Independent Auditors' Report

To the Pension Committee of
The Stephenson National Bank & Trust Employee Stock Ownership Plan
Marinette, Wisconsin

Opinion

We have audited the accompanying financial statements of The Stephenson National Bank & Trust Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Stephenson National Bank & Trust Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Stephenson National Bank & Trust Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Stephenson National Bank & Trust Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Pension Committee
The Stephenson National Bank & Trust Employee Stock Ownership Plan

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Stephenson National Bank & Trust Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Stephenson National Bank & Trust Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the 2024 financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2024 financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2024 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2024 financial statements or to the 2024 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEE STOCK OWNERSHIP PLAN**

Notes to Financial Statements
December 31, 2024 and 2023

Note 1 - Description of Plan

The following brief description of The Stephenson National Bank & Trust (Company) Employee Stock Ownership Plan (Plan) is provided for general purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General

Stephenson National Bank & Trust established the Plan effective January 1, 2022. The Plan is an employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the internal revenue code (IRC) of 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company. The Plan covers substantially all full-time employees of the Company, upon hire, who are age 21 or older.

The Plan has acquired common shares of the Company's stock with fully deductible contributions from the Company and holds the stock in a trust established under the Plan. At December 31, 2024 the plan recorded a contribution receivable of \$549,363, which will be funded with a fully deductible contribution of 2,900 shares of treasury stock held by the Company. At December 31, 2023 the plan recorded a contribution receivable of \$575,697, which was funded with a fully deductible contribution of 2,750 shares of treasury stock held by the Company. Acquired stock has been allocated to eligible participants accounts in accordance with applicable regulations under the IRC.

Shares are subject to the Plan's vesting schedule, and the Company has no rights against shares once they are allocated under the Plan.

Contributions

Employees who are age 21 or older, have completed 30 days of service, and completed 1,000 hours of service during the plan year are eligible to receive Company contributions. The required Company contribution is equal to 4% of the participant's base compensation and is paid annually. The Company also has an additional discretionary contribution that amounts to 2% of base compensation and is paid annually. Participants must be employed on the last day of the plan year to receive the discretionary contribution. The Company contributions were \$549,363 and \$575,697 for the years ended December 31, 2024 and 2023, respectively.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company contributions, as applicable, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation or account balance, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service for their accounts that contain employer discretionary contributions and is 100% vested after two years of credited service for the required employer contribution portion of their accounts.

EMPLOYEE STOCK OWNERSHIP PLAN**

Notes to Financial Statements
December 31, 2024 and 2023

Note 1 - Description of Plan (Continued)

Payment of Benefits

Upon termination for any reason, a fully vested participant will be entitled to a cash distribution equal to the vested balance of their account.

On termination of service due to death, disability, or retirement, the plan administrator may elect to distribute either a lump sum amount equal to the value of the participant's vested interest in his or her account or in substantially equal annual installments over a period not to exceed 5 years. The 5-year period may be extended up to 5 years for accounts whose value exceeds \$1,090,000 (subject to IRS cost of living adjustments), or 5 years plus 1 additional year (but not more than 5 additional years) for each \$220,000 (subject to IRS cost of living adjustments) or fraction thereof by which such balance exceeds \$1,090,000 (as adjusted).

Forfeited Accounts

The Plan provides that upon a participant's termination, the participant's non-vested interest in their account is forfeited when the participant receives a distribution of the entire vested interest. Forfeitures may be used to pay administrative expenses or to reduce employer contributions. During 2024, 10.6796 forfeited shares were reallocated. The value of all forfeitures reallocated totaled \$1,868. During 2023, 15.3186 forfeited shares were reallocated. The value of all forfeitures reallocated totaled \$2,938.

Diversification

Diversification is offered to participants close to retirement so they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least 55 years of age with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify may transfer or rollover the diversified amount into another qualified plan of the Company pursuant to the plan document or may receive a cash distribution. During 2024 and 2023, no participants elected to diversify any shares.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradeable on an established market or is subject to trading limitations, includes a put option. The put option is a right to demand the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company or by the use of forfeited accounts.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account for significant corporate events and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is permitted to vote any allocated share for which instructions have not been given by a participant for routine, non-significant corporate events. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Notes to Financial Statements
December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies

This summary of significant accounting policies of The Stephenson National Bank & Trust Employee Stock Ownership Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to generally accepted accounting principles.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The common shares of the Plan are valued at fair value as determined by annual independent appraisals. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a declared-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 4 for discussion of fair value measurements.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through August 22, 2025, the date the financial statements were available to be issued.

Note 3 - Investments

The Plan's investments in Stephenson National Bank & Trust common stock at December 31 were as follows:

	<u>2024</u>	<u>2023</u>
Company common stock:		
Number of Shares	<u>5,600</u>	<u>2,850</u>
Cost	<u>\$ 960,750</u>	<u>\$ 498,750</u>
Estimated Fair Value	<u>\$ 1,288,000</u>	<u>\$ 598,500</u>

At December 31, 2024, the Plan had committed to purchasing 2,900 shares at \$185 per share. The shares had a fair value of \$230 per share, resulting in accrued income of \$130,500. Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used as of December 31, 2024 and 2023.

Stephenson National Bank & Trust common stock: The fair value of the Stephenson National Bank & Trust common stock held by the Plan is valued at estimated fair value based on an independent appraisal. This appraisal was based on income valuation techniques, with consideration of market valuation techniques. The appraiser took into account historical and projected cash flows and net income, return on assets, return on equity, market comparables, and estimated fair value of company assets and liabilities and includes a discount for lack of marketability.

The valuation process involves the Trustee's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which the ESOP Trustee reviews in detail, discusses with input from plan management, and approves.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plans' investment assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Total Investments at Fair Value - Stephenson National Bank & Trust Common Stock	\$ -	\$ -	\$ 1,288,000	\$ 1,288,000

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Total Investments at Fair Value - Stephenson National Bank & Trust Common Stock	\$ -	\$ -	\$ 598,500	\$ 598,500

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2024 and 2023:

	Stephenson National Bank & Trust Common Stock	
	2024	2023
Balance, Beginning of Year	\$ 598,500	\$ -
Unrealized appreciation in estimated fair value	112,000	99,750
Contributions	577,500	498,750
Balance, End of Year	\$ 1,288,000	\$ 598,500

Gains (realized and unrealized) included in the changes in net assets for the period above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Note 5 - Administration of Plan Assets

The Plan's assets currently consist of cash, Company common shares, an employer contribution receivable, and accrued income. These assets are managed by the Trustees of the plan, who direct investments of cash received, interest, and dividend income. Principal Insurance Company is the Plan's record keeper and makes benefit payments to participants as directed.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 6 - Risks and Uncertainties

The Plan invests in Company common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investments and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustee to pay all liabilities and expenses of the ESOP. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Income Taxes

The Plan is qualified under the IRC and, therefore, the related Plan is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Related-Party Transactions and Party-in-Interest Transactions

The Plan invests in Company common stock and has plan investments managed by the Trustees. Principal Insurance Company is the Plan's record keeper. These are related-party and party-in-interest transactions under ERISA.
