REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Participants and Plan Administrator of
The Ford Foundation 403(b)(7) Savings Plan

Opinion

We have audited the financial statements of The Ford Foundation 403(b)(7) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental schedules required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 and delinquent participant contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Ford Foundation 403(b)(7) Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the plan provides only general information. Participants should refer to the plan document for more complete information of the plan's provisions.

General

On January 1, 1993, the Ford Foundation (the "Foundation") established the Ford Foundation 403(b)(7) Savings Plan, a defined contribution plan (the "Plan") to provide retirement benefits to eligible employees through contributions made by active participants and the Foundation. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended.

The Plan assets are invested at Fidelity Management Trust Company ("Fidelity") at the direction of the participants among various investment options available in the Plan.

Administration

The Plan is administered by a committee of the Foundation appointed by President of the Foundation. The Plan uses a fee leveling approach where all participants in the Plan pay the exact same asset-based fee for recordkeeping services. Fidelity Management Trust Company is the investment manager and trustee of the assets of the Plan.

Eligibility

All New York-appointed employees who work 20 or more hours per week who elect to make contributions to the Plan pursuant to provisions within the Plan document are eligible to participate in the Plan. An eligible employee can make salary reduction and/or salary deduction contributions as early as the first regular workday of the month following the 30th day after the hire date. All eligible employees who elect to make contributions to the Plan will be eligible to receive matching contributions from the Foundation as described below.

Contributions

The Foundation makes monthly matching contributions to the Plan on behalf of eligible participants. The amount of the matching contributions equal 1½% of the participant's eligible salary for each 1% of the participant's contribution to the Plan, up to the maximum matching pre-tax contribution of 3% of the participants eligible salary. The Foundation also makes an additional 10% contribution of eligible salary for employees hired after November 1, 2011. Beginning January 1, 2013, plan management granted all participants in the Foundation New Cash Balance Plan a 3% contribution into the 403(b)(7) Savings Plan, as the New Cash Balance Plan has been terminated. Effective March 1, 2019, the Foundation added an auto-enrollment feature into 403(b) Savings Plan. This provision automatically enrolls eligible new hires with a salary deferral of 2% pre-tax to enable them to receive the Foundation's matching contribution of 3% of base salary. Employees may elect to waive this provision and forfeit the Foundation's matching contribution.

Like all other contributions, voluntary after-tax plan contributions made by the employees are also subject to an annual nondiscrimination test which may limit the amount of voluntary after-tax plan contributions permitted to be made by certain highly paid individuals.

Rollovers may be allowed into the Plan if they meet the Plan policy and Internal Revenue Code of 1986, as amended (the "Code").

In 2024, The Ford Foundation approved a plan amendment to allow Roth after-tax contributions. Effective January 1, 2025, participants may elect to contribute a portion of their eligible compensation as Roth

December 31, 2024 and 2023

contributions. These contributions are made on an after-tax basis and, if certain conditions are met, qualified distributions will be tax free.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Foundation's contributions as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Provisions

Participants in the Plan are fully vested in their employee and Foundation contributions at all times.

Notes Receivable from Participants

Participants may generally borrow 50% of their vested benefit, to a maximum of \$50,000. Participants may have no more than one loan outstanding at any time. Loans made to participants have a term of not more than five years. Loans are secured by the participant's account balance and are repaid through automatic payroll deductions. Loans bear interest at the prime rate as published in the Wall Street Journal on the first day of the month prior to the date in which the loan was issued. Loans allowable under the Plan document, collateralized by participant account balances, are due in varying installments through September 2029, with interest rates ranging from 3.25% to 8.50%.

Benefit Payments

The Plan provides for benefit distributions in the following forms:

- Lump-sum distribution in cash;
- Substantially equal cash installments paid monthly, quarterly, semi-annually, or annually over the period that you select;
- A fixed dollar amount paid monthly, quarterly, semi-annually, or annually until your account reaches zero; or
- A fixed percentage of not less than 1.0% paid monthly, quarterly, semi-annually, or annually over the period that you select.

Participants may elect to receive payment of their benefits at any time after terminating employment with the Foundation. Participants may take withdrawals of salary deferrals only (but not matching contributions) if they continue to be employed with the Foundation after reaching age 59½. Participants may withdraw an amount equal to all or part of their unmatched, after-tax contributions made to the Plan no more than once every six months while employed.

Effective January 1, 2020, the minimum required distribution age was increased from 70½ to 72 in accordance with Setting Every Community up for Retirement Enhancement Act ("SECURE Act"). Payment of benefits will commence no later than April 1 of the calendar year following the later of (i) the calendar year in which the participant reaches age 72, or (ii) the calendar year in which the participant terminates employment with the Foundation.

All distributions from the Plan are made in accordance with the Plan document.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023

Hardship Withdrawals

Hardship withdrawals are permitted under the Plan. Participants are able to withdraw from their account balance if they have a financial hardship. Hardship withdrawals are permitted to pay for medical expenses, college tuition, certain funeral expenses, the purchase of a primary home, repair of damage to a principal residence, to stop eviction or foreclosure, or for expenses incurred in a disaster.

Termination of the Plan

According to the Plan document, the Board of the Trustees of the Foundation reserves the right to amend or terminate the Plan in whole or in part at any time. However, no plan amendment or termination may return to the Foundation any part of the principal or income in the Plan or divert any part of principal or income other than as specified in the Plan.

No amendments shall adversely affect the rights of any participant with respect to contributions made by or on behalf of such participant. In the event of the termination of the Plan, the rights of participants to the net assets of the Plan shall be made as specified in the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements have been prepared on the accrual basis of accounting, which is in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein and disclosures of contingent assets and liabilities. These estimates primarily include fair value of investments. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurement.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Purchases and sales of securities are recorded as of the trade date. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment earnings are automatically reinvested.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred by the Plan are currently paid by the Plan and reported as administrative expenses on the financial statements. Fees related to the administration of the employee loans receivables are charged directly to the Participants' accounts and included in administrative expenses. Investments related expenses are included in the net appreciation of the fair value of the investments.

NOTE 3 - FEDERAL INCOME TAX STATUS

The Plan has been designed to qualify for tax-exempt status under Section 403(b) of the Code. The terms of the Plan have been prepared to reflect the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The Plan administrator and management believes the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and therefore the related custodial accounts are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid from Fidelity for the years ended December 31, 2024 and 2023 were \$128,052 and \$104,125, respectively.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - FAIR VALUE MEASUREMENTS OF INVESTMENTS

U.S. GAAP established a fair value hierarchy for inputs used in measuring fair value that requires that the most observable inputs be used when available. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Market participant assumptions include assumptions about risk and/or the risk inherent in the inputs to the valuation technique. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level at any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodologies used at December 31, 2024 and 2023. The self-directed brokerage account includes participant-directed investments in mutual funds, common stocks, ETFs and money market fund accounts, which are classified within Level 1.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial investments could result in a different fair value measurement at the reporting date.

The following tables present investments on the statements of net assets available for benefits at fair value by caption and by level within the valuation hierarchy as of December 31, 2024 and 2023.
