## Independent Auditor's Report

To the Plan Administrator and Participants  
Lauterbach & Amen, LLP 401(k) Plan  
Naperville, Illinois

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Lauterbach & Amen, LLP 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Administrator and Participants  
Lauterbach & Amen, LLP 401(k) Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Notes to the Financial Statements**  
**December 31, 2024 and 2023**

**Note 1: Description of Plan**

The following description of the Lauterbach & Amen, LLP 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and/or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2012, by Lauterbach & Amen, LLP (the Company) to provide retirement benefits for its employees. The Plan was restated effective January 1, 2021, to include amendments required for the CARES Act. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code (IRC).

The Plan is a voluntary defined contribution plan covering all eligible employees who have reached 21 years of age, except members of a collective bargaining agreement, non-resident aliens, and temporary employees. Employees become eligible to participate in the Plan on the first day of employment after meeting the eligibility requirements.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Company is responsible for oversight of the Plan which includes, among other matters, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022(Secure 2.0 Act)

On December 29, 2022, the SECURE 2.0 Act was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Key provisions that may affect plan participants currently and/or in the future include increasing the age for Required Minimum Distributions and provisions relating to catch-up contributions. Applicable provisions outlined in the SECURE 2.0 Act will be adopted if elected and/or required. Plan amendments for these changes are not yet required. The deadline for adopting plan amendments has been extended, most recently to no later than December 31, 2026.

Contributions

Participants may voluntarily contribute any combination of pre-tax elective deferrals and post-tax (Roth) elective deferrals from 1% to 100% of their eligible earnings, as defined in the Plan document, with maximum contributions of \$23,000 for the year ended December 31, 2024. Participants who are 50 years of age or older by the end of the calendar year and who are making contributions to the Plan may make a catch-up contribution of up to \$7,500 for 2024. Participants may also contribute amounts representing rollovers from other eligible retirement plans.

**Lauterbach & Amen, LLP 401(k) Plan**  
**Notes to the Financial Statements (Continued)**  
**December 31, 2024 and 2023**

**Note 1: Description of Plan (Continued)**

The Plan was amended effective June 1, 2023, to contain an automatic enrollment feature. Employees are subject to automatic enrollment except for those employees who were participants immediately prior to the effective date of the provision. Upon enrollment in the Plan, the initial deferral rate is set at 3% of eligible compensation with an automatic annual increase of 1% at the beginning of the Plan year until the deferral rate reaches 10%.

The Company makes a matching contribution based on a percentage of each participant's contribution, subject to limitations imposed by applicable provisions of the IRC. For the year ended December 31, 2024, the Company made a matching contribution equal to 100% of the employee contributions that were not in excess of 3% of eligible compensation. The Company may also make discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions during the year ended December 31, 2024.

Participant Accounts

The Plan maintains an account for each participant which is credited or charged for the participant's contributions, Company matching contributions, allocations of the Company's discretionary profit-sharing contributions, Plan investment earnings or losses, and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan document. Certain participant and loan fees, if applicable, are also charged to participant accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Vesting

Participants are immediately vested in their voluntary contributions and all employer contributions and earnings thereon.

Investment Elections

Upon enrollment in the Plan, participants may direct the investment of their account balance among the funds available under the Plan. Participants have the opportunity to change their investment contributions on a daily basis.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, limited to financial hardship. The maximum number of loans outstanding at any one time is one. The loan is secured by the vested balance in the participant's account and bears a fixed interest rate based on the prime rate plus 1% at the date of the loan. Loan terms range from one to five years, except for loans used to finance the purchase of a primary residence, which could be for a longer period. Principal and interest are paid through payroll deductions. Any outstanding loans will become due and payable upon the earlier of the maturity date, termination of employment, or death.

**December 31, 2024 and 2023**

**Note 1: Description of Plan (Continued)**

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump sum distribution, installment distributions, a direct rollover distribution, or a combination of cash and a direct rollover distribution equal to the value of the participant's interest in his or her account. If the value of the participant's account is less than \$1,000, the payment will be made in a lump sum distribution as soon as administratively feasible. Participants may withdraw up to 100% of their contributions and up to 100% of their employer contributions for certain financial hardships. In-service distributions may be made to a participant who has not separated from service, provided that the participant has attained age 59 ½. The payment of benefits to retired participants is generally required to begin no later than April 1 following the end of the year in which the participant reaches 73 years of age.

**Note 2: Summary of Significant Accounting Policies**

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee, and insurance company. See Note 4 for further discussion of fair value measurements.

The Plan's investment in the Voya Retirement Insurance and Annuity Company (VOYA) Fixed Account is a fully benefit-responsive contract and is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits attributable to a fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Lauterbach & Amen, LLP 401(k) Plan**  
**Notes to the Financial Statements (Continued)**  
**December 31, 2024 and 2023**

**Note 2: Summary of Significant Accounting Policies (Continued)**

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Any fees related to the administration of the Plan or associated with the investment of Plan assets may be paid by the Plan or by the Company. Expenses paid by the Company are excluded from these financial statements. If the Company does not elect to pay the Plan-related expenses, such expenses will generally be allocated to the participants' accounts either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. Other administrative fees related to participant-directed transactions, such as loan and distribution processing fees, may be charged directly to the account of the participant initiating the transaction when they are incurred. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management has evaluated subsequent events for disclosure in the financial statements through August 23, 2025, which is the date the financial statements were available to be issued.

**Note 3: Information Certified by Voya Retirement Insurance and Annuity Company**

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VOYA, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA required supplemental schedule is complete and accurate:

- Investments, at fair value and fully benefit-responsive investment contract, at contract value, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Net investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024; and
- All information included in Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, as shown in the ERISA required supplemental schedule.

**Lauterbach & Amen, LLP 401(k) Plan**  
**Notes to the Financial Statements (Continued)**  
**December 31, 2024 and 2023**

**Note 4: Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, are described as follows:

*Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2:* Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Pooled Separate Accounts:* Valued at the net asset value (NAV) of accumulation units held at year-end. The NAV, as provided by VOYA, the insurance company of the Plan, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends, and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. The pooled separate accounts do not have unfunded commitments and are currently not subject to withdrawal limitations. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

**Lauterbach & Amen, LLP 401(k) Plan**  
**Notes to the Financial Statements (Continued)**  
**December 31, 2024 and 2023**

**Note 4: Fair Value Measurements (Continued)**

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with the fair value measurement guidance, investments in pooled separate accounts that are measured at fair value using the NAV per share (or its equivalent) practical expedient are not required to be classified in the fair value hierarchy. All of the investments held by the Plan at December 31, 2024 and 2023, except for the VOYA Fixed Account (see Note 5), are pooled separate accounts measured at fair value using the NAV practical expedient and, accordingly, are excluded from the fair value hierarchy.

**Note 5: Fully Benefit-Responsive Investment Contract**

The Plan has entered into a funding agreement with VOYA which includes the terms and conditions related to VOYA's fully benefit-responsive Fixed Account investment option. VOYA maintains the contributions in a general account. VOYA guarantees a minimum rate of interest to the Fixed Account and may credit a current interest rate, expressed as an annual effective yield, exceeding the minimum guaranteed rate. VOYA determines the current credited interest rate based on a number of factors, including mortality and expense risks, interest rate guarantees, investment income earned on invested assets, and capital gains and/or losses on the sale of invested assets.

VOYA is contractually obligated to repay the principal and the specified interest yield that is guaranteed to the Plan. The Plan's guaranteed minimum effective crediting interest rate was 1% for the year ended December 31, 2024.

The investment contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value, which was \$547,866 and \$626,363 as of December 31, 2024 and 2023, respectively. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by VOYA represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. No surrender charge is assessed against contract withdrawals taken for reasons of participant retirement, severance from employment, death, disability, hardship, loan, or in-service withdrawals after age 59 ½. However, there are certain contractual restrictions on transfers to and from the Fixed Account and a positive or negative market value adjustment may apply upon contract surrender. The Plan administrator does not believe that the occurrence of any such value adjustment event, which would limit the Plan's ability to transact at contract value with participants, is probable.

**Notes to the Financial Statements (Continued)**  
**December 31, 2024 and 2023**

**Note 5: Fully Benefit-Responsive Investment Contract (Continued)**

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The Plan may terminate the contract with the issuer at any time. Upon termination or surrender, contract value adjustments and fees may apply. The issuer reserves the right to treat accumulated withdrawals that exceed 20% of the current value of all plan accounts at the beginning of the contract year as a surrender.

**Note 6: Related Party Transactions and Party-in-Interest Transactions**

The Plan's investments are managed by VOYA. VOYA maintains the Plan's assets in pooled separate accounts and under a fully benefit-responsive investment contract and, therefore, these transactions qualify as party-in-interest transactions. Both VOYA and Ascensus provide certain administrative services to the Plan pursuant to service agreements between the Company and both VOYA and Ascensus. VOYA receives revenue from certain investment service providers for services VOYA provides to the funds. This revenue is used to offset certain amounts owed to both VOYA and Ascensus for their administrative services to the Plan. Because these fees are paid through this revenue sharing arrangement, rather than a direct payment, they are netted against net appreciation in fair value of investments.

**Note 7: Income Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Plan's volume submitter sponsor by an opinion letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan sponsored by Voya Retirement Insurance and Annuity Company, which has been adopted by the Plan, is acceptable pursuant to Section 401 of the IRC and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements (Continued)  
December 31, 2024 and 2023**

**Note 8: Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would continue to be 100% vested in their employer contributions.

**Note 9: Risks and Uncertainties**

From the list of investment options, participants determine the investment funds to which their accounts are invested. As of December 31, 2024 and 2023, the target date family of funds utilized by the Plan, in the aggregate, accounted for approximately 35% and 33% of total investments, respectively. Additionally, investment in one individual fund accounted for approximately 11% and 10% of total investments as of December 31, 2024 and 2023, respectively.

Due to the concentration of the investments denoted above, in addition to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
