INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
First Financial Federal Credit Union
401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the First Financial Federal Credit Union 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FIRST FINANCIAL FEDERAL CREDIT UNION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Note 1 – Description of the Plan

General

First Financial Federal Credit Union 401(k) Profit Sharing Plan and Trust (the Plan) is a defined contribution plan that was established on January 1, 1961 by First Financial Federal Credit Union (the Credit Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan's provisions.

Administration

The Plan Sponsor and named Plan Administrator is the Credit Union. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed an Investment Committee made up of members from the Credit Union's management team. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and fees. The Plan's Trustee and Investment Custodian is Empower Trust Company, LLC (Empower Trust). The Trustee holds all of the Plan's assets and executes all of the Plan's transactions. The Plan has retained Empower Institutional to provide participant and administrative services.

Eligibility

The Plan covers all employees of the Credit Union, with the exception of part time, temporary and seasonal employees and those who are covered by a collective bargaining agreement. All eligible employees must be 18 years of age and completed two months of service, with the entry date being the first day of the month after meeting the participation requirements.

Contributions to the Plan

Participants may elect to defer a percentage of their annual compensation to the Plan as pre-tax or after-tax Roth contributions provided that the election does not exceed annual Internal Revenue Service (IRS) limits. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to annual limits set by the IRS. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers).

The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled into the Plan at 3% of eligible compensation unless they affirmatively elect not to participate. In addition, there is an automatic escalation clause for participants automatically enrolled which includes scheduled deferral rate increases of 1% annually, until the deferral rate reaches 10%.

The Plan provides for safe harbor contributions by the Credit Union equal to 3% of participant's eligible compensation. Additionally, the Credit Union may make a discretionary matching and profit-sharing contribution to be determined by the Credit Union's Board of Directors.

In order to receive the safe harbor, discretionary matching and profit-sharing contributions, employees must have completed one year of service. The Credit Union did not make a discretionary matching contribution for the year ended December 31, 2024.

FIRST FINANCIAL FEDERAL CREDIT UNION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

In accordance with Section 604 of the SECURE Act 2.0, the Plan allowed participants to elect to have their employer safe harbor matching contributions designated as Roth contributions. Previously, all employer safe harbor matching contributions were made on a pre-tax basis. Employer safe harbor matching contributions designated as Roth contributions are included in the employee's gross income in the taxable year in which the contribution is allocated to the employee's account. These contributions are fully vested at the time they are made.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 10.50%. The loan interest rate, determined monthly, is set at 1% above the prime rate, as defined in the plan document. Loan terms may range from 1 - 5 years, except for loans used to purchase the participant's primary residence. Principal and interest payments are paid through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or substantially equal installments. Distributions of less than \$1,000 will be paid as a lump-sum payment.

Prior to January 1, 2024, a lump-sum rollover distribution is required if a participant's vested balance is less than \$5,000. Effective January 1, 2024, under provisions of SECURE Act 2.0, a lump sum rollover distribution is required if a participant's vested balance is less than \$7,000. In-service distributions are permitted for participants who have not separated employment and have attained age 59½. Hardship distributions are permitted if certain criteria are met. Additionally, as allowed under the SECURE 2.0 Act, the Plan adopted the Disaster Relief Withdrawal optional provision for individuals affected by federally declared disasters which allows participants to withdraw up to \$22,000 from their retirement plans without incurring the 10% early withdrawal penalty.

Vesting

Participants are immediately vested in their contributions and the Credit Union's safe harbor contributions plus actual earnings thereon. Participants vest in 20% increments for each year of credited service after year two, such that a participant is 100% vested after six years of service for discretionary profit-sharing and matching contributions plus actual earnings/losses thereon. Participants also become 100% vested upon death, disability, or attainment of normal retirement age.

FIRST FINANCIAL FEDERAL CREDIT UNION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Forfeitures

Forfeitures attributable to the Credit Union's discretionary profit-sharing and matching contributions are allocated to participants annually. The forfeited non-vested account maintained a balance of approximately \$16,000 and \$19,000 as of December 31, 2024 and 2023, respectively. During the year ended December 31, 2024, forfeitures allocated to participants approximated \$18,000.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting. Income from investments is recorded when it is earned. Employee contributions are recorded when withheld from pay. Employer contributions are recorded in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make use of estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Investment Custodian. See Note 4 for discussion of fair value measurements. The purchase and sale of investments is recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are charged to expense when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Certain expenses of maintaining the Plan are paid directly by the Credit Union and are excluded from these financial statements. Certain fees associated with distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

FIRST FINANCIAL FEDERAL CREDIT UNION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Subsequent Events

The Plan has evaluated subsequent events through August 30, 2025, the date the financial statements were available to be issued. Effective 2025, Empower adopted self-certification for hardship distributions. Effective April 16, 2025, the Plan was amended to count service with a certain predecessor employer for purposes of determining eligibility and vesting.

Note 3 – Unaudited Investment Information Certified by the Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules (DOL's) and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Empower Trust as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023,
2. All investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024,
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024,
4. Notes receivable from participants as of December 31, 2024 and 2023 and the related income on notes receivable from participants for the year ended December 31, 2024.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 or 2023. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

FIRST FINANCIAL FEDERAL CREDIT UNION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

Mutual funds: Valued at daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the NAV as a practical expedient. The NAV is based on the Plan's units of participation in the collective investment trust and the fair value of the separate accounts backing the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below segregate all financial assets as of December 31, 2024 and 2023 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

	As of December 31, 2024			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 45,759,636	\$ 45,759,636	\$ -	\$ -

FIRST FINANCIAL FEDERAL CREDIT UNION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

(a) In accordance with Subtopic 820-10 of the Financial Accounting Standards Board Accounting Standards Codification, certain investments were measured at NAV per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table sets forth the fair value investments using NAV as a calculation of measurement as of December 31, 2024 and 2023:

	As of December 31,				
	2024	2023	Unfunded	Redemption	Redemption
	Fair Value	Fair Value	Commitments	Frequency	Notice Period
Collective Investment Trust:					
Stable value fund	\$ 830,258	\$ 3,143,081	\$ -	Daily	Daily

Note 5 – Party-in-Interest Transactions

Certain Plan investments are managed by Empower Trust. As Empower Trust serves as the Trustee and Investment Custodian, as defined by the Plan, payment of fees by the Plan to Empower Trust qualify as party-in-interest transactions as defined by ERISA. Fees paid by the Plan for administrative services to Empower Trust approximated \$1,700 for the year ended December 31, 2024. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Credit Union has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. Upon Plan termination, all participants' accounts would become fully vested.

Note 7 – Plan Amendment and Tax Status

The Plan uses a non-standardized pre-approved plan document, which has been filed with the IRS and has received a favorable advisory letter dated June 30, 2020. While the Plan document has not received an individual IRS determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2024. The Plan was amended and restated effective March 1, 2024, to permit In-Plan Roth Rollover Contributions subject to certain limitations.

The Plan permitted provisions of SECURE Act 2.0 during the years ended December 31, 2024 and 2023. Written amendments to the Plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 48,443,030	\$ 48,058,782
Less: Employer contributions receivable at the end of year	(1,436,208)	(1,371,235)
Net assets available for benefits per the Form 5500	\$ 47,006,822	\$ 46,687,547

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits per the financial statements	\$ 384,248
Plus: Contributions receivable at beginning of year	1,371,235
Less: Contributions receivable at the end of year	(1,436,208)
Net increase in net assets available for benefits per the Form 5500	\$ 319,275
