Financial Statements and Supplemental Schedules

December 31, 2024 and 2023

(With Independent Auditor's Report Thereon)

## INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Plan Participants  
Puerto Rico Financial Retirement Plan

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Puerto Rico Financial Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Puerto Rico Financial Retirement Plan**

Notes to Financial Statements

December 31, 2024 and 2023

### **(1) Description of the Plan**

The following description of the Puerto Rico Financial Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

#### **(a) General**

The Plan, sponsored by Wells Fargo & Company (the “Plan Sponsor”), is a defined noncontributory benefit plan intended to qualify under Section 1081.01(a) of the Puerto Rico Internal Revenue Code of 2011 (the “PR Code”), as amended, and to comply with the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan is not intended to be a qualified retirement plan under the United States Internal Revenue Code of 1986, as amended (“IRC”).

Effective as of December 31, 2011, the Plan has been frozen and amended to provide that in no event shall any employee who was not eligible to be covered therein may become a participant on or after December 31, 2011. Furthermore, all future accruals have ceased. No service or compensation earned after December 31, 2011 will be taken into account in the computation of benefits, and no further benefits will accrue under the Plan to participants after December 31, 2011.

Prior to the date that the Plan was frozen, the Plan covered former employees of Reliable Financial Services, Inc., Reliable Finance Holding Company, Reliable Insurance Services Corporation, Island Finance Puerto Rico, Inc., and Island Finance Sales Finance Corporation, who had attained age 21 and completed one year of service, as defined. Participants became vested in their accrued benefits under the Plan after five years of service. All participants in the Plan are 100% vested.

The Plan’s trustee is Banco Popular de Puerto Rico (the “Trustee”). Delaware Charter Guarantee & Trust Company, conducting business under the trade name “Principal Trust Company” is the custodian of the assets of the Plan.

The Plan is administered by the Plan Sponsor’s Head of Human Resources (or the functional equivalent title of the most senior position in Human Resources), the Head of Total Rewards (or the functional equivalent title of the most senior position in Human Resources over compensation and benefit plans or programs other than the Head of Human Resources), and the Head of Benefits (or the functional equivalent title of the most senior position in Human Resources over benefit plans and programs other than the Head of Human Resources and the Head of Total Rewards), each of whom, acting individually or jointly, may take action as the Plan Administrator, or its or their authorized delegate.

#### **(b) Funding Policy**

The Plan Sponsor’s contributions are based upon the computation of the Plan’s actuary, Aon, to meet or exceed the minimum funding requirements of ERISA. No contribution was required and the Plan Sponsor did not make a contribution for 2024.

#### **(c) Benefits**

The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement, deferred retirement, disability, and deferred-vested retirement benefits for those participants who are eligible to receive such benefits. The normal form of

Notes to Financial Statements

payment is an automatic joint and survivor annuity. Monthly benefits at normal retirement age are one-twelfth of the benefit of (a) 2.00% of final average compensation, as defined, multiplied by the first 25 years of service plus, (b) 1.50% of final average compensation, as defined, multiplied by the next 15 years of service less, (c) 1.25% of Social Security benefits multiplied by the first 40 years of service less (d) the annual benefits to be derived from ITT Financial Corporation plan, a previous plan sponsor, when applicable. Such pension benefit may be reduced by elected options such as a contingent annuity and early retirement.

Effective January 1, 2024, the Plan was amended to increase the mandatory cash-out limitations from \$5,000 to \$7,000 as permitted by ERISA pursuant to the provisions of the Setting Every Community Up for Retirement Enhancement Act commonly known as the SECURE Act 2.0.

### **(d) Disability Benefits**

Employees who became totally disabled received disability benefits under a separate plan. Disability benefits may be paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age with their annual compensation remaining the same at the time they became disabled. As the Plan was frozen December 31, 2011, no service or compensation earned after December 31, 2011 will be taken into account in the computation of benefits and no further benefits will accrue under the Plan to participants after December 31, 2011.

## **(2) Summary of Significant Accounting Policies**

### **(a) Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

### **(b) Use of Estimates**

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of plan benefits and net assets available for benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

### **(c) Investments and Income Recognition**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

### **(d) Fair Value – Definition and Hierarchy**

Investments are recorded at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on an exit price notion, maximizes the use of observable inputs and minimizes the use of unobservable inputs.

## **Puerto Rico Financial Retirement Plan**

Notes to Financial Statements

December 31, 2024 and 2023

The Plan classifies assets and liabilities at fair value based upon a three level hierarchy that assigns the highest priority to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs. The levels are as follows:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of discounted cash flow models, market comparable pricing, option pricing models, and similar techniques.

### **(e) Administrative Expenses**

Recordkeeping fees, trustee fees, and investment management fees are paid by the Plan. The Plan Sponsor pays certain administrative costs relating to the Plan.

### **(f) Risks and Uncertainties**

The Plan's investments include funds that invest in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

### **(g) Payment of Benefits**

Benefit payments to participants are recorded when paid.

## **(3) Plan Termination**

Although they have not expressed any intention to do so, the Plan Sponsor may terminate the Plan for any reason at any time. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA Section 4044 and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been

## Puerto Rico Financial Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.

2. All other vested benefits.
3. All nonvested benefits.

Whether all participants receive their benefits, should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor.

### **(4) Actuarial Present Value of Accumulated Plan Benefits**

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered to the Plan Sponsor. Accumulated plan benefits also include benefits expected to be paid to (a) retired or deferred vested employees or their beneficiaries, (b) beneficiaries of employees or retired employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to service completed as of December 31.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary, Aon, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Accumulated benefit information reflects actuarial valuations incorporating actual year-end participant information and is computed using the projected-unit-credit method.

## Puerto Rico Financial Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

The significant actuarial assumptions used in the valuations as of December 31, 2024 and 2023 were:

Interest rate, net (1)	5.86% in 2024 and 5.35% in 2023
Mortality for 2024

(1) Net of administrative expense adjustments of 72 bps for both 2024 and 2023.

The interest rate used for purposes of discounting expected future benefit payments is equal to the long-term expected rate of return assumption. The determination of the expected rate of return on plan investments is highly quantitative by nature. The Plan Sponsor evaluates the current asset allocations and expected returns using forward looking capital market assumptions. The resulting projections are used to derive a baseline expected rate of return for the Plan's prescribed asset mix.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan is terminated, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Notes to Financial Statements

December 31, 2024 and 2023

The present value of accumulated plan benefits as determined by the plan actuary is summarized as follows:

	<b>December 31</b>	
	<b>2024</b>	<b>2023</b>
Accumulated plan benefits:		
Actuarial present value of vested benefits:		
Participants currently receiving benefits	\$ 35,331,276	35,545,499
Other participants	14,847,020	17,923,647
Total actuarial present value of accumulated plan benefits	\$ 50,178,296	53,469,146

The following table details the changes in accumulated plan benefits for the year ended December 31:

	<b>2024</b>
Actuarial present value of accumulated plan benefits at beginning of plan year	\$ 53,469,146
Increase (decrease) during the year attributable to:	
Increase for interest due to decrease in the discount period	2,780,861
Benefits paid	(3,009,145)
Assumption changes	(2,811,214)
Demographic experience and other changes	(251,352)
Net decrease	(3,290,850)
Actuarial present value of accumulated plan benefits at end of plan year	\$ 50,178,296

**(5) Information Certified by the Trustee**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications as of December 31, 2024 and 2023 and for the year ended December 31, 2024, from the Trustee that all investment information provided by them is complete and accurate. Information included in the accompanying financial statements and supplemental schedules as to the cash and investments held in the trust funds managed by the Trustee and investment income is presented solely in reliance upon those certifications.

December 31, 2024 and 2023

### (6) Fair Value Measurements

The Plan classifies its investments recorded at fair value as either Level 1, 2, or 3 in the fair value hierarchy. The highest priority (Level 1) is assigned to valuations based on unadjusted quoted prices in active markets and the lowest priority (Level 3) is assigned to valuations based on significant unobservable inputs.

In the determination of the classification of financial instruments in Level 2 or Level 3 of the fair value hierarchy, the Plan considers all available information, including observable market data, indications of market liquidity and orderliness, and its understanding of the valuation techniques and significant inputs used. Judgments are made regarding the significance of the Level 3 inputs to the instruments' fair value measurement to its entirety. If unobservable inputs are considered significant, the instrument is classified as Level 3.

The following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in *collective investment funds* are redeemable daily at net asset value ("NAV"), which is the readily determinable fair value. The price per share is quoted on a private market that is not active; however, the price per share is based upon the value of the underlying investments, which are traded on an active market.

Investments in *registered investment companies* are valued at fair value based upon quoted prices in an active market. *Registered investment companies* include money market funds, which are priced at \$1.00 per share.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies:

### (7) Tax Status

The Plan is a defined benefit plan qualified under Section 1081.01(a) PR Code pursuant to a favorable determination letter issued by the Puerto Rico Treasury Department (the "Treasury") on September 6, 2013. The Trust is a qualified trust exempt from taxation pursuant to Section 1081.01(a) of the PR Code and, pursuant to the provisions of Section 1022(i)(1) of ERISA, under Section 501(a) of the United States IRC of 1986, as amended. Since its establishment, the Plan has been amended from time to time, and such amendments have been submitted to the Treasury to ascertain that the qualification of the Plan is not affected. Accordingly, Treasury has issued the corresponding favorable determination letters with the most recent favorable determination letter issued on June 14, 2024 for the Plan amendments adopted effective January 1, 2024.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Treasury. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### (8) Subsequent Events

The Plan has evaluated subsequent events from December 31, 2024 through June 6, 2025, the date on which the financial statements were available to be issued. There have been no material events that would require additional recognition in the financial statements or disclosures to the financial statements.

**Interest Rates for  
Minimum Funding Purposes**

The Moving Ahead for Progress in the 21st Century Act (MAP-21) introduced a 25-year average interest rate corridor within which each segment rate used for minimum funding purposes must fall; the Highway and Transportation Funding Act of 2014 (HATFA) later modified the corridor for certain plan years starting before 2021 and subsequently by the American Rescue Plan Act of 2021 (ARPA). The IRS 3-segment rates were adjusted as needed to fall within the 25-year average interest rate corridor under ARPA:

1st Segment Rate	4.75%
2nd Segment Rate	4.87%
3rd Segment Rate	5.59%

**Interest Rates for Maximum Tax Purposes**

Based on segment rates with a four-month lookback (as of September 2023), without regard to interest rate stabilization.

1st Segment Rate	3.62%
2nd Segment Rate	4.46%
3rd Segment Rate	4.52%

**Social Security Wage Base Increases**

The wage base is frozen as of 2011.

**Surviving Spouse Benefit**

It is assumed that 50% of all participants have an eligible spouse, and that males are two years older than their spouses.

**Optional Form of Payment Election**

It is assumed that 65% of participants elect a Single Life Annuity, 20% elect a 50% Joint and Survivor Annuity and 15% elect a 75% Joint and Survivor Annuity.

**Benefit Limits**

Projected benefits and compensation are limited by the current Puerto Rico tax code caps on annual benefits of \$195,000 and eligible compensation of \$250,000. These limitations are no longer subject to automatic cost of living adjustments in future years.

**Valuation of Plan Assets**

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

**Expected Return on Assets**

2022 Plan Year	5.78%

**Interest Rates for  
 Minimum Funding Purposes**

The Moving Ahead for Progress in the 21st Century Act (MAP-21) introduced a 25-year average interest rate corridor within which each segment rate used for minimum funding purposes must fall; the Highway and Transportation Funding Act of 2014 (HATFA) later modified the corridor for certain plan years starting before 2021 and subsequently by the American Rescue Plan Act of 2021 (ARPA). The IRS 3-segment rates were adjusted as needed to fall within the 25-year average interest rate corridor under ARPA:

1st Segment Rate	4.75%
2nd Segment Rate	4.87%
3rd Segment Rate	5.59%

**Interest Rates for Maximum Tax Purposes**

Based on segment rates with a four-month lookback (as of September 2023), without regard to interest rate stabilization.

1st Segment Rate	3.62%
2nd Segment Rate	4.46%
3rd Segment Rate	4.52%

**Social Security Wage Base Increases**

The wage base is frozen as of 2011.

**Retirement Age**

Active Participants	N/A
Terminated Vested Participants	See Table 1

**Mortality Rates**

Healthy and Disabled	2024 generational mortality tables for annuitants and non-annuitants per §1.430(h)(3)-1(b)
Withdrawal Rates	N/A
Disability Rates	None.
Decrement Timing	Middle of year decrements, with 100% retirement occurring at beginning of year.

**Surviving Spouse Benefit**

It is assumed that 50% of all participants have an eligible spouse, and that males are two years older than their spouses.

**Optional Form of Payment Election**

It is assumed that 65% of participants elect a Single Life Annuity, 20% elect a 50% Joint and Survivor Annuity and 15% elect a 75% Joint and Survivor Annuity.

**Benefit Limits**

Projected benefits and compensation are limited by the current Puerto Rico tax code caps on annual benefits of \$195,000 and eligible compensation of \$250,000. These limitations are no longer subject to automatic cost of living adjustments in future years.

**Valuation of Plan Assets**

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

**Expected Return on Assets**

2022 Plan Year	5.78%
2023 Plan Year	7.01%, limited to 5.74%
2024 Plan Year	5.81%, limited to 5.59%

**Trust Expenses Included in Target Normal Cost**

\$360,000. Three-year average of past expenses.

**Actuarial Method**

Standard unit credit cost method

Schedule SB, Part V—Summary of Plan Provisions

The plan provisions in effect on January 1, 2024 are summarized below:

<b>Effective Date</b>	May 1, 1995.
Covered Employees	All salaried employees of Island Finance Puerto Rico, Inc. and Reliable Financial Services.  As of December 31, 2011, all benefit accruals were frozen.
<b>Eligibility for Participation</b>	Age 21 with one year of service.
<b>Normal Retirement</b>	
Eligibility	Age 65.
Benefit	Unreduced monthly pension benefit.
<b>Early Retirement</b>	
Eligibility	Participants may retire under either a standard early-retirement allowance or a special early-retirement allowance. Standard early retirement occurs after age 55 with ten or more years of eligibility service. Special early retirement applies if the employee is:  At least age 55 with 15 or more years of eligibility service; or  At least age 50 and age plus service equals or exceeds 80.
Benefit	Monthly pension benefit determined as of early-retirement date, reduced 3% per year payments commence before age 65. Upon special early retirement, benefits are reduced 5% per year payments start before age 60. For both early-retirement allowances, the Social Security offset is delayed until age 62 and then reduced for early commencement.
<b>Disability Retirement</b>	
Eligibility	Termination after 10 years of service due to disability.
Benefit	Monthly pension benefit determined as of age 65 with service and pay frozen as of December 31, 2011.
<b>Deferred Vested</b>	
Eligibility	Five years of vesting service.

Schedule SB Attachment (Form 5500)—2024 Plan Year  
Puerto Rico Financial Retirement Plan  
EIN: 41-0449260 PN: 022

Benefit Monthly pension benefit determined as of termination date, reduced for early payment by  $6\frac{2}{3}\%$  per year for the first five years and  $3\frac{1}{3}\%$  per year for the next five years that payments commence before age 65.

**Preretirement Spouse Benefit**

Eligibility Death while married with five years of vesting service.

Benefit If death occurs while active employee but prior to retirement eligibility, age-65 benefit payable immediately as though participant had elected joint and 50% survivor option, reduced for early commencement.

If death occurs while active employee and after age 55 and 10 years, the surviving spouse will receive 50% of the age 65 benefit for life.

Death benefit after termination or retirement is paid by employee's beneficiary through actuarial reduction of benefit. Optional 75% preretirement death benefit, available at age 55 and 10 years of service, paid for by a reduction in pension benefit for each year of protection.

**2006 Special Termination Benefits**

Eligibility Any Island Finance employee who transferred to Sandanter as part of the sale on March 1, 2006 who would have satisfied the early retirement/eligibility requirements by August 31, 2008.

Benefit Eligible employees will receive the full early retirement subsidy on their total benefit before ITT offset based on pay and service as of February 28, 2006. The enhanced benefit may begin as soon as the participant would have satisfied the early retirement eligibility rules.

**Forms of Payment**

Joint and 50%, 75%, or 100% survivor annuity options and single life annuity. Automatic lump sum is payable if value is \$7,000 or less.

Maximum on Benefits and Pay All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. Effective January 1, 2011 these limitations will be frozen at 2011 levels as required by Puerto Rico tax code legislation.

Schedule SB Attachment (Form 5500)—2024 Plan Year  
Puerto Rico Financial Retirement Plan  
EIN: 41-0449260 PN: 022

**Average Pay**

Sum of:

- The average of the highest five calendar years of base salary; and
- Average of the highest five years of pensionable pay in excess of base salary provided, however, that compensation must be earned during the ten-year period ending on the earlier of the participant's termination date or retirement date.

**Benefit Service**

Years and months of service with the company including the waiting period before participation. Benefit service for Reliable employees begins as of January 1, 2003. Effective December 31, 2011, benefit service is frozen for all employees.

**Eligibility**

For full-time employees, years and months of service with the company. Part-time employees will earn a year of service after completion of 1,000 hours.

**Monthly Pension Benefit**

One-twelfth of the benefit:

- 2% of average pay for the first 25 years of benefit service; plus
- 1.5% of average pay for the next 15 years of benefit service; less
- 1.25% of the Social Security benefit for the first 40 years of benefit service; less
- Prior plan benefit.

**Pensionable Pay**

Base salary, overtime, bonuses and sales and commissions. Effective December 31, 2011, all pensionable pay is frozen. Pay earned after 2011 will not be used to determine plan benefits.

**Prior Plan Benefits**

Monthly retirement benefit paid from former ITT Plan. Former plan uses mirror image provisions for participants as of May 1995. Benefit service frozen as of May 1995 but average pay measured as of retirement date—subject to 5% annual pay increase maximum.

**Social Security Benefit**

The projected amount of the participant's primary Social Security benefit according to the law in effect at the date of termination of employment. For retirees, Social Security benefits assume no future earning. For all others, Social Security benefits assume constant future earning until Social Security full benefit age.

Schedule SB, line 24—Change in Actuarial Assumptions

- A change in the unlimited expected rate of return on assets from 7.01% to 5.81%.
- An update to retirement rates to better reflect experience.
- A change in the assumed spousal age difference from males being four years older to males being two years older than their spouses.

## Rationale for Assumptions

These changes were made to better reflect the anticipated plan experience. None of these assumption changes reduced the funding shortfall; as such, approval of the Commissioner is not required.

The plan provisions in effect on January 1, 2024 are summarized below:

<b>Effective Date</b>	May 1, 1995.
Covered Employees	All salaried employees of Island Finance Puerto Rico, Inc. and Reliable Financial Services.  As of December 31, 2011, all benefit accruals were frozen.
<b>Eligibility for Participation</b>	Age 21 with one year of service.
<b>Normal Retirement</b>	
Eligibility	Age 65.
Benefit	Unreduced monthly pension benefit.
<b>Early Retirement</b>	
Eligibility	Participants may retire under either a standard early-retirement allowance or a special early-retirement allowance. Standard early retirement occurs after age 55 with ten or more years of eligibility service. Special early retirement applies if the employee is:  At least age 55 with 15 or more years of eligibility service; or  At least age 50 and age plus service equals or exceeds 80.
Benefit	Monthly pension benefit determined as of early-retirement date, reduced 3% per year payments commence before age 65. Upon special early retirement, benefits are reduced 5% per year payments start before age 60. For both early-retirement allowances, the Social Security offset is delayed until age 62 and then reduced for early commencement.
<b>Disability Retirement</b>	
Eligibility	Termination after 10 years of service due to disability.
Benefit	Monthly pension benefit determined as of age 65 with service and pay frozen as of December 31, 2011.
<b>Deferred Vested</b>	
Eligibility	Five years of vesting service.

Schedule SB Attachment (Form 5500)—2024 Plan Year

Benefit Monthly pension benefit determined as of termination date, reduced for early payment by  $6\frac{2}{3}\%$  per year for the first five years and  $3\frac{1}{3}\%$  per year for the next five years that payments commence before age 65.

**Preretirement Spouse Benefit**

Eligibility Death while married with five years of vesting service.

Benefit If death occurs while active employee but prior to retirement eligibility, age-65 benefit payable immediately as though participant had elected joint and 50% survivor option, reduced for early commencement.

If death occurs while active employee and after age 55 and 10 years, the surviving spouse will receive 50% of the age 65 benefit for life.

Death benefit after termination or retirement is paid by employee's beneficiary through actuarial reduction of benefit. Optional 75% preretirement death benefit, available at age 55 and 10 years of service, paid for by a reduction in pension benefit for each year of protection.

**2006 Special Termination Benefits**

Eligibility Any Island Finance employee who transferred to Sandanter as part of the sale on March 1, 2006 who would have satisfied the early retirement/eligibility requirements by August 31, 2008.

Benefit Eligible employees will receive the full early retirement subsidy on their total benefit before ITT offset based on pay and service as of February 28, 2006. The enhanced benefit may begin as soon as the participant would have satisfied the early retirement eligibility rules.

**Forms of Payment**

Joint and 50%, 75%, or 100% survivor annuity options and single life annuity. Automatic lump sum is payable if value is \$7,000 or less.

Maximum on Benefits and Pay All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. Effective January 1, 2011 these limitations will be frozen at 2011 levels as required by Puerto Rico tax code legislation.

**Average Pay**

Sum of:

- The average of the highest five calendar years of base salary; and
- Average of the highest five years of pensionable pay in excess of base salary provided, however, that compensation must be earned during the ten-year period ending on the earlier of the participant's termination date or retirement date.

**Benefit Service**

Years and months of service with the company including the waiting period before participation. Benefit service for Reliable employees begins as of January 1, 2003. Effective December 31, 2011, benefit service is frozen for all employees.

**Eligibility**

For full-time employees, years and months of service with the company. Part-time employees will earn a year of service after completion of 1,000 hours.

**Monthly Pension Benefit**

One-twelfth of the benefit:

- 2% of average pay for the first 25 years of benefit service; plus
- 1.5% of average pay for the next 15 years of benefit service; less
- 1.25% of the Social Security benefit for the first 40 years of benefit service; less
- Prior plan benefit.

**Pensionable Pay**

Base salary, overtime, bonuses and sales and commissions. Effective December 31, 2011, all pensionable pay is frozen. Pay earned after 2011 will not be used to determine plan benefits.

**Prior Plan Benefits**

Monthly retirement benefit paid from former ITT Plan. Former plan uses mirror image provisions for participants as of May 1995. Benefit service frozen as of May 1995 but average pay measured as of retirement date—subject to 5% annual pay increase maximum.

**Social Security Benefit**
