Whidbey Telephone Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Whidbey Telephone Company 401(k) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, and in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- 1) Exercise professional judgment and maintain professional skepticism throughout the audit.

- 2) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- 3) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- 4) Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- 5) Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

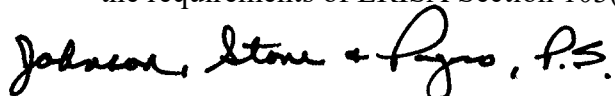

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and are not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- 1) The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- 2) The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WHIDBEY TELEPHONE COMPANY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of Whidbey Telephone Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions. The Plan's sponsor is Whidbey Telephone Company (the "Company").

General

The Plan is a defined contribution plan, also known as a salary reduction or 401(k) plan. An eligible employee is an employee of the Company who has completed one year of service, defined as 1,000 hours, and has attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute the maximum allowed under Internal Revenue Code Section 402(g), which is \$23,000 for the year ended December 31, 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to \$7,500 for the year ended December 31, 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers"). The Plan also has a ROTH provision, which allows participants to make after-tax contributions to the Plan.

The Plan provides a safe harbor matching contribution in an amount equal to 100% of the first 3% of the participant's 401(k) elective deferral contributions, plus 50% of the participants' 401(k) elective deferral contributions between 3% and 5%. At its discretion, the Company may make additional discretionary matching or non-elective contributions. During 2024, the Company did not make any additional matching or non-elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions and earnings on the investments in their account and is charged with transaction fees related to loans and hardship withdrawals received by the participant. Participants direct the investment of their account into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

A participant may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms are for 1 to 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate published by the *Wall Street Journal* at inception, plus 1.00%. The interest rates on outstanding participant loans range from 4.25% to 9.50% at December 31, 2024. Principal and interest are paid ratably through payroll deductions.

WHIDBEY TELEPHONE COMPANY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in contributions from salary deferrals, rollover contributions, safe harbor contributions and earnings thereon.

Upon separation of service, participants are entitled to a portion of their account balances from employer discretionary matching contributions and non-elective contributions according to the following vesting schedule based on continuous years of service as follows:

1 year of service	10%
2 years of service	20%
3 years of service	40%
4 years of service	60%
5 years of service	80%
6 years of service or more	100%

Payment of Benefits

On termination of service due to retirement, death or disability, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, installment payments or qualified annuity. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution if the vested balance is less than \$5,000. The participant's contributions may also be withdrawn for certain hardship situations.

Forfeitures

Forfeitures may be used to fund employer contributions for the Plan year and can be used to pay reasonable administrative expenses. Forfeitures for 2024 totaled \$1,399 and will offset employer contributions at a future date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Cash - Money Market

The Plan considers cash to include money market accounts. Fair value approximates carrying value due to the short maturity of these investments.

Contributions

Participant contributions are recognized when they are withheld by the Plan sponsor. Safe harbor matching contributions are recognized when the corresponding participant contribution is recognized. Discretionary matching and non-elective contributions are recognized when they are authorized by Company management.

WHIDBEY TELEPHONE COMPANY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value using quoted market prices. Investments in mutual funds are based on quoted market prices for the identical security in an active market. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recognized when paid, primarily monthly. Net appreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held, during the year.

Payments of Benefits

Benefits are recorded when paid.

Amounts Allocated to Withdrawn Participants

Net assets available for benefits at December 31, 2024 and 2023 include \$4,156,503 and \$3,760,907, respectively, allocated to the accounts of persons who, as of or prior to that date, had withdrawn from participating in contributions to the Plan and will be paid their benefits subsequent to December 31, 2024 and 2023, respectively.

Fair Value Measurements

The Plan applies fair value measurements, which provide a framework to measure the fair value of assets and liabilities and require certain disclosures about those measurements. The framework establishes a hierarchy to prioritize the inputs that underlie a fair value measurement and requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs essentially distinguish the relative reliability of inputs to fair value measurements. Level 1 inputs are more reliable and objective than Level 2 inputs, which are in turn more reliable and objective than Level 3 inputs. In arriving at a fair value measure, the Plan is required to determine the level in the fair value hierarchy within which a fair value measurement ultimately falls and provide disclosure of such determinations.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Participant Transaction Fees

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Some administrative expenses of the Plan are paid by the Company. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Participant Transaction Fees (Continued)

Fees incurred by the Plan for the investment management services or recordkeeping that are paid through revenue sharing rather than a direct payment are included in net appreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the retirement committee to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The management of the Plan evaluated for subsequent events and transactions for potential recognition and disclosure through September 9, 2025, the date the financial statements were available to be issued.

NOTE 3 - CONCENTRATION OF CREDIT RISK

The Plan maintains a cash balance at one financial institution. Accounts at the institution are not insured by the Federal Deposit Insurance Corporation and they are subject to credit risk.

NOTE 4 - INFORMATION CERTIFIED BY PLAN CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted with this election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Plan's trustee, Capital Bank and Trust Company, except for comparing such information to information included in the Plan's financial statements and supplemental schedule. Capital Bank and Trust Company, the custodian of the Plan, has certified the completeness and accuracy of the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, net appreciation in fair value of investments, dividends and interest income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024 and the investments reflected on Schedule H, line 4(i) - schedule of assets (held at end of year).

NOTE 5 - INVESTMENTS

Following is the hierarchy and relative fair value measurements of the major classes of investments at December 31, 2024 and 2023:

	Fair Value	Fair Value Measurements		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2024</u>				
Mutual funds	\$ 13,500,979	\$ 13,500,979		
Money market fund	<u>668,360</u>	<u>668,360</u>		
Total Investments	\$ <u>14,169,339</u>	\$ <u>14,169,339</u>	\$ _____	\$ _____
<u>December 31, 2023</u>				
Mutual funds	\$ 12,137,361	\$ 12,137,361		
Money market fund	<u>625,911</u>	<u>625,911</u>		
Total Investments	\$ <u>12,763,272</u>	\$ <u>12,763,272</u>	\$ _____	\$ _____

Investments valued using Level 1 inputs are based on unadjusted quoted market prices within active markets. Investments valued using Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets. Level 3 inputs are based on the Plan's own assumptions on how knowledgeable parties would price assets or liabilities and are developed using the best information available in the circumstances.

NOTE 6 - TAX STATUS

The Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code through Capital Group Retirement Plan Services' Defined Contribution Pre-approved Plan and Trust. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and money market funds managed by Capital Bank and Trust Company, the trustee of Plan assets, through its affiliated company, American Funds Service Company. Therefore, transactions with Capital Bank and Trust Company and American Funds Service Company qualify as party-in-interest transactions. The Capital Bank and Trust Company recordkeeping fees totaled \$2,038 for the year ended December 31, 2024.

The Company, as the plan sponsor, pays for certain fees and expenses on behalf of the Plan.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officers or employees received compensation from the Plan.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.
