## Independent Auditors' Report

### **The Plan Administrator of Marymount Manhattan College Tax Deferred Annuity Retirement Plan**

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the accompanying financial statements of Marymount Manhattan College Tax Deferred Annuity Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from the qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**The Plan Administrator of  
Marymount Manhattan College Tax Deferred  
Annuity Retirement Plan**

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

**The Plan Administrator of  
Marymount Manhattan College Tax Deferred  
Annuity Retirement Plan**

Page 3

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplemental Schedule Required by ERISA***

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**The Plan Administrator of  
Marymount Manhattan College Tax Deferred  
Annuity Retirement Plan**

Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agree to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Marymount Manhattan College Tax Deferred Annuity Retirement Plan

Notes to Financial Statements  
December 31, 2024

## 1. Description of Plan

The following description of the Marymount Manhattan College Tax Deferred Annuity Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### ***General***

The Plan is a defined contribution plan covering substantially all employees of Marymount Manhattan College (the "College" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

### ***Eligibility***

Employees are eligible to participate in the Plan and make tax-deferred elective contributions upon date of hire. Eligible employees are admitted to the Plan beginning the first day of the month following attainment of the eligibility requirements.

An employee who is at least 21 years of age, has completed 1 year of service, and who has completed the necessary enrollment forms is eligible to receive a contribution from the College. Leased or temporary employees are not eligible for the employer contribution. Employees are credited with a year of service for each 12-month period during which they complete 1,000 or more hours of service. Years of service with any institutions of higher education immediately preceding an employee's date of employment with the College are counted toward the 1 year of service requirement.

### ***Contributions***

Participants may make tax-deferred elective contributions to the Plan after their date of eligibility, subject to the limitations of the Internal Revenue Code ("IRC"). Participants age 50 or older or who attain age 50 during the Plan year may make a "catch-up" contribution as defined by the IRC. In addition, participants having 15 years of service are permitted to make a special "catch-up" contribution as defined by the IRC.

The College will make contributions to the Plan equal to ten percent (10%) of the participant's compensation (as defined). Compensation upon which contributions are calculated under the Plan cannot exceed the limitations of the IRC. Employees covered by the International Union of Operating Engineers Local 30-30A-30B AFL-CIO collective bargaining agreement are not eligible to receive Employer contributions. The Employer, at its discretion, may also make a non-elective contribution. For the 2024 plan year, no Employer non-elective contributions were made to the Plan.

Eligible Plan participants may also request to have rollover distributions paid to the Plan from another eligible retirement plan (including Roth or Roth IRA accounts).

### ***Vesting***

A participant is 100% vested in their accounts including allocated earnings thereon at all times.

**Marymount Manhattan College Tax Deferred  
Annuity Retirement Plan**

Notes to Financial Statements  
December 31, 2024

**1. Description of Plan (continued)**

***Participant Accounts***

Each participant's account is credited with the participant's contribution and allocations of (1) the Employer's contribution and (2) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

***Payment of Benefits***

Upon termination of service due to death, disability, retirement or other reason, or due to financial hardship a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

***Loans to Participants/Collateralized Assets***

Loans with Teachers Insurance and Annuity Association of America ("TIAA") are issued directly from funds owned by TIAA and not directly from a participant's account. Interest and principal are paid by the participant directly to TIAA. The loans are not considered assets of the Plan and, therefore, are not reported in the statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral for the loan is maintained as part of the participant's TIAA Traditional Annuity account. The collateral securing the loan continues to earn interest. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits.

The loan interest rate for these loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. Principal repayments are transferred to the investment options chosen under the terms of the Plan.

At December 31, 2024 and 2023, there were 11 and 19 loans outstanding with total principal balances due of \$20,498 and \$65,241 which also represents a collateralization of participant accounts. Of these loan balances, \$2,136 and \$3,145 of them were in default as of December 31, 2024 and 2023. The interest rates on the loans ranged between 4.00% and 5.56% with maturity dates through 2026 at December 31, 2024 and 2023.

***Other Income - Revenue Credit Account***

The Plan and TIAA entered into a revenue sharing arrangement whereby a portion of the revenue earned from certain funds is passed through to the Plan for payment of permitted plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay plan expenses, the Plan created the Revenue Credit Account under the Plan. The Revenue Credit Account is an account within the Plan and is used to record the redistribution of Plan-generated fund revenue that exceeds the costs associated with Plan administration. The Revenue Credit Account balance was \$9,995 and \$7,086 at December 31, 2024 and 2023. During 2024, none of these funds were used to pay Plan expenses or allocated to participants of the Plan.

## 1. Description of Plan (*continued*)

### ***Notes Receivable from Participants***

The Plan offers a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum amount of \$1,000 up to a maximum amount of 50% of their vested account balance or \$50,000 (whichever is less). Participants may take a loan once in any 12 consecutive-month period, subject to the IRC limits on the total amount that can be borrowed. Participants may not have more than three outstanding loans at a time. The interest rate is based on the prime rate plus 1%. Loans must be repaid within five years, unless the loan is used to purchase a participant's principal residence or the participant is on authorized leave for military service for a period which extends the maturity date of the loan beyond five years.

## 2. Summary of Significant Accounting Policies

### ***Basis of Accounting and Use of Estimates***

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Fair Value Measurements***

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

**Marymount Manhattan College Tax Deferred  
Annuity Retirement Plan**

Notes to Financial Statements  
December 31, 2024

**2. Summary of Significant Accounting Policies (continued)**

***Investment Valuation and Income Recognition***

The TIAA Traditional Annuity Account is an unallocated contract. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The contract value, which is derived from a discounted cash flow analysis and other factors, approximates fair value. The fair value is derived from a discounted cash flow analysis. The TIAA Stable Value is a group annuity product issued by TIAA and is valued at contract value, which equals the accumulated cash contributions, interest credited, transfers in (if any), less any withdrawals and transfers out (if any). Investments in registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the plan at year end. The pooled separate account is valued at the NAV of units held by the Plan. The NAV, as provided by TIAA, is used as a practical expedient to estimate fair value. The NAV based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Payment of Benefits***

Benefits are recorded when paid.

***Expenses***

Certain expenses of maintaining the Plan are paid by the College and are excluded from these financial statements. Investment related expenses are included in net appreciation in value of investments.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and a distributable event occurs (retirement, termination, death), the participant loan balance is reduced and a benefit payment is recorded. Until a distributable event occurs, the loan will continue to have a balance and accrue interest.

***Subsequent Events Evaluation by Management***

On June 16, 2025, Northeastern University, based in Boston, Massachusetts, became the sole corporate member of Northeastern-New York City, a New York education corporation, which in turn became the sole member of Marymount Manhattan College in accordance with the transaction agreement between Northeastern University and Marymount Manhattan College dated September 21, 2023. The Plan will be merged into Northeastern University's existing 403(b) retirement plan within one year of the final execution of the statutory merger between Northeastern-New York City and Manhattan Marymount College, which is pending regulatory approval from the United States Department of Education and is expected to be received by June 30, 2026.

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is August 25, 2025.

**3. Information Certified (Unaudited)**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in value of investments, interest and dividends, earnings from TIAA Traditional Annuity Accounts, interest on notes receivable from participants, and other income – revenue credit account for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and the College Retirement Equities Fund (“CREF”), qualified institutions.

TIAA has been authorized by TIAA Trust, N.A. to certify the investments and investment information for which TIAA Trust, N.A. is the directed trustee or custodian.

**4. Investments**

The following are the major categories of investments measured at fair value on a recurring basis at December 31, grouped by the fair value hierarchy:

Transfers in from other Plan investments	1,289,932
Transfers out to other Plan investments	(1,091,738)
Balance, End of Year	<u>\$ 18,560,730</u>

There are no unfunded commitments on the Plan's investments.

***TIAA Traditional Annuity Account***

The TIAA Traditional Annuity Account is composed of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity ("GSRA"), the Supplemental Retirement Annuity ("SRA"), and the Retirement Choice Plus ("RCP") contracts. The non benefit responsive contracts are: the Group Retirement Annuity, the Retirement Annuity ("RA") and the Retirement Choice ("RC") contracts. The Plan utilizes the GSRA, SRA and RCP contracts, which are reported at contract value, and the RA and RC contracts, which are reported at fair value. Unobservable inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: GSRA – 3.00% - 5.75%; SRA – 3.00% - 5.75%; RCP – 3.15% - 6.00%; RA – 3.65% - 6.50%; and RC – 3.90% - 6.75%.

## **Marymount Manhattan College Tax Deferred Annuity Retirement Plan**

Notes to Financial Statements  
December 31, 2024

### **4. Investments (continued)**

#### ***TIAA Traditional Annuity Account (continued)***

Under GSRA and SRA contracts, lump-sum withdrawals and transfers can be done at any time without any restrictions or charges. Under RCP contracts, lump sum withdrawals and transfers are allowed at any time without any surrender charges. Certain RCP contracts impose a 90-day equity wash rule. Under the RA contract, lump-sum cash withdrawals are not allowed and all other withdrawals and transfers must be paid in ten annual installments. Under the RC contract, lump sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers must be paid in 84 monthly installments (7 years).

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The Vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in rate for new money.

The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

The TIAA Traditional Annuity Account represents approximately 24% and 25% of the Plan's net assets available for benefits, as of December 31, 2024 and 2023, and represents an obligation from TIAA to repay as amounts come due. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (Aa1 as of October 2024), Standard and Poor's (AA+ as of May 2024), A.M. Best Company (A++ as of July 2024), and Fitch Ratings (AAA as of August 2024). The plan administrator does not believe that any events are probable of occurring that would limit the Plan's ability to transact at contract value.

#### ***TIAA Stable Value***

TIAA Stable Value (the "SV Contract") is a benefit-responsive guaranteed annuity contract issued by TIAA. Participants who are invested in the SV Contract receive a guaranteed minimum rate of interest which will always be between 1% and 3%. Declared crediting rates are reviewed and may be reset every six months (on January 1 or July 1). TIAA guarantees that the declared crediting rate will not decline by more than 0.75% each time it is reset. Since the SV Contract is liquid, withdrawals and transfers are paid without any surrender charges or adjustments based on market fluctuations.

**Marymount Manhattan College Tax Deferred  
Annuity Retirement Plan**

Notes to Financial Statements  
December 31, 2024

**4. Investments (continued)**

***TIAA Stable Value (continued)***

During the accumulation phase, the SV Contract is structured as a separate account of TIAA. If the separate account's assets are insufficient to meet the guarantees in the accumulation phase, any shortfall is backed by the financial strength and claims-paying ability of TIAA.

***TIAA Real Estate Account***

The TIAA Real Estate Account generally invests in real estate properties and real estate-related investments. The TIAA Real Estate Account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The TIAA Real Estate Account also holds liquid, fixed-income investments. These are generally priced using quoted prices in active markets or values obtained from independent pricing sources. While redemptions from the TIAA Real Estate Account may occur daily, transfers out are limited to once per calendar quarter.

**5. Plan Termination**

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. If the Plan was to terminate, the College intends to continue to comply with what is required in the collective bargaining agreement for those eligible union employees.

**6. Tax Status**

On August 7, 2017, the Internal Revenue Service ("IRS") issued an opinion letter to the prototype document preparer indicating that the Plan, as then designed, qualifies under Section 403(b) of the IRC. Although the Plan has been amended, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

**7. Party-in-Interest Transactions**

Certain investments are managed by TIAA and CREF and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants may obtain loans that are issued directly from TIAA or the Plan to the participant. As security, a portion of the participant's account in the Plan serves as collateral for the loan in case of default. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

**Marymount Manhattan College Tax Deferred

**8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2024 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

**9. Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2024	2023
Net assets available for benefits per financial statements	\$ 112,796,242	\$ 100,717,590
Deemed distributions	(30,304)	-
Net Assets per Form 5500	\$ 112,765,938	\$ 100,717,590

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2024:

Net increase per financial statements	\$ 12,078,652
Change in deemed distributions	(30,304)
Net Increase per Form 5500	\$ 12,048,348
