## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees  
of the CVR Management, LLC 401(k) Plan  
Greenbelt, Maryland

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of CVR Management, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CVR Management, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Voya Retirement Insurance and Annuity Company (Voya), a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CVR Management, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CVR Management, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the CVR Management, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CVR Management, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter - Supplemental Schedules Required by ERISA***

The supplemental Schedule H, Part IV, line 4i – Schedule of Assets (Held at Year End) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **NOTE 1 PLAN DESCRIPTION**

---

The following description of the CVR Management, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### ***General***

The Plan was formed effective January 1, 2014 and is a defined contribution plan covering substantially all employees of CVR Management, LLC or of any of the adopting employers (collectively "Employer" or "Company"). Adopting employers include Center for Vein Restoration (MD), LLC, Center for Vein Restoration (MI), LLC, Center for Vein Restoration (CT), LLC, Center for Vein Restoration (NJ), LLC, VR Physician for Vein Restoration (NY), LLC, Center for Vein Restoration (PA), LLC, Center for Vein Restoration (RI), LLC, Center for Vein Restoration (AL), LLC, Center for Vein Restoration (IN), LLC, Center for Vein Restoration (FL), LLC, Center for Vein Restoration (OH), LLC, Center for Vein Restoration (IL), LLC, Center for Vein Restoration (AZ), LLC, Center for Vein Restoration (TX), LLC, Center for Vein Restoration (KY), LLC, Center for Vein Restoration (SC), LLC, Center for Vein Restoration (MA), LLC, Center for Vein Restoration (AK), LLC, Center for Vein Restoration (NH), PLLC, Center for Vein Restoration (TN), PLLC, Center for Vein Restoration (IA), PLLC, Center for Vein Restoration (GA), Corp, Center for Vein Restoration (NM), LLC and Center for Vein Restoration (NC), PLLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

#### ***Contributions***

Each year, participants may contribute a percentage of pre-tax and post-tax (Roth) annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributions consist of discretionary matching and other qualified discretionary contributions. The matching contribution is a discretionary percentage of a participant's compensation or a discretionary dollar amount, which is determined by management each year. A participant must complete a year of service (1,000 hours) to be eligible for a matching contribution. Highly compensated individuals are not eligible to receive matching contributions. During 2024, the Company elected to make a matching contribution of 25 percent of deferrals up to 6 percent from July 1, 2024 to December 31, 2024. No other qualified discretionary contributions were made for 2024. Contributions are subject to certain IRS limitations.

### NOTE 1 PLAN DESCRIPTION (CONTINUED)

---

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions and other discretionary contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### *Vesting*

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	50%
2	75%
3	100%

#### *Notes Receivable from Participants*

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1 percent. Principal and interest are paid ratably through semimonthly or monthly payroll deductions.

#### *Payment of Benefits*

On termination of service due to death, disability, retirement, or other reasons, a participant, or his or her beneficiary, will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Effective January 1, 2024, the mandatory distribution limit was increased from \$5,000 to \$7,000. Participants with balances of less than \$7,000 that meet the provisions for a mandatory distribution will be directly rolled over into an individual retirement account in the participants name with a qualified institution designed by the Plan Administrator (amounts between \$1,000 and \$7,000) or paid directly to the participant (amounts under \$1,000), if the participant does not elect the distribution method. In addition, hardship and in-service distributions are permitted if certain criteria are met.

#### *Forfeited Accounts*

At December 31, 2024 and 2023 forfeited nonvested accounts totaled \$0 and \$6,070, respectively. Forfeitures are used to reduce company contributions or pay plan expenses. During 2024, forfeitures of \$10,749 were used to offset company contributions.

## **Notes to Financial Statements**

---

### **NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

---

#### ***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

#### ***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Investment Valuation and Income Recognition***

Investments are reported at fair value, (except for the fully benefit responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

#### ***Contributions***

Contributions from Plan participants, company discretionary match, and other qualified discretionary contributions are recorded in the year in which the employee contributions are withheld from compensation and on compensation paid during the year.

#### ***Payment of Benefits***

Benefits are recorded when paid.

### **Notes to Financial Statements**

---

#### **NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

---

##### ***Plan Expenses***

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

#### **NOTE 3 FAIR VALUE MEASUREMENTS**

---

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023 for those assets measured at fair value.

**NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)**

***Pooled Separate Accounts (Registered Investment Companies)***

Valued at their “accumulation unit value” (AUV). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts and is then determined daily based on the net asset value of shares of the underlying fund, the fund’s dividends and the contract’s separate account charges. The fund AUV’s are available from the custodian. The contract’s daily asset charge (separate account charge) is communicated to plan management in the contract and applicable notice of change.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023.

	<b>Assets at Fair Value as of December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Investments measured at AUV*				
Pooled separate accounts	\$ -	\$ -	\$ -	\$ 19,066,027
Total investments at fair value	\$ -	\$ -	\$ -	\$ 19,066,027

Pooled separate accounts	\$ -	\$ -	\$ -	\$ 14,932,314
Total investments at fair value	\$ -	\$ -	\$ -	\$ 14,932,314

\*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent AUV) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

***Investments Measured Using the Net Asset Value and Accumulation Unit Value per Share Practical Expedient***

The following table summarizes investments for which fair value is measured using the net asset value or accumulation unit value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

- (a) These funds seek long-term growth of capital or a combination of growth and income by investing primarily in stocks of larger, mature companies. The investment styles exhibited are value and "blend." Stocks are selected for price appreciation and for the value of the current income provided through dividends. These funds generally exhibit a lower level of price volatility, due to the types of companies they favor, such as those able to pay dividends along with older, mature companies.
- (b) These funds invest primarily in stocks of larger U.S. companies employing an investment style of growth. A growth fund invests in the stocks of companies that are growing rapidly. Growth companies tend to reinvest all or most of their profits for research and development rather than pay dividends. Growth funds are focused on generating capital gains rather than income. Funds emphasizing growth stocks will typically have higher price/earnings ratios and make little or no dividend payments. Large capitalization companies tend to be more established, with lower relative volatility, than more aggressive small and mid-cap stock funds.
- (c) These funds invest in a combination of assets such as aggressive stocks, international stocks, large-company stocks, government bonds, foreign bonds or money markets. The allocation percentage to each asset type may be fixed, bounded by a range, or determined at the discretion of the manager. Managers of these funds review market conditions regularly and refine the asset allocation mixture they believe will achieve the best risk adjusted performance based on the stated objectives and "target" allocations of the particular fund. Different constructs can be based on risk tolerance or length of time to investment goal.
- (d) These funds seek capital appreciation by investing primarily in stocks of small-and medium-sized companies. Generally, these companies are striving to develop new products or markets and have above-average earnings growth potential. Because of their smaller size, these companies may face greater business risk, and investments in these funds generally carry much higher risk than other domestic equity funds. "Specialty" or "sector" funds invest in stocks of companies in a particular industry. This narrow focus can significantly increase the risk and volatility of such funds.

#### **NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)**

---

- (e) These funds invest in stocks of companies outside of the United States. Global funds have an investment style of World Stock. These funds invest in stocks of companies in the United States and developed countries outside of the United States. Emerging Markets funds invest in securities of developing countries and demonstrate the greatest volatility of performance due to the unstable nature of their economies, political structures and currencies. International investing may provide greater diversification benefits to a U.S.-based portfolio than investing in domestic securities alone. However, foreign investing does involve additional risks not present in U.S. securities.
- (f) These funds seek income or growth of income, with less emphasis on capital appreciation. Funds in this asset class vary greatly in their risk profiles. The issuer, credit quality of the underlying investments, and the average duration of the portfolio play important roles in determining the risk profile of the fund. Fixed-income funds those that have significant investments in below-investment grade bonds ("junk bonds") or bonds of foreign issuers would be categorized as high yield or international bonds.
- (g) This fund seeks to provide investors with a high level of current income consistent with preservation of capital and liquidity and the maintenance of a stable \$1.00 net asset value per share.

#### **NOTE 4 GUARANTEED INVESTMENT CONTRACT**

---

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company (Voya) totaling \$325,298 and \$257,734 as of December 31, 2024 and 2023, respectively. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

#### **NOTE 4 GUARANTEED INVESTMENT CONTRACT (CONTINUED)**

---

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include:

- (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan),
- (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
- (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan,
- (4) The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA,
- (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include:

- (1) an uncured violation of the Plan's investment guidelines,
- (2) a breach of material obligations under the contract,
- (3) a material misrepresentation,
- (4) a material amendment to the agreements without the consent of the issuer.

#### **NOTE 5 CERTIFICATION BY CUSTODIAN**

---

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, a qualified institution.

Notes receivable from participants as of December 31, 2024 and 2023 are not certified.

#### **NOTE 6 RELATED-PARTY TRANSACTIONS AND PARTIES IN INTEREST TRANSACTIONS**

---

Certain Plan investments are managed by Voya. Voya is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. The Plan also utilizes Morningstar Investment Management LLC (Morningstar) to provide investment management services. These transactions also qualify as party in interest transactions. The Plan made direct payments to Voya and Morningstar totaling \$34,810 during 2024, which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

#### **NOTE 7 PLAN TERMINATION**

---

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their company contributions.

#### **NOTE 8 TAX STATUS OF THE PLAN**

---

The Plan is a prototype non-standardized plan that was deemed acceptable under Section 401(a) of the Internal Revenue Code in a letter dated June 30, 2020, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The Plan Administrator adopted the restated prototype plan effective March 15, 2021. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions, generally for a period of three years after the returns are filed; however, there are currently no audits for any tax periods in progress.

#### **NOTE 9 RISKS AND UNCERTAINTIES**

---

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risk includes global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.
