INDEPENDENT AUDITORS' REPORT

Plan Management and Plan Governance
ASML US Employees' Savings and Retirement Plan
Chandler, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of ASML US Employees' Savings and Retirement Plan, (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of ASML US Employees' Savings and Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

San Diego, California

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Information Required by ERISA

The supplemental information as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other

additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASML US EMPLOYEES' SAVINGS AND RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the ASML US Employees' Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan covers substantially all employees of ASML US, LLC (the Company) and its affiliates: Cymer, LLC, Hermes Microvision, Inc., and ASML US, LP. In 2024, Hermes Microvision Inc. was dissolved and all employees became ASML US employees during the 2024 plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). ASML Employee Benefits Committee (the Benefit Committee) is responsible for oversight of the Plan as well as determining and reviewing the appropriateness of the Plan's investment offerings.

The Plan is a defined contribution plan under the provision of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan became effective on January 1, 1985 and was restated on March 28, 2022. The Company entered into an agreement with Fidelity Workplace Services LLC to provide the Plan's recordkeeping, administrative and investment services. Fidelity Management Trust Company provides Trustee and Custodial services.

Eligibility

Substantially all employees are immediately eligible to participate in the Plan and may enroll immediately.

Participant Contributions

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 5% unless the participant affirmatively elects otherwise. Automatically enrolled participants will have their deferral contributions increased 1% a year not to exceed 15% of compensation, unless otherwise elected. Participants that affirmatively elect otherwise may contribute up to 75% of their annual compensation as pre-tax, and/or after-tax Roth contributions, and/or after-tax contributions, as defined in the Plan up to the maximum allowed by the IRS limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans.

Employer Contributions

The Company provided a Safe Harbor matching contribution of 100% of the first 3% of participant compensation contributed to the Plan plus 50% of the next 2% of participant compensation contributed to the Plan. The Company may also provide a discretionary profit-sharing contribution; however, no such contribution was made or declared for the period presented.

ASML US EMPLOYEES' SAVINGS AND RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, and (c) charged with an allocation of any administrative expenses paid by the Plan. Allocations of Plan earnings or losses are based on participant account balances. Administrative expenses are allocated on a per capita basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of all assets attributable to their account. Each participant designates the percentage of any one or more of their accounts that is to be invested in each of several authorized investment funds designated by the Plan's Benefit Committee.

Notes Receivable from Participants

The Plan allows participants to borrow against their vested account balances. Loans may not be made for less than \$1,000 and may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance. The interest rate for loans is based on prevailing interest rates as determined by the Plan Benefit Committee. Principal and interest are paid ratably through payroll deductions not to exceed five years unless the note proceeds were used for the purchase of a principal residence.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum distribution, installment distributions, partial distributions, direct rollover to an individual retirement account (IRA) or to another employer's tax qualified plan. Active participants may withdraw part of their account in a single sum in the event of undue financial hardship or attainment of age of 59½. If a terminated participant's account balance is \$5,000 or less, the Plan may distribute the account balance to an IRA without prior approval of the participant.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon and Safe Harbor matching contributions. Certain participants achieve vesting in prior non-safe harbor Company contributions based on certain graded vesting schedules ranging from 3 to 5 years, depending on their prior company plan provision.

Forfeited Accounts

Generally, a participant's unvested portion of a prior Company matching contribution is forfeited upon distribution of his/her vested account balance or when the participant incurs five consecutive breaks in service. Forfeitures are maintained in a separate account and can be used to reduce matching contributions or pay Plan expenses.

ASML US EMPLOYEES' SAVINGS AND RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Forfeited non-vested account balances at December 31, 2024 and 2023 were \$25,961 and \$5,891 respectively. During the year ended December 31, 2024, forfeitures of \$4,988 were used to pay for Plan expenses.

Administrative Expenses

Fees related to the administration of loans and distributions are deducted from participant accounts and are included in administrative expenses. Certain Plan expenses are paid directly by the Company and are excluded from these financial statements.

Certain investment management fees and other charges paid to the Trustee are offset against fund performance in the net depreciation section of the Statement of Changes in Net Assets Available for Benefits and are not, therefore, separately reflected as investment expenses. The Plan utilizes a reimbursement spending account to collect float, which may be used to either pay for Plan expenses or be allocated back to participants.

Plan Termination Provision

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become fully vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting which is in accordance with accounting principles generally accepted in the United States of America (GAAP). Employee and employer contributions are recognized in the period that contributions are due.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Benefit Committee to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Benefit Committee determines the Plan's valuation policy utilizing information provided by the Plan Trustee. See Note 3 for discussion of fair value measurements and Note 4 for discussion of net asset value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ASML US EMPLOYEES' SAVINGS AND RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024, and 2023, no allowance for credit losses has been recorded.

Reclassifications

Certain accounts from the prior year may have been reclassified to conform to the current year presentation.

NOTE 3 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets.• Quoted prices for identical or similar assets or liabilities in inactive markets.• Inputs other than quoted prices that are observable for the asset or liability.• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|

ASML US EMPLOYEES' SAVINGS AND RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

Self-directed brokerage accounts: Valued at the daily closing price as reported by the fund. The majority of the account is made up of mutual funds held by the Plan that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily closing price and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at NAV per unit of the bank collective trust and is structured like mutual funds. The fair value of the fund is determined at the end of each day that markets are open, and the daily value is used for both buying and selling shares of the collective trusts. Since NAV is a readily determinable value, it is included in the fair value hierarchy table.

Money market fund: Valued at fair value by discounting to related cash flows based on current yields of similar instruments with comparable durations.

Small/mid-cap equities custom fund: Valued at NAV per unit of the fund. The NAV is based on the underlying securities held by the fund less its liabilities and is valued daily. This unit value/NAV cannot be independently verified on the open market due to the unit value and multiple underlying securities. Since NAV is a readily determinable value, it is included in the fair value hierarchy table.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Assets at Fair Value as of December 31, 2024

NOTE 4 - NET ASSET VALUE MEASUREMENT

As of December 31, 2024, the Plan holds a stable value fund that is measured at net asset value (NAV) as a practical expedient in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement. The investment is not classified within the fair value hierarchy (Levels 1, 2, or 3), as NAV is used to estimate fair value when quoted market prices are not available.

NAV is determined based on the fair value of the underlying assets held by each fund, less its liabilities, and divided by the number of units outstanding.

As of December 31, 2024, the Plan's investments at NAV is summarized in the table below:

<u>Assets at Net Asset Value as of December 31, 2024</u>				
<u>Investment Type</u>	<u>Net Asset Value</u>	<u>Strategy Description</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Stable Value Fund	\$ 90,228,473	Benefit-responsive contracts; capital preservation	Quarterly	None

As of December 31, 2023, the Plan's investments at NAV is summarized in the table below:

<u>Assets at Net Asset Value as of December 31, 2023</u>				
<u>Investment Type</u>	<u>Net Asset Value</u>	<u>Strategy Description</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Benefit Committee has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of:

ASML US EMPLOYEES' SAVINGS AND RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024, and 2023.
- Net appreciation in fair value and net asset value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments consist of shares of mutual funds offered by Fidelity Investments, the parent of Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions are considered to be exempt party-in-interest transactions. Administrative expenses paid by the Plan to Fidelity Investment Institutional and other Plan service providers are considered to be exempt party-in-interest transactions.

NOTE 7 - TAX STATUS

The IRS has informed the Plan sponsor by a determination letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Benefit Committee believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Benefit Committee to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities. The Plan's returns prior to 2020 are closed to inspection.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying financial statements.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events and transactions for potential recognition or disclosure through September 5, 2025, the date the financial statements were available to be issued and concluded that there were no other events or transactions that needed to be disclosed, except below.

Effective January 1, 2025, the EO Technical Solutions Retirement Trust was merged into the ASML Retirement Plan. This merger was a result of a prior acquisition of EO Technical Solutions by ASML, finalized on July 1, 2023. As part of the acquisition integration process, the EO Technical Solutions Retirement Plan was terminated as of December 31, 2024, and all plan assets were mapped to the investment options available under the ASML Retirement Plan. The merger impacted approximately 25 participants who were formerly part of the EO Technical Solutions Retirement Trust. These individuals became ASML employees as of January 1, 2025, and their retirement assets were fully transitioned into the ASML Retirement Plan. The merger was executed in accordance with applicable plan provisions and regulatory requirements, and it represents a subsequent event to the plan year ending December 31, 2024.

This event does not materially affect the financial statements of the ASML Retirement Plan for the year ended December 31, 2024, but is disclosed herein to provide transparency regarding plan changes occurring after year-end.
