## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
**Community Credit Union of Florida Defined Benefit Plan and Trust**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Community Credit Union of Florida Defined Benefit Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, the statement of accumulated plan benefits as of December 31, 2023, the related statement of changes in accumulated plan benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the Financial Statements**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

### Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the schedule of assets (held at end of year) as of December 31, 2024 and schedule of reportable transactions for the year ended December 31, 2024, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### Note 1 – Description of the Plan

#### General

Community Credit Union of Florida Defined Benefit Plan and Trust (the Plan) was established by Community Credit Union of Florida (the Credit Union) on December 1, 1971. The Plan is a non-contributory defined benefit pension plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan's Provisions.

#### Administration

The Plan Sponsor and named Plan Administrator is the Credit Union. The Board of Trustees is responsible for oversight of the Plan. The Plan Administrator has formed a Retirement Committee comprised of members of the Credit Union's management team. The Plan's Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and fees. The Plan's Trustee and Investment Custodian is Matrix Trust Company. The Investment Custodian holds all of the Plan's assets and executes all of the Plan's transactions. The Plan has also retained TruStage CMFG Life Insurance Company (TruStage) to provide participant recordkeeping, actuary services, and administrative services.

#### Eligibility

The Plan covers substantially all employees of the Credit Union. All employees who have attained age 20 and have completed one year of credited service are eligible to participate in the Plan. Plan entry date is the first day of the Plan year or the seventh month of the Plan year coinciding with or next following the date the eligibility requirements are satisfied.

#### Benefits

##### ***Normal Retirement Benefits:***

Employees with 25 or more years of service who have reached the normal retirement age (65) are entitled to monthly pension benefits equal to 35% of the compensation. Monthly compensation will be the average monthly compensation for the highest months before retirement. Employees with fewer than 25 years of service receive a pro rata reduction in their benefits based on years of service.

Employees may elect to receive the value of their accumulated benefits by life annuity.

##### ***Early Retirement Benefits:***

Early retirement benefits are equal to the participant's vested accrued benefit reduced by 5/9 of 1% for each month early retirement precedes normal retirement up to 60 months, and 5/18 of 1% for each complete calendar month in excess of 60 months that the early retirement date (first day of the month coinciding with or next following the date on which a participant attains early retirement age (55 and the completion of at least 5 years of service)) precedes the normal retirement date.

##### ***Late Retirement Benefits:***

Late retirement benefits are payable to a participant who continues employment with the Credit Union after attaining normal retirement age and shall be the greater of continued accruals or actuarial equivalent of accrued benefits.

# COMMUNITY CREDIT UNION OF FLORIDA DEFINED BENEFIT PLAN AND TRUST

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### ***Optional Benefit Form:***

Optional benefit forms are available and equal to the actuarial equivalent of the normal benefit form and may be in an amount more or less than that provided by the normal benefit form depending on the option selected. Such distributions may be in one of the following forms:

- Lump-sum payment
- Partial withdrawal of at least \$1,000
- Straight-life
- 20-year certain life annuity
- 15-year certain life annuity
- 10-year certain life annuity
- 5-year certain life annuity

### ***Death and Disability Benefits:***

If an active participant dies, a death benefit payable to the beneficiary is the amount that would have been paid for to the participant's spouse if they had begun receiving distributions under a 50% joint and survivor annuity. The disability benefits are equal to the early retirement benefit without regard to age and service requirements.

### ***Vesting:***

Participants that terminate employment prior to their normal retirement age for reasons other than death, disability, or early retirement are entitled to a percentage of their accrued benefits. No vesting occurs for less than five years of service. A participant is 100% vested after five years of service.

## **Note 2 – Summary of Significant Accounting Policies**

### Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Expenses are recorded in the accounting period in which they are incurred.

### Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results may differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the certifying entities. See Note 4 for discussion of fair value measurements.

The purchase and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation and appreciation/ (depreciation) include the Plan's gains and losses on investments bought and sold as well as held during the year.

### Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions for the service participants have rendered. Accumulated Plan benefits include benefits expected to be paid to: (i) retired or terminated vested participants or their beneficiaries, (ii) beneficiaries of participants eligible to retire who have died, and (iii) present participants or their beneficiaries. Benefits payable under all circumstances (retirement, death, and termination of employment) are included in the computation to the extent they are considered attributable to employee service rendered at the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an actuary from TruStage/CUNA Mutual Group and it is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment resulting from death, disability, withdrawal, or retirement between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of January 1, 2023 were:

- (i) Investment return of 4.0% per annum,
- (ii) Mortality Pri-2012 Mortality table for annuitants and non-annuitants projected fully generationally using scale MP-2021,
- (iii) Retirement age assumptions (normal retirement age is 65 years; other active participants will elect early retirement from ages 55 to 64)
- (iv) Withdrawal rates are based on the T-7 table.
- (v) The interest rate to discount the obligation for 2023 was 5.75%

Actuarial assumptions are based on the presumption that the Plan will continue indefinitely. If the Plan were terminated, different actuarial assumptions might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated Plan benefits were made as of January 01, 2024. Had the valuation been performed as of December 31, 2023, there would be no material differences.

### Payment of Benefits

Benefit payments to participants and beneficiaries are recorded at the time of distribution.

### Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including August 28, 2025, which is the date the financial statements were available to be issued.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### **Note 3 – Unaudited Information Certified by the Investment Custodian**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Matrix Trust Company, the Plan's Investment Custodian, as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023,
2. All investment activity reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2024 and 2023,
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and the Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2024.

### **Note 4 – Fair Value Measurements**

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Registered investment companies:* Valued at the quoted market price available on an active market at year end.

*Deposit administration group annuity contract:* Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. In determining the reasonableness of the methodology, the Retirement Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are substantiated utilizing available market data.

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

### **Note 5 – Funding Policy and Administrative Fees**

The Plan is funded by contributions made by the Credit Union. The Credit Union's funding policy is to, at a minimum, make contributions to the Plan sufficient to meet the minimum funding requirements of ERISA, plus such additional amounts, if any, as actuarially determined. For the years ended December 31, 2024 and 2023, there were no Credit Union contributions to the Plan. The contributions satisfied the minimum funding requirements of ERISA for the years ended December 31, 2024 and 2023.

In order for TruStage to provide administrative services to the Plan, it charges an amount necessary to cover certain expenses. The majority of the expenses are paid by the Plan. Certain administrative functions are performed by officers and employees of the Credit Union. Administrative expenses, including salaries and overhead, are paid directly by the Credit Union. Credit Union administrative expenses are excluded from these financial statements.

### **Note 6 – Investment Contract**

The Plan has a deposit administration group annuity contract with TruStage, where the underlying investment is a guaranteed account. CMFG maintained the contributions in an unallocated fund to which it added interest at 3.00% during the years ended December 31, 2024 and 2023. Participant withdrawals and administrative expenses are reduced from the account. The interest rate is guaranteed for each specific year and is subject to change each preceding year.

### **Note 7 – Party-in-Interest Transactions**

Certain Plan investments are managed by Matrix Trust Company, who is the Plan's Investment Custodian. Transactions involving those investments are considered party-in-interest transactions. However, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulation.

### **Note 8 – Plan Termination**

In the event the Plan terminates, the rights of all participants to benefits accrued to the date of such termination or discontinuance, to the extent funded, shall be nonforfeitable. Accordingly, the net assets of the Plan will be allocated in accordance with the Plan document and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits to former participants who have retired under the Plan prior to its termination.
- b. Benefits to participants who have reached the Plan's normal retirement date, but have not retired on the date of termination.
- c. Benefits to participants who have not reached normal retirement date, in order that each participant will attain the normal retirement date. The benefit will be based on the accrued benefit at the time of termination.
- d. Any excess of funds will revert to the Credit Union.

Benefits to be provided via annuity contracts purchased prior to the termination date would be excluded for allocation purposes. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. governmental agency) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

# COMMUNITY CREDIT UNION OF FLORIDA DEFINED BENEFIT PLAN AND TRUST

## NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for the accumulated benefit obligation and may also depend on the financial condition of the Plan and the level of benefit guaranteed by the PBGC.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for the accumulated benefit obligation and may also depend on the financial condition of the Credit Union and the level of benefit guaranteed by the PBGC.

### **Note 9 – Plan Amendments and Tax Status**

The Plan utilizes a volume submitter Plan, which has been filed with the IRS and has received a determination letter dated February 28, 2023, that the Plan and the related trust are designed with applicable requirements of the Internal Revenue Code (IRC). The Credit Union has elected not to apply for an individual IRS determination letter upon adoption of the Plan nor on any subsequent amendments. The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

The Plan permitted provisions of SECURE Act 2.0 during the year ended December 31, 2023. Written amendments to the Plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidelines.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions. Currently, there is an IRS audit in progress.

### **Note 10 – Risks and Uncertainties**

Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits. Plan contributions are made, and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change.

Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.
