| <b>Part I</b> | <b>Service Provider Information (see instructions)</b> |
|---------------|--------------------------------------------------------|

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

**1 Information on Persons Receiving Only Eligible Indirect Compensation**

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

## Independent Auditor's Report

The Plan Administrator  
Visa 401k Plan  
San Francisco, California

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements***

We have performed an audit of the financial statements of Visa 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion on the 2024 Financial Statements***

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2024 Financial Statements* section of our report:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying 2024 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion on the 2024 Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the 2024 Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the 2024 Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter –Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the 2024 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2024 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2024 financial statements or to the 2024 financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Other Matter - Report on the 2023 Financial Statements***

The 2023 financial statements of Visa 401k Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by the qualified institution. Their audit report, dated August 9, 2024, expressed an unmodified opinion on the 2023 financial statements.

## Notes to Financial Statements

### 1. Description of the Plan

#### *General*

The following brief description of the Visa 401k Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was adopted effective February 1, 1971, and was most recently restated effective January 1, 2014 by Visa Inc. and affiliates (collectively, the Company or Employer). The Company is the sponsor of the Plan. The Plan is a voluntary savings plan available to all eligible U.S. employees of Visa Inc. (the Company). It is subject to the Employee Retirement Income Securities Act of 1974, as amended (ERISA).

#### *Trustee and Administration of the Plan*

Fidelity Management Trust Company (Fidelity or Trustee) is the trustee and recordkeeper of the Plan. The administrator of the Plan is the Company. Fidelity holds all assets of the Plan in accordance with the service provider contract with the Company. The Pension Benefits Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

#### *Eligibility*

Employees of the Company are considered eligible for participation, except for: (1) employees not paid on the U.S. payroll; (2) employees covered by a collective bargaining agreement; (3) leased employees; (4) interns; (5) project employees hired to work for a limited time; and (6) foreign national participating in another retirement plan.

There is no age requirement to enter the Plan. An eligible participant can enter the Plan on the first date of the payroll period on or after meeting the eligibility requirements.

#### *Contributions*

Employees are automatically enrolled in the Plan at a pre-tax deferral rate of 5%, commencing with the first pay period of their hire date. Once the employee reaches Internal Revenue Service (IRS) pre-tax contribution limits, unless otherwise elected, employees are automatically enrolled at an after-tax deferral rate of 5%. Employees have the option of contributing on a pre-tax, Roth or after-tax basis from 1% up to 50% of their covered pay, or a combination of pre-tax, Roth and after-tax contributions that does not exceed 50% of covered pay and IRS limits. However, the maximum percentage (pre-tax and Roth and after-tax combined) of covered pay that highly compensated employees may contribute is 13%. Prior to January 1, 2024, Roth deferrals were not permissible.

The Company contributes \$2 for each \$1 contributed by employees up to 5% of their eligible compensation regardless of years of service.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective January 1, 2024, the Plan also allows in-plan Roth rollover conversions.

### ***Participant Accounts***

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, Plan earnings and other income, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### ***Vesting***

Participants are immediately vested in their contributions plus actual earnings thereon. All Company contributions vest immediately.

### ***Investment Options***

Participants may direct Fidelity with respect to the investment of amounts allocated to their Plan accounts through a set of participant directed investment vehicles. Participants are allowed to select from a variety of core investment options available from Fidelity or a self-directed brokerage option, "BrokerageLink." The BrokerageLink option allows the participant to direct Fidelity to make any investment permitted under the Plan. Investments are held in a trust fund administered by Fidelity.

Participants may also invest in the Short-Term Investment Fund. See Note 4 - Separately Managed Portfolio. The Plan restricts the ability of participants to transfer funds directly from the Short-Term Investment Fund to BrokerageLink through a 90-day equity wash. An equity wash is a restriction which requires that funds being transferred between certain competing investment options first be invested in a noncompeting option in the Plan, subject to stock market risk, for at least 90 days before the transfer to the competing option can be completed. The Short-Term Investment Fund and the BrokerageLink may offer investment strategies that have common characteristics and as such are considered to be competing options.

### ***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the value of the participant's vested interest in their account reduced by the highest outstanding loans. The term of a loan is generally for a fixed term of no more than five years unless the purpose of the loan is to acquire the participant's principal residence. This special purpose extends the term to not more than 30 years. The interest rate charged on these loans is prime plus 1% at inception. Principal and interest are paid ratably through payroll deductions. Participants may borrow from their accounts once per calendar year while employed by the Company. Participants may only have two outstanding loans at any given time.

### ***Payment of Benefits***

Upon termination of service with the Company, death, long term disability, or normal retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's interest in his or her vested account, an annuity, or installments over a fixed period of years as defined in the Plan document. If a terminated participant's vested balance is less than \$1,000, the Plan will make a lump sum distribution. Withdrawals from the Plan may also be made upon

# Visa 401k Plan

## Notes to Financial Statements

---

circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdraw an amount at age 59½ if certain criteria are met.

### ***Forfeited Accounts***

As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$53,363 and \$30,912, respectively. Forfeited nonvested accounts are used to reduce future employer contributions. Approximately \$700,000 and \$30,000 of the forfeited funds were used to fund employer contributions during the years ended December 31, 2024 and 2023, respectively.

## **2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (GAAP).

### ***Use of Estimates***

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value with the exception of the fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 - Fair Value Measurements.

The fully benefit-responsive investment contract is stated at contract value (which represents contributions made under the contract plus interest less withdrawals and administrative expenses) on the statements of net assets available for benefits. See Note 4 - Separately Managed Portfolio. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains (losses) on investments bought and sold, as well as held, during the year, net of investment management fees.

### ***Contributions Receivable***

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

# Visa 401k Plan

## Notes to Financial Statements

---

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document.

### ***Risks and Uncertainties***

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

### ***Payment of Benefits***

Benefit payments are recorded when paid.

### ***Administrative Expenses and Revenue Credits***

Expenses associated with administering the Plan are generally paid by the Company, except for the expenses associated with the individual participant brokerage accounts, which are paid by the participants invested in these accounts, and loan origination and maintenance fees. Expenses that are paid by the Company are excluded from these financial statements. Certain fees applicable to the investment funds are netted from the investment returns of those investments.

The Plan uses a revenue credit arrangement. Under the revenue credit arrangement, the trustee funds quarterly in arrears the pro rata portion of the annual revenue credit. The annual revenue credit may be used to reimburse expenses associated with the services provided to the Plan. Unused revenue credit may be allocated to participant accounts in accordance with the guidelines outlined in the trust agreement. For the year ended December 31, 2024, the revenue credit amounted to \$776,329, all of which was allocated to eligible participant accounts. For the year ended December 31, 2023, the revenue credit amounted to \$778,151, all of which was allocated to eligible participant accounts. The revenue credit allocated to participant accounts is reported in other income in the statements of changes in net assets available for benefits.

## **3. Information Certified by the Trustee**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certifications from Fidelity, a qualified institution, as of and for the years ended December 31, 2024 and 2023, that all information provided by Fidelity is complete and accurate. Information included in the accompanying financial statements related to the following information is presented solely in reliance upon those certifications.

- Investments, including the separately managed portfolio, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.

- Investments reflected on the Supplemental Schedule of Assets (Held at End of Year) - As of December 31, 2024.

### 4. Separately Managed Portfolio

An investment option for participants is the Short Term Investment Fund (the Fund). The Fund is a non-public fund that the Plan invests in and includes security backed contracts, which are also known as synthetic guaranteed investment contracts (GICs). In structuring a security-backed contract, the Fund may purchase assets, normally fixed-income securities, that are then held and owned by the Fund. The Fund then contracts with a financially responsible third party, such as a large bank or insurance company, to provide payments for participant withdrawals at contract value. This contract is typically referred to as a “wrap agreement.” The crediting rate of the security-backed contract is a function of the relationship between the security-backed contract value and the fair value of the underlying assets.

The crediting rate is reset periodically by the issuer of the security backed contract and cannot be less than zero percent. The Fund’s wrap agreements are participating. In a participating wrap agreement, the wrap provider is responsible to cover any participant-directed withdrawals by which the contract value exceeds the market value of the underlying portfolio. However, actual payment between the parties would only occur after all covered securities have been sold and there remains a residual contract value liquidity agreement.

Security-backed contracts are subject to credit risk. However, the risk of loss due to a default of the institution providing the wrap is minimized because the Fund owns the securities backing the investment contract. There is a risk that the fair value of the securities owned may be lower than the contract value under the wrap.

Security backed contracts are carried at contract value, in the aggregate, which consists of the fair value of the underlying securities, accrued interest on the underlying securities, and the fair value of the contract value liquidity agreements, which generally represent the difference between the contract amounts and fair values of the underlying securities plus accrued interest. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

#### ***Variables that Impact Future Crediting Rates***

The primary variables impacting the future crediting rates of security-backed contracts include the current yield of the assets underlying the contract; the duration of the assets underlying the contract; and the existing difference between the fair value and the contract value of the assets within the contract. The net crediting rate reflects fees paid to security-backed contract issuers.

# Visa 401k Plan

## Notes to Financial Statements

---

### ***Relationship Between Future Crediting Rates and Adjustment Between Fair Value and Contract Value***

The crediting rate of security-backed contracts will track current market yields on a trailing basis. The rate reset allows the contract value to converge with the fair value of the underlying portfolio over time, assuming the portfolio continues to earn the current yield for a period of time equal to the current portfolio duration.

To the extent that the underlying portfolio of a security-backed contract has unrealized and/or realized losses, a positive adjustment is made from fair value to contract value under contract value accounting. As a result, the future crediting rate may be lower over time than the then-current market rates. Similarly, if the underlying portfolio generates unrealized and/or realized gains, a negative adjustment is made from fair value to contract value, and the future crediting rate may be higher than the then-current market rates.

### ***Withdrawal and Termination Provisions***

All security-backed contracts held by the Fund are fully benefit responsive, which means that withdrawals from these investment contracts may be made at contract value for qualifying benefit payments, including participant-directed transfers. Security-backed contracts generally are evergreen contracts that contain termination provisions, allowing the Fund or the contract issuer to terminate with notice at any time at the fair value of the underlying portfolio.

Security-backed contracts that permit the issuer to terminate at fair value generally provide that the Fund may elect to convert such termination to an amortization election as described below. In addition, if the Fund defaults on its obligations under the contract (including the issuer's determination that the agreement constitutes a nonexempt prohibited transaction as defined under ERISA), and such default is not corrected within the time permitted by the contract, then the contract may be terminated by the issuers and the Fund will receive the fair value as of the date of termination.

Generally, security-backed contracts permit the issuer or investment manager to elect at any time to convert the underlying portfolio to a declining duration strategy whereby the contract would terminate at a date that corresponds to the duration of the underlying portfolio on the date of the amortization election.

After the effective date of an amortization election, the underlying portfolio must conform to the guidelines agreed upon by the contract issuer and the investment manager for the amortization election period. The guidelines are intended to result in the convergence of the contract value and the fair value of the underlying portfolio by the termination date.

Security-backed contracts also generally provide for withdrawals associated with certain events, which are not in the ordinary course of Plan operations. These withdrawals are paid with a market-value adjustment applied to the withdrawal as defined in the security-backed contracts.

Certain events limit the ability of the Fund to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestiture or spin-off of a subsidiary) that cause a significant

---

withdrawal from the Plan or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that the occurrence of any such market value event, which would limit the Plan's ability to transact at contract value with participants, is not probable.

### **Expenses**

The Fund pays wrapper contract fees to the security-backed contract issuers to assure contract liquidity for plan participant-directed withdrawals. Investment management fees are charged to the Fund.

### **5. Fair Value Measurements**

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and cannot be corroborated by observable market data. Inputs reflect the use of significant management judgment via the use of pricing models that include estimates of market participant assumptions.

The fair value measurement level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Registered Investment Companies* - Units of registered investment companies are valued at the net asset value of shares held by the Plan at year end as reported on the active market on which the units are traded.

## Notes to Financial Statements

*BrokerageLink* - BrokerageLink primarily comprises registered investment companies, common stocks, real estate investment trusts, and money market funds. Registered investment companies, common stocks, and real estate investment trusts are valued at the closing price reported on the active market on which the individual securities are traded. Money market funds are valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below include the major categorization for the following securities:

## 6. Related Party and Party in Interest Transactions

Certain Plan investments are managed by Fidelity or their affiliates. Participant loan and distribution processing fees are paid to Fidelity by participants. The Plan also receives revenue credits from Fidelity. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are considered to be party-in-interest transactions, which are exempt from the prohibited transactions rules under ERISA.

## 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to suspend, terminate, or completely discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

## 8. Tax Status

The IRS has determined and informed the Company by a letter dated July 29, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code

## Notes to Financial Statements

---

(IRC). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **9. Subsequent Events**

In preparing the financial statements, Plan management evaluated subsequent events and transactions for potential recognition or disclosure through August 21, 2025, the date the financial statements were available to be issued. Plan management determined that there are no other significant events or transactions that require adjustment to or disclosure in the financial statements.
