Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of The Direct Mail Solutions Employees 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Direct Mail Solutions Employees 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

-Continued-

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of The Direct Mail Solutions Employees 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Direct Mail Solutions Employees 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits for the financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Direct Mail Solutions Employees 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

-Continued-

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Direct Mail Solutions Employees 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE DIRECT MAIL SOLUTIONS EMPLOYEES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

1. Description of Plan

The following description of The Direct Mail Solutions Employees 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan covering all full-time employees of The Moore Companies, Inc. T/A The Direct Mail Solutions (the "Company") who are age 18 or older and have completed two months of credited service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute to the Plan by way of elective deferral amounts up to the limits prescribed by the Internal Revenue Service as defined in the Plan. Participants may also roll over distributions from other defined-benefit or defined-contribution plans. A participant age 50 or older by the end of the Plan year may make catch-up contributions. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors. Effective August 1, 2022, the Plan implemented an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 4% of eligible compensation.

Employer Contributions: The employer may make matching contributions equal to a discretionary percentage of the participant's elective deferral, and may also make a discretionary profit-sharing contribution. For the year ended December 31, 2024, the Company provided a matching contribution equal to 50% of a participant's elective deferral, up to 4% of total compensation.

Forfeited Accounts: At December 31, 2024 and 2023, forfeitures of terminated nonvested accounts totaled \$149 and \$142, respectively. A participant's nonvested account will be forfeited when he/she ceases to be an employee of the Plan sponsor. All forfeitures are allocated as of the last day of the Plan year in which such forfeitures arise and are used to reduce future employer contributions or pay for administrative fees. During 2024, the Plan sponsor used \$6,087 of forfeitures to pay for certain administrative fees of the Plan and reduce employer matching contributions.

Participant Accounts: Each participant-directed account is credited with the participant's contribution and an allocation of the employer's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants: Participants may borrow a minimum of \$1,000 from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance for a period less than or equal to 5 years. Participants are allowed a maximum of one loan. The loans are secured by the balance in the participant's account. Interest is allocated based on prevailing market rates. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits: On termination of service due to death, disability, or retirement, participants or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

THE DIRECT MAIL SOLUTIONS EMPLOYEES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024

1. Description of Plan - Continued

Vesting: Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing portions of their accounts plus actual earnings thereon occurs on a graduated scale as follows:

Less than 1 year	0%
1, but less than 2 years	33%
2, but less than 3 years	66%
3 or more years	100%

Hardship Distributions: Hardship distributions are permitted from a participant's pre-tax elective deferrals, amounts attributable to employer matching contributions, amounts attributable to employer profit-sharing contributions, rollover amounts, or transfer amounts. Hardship distributions can only be made from accounts that are 100% vested.

In-Service Distributions: In-service distributions may be made to a participant who has not separated from the Company, provided that the participant has attained age 59-1/2. In-service distributions are permitted from a participant's pre-tax elective deferrals, employer matching contributions, employer profit-sharing contributions, and rollover accounts. In-service distributions can only be made from accounts which are 100% vested.

2. Summary of Significant Accounting Policies

Basis of Accounting: The Plan prepares its financial statements on the accrual basis whereby revenue is recognized when earned and expenses are recognized when incurred.

Excess Contributions Payable: Amounts payable to participants to refund contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2024 excess contributions to the applicable participants prior to March 15, 2025.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value as determined by the custodian using generally accepted accounting principles and applicable laws. Purchases and sales of units are recorded on trade dates, as are the earnings on pooled separate accounts. Net investment income (loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Pooled separate accounts are valued using net asset value. Amounts allocated to a variable investment account within a pooled separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any pooled separate investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received and the daily equivalent of any fee charged pursuant to the contract. The value of each accumulation unit is published each business day.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024

2. Summary of Significant Accounting Policies - Continued

Each investment account is invested exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder and/or participant.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net gain (loss) in fair value of investments. Administrative expenses of the Plan are allocated to participant accounts and are included in administrative expenses.

Evaluation of Subsequent Events: Management has evaluated subsequent events through August 11, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Custodian (Unaudited)

4. Fair Value Measurements (Unaudited)

Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820-10, “*Fair Value Measurements and Disclosures*”, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1 Inputs - The values of the pooled separate accounts are reported using a unit value giving consideration to the income, cost, and sales comparison approaches of estimating property value. Purchases and sales of units are recorded on trade dates, as are the earnings on pooled separate investment accounts.

No Level 2 inputs were available to the Plan at December 31, 2024 or 2023.

No Level 3 inputs were available to the Plan at December 31, 2024 or 2023.

Input Levels by Investment Category:

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Tax Status

The Plan obtained its latest determination letter in March 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Parties-in-Interest

The Plan's investments are managed by FCB, who is the Plan custodian and trustee. These transactions qualify as party-in-interest transactions. Fees paid to FCB are paid through Newport Group, Inc. Investment related fees are allocated to participant accounts.

Newport Group, Inc. and Newport Trust Company are the Plan trustees and provide recordkeeping services to the Plan. These transactions qualify as party-in-interest transactions. Fees paid to Newport Group, Inc. and Newport Trust Company by the Plan totaled \$44,851 during the year ended December 31, 2024.

WellsColeman performs the audit for the Plan. WellsColeman is a service provider of the Plan, therefore, transactions are party-in-interest transactions. Fees paid to the firm for the year ended December 31, 2024, were paid by the Plan sponsor.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
