INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Omega Electric Construction Company, Inc.
401(k) Profit Sharing Plan
South Burlington, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Omega Electric Construction Company, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Charles Schwab Trust Bank, a qualified institution, as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Our approach is simple... LISTEN. RESOLVE. COMMUNICATE.

- the information in the financial statements referred to above relate to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Omega Electric Construction Company, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Omega Electric Construction Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Omega Electric Construction Company, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Omega Electric Construction Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year, for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OMEGA ELECTRIC CONSTRUCTION COMPANY, INC
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

A. DESCRIPTION OF PLAN

The following description of the Omega Electric Construction Company, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan, adopted March 31, 1971 is 401(k) profit-sharing plan covering substantially all employees of Omega Electric Construction Company, Inc., Omega Excavation and Site Development, Inc. and Family Fun and Entertainment, LLC. (the Company), who have completed one year of service and are age 21 or older. To be eligible for the Plan, participants must be age 21 or older and have completed six consecutive months of service, during which they must have completed 500 hours of service. If they do not complete 500 hours during their first six months of employment, then they are eligible once they have completed one year of service. Participants are eligible to make salary deferrals and receive safe harbor matching contributions on the first day of the month coinciding with the date the new eligibility requirements are satisfied. For profit-sharing contributions participants must be age 21 and have completed one year of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2022, the Plan was restated to remain compliant with ERISA. The plan assets are invested with Charles Schwab Trust Bank.

2. 401(k) Contributions

Participants may contribute up to 100% of eligible compensation, as defined in the Plan, limited to a maximum amount as periodically set by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the end of the plan year can contribute an additional amount set by the IRS. Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans.

Eligible compensation is defined as reportable earnings on W-2, including salary reduction contributions the participant made to an employer sponsored cafeteria, qualified transportation fringe, simplified employee pension, or 401(k) plan.

3. Employer Discretionary 401(k) Matching Contribution

The Company may contribute a discretionary match for each employee who enters into a salary reduction agreement. There was no discretionary match in 2024 and 2023. Discretionary contributions are invested as participants direct within the funds selected.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

A. DESCRIPTION OF PLAN (continued)

4. Employer Safe Harbor Matching Contribution

The Company matches 100% of the first 3%, and 50% of the next 2%, of eligible compensation that each participant contributes to the Plan, for all active participants during the plan year. The amount of Company's matching contributions in 2024 and 2023 was \$129,202 and \$125,325, respectively. Matching contributions are invested as participants direct within the funds selected.

5. Discretionary Profit-Sharing Contributions

The Company may make a discretionary profit-sharing contribution for each employee who is eligible to participate in the Plan. A participant's contribution is based on the participant's eligible compensation times the effective rate. The employer non-elective/discretionary profit-sharing contribution was \$100,000 for both 2024 and 2023. No forfeitures were used to offset the profit-sharing contribution in 2024 and 2023. Discretionary contributions are invested as participants direct within the funds selected.

6. Participant Accounts

Each participant's account is credited with the participant's and the employer's contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses and investment fees based on the ratio of the participant's account balance to the account balance of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant account statements are available online through Future Planning Associates' website at www.retirementlogin.net/fpavt. The assets in the plan are invested in available investment options and a separate account is established for each participant who receives and/or makes a contribution. The value of each participant's account is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option and withdrawals.

7. Vesting

Participants are immediately vested in their voluntary contributions, safe harbor match, plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing, and discretionary matching contribution portion of the participant's account plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of credited service for discretionary profit-sharing and discretionary matching contributions, with an additional 20% per year thereafter until fully vested. Upon attainment of age 55 years (and 5 years of service), death or disability, a participant becomes fully vested.

8. Payment of Benefits

On termination of service due to death, disability or retirement or at the age of 59 ½ and still working, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, leave the funds in the Plan until retirement age, or transfer to a trustee of another qualified plan or individual retirement account. Effective January 1, 2024, if the terminating employee's non-forfeitable account balance is less than \$7,000 excluding rollovers, the Plan maintains the right to immediately distribute the entire account balance. Previously, the limit was less than \$5,000.

9. Forfeited Accounts

When termination of service occurs, any non-vested portion of a participant's account is considered forfeited. Forfeitures may be used to reduce any Company contributions, offset plan administrative expenses, or be reallocated to participants. In 2024 and 2023, plan administrative expenses of \$15,119 and \$18,550, respectively, were paid with forfeitures. At December 31, 2024 and 2023, forfeited non-vested 401(k) accounts were \$20,260 and \$13,727, respectively.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP) as applied to employee benefit plans, and in accordance with the Plan agreement.

2. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan follows a three-level fair value hierarchy that prioritizes the inputs to measure fair value with the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

Purchases and sales of securities are recorded on a mutual trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Payment of Benefits

Benefits are recorded when paid.

5. Subsequent Events

The Company has evaluated subsequent events through September 5, 2025, which is the date that the financials were available to be issued.

C. SECURE 2.0 ACT OF 2022

In December 2022 Securing a Strong Retirement Act (Secure 2.0) was signed into law. Certain provisions of Secure 2.0 were effective in 2023, whereas other provisions are effective for 2024 or later years. The provisions include both required and optional elements. The Plan Trustees will determine the optional provisions to elect. The Plan has adopted the required minimum distribution at age 73 effective January 1, 2023, and is in the process of evaluating other voluntary provisions. The Plan is required to be amended for Secure 2.0 by December 31, 2025.

D. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

E. TAX STATUS

The Plan has adopted Future Planning Associates Inc. Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA plan. The Plan is relying upon the prototype sponsor's opinion letter issued by the Internal Revenue Service dated June 30, 2020. This letter states that the prototype and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Trustees and prototype sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(continued)

OMEGA ELECTRIC CONSTRUCTION COMPANY, INC
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

E. TAX STATUS (continued)

The Plan also uses a more-likely-than-not measurement for all tax positions taken or expected to be taken on a tax return in order for those tax positions to be recognized in the financial statements. If the Plan were to incur interest and penalties related to income taxes, these would be included in the provision for income taxes. Generally, the three tax years previously filed remain subject to examination by federal and state tax authorities.

F. BENEFIT OBLIGATION

As of December 31, 2024 and 2023, the Plan had benefit obligations of \$3,473,588 and \$1,304,089, respectively, for terminated participants with vested balances, who had not withdrawn their funds.

G. PLAN EXPENSES/PARTY-IN INTEREST TRANSACTIONS

The Company occasionally pays expenses of administering the Plan. The investment expenses for sales commissions are paid by the Plan.

Certain plan investments are offered by Charles Schwab Trust Bank, who is the custodian, and therefore, these transactions qualify as party-in-interest. Participants are charged a \$100 fee for distributions and terminated participants are charged a \$25 fee for annual account maintenance. Kestra Investments Services is the Plan's investment advisor and Future Planning Associates is the third-party administrator. Fees paid to these providers are included in administrative expenses and detailed below.

Fees paid by the Plan are as follows:

<u>Payee</u>	<u>Description</u>	<u>2024</u>	<u>2023</u>
Future Planning Associates	TPA fees	\$ 7,619	\$ 8,950

H. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodians.

	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Registered investment companies (mutual funds)	<u>\$ 6,843,672</u>	<u>\$ 7,143,449</u>
Net appreciation in fair value of investments	<u>\$ 663,469</u>	<u>\$ 784,924</u>
Dividend income	<u>\$ 215,478</u>	<u>\$ 190,486</u>
Interest income	<u>\$ 10,625</u>	<u>\$ 11,912</u>

The above fund information and funds reported on Schedule H - Schedule of Assets Held for Investment Purposes at End of Year was certified by Charles Schwab Trust Bank for the years ended December 31, 2024 and 2023.

I. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

I. FAIR VALUE MEASUREMENTS (continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2024 and 2023.

Registered investment companies (mutual funds): Valued at the closing price reported on the active market on which the individual securities are traded.

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits, as of December 31:

	<u>Total Fair Value</u>	<u>Quoted Prices (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
<u>2024</u>				
Total investments in registered investment companies	<u>\$ 6,843,672</u>	<u>\$ 6,843,672</u>	<u>\$ 0</u>	<u>\$ 0</u>
<u>2023</u>				
Total investments in registered investment companies	<u>\$ 7,143,449</u>	<u>\$ 7,143,449</u>	<u>\$ 0</u>	<u>\$ 0</u>

J. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
