Independent Auditor's Report

Plan Administrator and Participants
QVI Profit Sharing Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of QVI Profit Sharing Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter – *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the Financial Statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

QVI Profit Sharing Retirement Plan

Notes to Financial Statements December 31, 2024 and 2023

1. Description of the Plan

The following description of the QVI Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General — The Plan is a noncontributory defined contribution plan covering all employees of Quality Vision International Inc. and Quality Vision Services Inc. (collectively, the “Company” or “Employer”), who are 18 years of age or older, employed on the last day of the Plan year and who have worked at least 1,000 hours during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Newport Trust Company (“Newport”) is the Trustee of the Plan and USI Consulting Group provides recordkeeping services for the Plan. Newport is also the custodian of the Plan's investments with the exception of certain investments. As of December 31, 2024, one investment remains at the prior custodian and will transfer to Newport once certain restrictions and consents are satisfied. Beginning on April 25, 2025, Newport delegated its obligations under the trust agreement to Ascensus Trust Company.

Contributions — The Company contributes to the Plan such amounts, if any, as the Company's Board of Directors shall at their discretion determine. These contributions are allocated to eligible participants, as defined in the Plan, based upon their compensation in proportion to compensation of all eligible participants of the Plan. The discretionary profit sharing contribution to the Plan for 2024 was 5.0% of each eligible participant's compensation and amounted to \$1,111,381. Contribution amounts declared but unpaid at year end are recorded as employer contribution receivable, which was received by the Plan and allocated to eligible participants in March 2025. Participants may elect, pursuant to the provisions of the Plan, to transfer a portion of the annual Employer contribution under the Plan, if any, to their QVI 401-K Plan (401-K Plan) account. The amount eligible for transfer is equal to the lesser of the participant's 401-K Plan contribution for the respective year or the participant's total share of the Employer contribution under this Plan for the Plan year. Participant directed allocations to the 401-K Plan for 2024 amounted to \$629,574. This allocation will be transferred to the 401-K Plan in 2025, net of forfeitures at the 401-K Plan of \$14,974, resulting in a net transfer of \$614,600 in March 2025. Participant directed allocations to the 401-K Plan from 2023 were \$570,378 and were transferred to the 401-K Plan in March 2024, net of forfeitures at the 401-K of \$11,423, resulting in a net transfer of \$558,955.

Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Participant Accounts — Each participant's account is credited with an allocation of the Company's contributions, Plan earnings, and forfeitures of terminated participants' non-vested accounts and reduced by the transfer of the Company's current year contribution to the 401-K Plan, withdrawals, Plan losses, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants become fully vested in their account upon completion of six years of service. The Plan provides for partial vesting in the Employer contributions account of 20% after two years, 40% after three years, 60% after four years, 80% after five years and 100% after six years of service.

Forfeitures — Forfeitures are added to any Employer discretionary contribution and allocated in the same manner. During 2024, new forfeited non-vested accounts totaled \$94,172. As of December 31, 2024 and 2023, forfeited non-vested accounts amounted to \$80,704 and \$2,339, respectively. During 2024, \$11,208 of forfeitures were allocated to eligible participants.

Payment of Benefits — The Plan provides for normal retirement benefits upon reaching age 62 and has provisions for early retirement, disability, death, in-service and termination benefits for those participants who are eligible to receive such benefits.

Upon qualifying for a distribution, a participant may elect to receive: (1) a lump-sum amount equal to the value of his or her vested account, (2) partial withdrawal, provided the amount withdrawn is greater than \$1,000.

Plan Termination — Although they have not expressed an intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

The Plan's financial statements have been prepared on the accrual basis of accounting under accounting principles accepted in the United States of America.

Investment Valuation and Income Recognition — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan's investments are held in a *Unitized Managed Account Portfolio* ("UMA Portfolio") with Newport and consist primarily of mutual funds. Newport shall measure each participant's proportional interest in the UMA Portfolio in units of participation, rather than shares or interests in any of the underlying investments in the UMA portfolio. Newport calculates the net asset value for each outstanding unit of the UMA Portfolio daily. Valuation of the UMA Portfolio is based upon the publicly quoted prices obtained directly from the mutual funds, or other sources, as defined. Certain restrictions apply to the UMA Portfolio including permissible investments, maintaining a minimum allocation of cash for liquidity purposes, and other redemption restrictions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan invests in securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these securities, it is at least reasonably possible that changes in their values will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits — Benefits are recorded when paid.

Administrative Expenses — Costs related to administering the Plan may be paid by the Company. Administrative expenses not paid by the Company shall be paid by the Plan. Certain investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events — Plan management has evaluated subsequent events and transactions for potential recognition or disclosure through September 9, 2025, the date that the financial statements were available to be issued.

3. Fair Value Measurement

The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Registered Investment Companies — Valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end. The money market funds are valued at amortized cost, which approximates fair value.

Collective Investment Trust Fund — Investments include a stable value fund managed by Putnam Fiduciary Trust Company. The stable value fund invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The stable value fund generally permits redemption daily. Certain contractual terms may limit redemption. The stable value fund is valued using NAV per share as a practical expedient. NAV is based on the fair value of the underlying portfolio securities held by the fund less its liabilities. There were no unfunded commitments at December 31, 2024.

Limited Partnership — The fair value of the limited partnership investment as reported by the issuer, is determined by reference to projected net earnings, EBITDA, the discounted cash flow method, public market or private transactions, valuations for comparable companies and other measures which, may be based on unaudited information. The limited partnership investment is intended for long-term investment. There is no organized secondary market for investors' interests in nor is there an organized market for which to sell the investment, and none is expected to develop. Redemption of the limited partnership investment is subject to strict liquidity restrictions as prescribed in the subscription agreement and is subject to approval by the issue which cannot be estimated.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Hierarchy	December 31,	
		2024	2023
Investments:			
Registered investment companies	Level 1	\$ 17,085,739	\$ 16,626,159

Money market funds/accounts	Level 1	222,606	109,135
Totals		<u>\$ 18,368,696</u>	<u>\$ 17,822,285</u>

(a) The collective trust fund is measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes the quantitative inputs and assumptions used by the issuer for the limited partnership categorized in Level 3 of the fair value hierarchy as of December 31, 2024 and 2023.

<u>As of Date</u>	<u>Fair Value</u>	<u>Valuation Techniques</u>	<u>Unobservable Inputs</u>	<u>Ranges</u>	<u>Weighted-Average</u>	<u>Impact to Valuation from an Increase in Input</u>

Distributions and return of capital	<u>(85,600)</u>
Balance, end of year	<u>\$ 550,357</u>
Changes in unrealized gains (losses) included in net earnings related to asset still held at the end of year.	<u>\$ (17,740)</u>

4. Related-Party and Party-In-Interest Transactions

Certain employees and/or officers of the Company or its affiliates perform administrative services to the Plan at no cost to the Plan.

5. Tax Status

The Plan adopted a non-standardized pre-approved plan sponsored by Newport Group, Inc. Newport Group, Inc. received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the non-standardized pre-approved plan document satisfies the applicable provisions of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

As of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Certified Financial Information

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Newport Trust Company and furnished to the Company. The Company has obtained certifications from Newport Trust Company as of December 31, 2024 and 2023, and for the year ended December 31, 2024, that such information is complete and accurate.
