(1) Name: **CARON & BLETZER, PLLC**

(2) EIN: **04-3499945**

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

- a** Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)
- b** Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)
- c** Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)
- d** Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)
- e** Was this plan covered by a fidelity bond?
- f** Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?
- g** Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?
- h** Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?
- i** Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)
- j** Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)
- k** Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?
- l** Has the plan failed to provide any benefit when due under the plan?
- m** If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)
- n** If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

## Independent Auditor's Report

To the Audit Committee, 401(k) Plan Committee, the Plan Administrator and Plan participants of the Unity Bank Employees' Savings and Profit Sharing Plan and Trust:

### ***Opinion***

We have audited the financial statements of the Unity Bank Employees' Savings and Profit Sharing Plan and Trust ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other

records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements  
December 31, 2024 and 2023

## **1. Description of Plan**

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

### **General**

The Unity Bank Employees' Savings and Profit Sharing Plan and Trust (the "Plan") is a participant-directed, Federal income tax deferred defined contribution plan that was initiated in October of 1995 and is administered by Unity Bank (the "Bank", the "Company" or the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

### **Investment Options**

The participant contributions and employer safe harbor basic matching contributions may be allocated to various investment funds, and/or Unity Bancorp, Inc Common Stock at the discretion of the participant, provided that all directed allocations be in whole percentages.

### **Benefits and Contributions**

Eligible participants, as defined, include employees of the Bank who have attained the age of 18. From January 1, 2024 through February 29, 2024, eligible participants can begin making contributions immediately after three months of employment and eligible employees hired after January 1, 2015 are automatically enrolled at 3% in the Plan unless an opt out election is made. On March 1, 2024, the plan was amended so that eligible participants can begin making contributions on the first of the month following employment commencement, instead of the previously three months of employment. The participant's pre-tax elective deferrals will increase 1% per year up to a maximum of 6% of Plan compensation unless the participant has made a qualifying deferral election. Participants have the ability to elect Roth and/or after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are eligible to receive employer matching and discretionary contributions immediately when they have completed three months of service, as defined. The three month service requirement was removed on March 1, 2024. Benefits are determined based on accumulated participants' and employer's contributions and related investment earnings or losses on those contributions. The participant can contribute up to 75% of base compensation, as defined, subject to legal limitations. The employer's safe harbor basic matching contributions are equal to 100% of the participants' contributions, up to 4% of eligible compensation and 50% of the participant's contributions for the next 2% of eligible compensation, as defined. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans (known as rollover contributions). The Bank made no discretionary employer contributions during the year ending December 31, 2024.

### **Forfeitures**

Any forfeited amounts may reduce the employer's contributions to the Plan or be utilized to pay Plan expenses. At December 31, 2024 and 2023, the plan expense account was not material. Forfeited non-vested accounts amount to approximately \$9 thousand at December 31, 2024 and 2023, respectively. No forfeitures were used to reduce Bank contribution for the year ended December 31, 2024.

## **Vesting**

All participants are fully vested in their voluntary contributions and related investment earnings or losses. Beginning on January 1, 2006, Unity Bank's 401(k) plan became a "Safe Harbor Plan" which means employer safe harbor matching contributions made from that date forward are automatically vested.

## **Participant Accounts**

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **Funding**

Employee contributions are funded through biweekly payroll deductions, and employer matching is funded each pay period. After the end of each Plan year, a match true-up contribution will be made to each participant which represents the excess, if any of (1) 100% of the participants' contributions, up to 4% of eligible compensation and 50% of the participants' contributions for the next 2% of eligible compensation and (2) actual matching contributions made during the year.

## **Payment of Benefits**

Upon normal retirement at age 62 or termination of employment, a participant may elect to receive a lump-sum amount equal to his or her vested account balance at termination date, or, by agreement with the plan administrator, a lump-sum payment at any date prior to the April 1 following the taxable year he or she attains, or would have attained, age 59-1/2. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account balance.

Participants may be eligible for other types of distributions, including hardship distributions, partial withdrawals and installments.

## **Prohibited Transactions**

During the year ended December 31, 2024 the Company failed to deposit \$52 thousand of participant deferrals and repayments on notes receivable timely to the Plan. The United States Department of Labor considers late deposits to be prohibited transactions. These transactions were corrected and participants were made whole in 2025.

## **2. Summary of Significant Accounting Policies**

### **Basis of Presentation**

The accompanying financial statements have been prepared on an accrual basis in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") and present the net assets available for benefits and the changes in those net assets. The Plan is subject to the provisions of ERISA, as amended.

### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

## **Investment Valuation and Income Recognition**

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

## **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

## **Payment of Benefits**

Benefits are recorded when paid.

## **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

## **Contributions**

Contributions from Plan participants and Company contributions are recorded in the year in which the participant contributions are withheld from compensation.

## **Subsequent Events**

The Plan has evaluated all events or transactions that occurred through June 20, 2025, which is the date the Company issued these financial statements. During this period, the Company did not have any material recognizable or non-recognizable subsequent events.

## **3. Notes Receivable from Participants**

Employees participating in the Plan are eligible to receive loans from the Plan. Loans that are granted to the participant are subject to the following conditions:

- The minimum term of any loan shall be 12 months. The maximum loan amount is determined under federal tax and pension laws. Borrowings are from the vested portion of accounts in any amount between \$1,000 and \$50,000, reduced by the highest outstanding loan balance within the prior 12 months. Loans are limited to one per participant.

The interest rates on loans are at reasonable rates of interest based on interest rates that institutions in the business of making loans would charge under similar circumstances, currently prime plus 1.0%, which was 8.50%, at December 31, 2024. The loans are secured by the balance in the participant's account. Loans are repaid (principal and interest) and added back to the participant account balances generally through regular after-tax payroll deductions.

#### **4. Plan Termination**

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will fully vest and receive the value of their accounts as a lump-sum distribution.

#### **5. Party in Interest Transactions**

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Included within the Plan's investment options is stock of Unity Bancorp, Inc. Accordingly, transactions of these shares and loans to participants qualify as party-in-interest transactions.

Certain Plan investments are shares of registered investment companies managed by Empower Trust Company, LLC, who is the Plan's record keeper. Additionally, the guaranteed investment contract and pooled separate accounts are managed by Empower Annuity Insurance Company.

#### **6. Tax Status**

The Company adopted a Cycle 3 pre-approved document of Empower Retirement LLC. The IRS has determined and informed Empower by a letter dated September 16, 2022, that the pre-approved document is designed and qualified under Section 401 of the Internal Revenue Code and is therefore not subject to tax under current income tax law. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **7. Fair Value Measurement**

The plan follows *FASB ASC Topic 820, "Fair Value Measurement and Disclosures,"* which requires additional disclosures about the plan's assets and liabilities that are measured at fair value. Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In determining fair value, the plan uses various methods including market, income and cost approaches. Based on these approaches, the plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable inputs. The plan utilizes techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed as follows:

##### *Level 1 Inputs*

- Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Generally, this includes debt and equity securities and derivative contracts that are traded in an active exchange market (i.e. New York Stock Exchange), as well as certain U.S. Treasury, U.S. Government and

sponsored entity agency mortgage-backed securities that are highly liquid and are actively traded in over-the-counter markets.

#### *Level 2 Inputs*

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable, either directly or indirectly, for the term of the asset or liability (i.e., interest rates, yield curves, credit risks, prepayment speeds or volatilities) or “market corroborated inputs.”
- Generally, this includes U.S. Government and sponsored entity mortgage-backed securities, corporate debt securities and derivative contracts.

#### *Level 3 Inputs*

- Prices or valuation techniques that require inputs that are both unobservable (i.e. supported by little or no market activity) and that are significant to the fair value of the assets or liabilities.
- These assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation

The following is a description of the valuation methodologies used for instruments measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

#### *Unity Bancorp, Inc. stock:*

This is comprised of Unity Bancorp, Inc. common stock which is traded on NASDAQ and valued at its quoted market price at the daily close. The market price is a readily determinable fair value.

#### *Mutual funds*

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

#### *Common collective trusts*

Common collective trusts are measured at the net asset value (“NAV”) of the underlying investments, and as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in the following table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

#### *Pooled separate accounts*

Pooled separate accounts are measured at the net asset value (“NAV”) of the underlying investments, and as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in the following table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables present, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and December 31, 2023:

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Unity Bancorp, Inc. common stock	\$ 1,672,817	\$ -	\$ -	\$ 1,672,817
Mutual funds	6,023,064	-	-	6,023,064
Common collective trusts, at net asset value*	-	-	-	3,841,627
Pooled separate accounts, at net asset value*	-	-	-	6,419,058
<b>Total investments at fair value</b>	<b>\$ 7,695,881</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 17,956,566</b>

	As of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Unity Bancorp, Inc. common stock	\$ 1,167,681	\$ -	\$ -	\$ 1,167,681
Mutual funds	4,712,722	-	-	4,712,722
Common collective trusts, at net asset value*	-	-	-	3,652,347
Pooled separate accounts, at net asset value*	-	-	-	6,442,207
<b>Total investments at fair value</b>	<b>\$ 5,880,403</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 15,974,957</b>

\* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Pooled separate accounts can be redeemed daily for participants, but the Plan may be subject to 30-day notice. Common collective trusts can be redeemed daily. The pooled separate accounts and common collective trusts have no unfunded commitments.

## 8. Guaranteed Investment Contract with Empower (formerly known as Prudential Financial).

In 2022, the Plan entered into a fully benefit-responsive guaranteed investment contract with Empower Trust Company, LLC (“Empower”). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-off of a subsidiary)

that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

## **9. Risks and Uncertainties**

Plan investments are made in a variety of investments that are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with each investment and the level of uncertainty related to changes in the values of these investments, it is possible that the changes could materially impact participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
