Independent Auditor's Report

To the Board of Directors
Moore Holding Company Employee Stock Ownership Plan and Trust
West Fargo, North Dakota

Opinion

We have audited the financial statements of Moore Holding Company Employee Stock Ownership Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Moore Holding Company Employee Stock Ownership Plan and Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Moore Holding Company Employee Stock Ownership Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Moore Holding Company Employee Stock Ownership Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Moore Holding Company Employee Stock Ownership Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Moore Holding Company Employee Stock Ownership Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i-schedule of assets held at end of year and schedule H, line 4j-schedule of reportable transactions as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following brief description of the Moore Holding Company Employee Stock Ownership Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Moore Holding Company (Company) established the plan effective as of April 1, 1993. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the IRC and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company. The Company may delegate certain Plan administration duties to GreatBanc Trust Company (the Trustee).

In 2020, the Plan purchased Company common stock using the proceeds of a note (Note 5) and holds the common stock in a trust established under the Plan. As the Plan makes debt payments, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under IRC.

The borrowing is collateralized by the unallocated shares of stock and is guaranteed by the Company. The lender has no rights against shares of the stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, present separately the assets and liabilities and changes therein pertaining to:

1. Accounts of employees with vested rights in allocated common stock (allocated).
2. Common stock not yet allocated to employees (unallocated).

Eligibility

The Plan covers all employees of Moore Holding Company who have completed one year of service (1,000 hours) in the first 12 consecutive months.

Entry Date

Employees may enter the Plan on the first day of the Plan year after they satisfy the Plan's eligibility requirements.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

Moore Holding Company Employee Stock Ownership Plan and Trust

Notes to Financial Statements
December 31, 2024 and 2023

Participants must have completed 1,000 hours of service during the Plan year to be entitled to receive an allocation of the discretionary contribution to the Plan, unless terminated due to retirement, death or disability. Employee contributions are not permitted.

Voting Rights

The Trustee of the Plan will vote all Company stock held by it as part of the Plan assets provided that the participant or beneficiary will be entitled to direct the Trustee as to the manner in which voting rights on shares of Company stock which are allocated to their account are to be exercised, unless certain provisions are present as described in the Plan Document. If a participant does not timely exercise their right to vote Company stock, the Trustee, will vote such Company stock. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as defined in the plan document will receive an allocation. Allocations are based on a participant's eligible compensation, relative to the total eligible compensation. Plan earnings and losses are allocated to each participant's account based on the ratio of the participant's account balance.

Vesting

Vesting in the employer contributions and related earnings is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are 100% vested in their account balances upon retirement, death, or permanent disability.

Forfeitures

At December 31, 2024 and 2023, there was no balance in the forfeited non-vested account as all forfeitures are used in the same year they are forfeited. Forfeited accounts are used to reduce employer contributions or allocated to eligible participants. During the year ended December 31, 2024, forfeited non-vested accounts totaling \$4,580 in cash and 49.518 shares were allocated to eligible participants. Allocations are based on a participant's eligible compensation, relative to the total eligible compensation.

Payment of Benefits

A participant is entitled to benefits as soon as administratively possible after one of the following events:

1. Retirement, age 58
2. Disability
3. Death
4. Age 70 ½

For participants that terminate employment for reasons other than attainment of retirement age, disability or death, and the value of the participant's account will become distributable the end of the fifth plan year following termination. Payment will be made in a single lump sum if the Plan has cash available to fund the distribution. Participants with account balances less than \$1,000 may be paid out as soon as administratively feasible. Participants with accounts between \$1,000 and \$7,000 may be distributed to a qualified Individual Retirement Account (IRA) as soon as administratively feasible with or without the consent of the Participant. Participants accounts will be paid out in a lump sum to the extent that the Plan has cash available for distribution. If there is not available cash to fully fund an individual participant's lump sum, distribution of vested account of such participant shall be made in equal annual installments over no more than five years. For participant accounts greater than \$1,380,000, the payment may be extended an additional year for every \$275,000 over the \$1,380,000 for up to an additional 5 years.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of their vested account balance in investments other than employee securities. In the sixth year, the percentage changes to 50%.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to ERISA. If the Plan is terminated, or if employer contributions are completely discontinued, all amounts credited to participants' accounts will become 100% vested. Upon termination of the Plan, the board of directors directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale will be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Note 2 - Significant Accounting Policies and Use of Estimates

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

The plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the cost method. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year. The Plan sponsor determines the Plan's valuation policies utilizing information provided by the investment custodian.

The classification of investment earnings (losses) reported above and in the statements of changes in net assets available for benefits may differ from the classification of earnings (losses) on Form 5500 due to different reporting requirements on Form 5500.

Notes to Financial Statements
December 31, 2024 and 2023

Payments of Benefits

Benefits payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits.

Note 3 - Investments

The Plan's investments in Company stock at December 31, 2024 and 2023, are as follows:

	2024		
	Allocated	Unallocated	Total
Number of shares	21,394	624	22,018
Cost	\$ 5,186,248	\$ 856,452	\$ 6,042,700
Fair value	\$ 44,426,126	\$ 1,295,786	\$ 45,721,912
	2023		
	Allocated	Unallocated	Total
Number of shares	21,370	648	22,018
Cost	\$ 5,153,307	\$ 889,393	\$ 6,042,700
Fair value	\$ 37,710,806	\$ 1,143,506	\$ 38,854,312

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes on the methodology used at December 31, 2024 and 2023.

Company Common Stock – The fair value of the Company common stock held in the Plan is valued at estimated fair value based upon an independent appraisal. The appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, discount rates, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities, including certain discounts.

Money Market Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements
December 31, 2024 and 2023

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

	2024			
	(Level 1)	(Level 2)	(Level 3)	Total
Common stock	\$ -	\$ -	\$ 45,721,912	\$ 45,721,912
Money market mutual fund	6,850	-	-	6,850
Total assets at fair value	\$ 6,850	\$ -	\$ 45,721,912	\$ 45,728,762
	2023			
	(Level 1)	(Level 2)	(Level 3)	Total
Common stock	\$ -	\$ -	\$ 38,854,312	\$ 38,854,312
Money market mutual fund	210,130	-	-	210,130
Total assets at fair value	\$ 210,130	\$ -	\$ 38,854,312	\$ 39,064,442

Changes in Fair Value of Level 3 Assets

There were no transfers in or out, no purchases, and no sales of the Plan's Level 3 assets for the year ended December 31, 2024.

Note 5 - Acquisition Indebtedness

In December 2020, the Plan entered into a \$988,214 term loan agreement with Moore Holding Company, to be repaid over a period of 30 years. The proceeds of the loan were used to purchase Company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 24 shares being released and allocated for the Plan year ended December 31, 2024.

The balance due on the note payable as of December 31, 2024 and 2023 was \$876,720 and \$904,873, respectively. The loan agreement bears interest at 1.31% and provides for the loan to mature on December 31, 2050.

Notes to Financial Statements
December 31, 2024 and 2023

The scheduled amortization of the loan for the next five years and thereafter is as follows:

<u>Year Ended December 31,</u>	<u>Amount</u>
2025	\$ 28,521
2026	28,895
2027	29,273
2028	29,657
2029	30,045
Thereafter	<u>730,329</u>
Total	<u>\$ 876,720</u>

Interest expense paid to the Company totaled \$11,854 for the year ended December 31, 2024.

Note 6 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 30, 2018, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Subsequent to the issuance of the determination letter, the Plan was amended. However, the Company, Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and, therefore believe the Plan is qualified and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and Uncertainties

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8 - Administration of Plan Assets

The Plan's assets, which consist principally of Moore Holding Company common shares, are held by the Trustee of the Plan. Company contributions are held by the Trustee and managed by the third-party administrator. Certain administrative functions are performed by officers or employees of the Company. No officer or employee receives compensation from the Plan. Administrative expenses for the third-party administrator's fees are paid by the Company.

Note 9 - Related Party and Parties-in-Interest Transactions

Certain Plan investments are shares of common stock of Moore Holding Company. The Plan also has acquisition indebtedness (Note 5) due to Moore Holding Company, the plan sponsor, as defined by the Plan and, therefore, these transactions are related party and party-in-interest transactions.

Note 10 - Right of First Refusal

Company stock that has been distributed to a participant and not immediately repurchased by the Company or Trust, may be subject to a right of first refusal if so, determined by the Company. Prior to any subsequent transfer, the shares must first be offered by written offer to the Company, and then, if refused by the Company, to the Trust at fair market value as determined by an independent appraiser appointed by the Board of Directors.

Note 11 - Transfers

On December 31, 2024, there were some employees who had diversified their funds in the Moore Holding Company ESOP and transferred them to the Moore Holding Company Profit Sharing 401(k) Plan. The aggregate amount transferred was \$1,971,179.

Note 12 - Plan Amendments

Effective January 1, 2024, the Plan was amended to change the mandatory cash-out limit for terminated or retire participants from \$5,000 to \$7,000, to change the application of available non-stock assets to mandatory diversification participants, and to update references to annual limit amounts.

Note 13 - Subsequent Events

Effective July 3, 2025, the Plan was amended to change the Plan's name to Vistal Employee Stock Ownership Plan and Trust and the Plan's sponsor to Vistal Company.

The Plan sponsor has evaluated subsequent events through August 22, 2025, the date which the financial statements were available to be issued.
