Independent Auditor's Report

To the Plan Trustees of El Proyecto del Barrio 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of El Proyecto del Barrio 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended September 30, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of September 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance

with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of El Proyecto del Barrio 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan, as defined under Section 403(b) of the Internal Revenue Code (IRC). The Plan's purpose is to provide employees of El Proyecto del Barrio, Inc. (the Organization) with the opportunity to save for retirement on a tax-advantaged basis and to provide additional income for retirement. Principal Trust Company (Principal) and Lincoln National Life Insurance Company (Lincoln) served as the former custodians of the Plan. Effective January 17, 2024, Empower Trust Company, LLC (Empower) is the main custodian. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 17, 2024, the Plan transitioned its custodian and third-party administrator from Principal to Empower. This change was approved by the Plan Trustees on August 23, 2023, with the objective of enhancing service capabilities and providing improved tools and resources for Plan participants.

Participants were notified of the transition on November 14, 2023. A blackout period commenced on January 8, 2024, to facilitate the transfer process. The liquidation and transfer of Plan assets from Principal to Empower began on January 16, 2024. The full transfer of all Plan assets to Empower was completed on September 16, 2024, in accordance with applicable regulations. This transition was executed without interruption to participant account access or investment options.

Effective August 1, 2024, the Plan was amended to permit participants to elect in-Plan Roth rollover contributions. Under the amended provisions, eligible participants may designate employer contributions as Roth contributions, provided such contributions are fully vested at the time of allocation.

Eligibility

Employees are eligible to participate in salary reductions as of the first day of employment. Starting October 1, 2018, employees are eligible to participate in non-salary reduction contributions or employer contributions at the beginning of the quarter following their first day of employment.

An employee may make elective deferrals beginning on the date of hire.

Contributions

An employee may elect to reduce compensation by a specific percentage or dollar amount subject to the limit allowed by the Internal Revenue Service (IRS). An employee who is age 50 or older before the end of a plan year can contribute up to an additional \$7,500 (a "catch-up contribution") to the Plan.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

Effective June 1, 2009, the Organization reserves the right in its sole discretion to subsequently make or terminate a discretionary employer contribution at such times and in such amounts as it may determine in its sole discretion. The employer shall not be required or obligated to make any employer contribution subsequent to May 31, 2009. Employer contributions for the years ended September 30, 2024 and 2023 were \$702,245 and \$597,239, respectively.

Additionally, at the discretion of the administrator, participants may be permitted to rollover amounts representing distributions from other qualified retirement and certain Individual Retirement Accounts (IRAs).

Participant Accounts

Each employee's account is credited with the participant's contributions, rollover contributions and investment earnings and charged with invested losses and plan expenses. The Plan offers employees the opportunity to exercise control over their accounts by allowing them to choose from a wide range of investments, determine the manner in which assets will be invested, and receive the information necessary to make informed decisions with respect to the investment options under the Plan.

Vesting

Participants are immediately vested in their entire contributions plus actual earnings thereon. Employer contributions are vested based on years of service as follows:

Years of Service	Percent Vested
1	25%
2	50%
3	75%
4	100%

Forfeitures

Forfeitures are allocated to Participant accounts in proportion to compensation or may be used to pay Plan expenses. The changes in the Plan's forfeiture account balance for the years ended September 30, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
Balance, October 1	\$ 16,305	\$ 15,027
Forfeitures during the year	22,701	15,301
Investment gain	1,761	2,033
Forfeitures used during the year to reduce employer contribution and pay for Plan expenses	<u>(3,321)</u>	<u>(16,056)</u>
Balance, September 30	<u>\$ 37,446</u>	<u>\$ 16,305</u>

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

The value of a participant's account can be distributed upon attainment of age 65. If employment terminates for reasons other than death, disability, or attainment of normal retirement age, the participant will be entitled to receive only the vested percentage of the account balance.

Notes Receivable from Participants

Participants may borrow against their vested account a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of vested account balance or \$50,000 reduced by the excess of any highest outstanding loan balance within the previous 12 months over the balances currently owed. The length of time during which a participant is required to pay a loan depends on the purpose of the loan. Loans made to help purchase a principal residence of the participant must be repaid within 10 years. Loans for all other purposes must be repaid over a period of five years or less. The participant may have two outstanding loans as long as the participant does not default on either loan.

For loans under Lincoln, principal and interest payments are made directly by the participants to the custodian. Principal and interest payments for loans under Empower are made through payroll deductions.

Investment Options

Participants may direct participant and employer contributions, as desired, in any of several investment options held by the custodian and may change their investment options daily.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions

Contributions from Plan participants and the related matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is calculated based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Organization's employees perform certain administrative functions. Neither the Organization nor its employees receive compensation from the Plan. Non-investment costs and administrative expenses of the Plan are paid by the Organization, which is a party-in-interest. These expenses, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA. Annual audit fees are paid by the Organization.

Certain management or investment expenses of the Plan are paid out of the assets of the Plan.

NOTE 3 INCOME TAX STATUS

The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financial statements.

NOTE 3 INCOME TAX STATUS (CONTINUED)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of liability (or asset) or disclosure in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 FAIR VALUE MEASUREMENT

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE MEASUREMENT (CONTINUED)

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at September 30, 2024 and 2023.

1. *Registered Investment Companies:* These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.
2. *Pooled Separate Accounts:* These investments are valued using the net asset value (NAV) of units held by the Plan at year end. Net asset value is quoted by the funds as derived from the fair value of the funds' underlying investments. The NAV is used as a practical expedient to estimate fair value. The pooled separate accounts are not classified within the fair value hierarchy; however, the amount measured using NAV is disclosed to permit reconciliation of the fair value of investments to the Statements of Net Assets Available for Benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of September 30, 2024 and 2023:

Investment Category	2024			
	Total	Level 1	Level 2	Level 3
Investments in the fair value hierarchy				
Registered investment companies	\$ 13,212,220	\$ 13,212,220	\$ -	\$ -
Total investments at fair value	<u>\$ 13,212,220</u>			

Investment Category	2023			
	Total	Level 1	Level 2	Level 3
Investments in the fair value hierarchy				
Registered investment companies	\$ 9,959,932	\$ 9,959,932	\$ -	\$ -
Investments measured at net asset value				
Pooled separate accounts	46,232			
Total investments at fair value	<u>\$ 10,006,164</u>			

NOTE 5 INVESTMENT AT CONTRACT VALUE

In 2017, the Plan invested in a fully benefit-responsive guaranteed investment contract ("GIC") with Principal Life Insurance Company, a guaranteed general-asset backed group annuity contract. The Plan's portion of the net assets available for benefits attributable to the GIC is reported at contract value. Contract value represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan, which approximates fair value.

The issuer of the GIC maintains the contributions in a general account. The GIC does not have specific underlying assets assigned. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no events in which the issuer can terminate the GIC with the Plan and settle at an amount different from the contract value. However, a 5% surrender charge may apply in the event the Plan liquidates or transfers its interest to GIC. The investments at contract value as of September 30, 2023 amounted to \$452,570.

In 2023, the Plan invests in a fully benefit-responsive contract with Great-West Life and Annuity Insurance Company. For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the traditional investment contract because it is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The contract is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fully benefit-responsive investment at contract value as of September 30, 2024 amounted to \$461,194.

The traditional investment contracts held by the Plan are guaranteed investment contracts held in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. The crediting rate is reviewed on an annual basis for resetting.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The fully benefit-responsive contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 5 INVESTMENT AT CONTRACT VALUE (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Participants are permitted to transfer funds in the fixed annuity contract to any other investment option offered under the plan at any time with no restrictions or penalties because the fixed annuity contract is designed to be the Plan's only capital preservation option.

NOTE 6 FINANCIAL INFORMATION CERTIFIED BY CUSTODIANS

The Plan's asset information as of September 30, 2024 and 2023, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by current custodian, Empower, as of September 30, 2024 and for the period from January 17, 2024 through September 30, 2024, and from the former custodians as of September 30, 2023 and for the year ended September 30, 2023, and for the period from October 1, 2023 through September 30, 2024 (Lincoln), and for the period from October 1, 2023 through September 16, 2024 (Principal). The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the Plan's assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to this information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Investments, as reflected in the Statements of Net Assets Available for Benefits as of September 30, 2024 and 2023;
- Investment activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended September 30, 2024 and 2023;
- Investment information disclosed in Note 4 and Note 5; and,
- Investments, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2024.

NOTE 7 RELATED PARTY AND PARTY- IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Empower, the Plan's current custodians. Prior to Empower, the Plan's custodians were Principal and Lincoln. As defined by the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$51,412 and \$62,647 for the years ended September 30, 2024 and 2023, respectively.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts and the net assets of the Plan will be allocated among the participants and their beneficiaries after payment of any expenses properly chargeable to the Plan, in accordance with the provisions of ERISA.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various underlying investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 10 NEW LAWS AND REGULATIONS

On December 29, 2022, the SECURE 2.0 Act of 2022 (SECURE 2.0) became law. The new law makes changes to include provisions intended to expand coverage, increase retirement savings, and simplify and clarify retirement plan rules. SECURE 2.0 changed the retirement plan rules for long-term, part-time employees. The 401(k) plan requirement to allow employees to contribute elective deferral was expanded to 403(b) plans. For plan years beginning in 2024, if an employee has three consecutive 12-month periods with more than 500 hours of service in each, the employee must be eligible to enter the plan, and the period of service was reduced from three to two consecutive 12-month periods, for plan years beginning after December 31, 2024.

NOTE 11 SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events for the Plan through August 25, 2025, the date on which the financial statements were available to be issued. There were no subsequent events that would require recognition or additional disclosure in the Plan's financial statements other than the matter described below:

NOTE 11 SUBSEQUENT EVENTS (CONTINUED)

Effective October 1, 2024, the Organization implemented a short plan year beginning on October 1, 2024, and ending on December 31, 2024, to transition to a calendar plan year. Concurrent with this change, the Organization's 403(b) retirement plan will be amended to operate as a Safe Harbor 403(b) Plan, in accordance with applicable IRS regulations. This designation is intended to ensure the plan satisfies nondiscrimination requirements through mandatory employer contributions and other Safe Harbor provisions.
