Independent Auditors' Report

To the Plan Administrator of the
New England Interstate Water Pollution Control
Commission 403(B) Tax Sheltered Retirement Plan
Lowell, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of New England Interstate Water Pollution Control Commission 403(B) Tax Sheltered Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of New England Interstate Water Pollution Control Commission 403(B) Tax Sheltered Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of New England Interstate Water Pollution Control Commission 403(B) Tax Sheltered Retirement Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

New England Interstate Water Pollution Control Commission 403(B) Tax Sheltered Retirement Plan does not have sufficient accounting records and supporting documents relating to individual participant contributions, income allocations, forfeitures and the propriety of distributions to participants that would affect the account balances accumulated from inception of the Plan, and were unable to satisfy ourselves as to the basis of the participants' equity as stated as of December 31, 2024 and 2023. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about New England Interstate Water Pollution Control Commission 403(B) Tax Sheltered Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of New England Interstate Water Pollution Control Commission 403(B) Tax Sheltered Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of New England Interstate Water Pollution Control Commission 403(B) Tax Sheltered Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of Investments held at End of Year is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Note 1 – Description of the Plan

The following description of the New England Interstate Water Pollution Control Commission 403(B) Tax Sheltered Retirement Plan (the “Plan”) provides only general information. Participants should refer to the “Summary Plan Description” and the Plan document for a more complete description of the Plan’s provisions. Copies are available from the Plan Administrator.

General

The Plan is a defined contribution and tax-sheltered annuity plan covering all employees except for non-resident aliens with no United States source income and enrolled employees of the New England Interstate Water Pollution Control Commission (the “Plan Sponsor”). The Plan was established on January 1, 1997, was restated retroactively as of January 1, 2010, to comply with IRS regulations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan Sponsor has appointed an investment custodian, Nationwide Financial Services, Inc. (“Nationwide”), to hold the Plan’s assets and execute investment transactions for the years ended December 31, 2024 and 2023.

Eligibility

Employees are immediately eligible upon hire to participate in employee deferral contributions. Employees become eligible for participation in employer non-elective contributions upon attaining the age of 21, attain one year of service and be employed at the end of the Plan year. A year of service is defined as working at least 1,000 hours of service within a Plan year.

Contributions

The Plan provides for employee deferrals, after tax Roth contributions and employer non-elective contributions. All contributions are based on W-2 wages. Participants may contribute up to the maximum allowable employee deferral contribution under the Internal Revenue Code (“IRC”), or \$23,000 and \$22,500 for the years 2024 and 2023, respectively. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making employee deferral contributions to the Plan may also make a catch-up contribution of \$7,500 for both year 2024 and 2023. For the years ended December 31, 2024 and 2023, non-elective employer contributions are fixed at 10% of each participant’s eligible compensation. Rollover contributions from other qualified plans are also allowed under the Plan.

Note 1 – Description of the Plan (continued)

Vesting

Participants are immediately vested 100% in both their deferral contributions and employer nonelective contributions, plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings or losses, and (c) administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Eligible participants may borrow and carry up to two loans from their Plan accounts in amounts that can be adequately secured by the participant's vested balance, for a maximum term of five years, if the loan is for the purchase of a principal residence, the term of the loan may be extended. A participant may borrow a maximum of 50% of his or her eligible balance up to \$50,000. The minimum loan amount is \$1,000. The loan balance is secured by the participant's account and the interest rate is fixed at the inception of the loan in an amount equal to prime interest plus 1%. The interest rate charged on loans outstanding as of December 31, 2024 and 2023 range from 4.25% to 8.75% per annum, and the loans mature on various dates through February 2029.

Plan Investments

The Plan's investments are held by Nationwide in various mutual funds and a group annuity contract. Participants are able to direct their contributions, Plan Sponsor non-elective contributions and any related earnings among various investment options offered by the Plan. The Plan currently offers several investment options within mutual funds for participants. Participant accounts are updated daily for any investment earnings or losses.

Benefits and Withdrawals

Vested benefits are paid to participants or their beneficiaries upon retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the participants may elect annual installments or a lump sum amount equal to the value of their vested interest in their Plan account.

Hardship withdrawals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship.

Active employees are allowed to take in-service withdrawals for pre-tax, Roth, and employer non-elective contributions at age 59.5. Withdrawals of rollover contributions are allowed at any time.

Benefits and Withdrawals (continued)

Following severance from employment the Plan provides that related participant account balances of \$5,000 or less may be immediately distributed to the participant.

Note 2 – Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2 – Significant Accounting Policies (continued)

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the quoted net asset value for shares held by the Plan at year end.

Guaranteed group annuity investment contract: Stated at contract value and is based on the current interest rates credited to the contract, less any contingent deferred sales charges.

The preceding methods described may produce a value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the value of certain financial instruments could result in a different value measurement at the reporting date.

Investment Valuation and Income Recognition

The guaranteed group annuity investment contract is stated a contract value. All other investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Contributions

Contributions from the Plan Sponsor accrued as of December 31, 2024 and 2023, based upon the contribution formula. Participants' contributions are recorded in the period in which their payroll deductions are withheld.

Note 2 – Significant Accounting Policies (continued)

Benefits Paid Directly to Participants

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan Sponsor. For both years ended December 31, 2024 and 2023, a significant portion of these expenses were paid directly by the Plan Sponsor and not charged to the Plan. All participant related administrative expenses and fees for maintenance of individual loans and distributions are deducted from the participants' respective accounts. All investment related expenses are included in net appreciation in fair value of investments.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3 – Information Certified by the Plan's Custodian

The December 31, 2024 and 2023 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Nationwide Mutual Insurance Company, the custodian of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Custodian has certified that the following data included in the accompanying financial statements as of December 31, 2024 and 2023 and for the year ended December 31, 2024 is complete and accurate.

	<u>2024</u>	<u>2023</u>
Investments, at fair value	\$17,846,820	\$15,922,105
Investments, at contract value	239,933	234,062
Investment income	2,212,361	
Administrative expenses	55,856	

The Plan's independent auditors did not perform auditing procedures with respect to this information other than comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value of Investments

The following table presents the Plan’s fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31:

		2024			
		Total	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Mutual funds		\$ 17,846,820	\$ 17,846,820	\$ -	\$ -
Total		\$ 17,846,820	\$ 17,846,820	-	-

		2023			
		Total	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
Mutual funds		\$ 15,922,105	\$ 15,922,105	\$ -	\$ -
Total		\$ 15,922,105	\$ 15,922,105	-	-

Note 5 – Investment Contract with Insurance Company

In 2005, the Plan entered into a fully benefit-responsive group annuity guaranteed investment contract with Nationwide Financial Services, Inc. (“Nationwide”). Nationwide maintains all investment contributions in a general account. The account is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified rate that is guaranteed to the Plan.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals, administrative expenses and contingent deferred sales charges. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**New England Interstate Water Pollution Control
Commission 403(B) Tax Sheltered Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Note 5 – Investment Contract with Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2024 and 2023 was \$239,933 and \$234,062, respectively.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) reduction of the number of participants by more than 15%, (2) plan termination, or (3) plan merger. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

Note 6 – Exempt Party-in-Interest Transactions

Certain Plan investments are managed by Nationwide. Nationwide is the custodian as defined by the Plan, and therefore, these investments and investment transactions qualify as exempt party-in-interest transactions. Fees are also paid by the Plan and its Sponsor for investment management fees and services.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Tax Status

The Plan has obtained an opinion letter, issued to FIS Business Systems, LLC (the Plan's Third-Party Administrator) from the IRS dated March 31, 2017, stating that the prototype plan is acceptable under section 403(b) of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to examination for years prior to 2021.

**New England Interstate Water Pollution Control
Commission 403(B) Tax Sheltered Retirement Plan
Notes to Financial Statements
December 31, 2024 and 2023**

Note 8 – Tax Status (continued)

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as “SECURE 2.0”. These provisions continue the themes and reforms that began with the 2019 SECURE Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect. For the year ended December 31, 2024, there were no elections made.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in the Plan Sponsor contribution portion of their account.

Note 10 – Subsequent Events

FASB ASC 855-10, “*Subsequent Events*” defines further disclosure requirements for events that occur after the balance sheet date but before financial statements are issued. In accordance with ASC 855-10, the Plan’s Sponsor has evaluated events subsequent to December 31, 2024 through September 4, 2025, which is the issuance date of this report.

There has been no material event noted during this period that would either impact the results reflected in this report or the Plan’s results going forward.
