Independent Auditor's Required Communications with the Plan Administrator

July 17, 2025

The Plan Administrator
Gulf Air Group, Inc. 401(k) Retirement Plan
Crestview, Florida

Dear Plan Administrator:

We have completed our audit of the financial statements of Gulf Air Group, Inc. 401(k) Retirement Plan (the "Plan") as of and for the year ended December 31, 2024. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America ("GAAS"), as well as certain information related to the planned scope and timing of our audit. Information about our responsibilities is included in our Engagement Letter and Audit Plan dated April 1, 2025. The following comments summarize the results of our 2024 audit.

Audit Report

Management elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR2520.103-8, that the certification meets the requirements in 29 CFR2520.103-8 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with GAAP and that the assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Qualitative Aspects of Accounting Practices

The Plan's management is responsible for the financial statements and for selecting and using appropriate accounting policies. The significant accounting policies are described in the Summary of Significant Accounting Policies note. The quality of these accounting policies and the clarity of the financial statements are adequate.

We noted no transactions entered into during the year for which there is a lack of authoritative guidance or consensus.

All significant transactions recognized in the financial statements have been properly recorded and recognized in the proper period.

Accounting estimates are an integral part of the financial statements. Such estimates are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We have concluded that the methodologies used by management to develop estimates are appropriate. Further, we believe that the amounts reflected in the financial statements are reasonable.

Areas Identified as Significant and/or Fraud Risks

As anticipated, we identified in our risk assessment revenue recognition and management override of internal controls over financial reporting as fraud risks.

Difficulties Encountered in Performing the Audit and Changes in Audit Scope

We encountered no difficulties in dealing with management in performing and completing our audit. Everyone cooperated fully with us; the account schedules and analyses provided were appropriately prepared and timely.

There were no significant changes from our audit plan. We focused our audit efforts on, among other matters: 1) benefit payments; 2) contributions; 3) review of individually significant and/or nonrecurring transactions; 4) accrued liabilities, commitments and contingencies; 5) revenue recognition; 6) expense recognition; 7) participant data and the form, content and clarity of the presentation of the financial statements. Please note that we did not audit and express no opinion on the internal control over financial reporting.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known, judgmental and projected misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no adjustments proposed in connection with our audit.

Disagreements with Management

In the context of auditing, professional standards define a disagreement as a difference of opinion on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which if not resolved to the auditor's satisfaction would have caused the auditor to refer to the subject matter of the disagreement in the auditor's report. (Preliminary differences of opinion that are based on incomplete facts are not disagreements if the differences are resolved by obtaining more complete factual information.) There were no disagreements about auditing, accounting or disclosure matters.

Management Representations

We obtained certain written representations from the Plan's management that are included in a letter to us.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing or accounting matters, similar to obtaining a "second opinion." If such consultation involves the application of an accounting principle to the financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to communicate with us to determine that the consulting accountant has all the relevant facts. Management has advised us there were no such consultations with other accountants.

Fraud or Possible Illegal Acts

We noted no instances of fraud or possible illegal acts (all as defined under current auditing standards) which have a direct effect on the financial statements. Ms. Gillis has represented to us that she is not aware of any material errors or fraud or possible illegal acts.

Independence

There were no relationships between any of our representatives and the Plan that in our professional judgment may reasonably be thought to bear on independence.

Since our appointment as independent auditors we discussed a variety of accounting and auditing matters with management in the normal course of our professional relationship. No such matters were discussed as a condition of our appointment.

Planned Scope and Timing of the Audit

We performed the audit according to the audit plan. Our audit procedures were substantially conducted during the second quarter of 2025.

Restriction

This letter is intended solely for your information and use and that of management and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Financial Statements and Supplemental Schedule

At December 31, 2024 and 2023 and the Year Ended December 31, 2024
and Supplemental Schedule at December 31, 2024

(Together with Independent Auditor's Report)

Independent Auditor's Report

To the Plan Administrator of
Gulf Air Group, Inc. 401(k) Retirement Plan
Crestview, Florida:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the financial statements of Gulf Air Group, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a period of one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment purposes at December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Plan Administrator of
Gulf Air Group, Inc. 401(k) Retirement Plan
Page Four

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GULF AIR GROUP, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

At December 31, 2024 and 2023 and the Year Ended December 31, 2024

(1) Description of Plan

The following description of the Gulf Air Group, Inc. 401(k) Retirement Plan (the "Plan") provides general information. The participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of Gulf Air Group, Inc. (the "Company"). Employees are eligible to participate in the Plan starting on their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Company engaged Fidelity Workplace Services ("Fidelity") to be the Plan's third-party record-keeper. Fidelity Management Trust Company ("FMTC") is the Plan's custodian.

Contributions. Each year, participants may contribute a percentage of their pretax annual compensation, not to exceed the maximum contribution limits specified by the Internal Revenue Code ("IRC"), as defined in the Plan. Participants may also elect to contribute Roth 401(k) contributions up to 100% of their compensation subject to certain IRC limitations, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct their contributions into various investment options offered by the Plan. The Company has elected to make matching safe harbor contributions to all participants in an amount equal to 100% of the first 5% of eligible compensation. Additionally, the Company may make an annual discretionary contribution.

Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contributions and (b) Plan earnings. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting. Participants are vested immediately in their contributions and safe harbor matching contributions, plus actual earnings thereon. In the event of death, permanent disability, or retirement, a participant will become fully vested in the Company's discretionary contributions. The Company's discretionary contributions vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than two years	0%
Less than three years and more than two years	20%
Less than four years and more than three years	60%
Less than five years and more than four years	80%
Five years or more	100%

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Each participant may have a maximum of two loans outstanding at any given time. The loans are secured by the balance in the participant's account. Each loan shall be repaid in substantially equal installments over the term not to exceed five years (or an extended repayment period for the purchase of a primary residence). The loan interest rates are set at the loan origination date which are commensurate with local prevailing rates, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the participant's vested interest in his or her account, or annual installments over a period not to exceed the participant's life expectancy. The Plan includes provisions that allow the plan administrator to distribute the balance of their account into an IRA account without consent if the terminated participant maintains a balance equal to or less than \$5,000. Hardship withdrawals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship.

Participant Termination and Forfeitures. If at the time of termination of employment, the participant is not 100% vested, the nonvested portion ("forfeitures") of the participant's account shall be placed in a separate account and will be utilized to pay administrative expenses. Any forfeitures not used to pay administrative expenses shall be applied to reduce employer contributions in the following plan year. At December 31, 2024 and 2023, there were no forfeited nonvested accounts. There were no forfeitures used during year ending December 31, 2024.

(2) Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The following is a summary of the significant accounting policies:

Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ for those estimates.

Subsequent Events. Management has evaluated subsequent events through July 17, 2025, which is the date the financial statements were available to be issued, determining no events require additional disclosure in the financial statements.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan is reduced, and a benefit payment is recorded.

Payment of Benefits. Benefits are recorded when paid.

Operating Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(3) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in the Company's discretionary contributions.

(4) Income Tax Status

The Company has adopted a nonstandardized preapproved Profit Sharing Plan which received its determination letter on June 30, 2020 in which the Internal Revenue Service ("IRS") stated that the plan, as then designed, was in compliance with the applicable requirement of the IRC. Although the plan has been amended since receiving the opinion letter, the plan administrator believes that the plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits.

(6) Information Certified by Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2023 to December 31, 2024. Accordingly, Fidelity Management Trust Company, the custodian of the Plan, have certified that the information regarding the value of investments, notes receivable from participants, the related investment income, interest income on notes receivable from participants, and appreciation in fair value of investments as of December 31, 2024 and 2023 and for the year ended December 31, 2024 is complete and accurate.

(7) Related Party and Party-In-Interest Transactions

Certain plan investments were managed by FMTC, the Plan custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments. The Company pays directly any other fees related to the Plan's operations. Notes receivable from participants also qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(8) Fair Value Measurements

GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. GAAP also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. GAAP describes three levels of inputs that may be used to measure fair value:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; and model-driven valuations whose inputs are observable or whose significant value drivers are observable. Valuations may be obtained from, or corroborated by, third-party pricing services.

(8) Fair Value Measurements, Continued

Level 3: Unobservable inputs to measure fair value of assets and liabilities for which there is little, if any market activity at the measurement date, using reasonable inputs and assumptions based upon the best information at the time, to the extent that inputs are available without undue cost and effort.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Mutual Funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of NAV or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value:
