MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		☒	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	☒		
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☒ Yes ☐ No

Sadoff & Rudoy Industries Pension Plan for Union Employees

Financial Statements and Supplemental Schedule

Years Ended December 31, 2024 and 2023

WIPFLI

Independent Auditor's Report

Plan Administrator
Sadoff & Rudoy Industries Pension Plan for Union Employees
Fond du Lac, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sadoff & Rudoy Industries Pension Plan for Union Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 (in liquidation), and the related statements of changes in net assets available for benefits for the years then ended (in liquidation) and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sadoff & Rudoy Industries Pension Plan for Union Employees' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sadoff & Rudoy Industries Pension Plan for Union Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 1, Note 3, and Note 8 of the financial statements, Sadoff & Rudoy Industries, LLP approved a plan of liquidation on August 9, 2022, and management determined liquidation was imminent. As a result, the Plan has changed its basis of accounting to the liquidation basis. As discussed in Note 3 to the financial statements, the Plan did not have an actuarial report prepared as of January 1, 2024, so the effect on the estimated present value of accumulated plan benefits was not determined. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sadoff & Rudoy Industries Pension Plan for Union Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sadoff & Rudoy Industries Pension Plan for Union Employees

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Sadoff & Rudoy Industries Pension Plan for Union Employees (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. Sadoff & Rudoy Industries, LLP (the "Company") is the sponsor of the Plan.

Plan Termination

On August 31, 2022, the Company communicated to all participants its intent to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), with a termination date of November 1, 2022, and which was subject to the approval of the Internal Revenue Service ("IRS") and Pension Benefit Guarantee Corporation ("PBGC"). In accordance with accounting principles generally accepted in the United States of America ("GAAP"), the Plan changed its basis of accounting to value plan assets to the liquidation basis for the years ended December 31, 2024 and 2023. This change had no effect on the reported net assets available for benefits. See further disclosures relating to the Plan's termination in Note 8.

General

The Plan is a noncontributory defined benefit plan sponsored by Sadoff & Rudoy Industries, LLP (the "Company"). The Plan is subject to the provisions of ERISA, as amended.

The Plan covers substantially all full-time employees who are members of the Teamsters "General" Union Local #200 and Local #662 (collectively, the "Union") and who have worked at least four consecutive weeks with the Company. Employees are fully vested after completing five years of service with the Company.

As of October 6, 2010, the Plan was frozen and any employee who was not yet a participant in the Plan on October 6, 2010, could not enter the Plan. The Plan was amended to freeze all benefit accruals. On June 20, 2024, the Company amended the Plan to increase lump-sum distributions by 30% for participants who elected to receive a lump-sum distribution and were not classified as highly compensated as of August 15, 2023.

Funding Policy

The Plan's funding policy is for the Company to contribute an amount, which will meet or exceed the annual ERISA minimum funding requirement. The Company met the minimum funding requirements under ERISA and did not make any contributions for the years ended December 31, 2024 and 2023.

Sadoff & Rudoy Industries Pension Plan for Union Employees

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Pension Benefits

The Plan provides for benefit payments under the following circumstances:

- (a) For normal retirement at age 65 or age 57 with at least 20 years of credited service.
- (b) For early retirement at minimum age 55 with at least 20 years of credited service, subject to a reduction in benefit payments.
- (c) For disability retirement, participants may receive a disability retirement benefit if they meet certain criteria as outlined in the plan document.
- (d) If a participant dies prior to retirement and is fully vested or eligible to receive a benefit at the time of death, the participant's spouse would receive a benefit equivalent to a joint and 50 percent surviving spouse option. A 60-month survivor benefit is also payable to a deceased participant's spouse or dependent child if certain requirements, as outlined in the plan document, are met. A deceased participant's beneficiary may also be eligible to receive a lump-sum death benefit.
- (e) If a participant terminates and has a vested accrued benefit, then the vested accrued benefit will be paid as a distribution. Any nonvested accrued benefit will be immediately forfeited.

The monthly pension benefit allows for various calculations depending on years of service and age of participant. Participants should refer to the plan document for a more complete description of various monthly calculations. The maximum benefit payable when combined with current vested pension benefits from Central States, Southeast, and Southwest Areas Pension Plan shall be \$615 per month.

The Plan allows for various forms of pension payments, including life pension annuities and joint and survivor pension annuities.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with GAAP. The financial statements are presented on the liquidation basis.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results may differ from these estimates.

Sadoff & Rudoy Industries Pension Plan for Union Employees

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisor and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative and Investment Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees paid directly by the Plan are reflected as investment expenses and included in net investment income. All other expenses paid directly by the Plan are recorded as administrative expenses in the accompanying statements of changes in net assets available for benefits.

Note 3: Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present participants or their beneficiaries. Benefits under the Plan are based on employees' years of benefit service earned and age of participant as of the valuation date as described in Note 1. Benefits payable under all circumstances - retirement, death, disability, and the termination of employment - are included to the extent they are deemed attributable to employee service rendered as of the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Sadoff & Rudoy Industries Pension Plan for Union Employees

Notes to Financial Statements

Note 3: Actuarial Present Value of Accumulated Plan Benefits (Continued)

Prior to the decision to liquidate, the Plan actuarially estimated the present value of accumulated plan benefits on a beginning of the plan year basis. Under the liquidation basis of accounting, the Plan's accumulated benefit obligation should be presented as of the plan year-end. In addition, the accumulated benefit obligations should be measured based on the amount estimated necessary to fully settle the Plan's obligations pursuant to its plan of liquidation and in accordance with the applicable governing regulations. Due to the Plan terminating on November 1, 2022, management elected to not have a valuation completed during 2024 and 2023. During 2024, \$3,540,471 was paid out to participants in lump-sums before the Plan liquidated. An amount of \$103,720 was remitted to the PBGC on behalf of participants whom the Company has been unable to locate. These funds will remain with the PBGC until the respective participants are identified and claimed. The remaining distribution of \$2,185,800 was used to purchase annuities with a third party for participants entitled to receive monthly payments post-liquidation. The remaining overfunded amounts in the Plan after these distributions were then transferred to the Company's 401k plans as discussed at Note 6. Therefore, the Plan's accumulated benefit obligation is not presented as of December 31, 2024 and 2023.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

There were no assets or liabilities measured at fair value as of December 31, 2024.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023.

Money market funds: Valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Note 4: Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 6,632,705	\$ 0	\$ 0	\$ 6,632,705
Total investment assets at fair value	\$ 6,632,705	\$ 0	\$ 0	\$ 6,632,705

Note 5: Tax Status

The IRS has determined and informed the Plan by a letter dated July 13, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 6: Party-in-Interest Transactions

The Plan made direct payments to Newport Group, the actuary, of \$12,747 in 2024 and \$5,289 in 2023, and to Spectrum Investment Advisors for investment advisory fees, of \$0 in 2024 and \$14,815 in 2023. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

After the purchase of the annuity contracts, the lump sum distributions, the transfer to PBGC, and any final expenses were paid, the Plan remained overfunded by approximately \$960,000. As a result, approximately \$634,000 and \$326,000 was transferred to the Sadoff and Rudoy Industries Salary Reduction 401(k) Plan and the Sadoff and Rudoy Industries Union 401(k) Plan, respectively, to be used to offset future employer contributions and expenses. These transactions were not considered prohibited transactions under 29 CFR 408(b) of ERISA regulations.

Note 7: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2024 and 2023, and interest and dividends for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport Trust Company, LLC, the trustee of the Plan.

Note 8: Plan Termination

On August 31, 2022, the Company communicated to all participants its intent to terminate the Plan, subject to the provisions of ERISA, with a proposed termination date of November 1, 2022. In order to terminate the Plan, the Company requested and received approval from the IRS and the PBGC. The final benefit payments and distributions occurred subsequent to year end on January 7, 2025. The pension benefits of the participants in the Plan are 100% vested, and the termination did not affect the amount of benefit the participants are entitled to or the forms of payment available under the provisions of the Plan. All of the Plan's investment assets were moved into cash and equivalents during 2021 to protect the assets from short-term market volatility until final distributions can be made.

Participants that were receiving a monthly benefit from the Plan on the date of distribution of Plan termination benefits had an annuity purchased for them by the Company, which will continue to provide the monthly retirement benefit that they are currently receiving.

Participants that were still employed or have terminated but not started receiving payments on the date of distribution of Plan termination benefits, had the same choices to start their benefit and the various payment options currently available under the Plan. In addition, these participants had a one-time opportunity to elect to receive a lump-sum distribution of their entire Plan benefit. The lump-sum option is available to be taken in cash, subject to taxation and potential early distribution penalties, or they may elect to rollover their payment to an eligible retirement plan of the participant's choosing. For those participants who did not receive a lump-sum distribution, the Company purchased an insurance annuity to fund their Plan benefits. A surviving spouse may also elect the minimum spouse's death benefit. The "minimum spouse's death benefit" is the only death benefit available under the Plan.

The option for a participant to receive benefit payments if age 57 with at least 20 years of credited service was amended so that the years of service requirement was waived if the participant was actively accruing benefits on March 15, 2022.

Certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Note 9: Subsequent Events

The Plan has evaluated subsequent events through August 15, 2025, which is the date the financial statements were available to be issued.

The Plan became fully liquidated on January 7, 2025.
