Independent Auditor's Report

To the Plan Administrator
CarePoint Health, LLC Cash Balance Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of CarePoint Health, LLC Cash Balance Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets in liquidation as of December 31, 2023 and November 30, 2024 and the related statement of changes in net assets available for benefits in liquidation for the period ended November 30, 2024 and the year ended December 31, 2023 and the related notes to the in liquidation financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 30, 2024 and December 31, 2023 and for the period ended November 31, 2024 and the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the in liquidation financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
CarePoint Health, LLC Cash Balance Plan

Emphasis of Matter

As discussed in Note 7 to the in liquidation financial statements, the plan sponsor of CarePoint Health, LLC Cash Balance Plan terminated the Plan effective December 31, 2023 and final liquidation was completed on November 30, 2024. The financial statements are prepared on the liquidation basis of accounting, which reflects the final settlement of all plan assets and liabilities. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

To the Plan Administrator
CarePoint Health, LLC Cash Balance Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Notes to in Liquidation Financial Statements

November 30, 2024 and December 31, 2023

Note 1 - Plan Description

The following description of CarePoint Health, LLC Cash Balance Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan was terminated effective December 31, 2023, with final liquidation as of November 30, 2024; see Note 7 for additional information. The following is a description of the Plan prior to termination:

General

The Plan is a defined benefit plan covering all eligible employees of CarePoint Health, LLC; CarePoint P.C.; and Emergency Physicians Integrated Care, LLC (collectively, the "Company"). The Plan was established on January 1, 2019, which included a schedule of participants specifically designated as eligible to participate in the Plan as of the effective date. Subsequent to January 1, 2019, all employees who have attained the age of 21 and have completed at least one year of service are eligible to participate in the Plan. Prior to July 1, 2021, participants entered the Plan on the first day of January or July after attaining the eligibility requirements. Subsequent to July 1, 2021, participants enter the Plan on the first day of each quarter after attaining the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pension Benefits

Employees are 100 percent vested in their cash balances at all times, as described in the Plan. Annual pension benefits are provided to participants based upon their designated group, as outlined below. Each participant's cash balance will also be credited with interest based on an interest crediting rate, as described in the Plan. Retirement benefits are paid to participants or beneficiaries in various forms, including single life annuities, joint and survivor annuities, and a lump-sum payment option. Participants are eligible to receive their cash balances upon termination of employment, death, or attainment of normal retirement age (defined as age 65 per the plan document). As of December 31, 2023 and November 30, 2024, the Plan was frozen and participants are no longer accumulating benefits.

Contributions

Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions met the minimum funding requirements of ERISA for the period ended November 30, 2024 and the year ended December 31, 2023.

Administration

Under a trust agreement, Charles Schwab Trust Bank (the "Trustee") was appointed trustee of the Plan. In accordance with the powers and duties of the Trustee, as designated by the Company, the Trustee administers the Plan in accordance with the orders of the investment committee.

Participants direct their cash balances into the investment options provided by the Trustee.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant (or the participant's beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Charles Schwab Trust Bank or its affiliates. Charles Schwab Trust Bank is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Notes to in Liquidation Financial Statements

November 30, 2024 and December 31, 2023

Note 2 - Summary of Significant Accounting Policies

Change in Basis of Accounting

As discussed in Note 7 to the in liquidation financial statements, the plan sponsor terminated the Plan effective December 31, 2023. As a result, the plan financial statements reflect the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at quoted prices reported in active markets. The money market account is valued at the outstanding balance, which is the best estimate of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of approximately \$175,000 and \$93,000 for the period ended November 30, 2024 and year ended December 31, 2023, respectively, were paid by the Company.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The present value of accumulated plan benefits is actuarially determined and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment due to death or retirement between the valuation date and the expected date of payment.

Actuarial Assumptions

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation of the Plan at November 30, 2024 and December 31, 2023 are summarized as follows:

Actuarial cost method	Projected unit credit
Interest crediting rate	4.75

Notes to in Liquidation Financial Statements

November 30, 2024 and December 31, 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Contributions to the Plan and the accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Note 3 - Certified Information

Charles Schwab Trust Bank holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements are based solely on information certified by the Trustee.

Note 4 - Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by consulting actuaries. The calculations of the actuarial present value of accumulated plan benefits attributable to participants in the Plan, which were made as of November 30, 2024 and December 31, 2023 and for the period ended November 30, 2024 and the year ended December 31, 2023, the most recent actuarial valuations, are as follows:

	2024	2023
Actuarial present value of accumulated plan benefits - Vested benefits:		
Active participants	\$ -	\$ 14,619,161
Deferred vested participants	-	398,763
Total actuarial present value of accumulated plan benefits	<u>\$ -</u>	<u>\$ 15,017,924</u>

A summary of significant changes in the actuarial present value of accumulated plan benefits during the period ended November 30, 2024 and the year ended December 31, 2023 is as follows:

	2024	2023
Actuarial present value of accumulated plan benefits - Beginning of year	\$ 15,017,924	\$ 10,576,342
Increase (decrease) during the year attributable to:		
Benefits accumulated	391,332	4,203,461
Interest due to the decrease in the discount period	339,322	496,249

CarePoint Health, LLC Cash Balance Plan

Notes to in Liquidation Financial Statements

November 30, 2024 and December 31, 2023

Note 4 - Accumulated Plan Benefits (Continued)

The increase in the actuarial present value of accumulated plan benefits during the year ended December 31, 2023 is attributable to increase in participant count and average account balance. The actuarial present value of accumulated plan benefits includes the impact of the plan termination effective December 31, 2023.

The decrease in actuarial present value of accumulated benefits during the period ended November 30, 2024 is attributable to the Plan liquidating all assets during the year due to plan termination.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset. The following table presents information about the Plan's assets measured at fair value on a recurring basis at December 31, 2023:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2023			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 2,433,765	\$ 2,433,765	\$ -	\$ -
Money market account	12,575,051	-	12,575,051	-
Total	\$ 15,008,816	\$ 2,433,765	\$ 12,575,051	\$ -

Note 6 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service. The volume submitter plan has received a favorable notification letter from the IRS dated March 30, 2018. The Plan has not individually sought its own determination letter.

Note 7 - Termination - Liquidation Basis

Effective December 31, 2023, the plan sponsor elected to terminate the Plan. The Plan adopted the liquidation basis of accounting in fiscal year 2023. Under the liquidation basis of accounting, assets are recorded at the amount expected to be collected, and liabilities are recorded at amounts expected to be paid during the course of liquidation.

The termination has been approved by the Pension Benefit Guaranty Corporation (PBGC) as of February 12, 2025.

Final distributions to participants were completed as of November 30, 2024, and all plan assets have been disbursed. No further activity is expected. Accordingly, these financial statements represent the final reporting period for the Plan.
