Lion Group, Inc. Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Lion Group, Inc. Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule, schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2024 and schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of Plan

The following description of Lion Group, Inc. (the Employer and Plan Sponsor) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the summary Plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of the Employer as well as employees of Hagemeyer, NA, National Safety Clean, Solutions Safety, Safeguard America LLC, AECOM Government Services, Inc., Patricio Enterprises, Kalman and Elbeco Inc. Effective May 15, 2018, employees are eligible to participate on the first of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended effective January 1, 2024, to update the requirements for participants to receive the employer discretionary profit-sharing contribution.

The Plan Trustees are responsible for the oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan Trustees have all powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. Fidelity Management Trust Company (Fidelity) is trustee and recordkeeper of the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Contributions: Each year, participants may contribute up to 80% of their annual pretax or ROTH (after-tax) compensation, as defined in the Plan. The Employer may make discretionary profit-sharing contributions to the Plan. During 2024, the Employer contributed an amount equal to 50% of the first 6% of participant contributions. Rollover contributions consisting of pre-tax deferral amounts to other eligible retirement plans are accepted into the Plan.

Participant accounts: Each participant's account is credited with his or her contribution, the Employer's profit-sharing contribution and an allocation of plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants vest 25% per year of service after one year of service and are 100% vested after four years of service. Participants from the January 1, 2014, merged in BullEx, Inc. 401(k) Profit Sharing Plan & Trust preserved a prior vesting schedule, which vest at 20% after two years of service and are 100% vested after three years of service.

Investment options: The participant directs the investment of their contributions and the Employer's matching contribution into various investment options offered by the Plan.

Payment of benefits: On termination of service for any reason, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior 12 months or 50% of their vested account balance. Loan terms are available up to five years or longer for the purchase of a primary residence. Participants may only have two loans outstanding at any given time. Loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. Interest rates on participant loans ranged from 3.25% to 8.50% as of December 31, 2024 and 2023, respectively.

Forfeited accounts: Forfeited non-vested account balances can be used to pay administrative expenses or to offset future Employer contributions. Forfeited, non-vested accounts totaled \$30,388 and \$13,824 at December 31, 2024 and 2023, respectively. During 2024, \$31,649 of forfeited non-vested accounts were used to reduce employer contributions. Accumulated forfeitures will be applied to pay expenses or reduce employer contributions in 2025.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board Accounting Standards Codification (ASC).

Payment of benefits: Benefits are recorded when paid.

Investment valuation and income recognition: The Plan's participant-directed investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividends.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Contributions: Participant contributions are recognized when earned. Company discretionary contributions are recognized each plan year quarter, as applicable.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through September 2, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedules is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, and was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to these assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 6 and the supplemental schedule related to the Plan's assets.

Fidelity Management Trust Company also certified to the completeness and accuracy of \$2,436,156 of net appreciation in fair value of investments, \$1,500,526 of dividends related to investments and \$47,175 of interest income from notes receivable from participants for the year ended December 31, 2024.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions in accordance with ERISA.

Note 5. Income Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by Fidelity Management Trust Company. The prototype plan obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2020.

Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund: Valued using amortized cost, which approximates fair value.

Common/collective trust fund: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Fair Value Measurements (Continued)

Assets measured at fair value on a recurring basis: The following tables summarize assets measured at fair value on a recurring basis as of December 31, 2024 and 2023, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 604,320	\$ -	\$ 604,320
Mutual funds	31,144,225	-	-	31,144,225
Total assets in the fair value hierarchy	<u>\$ 31,144,225</u>	<u>\$ 604,320</u>	<u>\$ -</u>	<u>31,748,545</u>
Investments measured at NAV ^(a)				4,597,079
Total investments, at fair value				<u>\$ 36,345,624</u>

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 868,990	\$ -	\$ 868,990
Mutual funds	27,571,385	-	-	27,571,385
Total assets in the fair value hierarchy	<u>\$ 27,571,385</u>	<u>\$ 868,990</u>	<u>\$ -</u>	<u>28,440,375</u>
Investments measured at NAV ^(a)				4,581,065
Total investments, at fair value				<u>\$ 33,021,440</u>

^(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of Levels 1, 2 or 3.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2024 and 2023.

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2024	2023	2024	2023		
Common/collective trust fund ^(a)	\$ 4,597,079	\$ 4,581,065	None	None	Immediate	None

^(a) Common/collective trust fund strategy seeks to invest in fixed-income securities and/or bonds to maintain a net asset value of \$1 per unit.

Notes to Financial Statements

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8. Party-in-Interest and Nonexempt Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the servicing agent, or an affiliate of the servicing agent. Fidelity Management Trust Company is the trustee, as defined by the Plan and; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. Fees paid directly by the Plan to Fidelity Management Trust Company for administrative services amounted to \$73,208 for the year ended December 31, 2024.

Note 9. Prohibited Transactions

During 2023, the Plan Sponsor inadvertently failed to deposit \$97,814 of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings to correct this failure in 2024. The Plan Sponsor intends to file Form 5330 and intends to pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable will be made from the Plan Sponsor's assets and not from assets of the Plan.

Independent Auditor's Report

Plan Trustees
Lion Group, Inc. Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Lion Group, Inc. Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule, schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2024 and schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2024, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lion Group, Inc. Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1. Description of Plan

The following description of Lion Group, Inc. (the Employer and Plan Sponsor) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the summary Plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all full-time employees of the Employer as well as employees of Hagemeyer, NA, National Safety Clean, Solutions Safety, Safeguard America LLC, AECOM Government Services, Inc., Patricio Enterprises, Kalman and Elbeco Inc. Effective May 15, 2018, employees are eligible to participate on the first of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended effective January 1, 2024, to update the requirements for participants to receive the employer discretionary profit-sharing contribution.

The Plan Trustees are responsible for the oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan Trustees have all powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. Fidelity Management Trust Company (Fidelity) is trustee and recordkeeper of the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Contributions: Each year, participants may contribute up to 80% of their annual pretax or ROTH (after-tax) compensation, as defined in the Plan. The Employer may make discretionary profit-sharing contributions to the Plan. During 2024, the Employer contributed an amount equal to 50% of the first 6% of participant contributions. Rollover contributions consisting of pre-tax deferral amounts to other eligible retirement plans are accepted into the Plan.

Participant accounts: Each participant's account is credited with his or her contribution, the Employer's profit-sharing contribution and an allocation of plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants vest 25% per year of service after one year of service and are 100% vested after four years of service. Participants from the January 1, 2014, merged in BullEx, Inc. 401(k) Profit Sharing Plan & Trust preserved a prior vesting schedule, which vest at 20% after two years of service and are 100% vested after three years of service.

Investment options: The participant directs the investment of their contributions and the Employer's matching contribution into various investment options offered by the Plan.

Payment of benefits: On termination of service for any reason, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Lion Group, Inc. Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior 12 months or 50% of their vested account balance. Loan terms are available up to five years or longer for the purchase of a primary residence. Participants may only have two loans outstanding at any given time. Loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. Interest rates on participant loans ranged from 3.25% to 8.50% as of December 31, 2024 and 2023, respectively.

Forfeited accounts: Forfeited non-vested account balances can be used to pay administrative expenses or to offset future Employer contributions. Forfeited, non-vested accounts totaled \$30,388 and \$13,824 at December 31, 2024 and 2023, respectively. During 2024, \$31,649 of forfeited non-vested accounts were used to reduce employer contributions. Accumulated forfeitures will be applied to pay expenses or reduce employer contributions in 2025.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board Accounting Standards Codification (ASC).

Payment of benefits: Benefits are recorded when paid.

Investment valuation and income recognition: The Plan's participant-directed investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividends.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Contributions: Participant contributions are recognized when earned. Company discretionary contributions are recognized each plan year quarter, as applicable.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through September 2, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedules is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, and was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to these assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 6 and the supplemental schedule related to the Plan's assets.

Fidelity Management Trust Company also certified to the completeness and accuracy of \$2,436,156 of net appreciation in fair value of investments, \$1,500,526 of dividends related to investments and \$47,175 of interest income from notes receivable from participants for the year ended December 31, 2024.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions in accordance with ERISA.

Note 5. Income Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by Fidelity Management Trust Company. The prototype plan obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2020.

Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Money market fund: Valued using amortized cost, which approximates fair value.

Common/collective trust fund: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6. Fair Value Measurements (Continued)

Assets measured at fair value on a recurring basis: The following tables summarize assets measured at fair value on a recurring basis as of December 31, 2024 and 2023, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

Description	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 604,320	\$ -	\$ 604,320
Mutual funds	31,144,225	-	-	31,144,225
Total assets in the fair value hierarchy	<u>\$ 31,144,225</u>	<u>\$ 604,320</u>	<u>\$ -</u>	<u>31,748,545</u>
Investments measured at NAV ^(a)				4,597,079
Total investments, at fair value				<u>\$ 36,345,624</u>

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 868,990	\$ -	\$ 868,990
Mutual funds	27,571,385	-	-	27,571,385
Total assets in the fair value hierarchy	<u>\$ 27,571,385</u>	<u>\$ 868,990</u>	<u>\$ -</u>	<u>28,440,375</u>
Investments measured at NAV ^(a)				4,581,065
Total investments, at fair value				<u>\$ 33,021,440</u>

^(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of Levels 1, 2 or 3.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2024 and 2023.

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Notice Period
	2024	2023	2024	2023		
Common/collective trust fund ^(a)	\$ 4,597,079	\$ 4,581,065	None	None	Immediate	None

^(a) Common/collective trust fund strategy seeks to invest in fixed-income securities and/or bonds to maintain a net asset value of \$1 per unit.

Lion Group, Inc. Profit Sharing Plan and Trust

Notes to Financial Statements

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8. Party-in-Interest and Nonexempt Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the servicing agent, or an affiliate of the servicing agent. Fidelity Management Trust Company is the trustee, as defined by the Plan and; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments. Fees paid directly by the Plan to Fidelity Management Trust Company for administrative services amounted to \$73,208 for the year ended December 31, 2024.

Note 9. Prohibited Transactions

During 2023, the Plan Sponsor inadvertently failed to deposit \$97,814 of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor deposited lost earnings to correct this failure in 2024. The Plan Sponsor intends to file Form 5330 and intends to pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable will be made from the Plan Sponsor's assets and not from assets of the Plan.
