Administrative Committee
ForUs 401(K)
(Power Maintenance Services, Inc.)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ForUs 401(K) (Power Maintenance Services, Inc.) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 17, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The following description of the ForUs 401(K) (Power Maintenance Services, Inc.) (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined-contribution plan established for the benefit of eligible employees of Power Maintenance Services, Inc. dba Pilot Painting & Construction (the “Employer”, or “Company”). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC), and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), as amended. The Plan was established November 1, 2014, by its sponsor company, ForUs, Inc. (“Plan Sponsor” and “Plan Administrator”) as a multiple-employer plan. The Plan Sponsor is a member of a controlled group, ForUs All Advisors, LLC. The Plan became effective on March 7, 2018, and was most recently amended effective January 1, 2022 (the “Effective Date”).

Administration

The Plan is administered by the Employer and Plan Sponsor. American Trust Company, the custodian of the Plan, is responsible for the custody of the Plan’s assets. American Trust Company, the Trustee and recordkeeper of the Plan, is responsible for the management of the Plans’ assets. AT Retirement Services, LLC serves as the Investment Advisor to the Plan.

Eligibility

The Plan covers substantially all salaried employees of the Employer over the age of eighteen (18) who are U.S. citizens or resident aliens. Employees who complete three (3) months of service are eligible to join the Plan. An eligible employee has the option to enter the Plan as a participant on the first day of the month after the employee first becomes eligible.

Participant Contributions

Unless an eligible employee elects otherwise, the employee’s compensation will be reduced by 6% (automatic enrollment rate) for employee contribution to the Plan on the first of the next calendar month after three (3) months of employment. Participant deferrals are subject to an automatic escalation increase of 1% annually, up to 15%. Each year, participants may contribute a maximum of 92% of eligible annual compensation, not to exceed elective deferral limits imposed by the Internal Revenue Service (IRS), as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll over amounts representing distributions from other qualified defined-benefit or defined-contribution plans.

FORUS 401(K)
(POWER MAINTENANCE SERVICES, INC.)
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION (Continued)

Employer Contributions

The Employer may make discretionary matching contributions to the Plan on behalf of each eligible participant during the contribution period. The Employer's discretionary match was calculated based on 100% of each participant's deferral contribution of the first 2% of active participant's eligible compensation. All employer contributions are invested in the same manner that the participant directs his or her contributions.

The Employer may make non-elective Employer matching contributions on behalf of each eligible participant during the contribution period. Participants who are employed on the last day of the year are eligible for the allocation of non-elective Employer matching contributions. For the year ended December 31, 2024, the Employer did not make a non-elective Employer matching contribution.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in discretionary Employer matching contributions and Employer non-elective matching contributions are based on years of service. Participants are vested at 20 percent after two years of service and an additional 20 percent each year thereafter until 100 percent vested upon six years of service.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, if any, and allocations of the Employer's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment gains (losses) and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct all contributions as desired in any of several investment options offered by the Plan, and may change their investment options daily.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION (Continued)

Notes from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at a rate that a bank or other professional lender would charge for making a note in a similar circumstance. Current note interest rates range from 4.25% to 6.50% and mature through February 2026, as of December 31, 2022, and 2021. A participant may have no more than two (2) notes outstanding at one time. Notes are limited to 100% vested sources only. The Plan Administrator will fix the term for repayment of any note not to exceed five (5) years. A longer repayment period may be granted by the Plan Administrator only if the note is issued to purchase or repair a primary residence. Principal and interest are paid ratably through payroll deductions. Defaulted participant notes are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

On termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, in installment payments as permitted under the Plan or elect to maintain their vested account within the Plan, if the account is greater than \$5,000. If the total vested account balance under the Plan is between \$1,000 and \$5,000, the vested balance will be automatically rolled over to an Individual Retirement Account (IRA) selected by the Plan Administrator. For balances of \$1,000 or less, the entire vested account balance will be automatically distributed in a lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in the form of installment payments.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Forfeitures

Participants' accounts are forfeited if any Employer contribution portion has not fully vested at the time of withdrawal. These amounts may be utilized to reduce any Employer contributions and pay Plan expenses. As of December 31, 2022 and 2021, total forfeitures were \$9,917 and \$8,646, respectively. During the year ended December 31, 2022, the Plan did not use forfeitures to reduce Employer contributions.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes from Participants

Notes are measured at their unpaid principal balance plus any unpaid interest. Interest income is recognized when earned. Delinquent notes from participants are reclassified as distributions based upon the terms in the Plan document. As of December 31, 2022 and 2021, there were no delinquent notes from participants. No allowances for credit losses have been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits payments are recorded when paid.

Administrative Expenses

Certain management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Employer may pay some Plan administration expenses with its own assets rather than using Plan assets. To the extent the Employer does not pay Plan expenses with its own assets, the Plan generally will pay the expenses of Plan Administration and will assess the expenses against each participant's account pro rata based on the value of each participant's account balance or per capita.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN’S CUSTODIAN

The Plan’s management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American Trust Company, the custodian of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022; the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for plan benefits for the Plan year ended December 31, 2022.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Following are descriptions of valuation methodologies used for assets measured at fair value:

*Registered investment companies
(mutual funds):*

Valued at the daily closing price, as reported by the shares. Registered investment companies held by the Plan are open-ended shares that are registered with the Securities and Exchange Commission (SEC). These shares are required to publish the daily net asset value (NAV) and to transact at that price. The registered investment company shares held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022. There have been no changes to the methodologies used as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	<u>\$ 1,435,505</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,435,505</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	<u>\$ 1,745,954</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,745,954</u>

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies held by American Trust Company, the custodian of the Plan. These transactions qualify as “party-in-interest” transactions permitted by the Department of Labor’s (DOL) Rules and Regulations. The Employer, Plan Administrator and Trustee are also parties in interest with respect to the Plan. Fees paid by the Plan to the trustee amounted to \$10,051. Notes receivable from participants and the related interest income of \$2,007 are considered related party transactions.

NOTE 6 – FEDERAL INCOME TAX STATUS

Effective June 30, 2020, the Plan adopted a non-standardized pre-approved profit sharing plan with CODA sponsored by LT Trust. The Plan has received an advisory letter from the IRS as to the Plan’s qualified status. The advisory letter has been relied upon by this Plan. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator and the Trustee believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

U.S. GAAP requires the Plan’s management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan’s management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability, asset, or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various securities, including registered investment companies. Investment securities, in general, are normally exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be entitled to the full amount of their account as of the date of termination, regardless of the percent that is vested at the time of the termination.

NOTE 9 – PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Employer is required to segregate participant contributions from its general assets and remit them to the Plan as soon as administratively feasible.

During 2022, the Employer failed to remit certain participant contributions totaling approximately \$13,726 within the period prescribed by the DOL due to administrative timing. The DOL considers late deposits to be prohibited transactions. The Employer will determine the total amount owed to the affected participants for potential lost earnings due to the delay and will remit the appropriate amounts to the Plan.

NOTE 10 – OPERATIONAL DEFECT

During the year ended December 31, 2022, it was discovered that the Plan's provisions were not properly applied in the daily operation of the Plan. The definition of compensation for participant contributions as defined per the Plan document was not properly applied when calculating contribution amounts. The Plan administrator determined the affected participants and will deposit the difference into the Plan as qualified nonelective contributions (QNEC) to make the affected participants and the Plan whole, including interest.

The following is a reconciliation of the affected components of the changes in net assets available for plan benefits per the financial statements at December 31, 2022 to the Form 5500:

Net decrease per the financial statements	\$ 161,225
Corrective distributions	64,769
Total decrease per the Form 5500	<u>\$ 225,994</u>

NOTE 12 – SUBSEQUENT EVENTS

In September 2023, the Plan changed advisors to Alkeme Financial/Accelerate Retirement Advisors.

On January 25, 2024, the Plan changed service providers from LT Trust/For Us All to Transamerica. On the same day, TAG Resources became the new TPA of the Plan.

The Plan Administrator has evaluated subsequent events through July 8, 2025, the date the financial statements were available to be issued.
