## **Report of Independent Auditors**

The Trustees of  
Salt River Community Gaming Enterprises 401(k) Plan

### **Report on the Audit of the Financial Statements**

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Salt River Community Gaming Enterprises 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net position available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net position available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Salt River Community Gaming Enterprises 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

#### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Salt River Community Gaming Enterprises 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Salt River Community Gaming Enterprises 401(k) Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Salt River Community Gaming Enterprises 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Salt River Community Gaming Enterprises 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### *Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year) as of and for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Required Supplementary Information*

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

# Salt River Community Gaming Enterprises 401(k) Plan

## Notes to Financial Statements

---

### Note 1 – Description of Plan

The following description of the Salt River Community Gaming Enterprises 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as restated and amended, for a more complete description of Plan provisions.

**General** – The Plan is a single employer defined contribution 401(k) salary deferral and profit sharing plan covering substantially all employees of Casino Arizona and Talking Stick Resort (the Gaming Enterprises) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Salt River Pima-Maricopa Indian Community Gaming Enterprises is the Plan sponsor and serves as Plan administrator, which is responsible for establishing Plan benefits, contributions, and other provisions, and for approving all Plan amendments. Principal Trust Company is the trustee and record keeper of the Plan. At December 31, 2024, there were 3,486 Plan members consisting of 3,086 active and 400 inactive members.

**Eligibility** – Employees of the Gaming Enterprises are eligible to participate in the Plan, including employer matching and profit sharing contributions, upon reaching age 18 and after completing six months of service. Eligible participants are automatically enrolled into the Plan on the first day of the payroll period following the date they meet the eligibility requirements.

### Contributions

*Participant contributions* – Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

*Employer match and profit sharing contributions* – The Gaming Enterprises may elect to make discretionary matching and profit sharing contributions to the Plan. After six months of service, the Gaming Enterprises match 100% of employee contributions, up to 5% of eligible compensation deferred to the Plan. Profit sharing contributions are allocated to participants at a rate of 5% of each participant's eligible compensation. There were no profit sharing contributions for the year ended December 31, 2024.

Contributions are subject to regulatory limitations.

**Participant accounts** – Each participant's account is credited with the participant's contributions and the Gaming Enterprises' matching contributions, as well as allocations of the Gaming Enterprises' profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

## Salt River Community Gaming Enterprises 401(k) Plan Notes to Financial Statements

---

**Vesting** – Participants are immediately fully vested in their salary deferrals plus actual earnings thereon. Vesting in the Gaming Enterprises' contribution portion of their accounts is based on years of continuous service. All employer contributions vest as follows: less than one year of service – 0%; one year – 20%; two years – 40%; three years – 60%; four years – 80%; and five or more years – 100%.

**Notes receivable from participants** – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$20,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, Plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. As of December 31, 2024, the rates of interest on outstanding loans ranged from 3.25% to 9.50% with various maturities through October 2039.

**Payment of benefits** – On termination of service due to death, disability, or retirement, a participant (or their beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity to be paid in monthly installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant or designated beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or in an annuity contract.

For termination of service with vested benefits of \$7,000 or less, a participant or beneficiary will automatically receive the value of the vested interest in his or her account as a lump-sum distribution.

**Hardship withdrawals** – Under certain conditions, participants are permitted to withdraw up to 100% of their vested account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, payment of the tax-deductible expenses related to damage of principal residence, payment of burial or funeral expenses, or to prevent eviction or foreclosure from the participant's principal residence. The minimum hardship withdrawal amount is \$500.

**In-service withdrawals** – Participants who are 59½ years of age or older are allowed to request an in-service withdrawal from the vested balance of their accounts. The taxable portion of an in-service withdrawal is subject to 20% mandatory federal withholding. If the participant has not reached age 59½, the taxable portion of the withdrawal may also be subject to a 10% nondeductible penalty tax.

**Forfeitures** – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and can be used to pay Plan administrative expenses or to reduce future contributions from the Gaming Enterprises. Forfeitures may also be reinstated to participants who return to employment at the Gaming Enterprises within five years of termination of employment, subject to repaying any amounts previously distributed. During the year ended December 31, 2024, matching contributions from the Gaming Enterprises were reduced by approximately \$683,141 from forfeited nonvested accounts. As of December 31, 2024 and 2023, remaining forfeitures available to reduce future employer contributions totaled \$76,827 and \$88,491, respectively.

## **Salt River Community Gaming Enterprises 401(k) Plan**

### **Notes to Financial Statements**

---

**Plan transfer** – Assets may be transferred to or from the Plan. In July 2024, the transfer of assets out of the Plan occurred and were transferred to Salt River Pima-Maricopa Indian Community Government Operations 401(k) Plan.

#### **Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units, using the accrual method of accounting. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

**Use of estimates** – The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Investment valuation** – The investments are reported at fair value. The Plan's trustee, Principal Trust Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

**Notes receivable from participants** – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement.

**Contributions** – Contributions from participants and corresponding matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

**Payment of benefits** – Benefits are recorded when paid.

**Expenses** – Certain expenses of maintaining the Plan are paid directly by the Gaming Enterprises and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

## Salt River Community Gaming Enterprises 401(k) Plan

### Notes to Financial Statements

#### Note 3 – Investments

Investment securities are exposed to various risks that can affect the value of the Plan's investments such as custodial credit risk, interest rate risk, credit risk, concentration risk, and foreign currency risk. The Plan invests in registered investment companies (mutual funds), collective trusts (CT), and a pooled separate account (PSA). Mutual fund, CT, and PSA holdings in equity securities respond to such factors as economic conditions, individual company earnings performance, and market liquidity, while holdings in debt securities are particularly sensitive to credit risk and change in interest rates.

**Custodial credit risk** – Custodial credit risk is the risk that in the event of a failure by the counterparty, the Plan will not be able to recover the value of its investments that are in the possession of an outside party. The Plan's policies do not specifically address custodial credit risk, but all the Plan's investments are insured or registered, or held by the Plan or its agent in the Plan's name.

**Interest rate risk** – Interest rate risk arises from the likelihood that interest rates will rise or fall during the holding period of a fixed rate security and adversely affect the selling price of the security prior to maturity. The price of a debt security typically moves in the opposite direction of the change in interest rates. The Plan had the following investments subject to interest rate risk as of December 31, 2024 and 2023:

Investment	Fair Value	Investment Maturities (in years) at December 31, 2024			
		< 1	1–5	6–10	> 10

**Foreign currency risk** – Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment denominated in a foreign currency. The Plan's foreign currency risk exposure resides within the international mutual fund holdings. The Plan does not hold any direct investments or instruments denominated in a foreign currency.

## Salt River Community Gaming Enterprises 401(k) Plan Notes to Financial Statements

**Credit risk** – Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. The Plan had the following credit quality mix in its fixed income securities as of December 31, 2024 and 2023:

### Note 4 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

## Salt River Community Gaming Enterprises 401(k) Plan

### Notes to Financial Statements

---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Registered investment companies (mutual funds)* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Pooled separate accounts* – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

*Collective trusts* – Units held in a collective trust (CT) are valued using the net asset value (NAV) practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CT is calculated based on a compilation of primarily observable market information.

The Plan has investments in the Principal Stable Value Z Fund (the Fund), which is a collective trust fund that pursues to invest in a diversified portfolio of guaranteed investment contracts and security-backed contracts, which typically have a fixed maturity. The Fund seeks to maintain safety of principal while obtaining a consistent, low volatility return superior to other high quality alternatives over a full interest rate cycle. Qualified Plan participant initiated withdrawals are honored at any time without penalty, regardless of their frequency or amount unless payments are being delayed to all Fund unit holders. Any Plan sponsor-initiated withdrawal from the Fund will require a 12-month written notice of the intent to withdraw assets from the Fund. Redemptions or exchanges of Fund shares may be delayed or suspended for up to 12 months, or longer, if Principal obtains an exemptive order or other appropriate relief as defined by the Fund.

The Plan also has investments in Vanguard Target Retirement Trusts, which are collective trust funds that use a targeted maturity. As the retirement date approaches the trust's allocation grows more conservative and begins to invest in the Vanguard Short-Term Inflation-Protected Securities Index Fund to provide a hedge against inflation while dampening the overall volatility of the portfolio. These trusts seek to provide growth of capital and current income consistent with its current target allocation by investing in a gradually more conservative mix of Vanguard funds and trusts. There are no restrictions on participant-initiated or plan sponsor-initiated withdrawals.

#### Note 5 – Tax Status

The Internal Revenue Service has determined and informed the Gaming Enterprises by a letter dated November 9, 2015, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

#### Note 6 – Certified Investment Information

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company, a qualified institution.

- Investments and notes receivable from participants reflected on the accompanying statements of net position available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividends, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net position available for benefits for the year ended December 31, 2024.
- Investments reflected on the schedule of assets (held at end of year).

#### Note 7 – Party-in-Interest Transactions

Plan investments include shares of a collective trust stable return fund and shares of a pooled separate account managed by Principal Trust Company. Principal Trust Company is the Trustee of the Plan, and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

#### Note 8 – Plan Termination

Although it has not expressed any intention to do so, the Gaming Enterprises have the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

#### Note 9 – Reconciliation to Form 5500
