INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
IDI Billing Solutions 401(k) Plan
Victor, NY

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of IDI Billing Solutions' 401(k) Employee Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Canandaigua National Bank and Trust Company, a qualified institution, as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

INDEPENDENT AUDITORS' REPORT
(Continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITORS' REPORT
(Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

Allied CPAs, P.C.

IDI BILLING SOLUTIONS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 – Description of the Plan

The following description of the IDI Billing Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for employees of Info Directions, Inc. (d/b/a IDI Billing Solutions) (the Company). The Plan became effective on January 1, 2005 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Company is the plan administrator. The Canandaigua National Bank and Trust Company (CNB) is the trustee of the Plan's assets and also provides record-keeping and other administrative services to the Plan. CNB contracts with EPIC Advisors, Inc. to perform certain of these services. The Company pays certain administrative expenses of the Plan.

Eligibility

Employees who have attained 21 years of age are eligible to participate in the Plan after the completion of six months of employment with the Company.

Participant Contributions

Participants may make tax-deferred contributions or after-tax (Roth) contributions to the Plan of up to 100% of their compensation, subject to statutory limitations. The Plan includes an automatic enrollment feature whereby all employees are automatically enrolled in the Plan with a deferral rate of 6%, unless they choose not to participate or elect a different deferral percentage. In addition, participants may make rollover contributions to the Plan.

Employer Contributions

In 2024 and 2023, the matching contribution was calculated as 50% of the first 6% of employee deferral contributions, up to a maximum of 3% of the eligible participant's annual compensation. The Company may also make discretionary matching contributions on behalf of participants that are employed on the last day of the plan year, regardless of hours worked. The Company made no such additional discretionary contributions to the Plan for the Plan years 2024 and 2023.

Participant Accounts

Participants direct the investment of their accounts into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, employer contributions, and actual earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and actual earnings/losses thereon. Employer contributions and actual earnings/losses thereon vest 25% after each year of service and are fully vested after four years. In addition, participant accounts become fully vested upon attainment of normal retirement age of 65, or in the event of death or total disability.

Forfeitures

Forfeitures of non-vested account balances are first utilized to pay Plan expenses, with any remaining forfeitures used to reduce employer contributions in the current year or succeeding plan years. Total forfeitures during the year ended December 31, 2024 were \$22,569, and total forfeitures during the year ended December 31, 2023 were \$4,823. Amounts used to reduce the employer matching contributions were \$20,197 during the year ended December 31, 2024. There were no amounts used to reduce the employer matching contributions during the year ended December 31, 2023.

IDI BILLING SOLUTIONS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1 – Description of the Plan, Continued

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance. Amounts borrowed are secured by the vested balance in the participant's account and bear interest at the prime rate (7.50% at December 31, 2024) plus 1%. Principal and interest are paid through bi-weekly payroll deductions.

Distribution of Benefits

Upon disability, death, retirement, or separation of service from the Company, a participant may elect to receive a lump sum payment or to have their account rolled over to another qualifying investment. The Plan may also make involuntary lump-sum distributions to terminated participants with vested account balances of \$5,000 or less. In-service withdrawals from the Plan are permitted from vested accounts by participants that have attained the age of 59 ½ or if the participant qualifies for a hardship withdrawal.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted under certain circumstances.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, all participant accounts would become fully vested.

Plan Amendments

There were no significant amendments to the Plan during the year ended December 31, 2024.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the accompanying financial statements.

Benefit Payments

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are reported at fair value as reported by the trustee. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Note 4 – Fair Value of Financial Instruments

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) *Fair Value Measurement Topic (Topic 820)* establishes a hierarchy for information and valuation used in measuring fair value that is broken down into three levels based on reliability. Level 1 valuations are based on quoted prices in active markets for identical assets or liabilities. Level 2 valuations are based on inputs, other than quoted market prices included within Level 1 that are observable either directly or indirectly. Level 3 valuations are based on information that is unobservable and significant to the overall fair value measurements.

The Plan's assets fell within the ASC 820 hierarchy as follows at December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ 232,257	\$ -	\$ -	\$ 232,257

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 4 – Fair Value of Financial Instruments, Continued

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Money Market Funds: Valued at cost or amortized cost, which approximates fair value.

Mutual Funds: Valued at fair value based on quoted market prices in active markets.

Note 5 – Tax Status

The Plan adopted a prototype plan document sponsored by EPIC Retirement Plan Services (EPIC). EPIC received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the prototype plan satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not received a determination letter from the IRS. However, the Plan's management and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Note 6 – Party-In-Interest Transactions

The Company is the Plan sponsor. As such, transactions between the Company and the Plan qualify as party-in-interest transactions. Transactions involving notes receivable from participants also qualify as party-in-interest transactions.
