$760,174 for the years ended November 30, 2024 and 2023, respectively.

NOTE I - TAX STATUS

The Company has applied to the Internal Revenue Services ("IRS") to confirm that the Plan meets the qualification requirements set forth in Section 401(a) of the Internal Revenue Code ("IRC"). By letter dated January 17, 2018, the IRS determined that both the Hanesbrands Inc. Pension Plan and HBI Investment Trust met the qualification requirements set forth in Sections 401(a) and 501(a) of the IRC. The Plan's management believes the Plan meets the requirements previously approved by the IRS for the Hanesbrands Inc. Pension Plan and that the Plan remains in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of November 30, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no tax audits for any period in progress.

The Plan is intended to be tax-qualified under Section 1165(a) of the 1994 Puerto Rico IRC, as amended (the "1994 Code") and under Section 1081.01(a) of the 2011 Puerto Rico IRC, as amended (the "2011 Code") (the 1994 Code and 2011 Code are hereinafter collectively referred to as the "PR IRC"). The Hanesbrands Inc. Pension Plan was submitted to the Secretary of the Puerto Rico Department of Treasury for a determination to such end. The application is still pending a determination from the Secretary in a submission filed on December 9, 2016. The Plan's management believes the Plan remains compliant in form with the applicable requirements of the PR IRC under the application previously submitted for the Hanesbrands Inc. Pension Plan and extended to the Plan as a result of the spin-off transaction.

NOTE J - PARTY-IN-INTEREST TRANSACTIONS

Assets of the HBI Investment Trust are invested in investments managed by the Trustee of the HBI Investment Trust; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the HBI Investment Trust to the Trustee totaled \$1,603,778 and \$805,343 for the years ended November 30, 2024 and 2023, respectively.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 29, 2025, the date the financial statements were available to be issued.

Mortality Rates

Healthy and Disabled 2023 static mortality tables for annuitants and non-annuitants per §1.430(h)(3)-1(a)(3) and IRS Notice 2022-22

Withdrawal Rates 15% up to age 35, 7% from age 35 to 54, 0% thereafter

Disability Rates None; included in retirement and withdrawal rates

Decrement Timing Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%)

Surviving Spouse Benefit It is assumed that 80% of males and 50% of females have an eligible spouse, and that males are two years older than their spouses.

Benefit Limits Projected benefits are limited by the current IRC section 415 maximum benefit of \$265,000.

Valuation of Plan Assets Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Cash Balance Interest Crediting Rate 5.00%

Cash Balance Annuity Conversion Rate 5.50%

12/1/2022-11/30/2023	7.00%, limited to 5.92%
12/1/2023-11/30/2024	6.95%, limited to 5.74%

Trust Expenses Included in Target Normal Cost

Based on the average of the prior two years actual plan administrative expenses (excluding PBGC premiums), plus the estimated PBGC premiums for the current year, rounded to the nearest \$1,000. \$7,980,000 for 12/1/2023.

**Former Maidenform Participants —
Accumulated Employee Contributions**

To approximate the increase in liability from the guaranteed return of employee contributions, a two-year certain and life annuity was valued for active participants who had contributed to the plan in lieu of a single life annuity.

**Beneficiaries of Current Retirees With
Joint & Survivor Payment Forms**

Valuation reflects likelihood of beneficiary surviving to valuation date based on the current ASC 960 plan accounting mortality assumption. Assumption only applies when beneficiary status is currently unknown.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V – Summary of Plan Provisions

Hanesbrands, Inc. Legacy Pension Plan

The Hanesbrands Inc. Legacy Pension Plan was established December 1, 2022 from a spin off of nearly all participants and benefits of the Hanesbrands Inc. Pension Plan. Its plan provisions are identical to the Hanesbrands Inc. Pension Plan.

Hanesbrands, Inc. Pension Plan

This plan constitutes an amendment, continuation and complete restatement of the Sara Lee Corporation Consolidated Pension and Retirement Plan (the “SLC Plan”) for certain participants in that plan. The SLC Plan and two benefit parts: the SLC Benefits Part (referred to as the Pension Benefit) and the SLBA Benefits Part (referred to as the Retirement Benefit). Each part covered a different group of employees. Effective December 31, 2005, assets and liabilities in the SLC Plan were spun off to the Hanesbrands Inc. Pension and Retirement Plan. As of August 31, 2009, the National Textiles, L.L.C. Pension Plan and Playtex Apparel Inc. Pension Plan were merged into the Hanesbrands Inc. Pension and Retirement Plan, which was renamed as the Hanesbrands Inc. Pension Plan. As of December 31, 2013, the Maidenform LLC Retirement Plan (previously the Maidenform, Inc. Retirement Plan) was merged into the plan.

Plan Effective Date	January 1, 2006.
Plan Freeze Date	December 31, 2005.
Plan Year	December 1 to November 30 (effective December 1, 2018, previously calendar plan year).
Plan Eligibility	Plan participation was frozen December 31, 2005.
Normal Retirement	
Eligibility	Age 65.
Pension Benefit	Frozen benefit equal to: <ol style="list-style-type: none">(1) 1.75% of Final Monthly Compensation x Credited Service not in excess of 35, less(2) A percentage of Final 3-Year Monthly Compensation not in excess of Covered Compensation x Credited Service not in excess of 35. Percentage varies based on Social Security Retirement Age (SSRA).
Retirement Benefit	Frozen benefit as of December 31, 2005 accrued under the SLBA benefits part of the SLC Plan.

Preretirement Death

Eligibility

Five years of vesting service or age 65.

Pension Benefit for Deaths
After Termination

If retirement eligible at date of death, 50% of the benefit the participant would have received if they had retired on the date of death and elected the 50% J&S option. Beneficiary may elect to defer this benefit, but no later than participant's age 65.

If not retirement eligible at date of death, 50% of the benefit the participant would have received if the participant had terminated on date of death, commenced at age 55 and had elected the 50% J&S option. Benefits are actuarially reduced for commencement before participant's age 65. Beneficiary may elect to defer this benefit, but no later than participant's age 65.

Pension Benefit for Active
Employee Deaths

50% of the participant's accrued Normal Retirement Benefit commencing immediately with no early retirement reductions applied. Benefit may be received as a lump sum, or in the case of a spouse, as a single life annuity.

Retirement Benefits for All
Preretirement Deaths

If retirement eligible at date of death, 50% of the benefit the participant would have received if they had retired on the date of death and elected the 50% J&S option. Beneficiary may elect to defer this benefit, but no later than participant's age 65.

If not retirement eligible at date of death, 50% of the benefit the participant would have received if the participant had terminated on date of death, commenced at the earliest possible retirement age and had elected the 50% J&S option. Benefits are reduced by the plan's early retirement reduction factors for commencement before participant's age 65 (only applies to those with 10 or more years of vesting service). Beneficiary may elect to defer this benefit, but no later than participant's age 65.

Surviving spouse may elect to receive a lump sum in lieu of annuity payments. Other beneficiaries will receive an immediate lump sum.

Disability Retirement

No special disability retirement benefits or provisions are defined.

Normal Form of Payment

Married Participants 50% joint and survivor annuity.
Unmarried Participants Single life annuity.

Optional Forms of Payment

- Life annuity (if married)
- 5, 10, or 15 year certain and life annuity
- 50%, 66 $\frac{2}{3}$ %, 75% or 100% joint & survivor annuity payable to any beneficiary
- 5, 6, 7, 8, 9 or 10 year certain only annuity (Retirement Benefits only)
- Social Security leveling option (available for life annuities, certain and life annuities and joint & survivor annuities described above)
- Lump sums under \$5,000

For vested retirements, the only optional payment forms are the single life annuity, the 50% joint & survivor annuity, and small amount lump sums under \$5,000

Actuarial Equivalence

Lump Sums and Certain Only or Social Security Leveling Options: 30 year treasury rate from October of prior plan year and mortality table as prescribed by IRS Revenue Ruling 2001-62. Benefit amount is never less than the amount that would be determined if the interest rate described in Section 417(e)(3)(C) for the month of October was used in combination with the mortality table described in Section 417(e)(3)(B).

Other Payment Forms Actuarial equivalence defined as 8.5% interest and 1984 Unisex Pension Mortality Table; however, the plan provides specific tables of adjustment factors for certain benefit forms. See pages 71 to 73 of the plan document (as amended by Amendment 3) and supplements to the plan document.

Pannill Participants

A portion of the frozen accrued benefit for these participants is the amount accrued under the Pannill Plan as of June 30, 1990. Some provisions, such as early retirement reductions and optional payment form factors, are different for these participants. See Supplement B in the plan document.

National Textiles, L.L.C. Pension Plan

The plan was originally established as of January 1, 1998. On March 31, 1998, assets and liabilities for certain participants in the Sara Lee Corporation Consolidated Pension and Retirement Plan were spun off to the National Textiles, L.L.C. Pension Plan. Benefits consisted of two parts: Part A was a career average pay formula and Part B was a cash balance plan formula. Participants who transferred into the plan also had frozen December 31, 1997 benefits. The frozen benefit is included as part of the Part A benefit. As of August 31, 2009, the plan was merged into the Hanesbrands Inc. Pension and Retirement Plan, which was renamed as the Hanesbrands Inc. Pension Plan.

Plan Effective Date	October 30, 1998.
Plan Freeze Date	Part A Benefit freeze effective December 31, 2003. Part B Benefit freeze effective December 31, 2002.
Plan Year	December 1 to November 30 (effective December 1, 2018, previously calendar plan year).
Plan Eligibility	Plan participation was frozen December 1, 2003.
Normal Retirement	
Eligibility	Age 65.
Benefit	Frozen benefit equal to the sum of Part A and Part B. Part A benefit frozen as of December 31, 2003. Part B Cash balance stopped receiving benefit credits effective January 1, 2003. Cash balance interest credits are applied the last day of each calendar year and are generally equal to the greater of: (1) The greater of the annual rate of interest on 30-year Treasury securities published for the month of October or November in the immediately preceding calendar year; and (2) 5.5%. To comply with final hybrid plan regulations, beginning January 1, 2017, cash balance interest credits are further constrained to be no greater than the third segment rate described in Code section 430(h)(2)(c)(iii) for the month of September in the immediately preceding calendar year with stabilization described in Code section 430(h)(2)(c)(iv) and no less than 4%.

Schedule SB Attachment (Form 5500)—December 1, 2023 Plan Year
Hanesbrands, Inc. Legacy Pension Plan
EIN: 20-3552316 PN: 011

The cash balance account is converted to cash balance monthly annuity benefit using 5.5% interest rate and applicable mortality table defined in 417(e)(3). Cash balance benefit may not be less than what it would have been if determined on December 31, 2002.

Part A Minimum Annual Benefit:

\$480 multiplied by minimum of one and credited service divided by minimum of 20 or projected credited service at normal retirement date (note that credited service continues to accrue for purposes of this minimum).

Early Retirement

Eligibility

Age 55 and 10 years of vesting service.

Benefit

Normal Retirement Benefit reduced 6% per year from 65 to 60 and 4% per year from 60 to 55.

Late Retirement

Eligibility

Over age 65.

Benefit

Normal Retirement Benefit calculated as of late retirement date. With actuarial increases as applicable.

Vested Retirement

Eligibility

Five years of vesting service.

Benefit

Participants with less than 10 years of vesting service:

Normal Retirement Benefit commencing at age 65.

Participants with 10 or more years of vesting service:

Early Retirement Benefit commencing at age 55 or later.

Participants with a Part B benefit may elect to receive an immediate benefit in either the normal form or as a lump sum. If Part B participant is electing a benefit that will commence prior to age 55, the reductions are 8% per year from 65 to 60, 4% per year from 60 to 55, 3% per year from 55 to 50, 2% per year from 50 to 45, 1% per year from 45 to 40, 0.50% per year from 40 to 30 and 0.25% per year prior to 30, however the reduction cannot exceed the reduction that would apply if the plan's definition of actuarial equivalence was used.

Preretirement Death

Eligibility

Part A Benefit Five years of vesting service.

Part B Benefit Five years of vesting service.

Benefit

Part A Benefit If retirement eligible at date of death, 50% of the benefit the participant would have received if they had retired on the date of death and elected the 50% J&S option. Spouse may elect to defer this benefit, but no later than participant's age 65.

If not retirement eligible at date of death, 50% of the benefit the participant would have received if the participant had terminated on date of death survived to normal retirement date and had elected the 50% J&S option. If participant had more than 10 years of vesting service, spouse may elect earlier commencement but no earlier than participant's age 55 date. Benefits are reduced for early commencement as described above in the vested retirement section.

Non-spouse beneficiary immediately receives an actuarial equivalent lump sum.

Part B Benefit Unmarried participants receive cash balance account as an immediate lump sum payable to the estate.

Married participants receive the survivor benefit described above for Part A, but applied to the cash balance benefit. The surviving spouse may commence prior to the participant's age 55. If the spouse commences prior to age 55, the earlier retirement reductions described in the vested retirement benefit apply.

Disability Retirement

No special disability retirement benefits or provisions are defined.

Normal Form of Payment

Married participants: 50% joint and survivor annuity.
Unmarried participants: Single life annuity.

Schedule SB Attachment (Form 5500)—December 1, 2023 Plan Year
Hanesbrands, Inc. Legacy Pension Plan
EIN: 20-3552316 PN: 011

Optional Forms of Payment

- Life annuity (if married)
- 10-year certain and life
- 50%, 66 $\frac{2}{3}$ %, 75% or 100% joint & survivor annuity
- 5, 6, 7, 8, 9 or 10 year certain only annuity
- Lump sums under \$10,000 for Part A benefit
- Lump sum for entire Part B benefit

For vested retirements, the only optional payment forms are the single life annuity, the 50% joint & survivor annuity, lump sums under \$10,000 for the Part A benefit and lump sum for the entire Part B benefit.

Actuarial Equivalence

Varies and is not always based on a set mortality table and interest rate. See pages K-9 to K-11 (as amended by Amendment 3) of the plan document.

Special Provisions

There are four individuals who were participating in the “SLC Benefit Part” of the prior plan. These participants have additional optional forms available on their SLC benefit, different early retirement provisions, and different actuarial reduction factors. Since there are only four individuals, these special provisions will not be valued as part of the actuarial valuation.

Schedule SB, line 24 – Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- The optional payment form conversion rate for lump sums and certain-only annuities was changed from 4.00% to 4.70% to reflect the most recent 30-year Treasury rates.
- A change in the cash balance interest crediting rate from 5.50% through 2025, 5.40% for 2026 and thereafter, to 5.00%.
- A change in the expected rate of return on assets from 7.00% (limited to 5.92%) for the 2022 plan year to 6.95% (limited to 5.74%) for the 2023 plan year. Note that this change had no impact on the results presented in the report.

The rationales for selecting each of the assumptions used in the funding valuation and for the assumption changes summarized above are described in more detail in the Accounting Assumption Methodology document issued in January 2024 and the Assumption Support section of the December 31, 2023 Global Year-End Disclosure Report issued in January 2024. The general impact of the changes listed above is shown in the December 1, 2023 Actuarial Report issued in December 2024.

The assumption changes listed above (excluding those prescribed or indexed) did not reduce the funding shortfall more than the thresholds stated in Internal Revenue Code Section 430(h)(5), so approval of the Commissioner is not required.
