To the Plan Administrators Robinson Holdings (USA) Ltd., 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Robinson Holdings (USA) Ltd., 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Robinson Holdings (USA) Ltd., 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Robinson Holdings (USA) Ltd., 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Robinson Holdings (USA) Ltd., 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document, adoption agreement, and summary plan description for a complete description of the Plan's provisions.

General

The Plan was created on January 1, 2004, and is a defined contribution plan available to qualifying employees of the following participating employers: Robinson Nevada Mining Company, Wendover Bulk Transshipment Company, Carlota Copper Company, Robinson Holdings (USA) Ltd., and DMC Mining Services Corporation (collectively the Company or Employer). KGHM International, the parent company of the Company, is the Plan Sponsor and operates as a subsidiary of KGHM Polska Miedz S.A. To be eligible to participate in the Plan, employees must have met their entry date and have attained age eighteen. Union employees under a collective bargaining agreement, certain nonresident aliens, lease employees, interns, and reclassified employees are excluded from participating in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Contributions to the Plan include: (i) salary reduction contributions authorized by participants, (ii) safe harbor nonelective contributions made by the Company, (iii) discretionary additional matching contributions made by the Company not to exceed 50% of the first 6% of the participant's deferrals, (iv) discretionary profit-sharing contributions; and (iv) participant rollovers from other plans.

Participants may elect to contribute a percentage of their eligible compensation, as defined by the Plan document, to the Plan each year, subject to the limitations of the IRC. Regular 401(k) contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Roth 401(k) contributions are not excluded from the participant's taxable income for federal income tax purposes, but withdrawals of contributions and earnings thereon at retirement are tax free.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions.

The Plan qualifies as a safe harbor plan which provides for an employer non-elective safe harbor contribution equal to 3% of each participant's eligible compensation. The Employer may also make discretionary matching contributions to a participant's account. For the year ended December 31, 2024, the Employer made a discretionary matching contribution of 50% of the first 6% of a participant's eligible compensation that was deferred. In addition, the Employer has the option, but not obligation, to make a "true-up" contribution related to its additional matching contributions.

Participant Accounts

Each participant's account is credited with the participant's deferral and rollover contributions; the employer non-elective safe harbor, additional discretionary matching contributions; and an allocation of net plan investment earnings or losses. Each participant's account is charged with certain plan expenses as provided for in the Plan document. The investment earnings or losses are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. Participants may direct the investment of their account balance into investment options offered by the Plan (which consist of various registered investment companies and common collective trusts) and may change their investment elections at any time. Participants may elect to transfer balances between funds within their account at any time.

Vesting

All participant deferral and rollover contributions and employer non-elective safe harbor contributions are fully vested. A participant has a non-forfeitable right to a percentage of the balance in their additional discretionary matching and profit-sharing contribution accounts commencing after one year of service (requires 1,000 hours of actual service during the plan year) of 33%, after two years of service of 66%, and increasing to 100% after three years of service. Participants shall also be 100% vested upon disability, death or termination of the Plan.

Notes Receivable from Participants

An employee may borrow a minimum of \$1,000 up to the lesser of \$50,000 or one-half of their vested account balance. Participants may not have more than one note outstanding at any time, and pre-existing notes may not be consolidated or refinanced into a new note. The maximum note term is five years. The notes are secured by the participant's account balance and bear interest at prime plus 1%. Interest is fixed for the term of the note and ranged from 4.25% to 9.50% for loans outstanding as of December 31, 2024. Maturities ranged from 2025 to 2029 as of December 31, 2024. A participant's note shall immediately become due and payable if such participant terminates employment for any reason or fails to make a principal and/or interest payment as provided in the note agreement. The note is considered to be defaulted if it is not made current by the end of the quarter following the quarter when the missed payment was due. Principal and interest are paid ratably through regular payroll deductions or ACH agreement.

Payment of Benefits

Upon termination of service, death, disability or retirement (age 65), a participant may elect to receive either a lump-sum amount equal to the vested value of the participant's account or may roll over the amount to another qualified retirement plan. If a participant's vested account balance (including rollover contributions) is \$5,000 or less, the benefit would be automatically paid to the participant, if the participant does not select another form of distribution. If the participant's vested account balance exceeds \$1,000 but does not exceed \$5,000 and the participant does not request a distribution, their account balance will automatically be rolled over to an IRA in the name of the participant. Immediate lump-sum distributions are to be made to terminated participants if the participant's vested account balance is \$1,000 or less, if participant does not elect another form of distribution. Hardship distributions and in-service distributions at age 59½ are also allowed by the Plan, if certain criteria are met.

Forfeitures

Forfeited amounts may be used to pay plan expenses and/or reduce employer contributions. As of December 31, 2024 and 2023, the balance of forfeitures was \$288 and \$6,889, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will immediately become fully vested and non-forfeitable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in securities and a collective investment trust that are exposed to various risks, such as interest rate, currency exchange rate, credit, and the overall fluctuation in the market. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Investments in registered investment companies are stated at fair value based upon quoted market prices. Investments in common collective trusts are stated at fair value based on net asset value (NAV) per share. NAV serves as the practical expedient to estimate the fair value of the Plan's common collective trusts as it represents the value at which the plan transacts with the trusts. NAV is based upon the quoted redemption value of underlying assets in the collective investment trusts on the last day of the Plan year.

Net appreciation of investments includes realized and unrealized gains or losses on investments and is recognized in income currently. Amounts invested may earn interest and dividends, which is recorded when earned. Purchases and sales of securities are recorded on a settlement-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance. Any accrued but unpaid interest was de minimus as of December 31, 2024 and 2023. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions when the participant has a distributable event.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Subsequent Events

Plan management has evaluated events occurring subsequent to year-end through August 25, 2025, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3: Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31:

2024				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 79,550,349	\$ -	\$ -	\$ 79,550,349
Total assets in the fair value hierarchy	\$ 79,550,349	\$ -	\$ -	\$ 79,550,349
Common collective trust, at NAV practical expedient*				\$ 5,982,395
Total investments at fair value				\$ 85,532,744

2023				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 68,196,459	\$ -	\$ -	\$ 68,196,459
Total assets in the fair value hierarchy	\$ 68,196,459	\$ -	\$ -	\$ 68,196,459
Common collective trust, at NAV practical expedient*				\$ 6,483,158
Total investments at fair value				\$ 74,679,617

* The fair values of common collective trusts are provided above to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

The following tables summarize investments measured at fair value based on NAV per unit as a practical expedient as of December 31, 2024 and 2023, respectively.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 5,982,395	n/a	Daily	Daily

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 6,483,158	n/a	Daily	Daily

4. Federal Income Tax Status

The Plan adopted a Volume Submitter Plan Document sponsored by Milliman, Inc. that received a favorable advisory letter on the form of the Volume Submitter Plan Document from the Internal Revenue Service ("IRS") dated June 30, 2020. The Company believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan Administrator has analyzed the tax positions of the Plan and has concluded that as of December 31, 2024 and 2023, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits in tax jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

5. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Charles Schwab Trust Bank, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- All investment assets held by the Plan
- Notes receivable from participants
- The recording of transactions related to all investment assets and notes receivable from participants, including related earnings (losses) and interest and dividends.

6. Exempt Party-In-Interest Transactions

The Plan has a service agreement with Milliman, Inc. (Milliman) for administration of the Plan and Charles Schwab Trust Bank (Schwab) for trustee services that renews annually unless canceled by either party with prior written notice. Milliman and Schwab receive various fees related to these agreements. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Subsequent Events

Effective January 1, 2025, the Plan amended and restated the plan document. In the amended plan document, all participants are now 100% vested for any additional matching contributions. Additionally, the plan is amended to allow Roth rollover contributions, in-plan Roth transfers of vested amounts, installment and partial distributions as additional forms of distribution for terminated participants.
