INDEPENDENT AUDITORS' REPORT

Plan Administrator
**Midwest Molding, Inc. Employee
Stock Ownership Plan**
Plain City, Ohio

Opinion

We have audited the accompanying financial statements of **Midwest Molding, Inc. Employee Stock Ownership Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets (deficit) available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets (deficit) available for benefits of **Midwest Molding, Inc. Employee Stock Ownership Plan** as of December 31, 2024 and 2023, and the changes in its net assets (deficit) available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Midwest Molding, Inc. Employee Stock Ownership Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Midwest Molding, Inc. Employee Stock Ownership Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

INDEPENDENT AUDITORS' REPORT - CONTINUED

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Midwest Molding, Inc. Employee Stock Ownership Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Midwest Molding, Inc. Employee Stock Ownership Plan's** ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT - CONTINUED

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MIDWEST MOLDING, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Midwest Molding, Inc. Employee Stock Ownership Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - On January 1, 2019, Midwest Molding, Inc. (the "Company") established an employee stock ownership plan ("ESOP") for all employees of the Company other than leased employees or employees covered under a collective bargaining agreement. The Plan operates as an ESOP, and is designated to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC") and is subject to the applicable provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is administered by an Employee Benefits Administration Committee which consists of not less than one person appointed by the Sponsor Company. All employees are eligible to participate in the plan after obtaining the age of 21. Employees are eligible to share in the allocation of employer contributions after completing 1,000 hours of service and are employed on the last day of the Plan year.

Employer Contributions - Contributions to the Plan are at the discretion of the Company management provided that such contributions shall be sufficient to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Allocations of investment earnings or losses thereon are based on participant account balances. Participants will be eligible to receive an ESOP allocation each year they complete 1,000 hours of service and are employed on December 31st. The 1,000 hour and December 31st rule are waived for employees who retire, die, or become disabled during the year. Allocations of Company stock are based on each participant's points awarded for service and compensation during the plan year as a fraction of total points for the plan, subject to IRS limits. The benefit to which a participant is entitled is the amount which has accumulated in the participant's vested account balance.

Vesting - For participants terminating employment for reasons other than death, or upon the Normal Retirement Date, the Plan has the following graded vesting schedule:

| <u>Completed Years of Service</u> | <u>Vesting Percentages</u> |
|-----------------------------------|----------------------------|
| Fewer than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 or more | 100% |

MIDWEST MOLDING, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Benefits Paid - Vested benefits are payable to participants upon termination of employment or in the event of the Plan's termination, in accordance with the distribution provisions of the Plan document. Distributions will be made in the form of whole shares of Company stock, with cash equal to the value of any fractional shares, in accordance with the distribution provisions of the Plan document. If shares of Company stock are distributed, such distribution shall be subject to a requirement that such shares be sold to the Company immediately upon distribution. Benefits other than Company stock are payable in the form of a lump-sum cash distribution. Company stock shall be payable according to the administrator's discretion, in a lump-sum distribution, or installment payments over a period not to exceed five years.

Put Option - Under federal income tax regulations, the Company common stock held by the Plan includes a put option because it is not readily tradable on an established market. The put option provides participants with the right to demand that the Company buy shares of Company common stock distributed to them upon termination, at the current appraised value. The Company can fulfill its purchase obligation over a period of five years, with accrued interest.

Diversification - Diversification is offered to eligible participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the last year, an eligible participant may diversify up to 50 percent.

Forfeitures - Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances are allocated to remaining stock participants. There were 1,195.2690 and 204.7290 shares of company stock reallocated to eligible participants at December 31, 2024 and 2023.

Voting Rights - Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by Prudent Fiduciary Services, LLC (the "Trustee") prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Significant estimates have been used in the valuation of the Midwest Molding, Inc. common stock (employer stock), and it is at least reasonably possible that a change may occur in the near term in the estimated value of this investment.

MIDWEST MOLDING, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability, in an orderly transaction between market participants at the measurement date.

Contributions - Contributions are recorded when approved by the Board of Directors.

Payment of Benefits - Benefits are recorded when paid.

Plan Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 8, 2025, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan's investment in Midwest Molding, Inc. common stock at December 31, 2024 and 2023 are as follows:

| | <u>2024</u> | <u>2023</u> |
|--------------------|----------------------|---------------|
| Allocated Shares | 24,079.9836 | 20,280.8225 |
| Cost | \$ 3,907,182 | \$ 3,290,766 |
| Fair Value | \$ 2,163,587 | \$ 961,311 |
| Unallocated Shares | 75,920.0164 | 79,719.1775 |
| Cost | \$ 12,318,601 | \$ 12,935,234 |
| Fair Value | \$ 6,821,413 | \$ 3,778,689 |

All investment values are determined through a valuation performed annually. See Note 4.

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

MIDWEST MOLDING, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS - CONTINUED

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs, and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Common stock: The fair value of the Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This fair value was based upon a combination of the market and income valuation techniques. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of Company assets and liabilities. Plan management has concluded that market participants would also recognize a discount lack of marketability.

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the ESOP trustee reviews in detail, discusses, and approves. The results of this process are documented in minutes of the Plan fiduciary.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

|------------------------------------|----------------|----------------|---------------------|---------------------|
| Midwest Molding, Inc. common stock | <u>\$ -</u> | <u>\$ -</u> | <u>\$ 4,740,000</u> | <u>\$ 4,740,000</u> |

There were no transfers to / from Level 3 assets for the years 2024 and 2023.

NOTE 5 - NOTE PAYABLE

The Plan purchased Company common stock using the proceeds of a Company loan guaranteed by the Company, and holds the stock established in a trust established by the Plan. The borrowing is to be repaid over a period of 25 years with an initial payment of \$832,105. As the Plan makes each payment of principal and interest, an appropriate percentage of stock is allocated to eligible participant accounts in accordance with applicable regulations under the Revenue Code of 1986, as amended. The borrowing is collateralized by the unallocated shares of Company common stock and is guaranteed by the Company.

The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated). During the year 2024, 3,799.1611 shares of common stock with a fair value of \$341,355, were released from the Plan's unallocated shares, as a result of the current repayments of the ESOP debt. During the year 2023, 3,798.1909 shares of common stock with a fair value of \$180,035, were released from the Plan's unallocated shares, as a result of repayments of the ESOP debt. As of December 31, 2024 and 2023, 75,920.0164 and 79,719.1775 shares of Company common stock were held as collateral for the ESOP debt.

NOTE 6 - RELATED PARTY TRANSACTIONS

The Plan's assets, which consist of the Company common stock, are held by Prudent Fiduciary Services, LLC. Thus, Prudent Fiduciary Services, LLC, as Trustee defined by the Plan, qualifies as a party-in-interest.

Company contributions are held and managed by the Trustee, who invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company. These are party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses and the Trustee's fees are paid directly by the Company.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 21, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 - PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Administration Committee should direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for the investment in employer stock. Employer stock is exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets (deficit) available for benefits.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years 2024 and 2023, there were no differences between the financial statements and the Form 5500.
