## INDEPENDENT AUDITORS' REPORT

To The Plan Administrator  
Thurston Foods, Inc. 401(k) Profit Sharing Plan  
Wallingford, Connecticut

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Thurston Foods, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Thurston Foods, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note #4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities

for the Audit of the Financial Statements section of our report. We are required to be independent of Thurston Foods, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thurston Foods, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thurston Foods, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thurston Foods, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# THURSTON FOODS, INC. 401(k) PROFIT SHARING PLAN

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### Note #1 - Description of Plan.

The following description of the Thurston Foods, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### General -

The Plan is a defined contribution plan established by Thurston Foods, Inc. (the Company) on January 1, 1994 under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Eligibility -

An employee of the Company may become a participant in the Plan as of January 1 or July 1 upon attaining age 21 and completing one year of service during which 1,000 hours has been worked.

#### Contributions -

Participants are able to contribute up to the maximum percentage allowable, not to exceed the limits of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Effective September 1, 2006, the Plan provides for Roth after-tax contributions.

Effective January 1, 2008, the Company began making matching contributions in an amount equal to the sum of 100% of the amount of the participant's elective deferral that does not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferral that exceeds 3% of the participant's compensation but does not exceed 5% of the participants' compensation. These contributions are 100% vested at the time of the contribution.

Effective January 1, 2017, the Plan was amended to eliminate the "true up" provision at year end for the safe harbor match.

The Company may also make profit sharing contributions to the Plan in an amount determined by the Company. These contributions will be allocated in the ratio in which each participant's compensation for the Plan year bears to the total compensation of all participants for such Plan year.

Total additions to participant accounts are limited to the lesser of \$66,000, or 100% of the participant's compensation for the Plan year.

#### Participant Accounts -

Each participant's account is credited with the participant's contribution and allocations of, the Company's contributions and the earnings (losses) of the participant's investments and charged with an allocation of administrative expenses. Allocations are based on earnings or account balances as defined. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account. Investment decisions are made by the Plan participants.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note #1 - Description of Plan. (continued)

Vesting -

Participants' contributions are fully vested at all times. Vesting in Company profit sharing contributions would be based on years of continuous service. A participant would be 100% vested after six years of credited service. The Company made no profit sharing contributions during the years ended December 31, 2024 and 2023.

Investment Options -

Upon enrollment in the Plan and during the course of the year, participants direct the investment of their account in any of the investment options currently offered.

Forfeitures -

Forfeitures are created when participants terminate employment before becoming fully vested. Forfeitures are used to pay any administrative expenses and to reduce the Company's matching contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$6,151 and \$10,793, respectively.

Payment of Benefits -

On termination of service due to death, disability, dismissal, voluntary termination, or retirement, a participant may elect to receive an amount equal to the current value of the participant's vested interest in their account. Distributions under the Plan shall be paid as lump sum payments.

Administrative Expenses –

Administrative expenses as well as investment related expenses are charged directly to individuals accounts. In 2019 the Plan started using a Revenue Sharing Pricing model. Any earnings in excess of costs for standard services are returned to the Plan and credited into a Revenue Credit Program account which can be used to pay for qualified plan expenses such as investment advisory fees.

Plan Termination -

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any forfeitures that occurred prior to the termination of the Plan but that have not been applied to matching employer contributions shall be distributed pro-rata among the accounts of those employees who were participants on the effective date of the termination of the Plan.

Note #2 - Summary of Significant Accounting Policies.

Basis of Accounting -

The accompanying financial statements are prepared under the accrual method of accounting.

THURSTON FOODS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note #2 - Summary of Significant Accounting Policies. (continued)

Use of Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition -

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain (loss) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurements -

The provisions of the Financial Accounting Standards Board (FASB) ASC 820 *Fair Value Measurements and Disclosures* establish a single definition of fair value and a framework for measuring fair value in generally accepted accounting principles (GAAP) that is intended to result in increased consistency and comparability in fair value measurements. The standard provides for additional disclosures about fair value measurements used whenever other authoritative literature requires (or permits) certain assets or liabilities to be measured at fair value.

A hierarchy of valuation techniques has been specified based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. These two types of inputs create the following fair value hierarchy:

- Level 1 - Quoted prices for *identical* instruments in active markets.
- Level 2 - Quoted prices for *similar* instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.
- Level 3 - Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

This hierarchy requires the Plan to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

Payment of Benefits -

Benefits are recorded when paid.

THURSTON FOODS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note #3 - Investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Money market fund and mutual funds* - Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market fund .....	\$ 471,914	\$ -	\$ -	\$ 471,914
Mutual funds.....	17,622,075	-	-	17,622,075
<b>Total - December 31, 2024 .....</b>	<b>\$ 18,093,989</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 18,093,989</b>

	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Mutual funds.....	15,648,461	-	-	15,648,461
<b>Total - December 31, 2023 .....</b>	<b>\$ 16,086,522</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 16,086,522</b>

Note #4 - Information Prepared and Certified By Plan Trustee.

The investments and related investment activity included in the accompanying financial statements and supplemental schedule as of December 31, 2024 and 2023 and for the year ended December 31, 2024 were obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, the trustee.

Note #5 - Related Party Transactions.

Plan investments were managed by Fidelity Investments Institutional Operations Company, Inc., the asset custodian of the Plan, and therefore related transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Investments Institutional Operations Company, Inc. during the year ended December 31, 2024 and 2023 totaled \$10,707 and \$15,110, respectively.

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### Note #6 - Tax Status.

The Company has adopted the Employee Benefit Compliance Services, Inc. Prototype Non-Standardized 401(k) Profit Sharing Plan and Trust. The Internal Revenue Service has determined and informed Employee Benefit Compliance Services, Inc. by a letter dated August 7, 2001, that the plan is designed in accordance with applicable sections of the IRC. The Plan has since been amended most recently as of June 22, 2021. The Company has adopted the Fidelity Non-Standardized Pre-Approved Profit Sharing Plan with CODA. The Internal Revenue Service has determined and informed FMR LLC d/b/a Fidelity Investments by a letter dated June 30, 2020 that the plan is designed in accordance with applicable sections of the IRC.

The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and related trust is tax-exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note #7 – Commitments and Contingencies.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

### Note #8 – Contributions under the Self Correction Program.

During the course of the 2023 audit, it was determined that an employee should have been allowed to make 401k deferrals plus receive an appropriate match. This deferral opportunity was inadvertently not given. The Company calculated the correction contribution following the Self Correction Program as updated by the IRS Notice 2023-43: Secure 2.0 section 305 for "Eligible Inadvertent Failures" or EIF. Contributions of \$1,842 and related earnings through July 2024 of \$547 were contributed to the plan on August 8, 2024.

### Note #9 - Subsequent Events.

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 20, 2025, the date the financial statements were available to be issued.

## INDEPENDENT AUDITORS' REPORT

To The Plan Administrator  
Thurston Foods, Inc. 401(k) Profit Sharing Plan  
Wallingford, Connecticut

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Thurston Foods, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Thurston Foods, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note #4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities

for the Audit of the Financial Statements section of our report. We are required to be independent of Thurston Foods, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thurston Foods, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thurston Foods, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thurston Foods, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### Note #1 - Description of Plan.

The following description of the Thurston Foods, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### General -

The Plan is a defined contribution plan established by Thurston Foods, Inc. (the Company) on January 1, 1994 under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Eligibility -

An employee of the Company may become a participant in the Plan as of January 1 or July 1 upon attaining age 21 and completing one year of service during which 1,000 hours has been worked.

#### Contributions -

Participants are able to contribute up to the maximum percentage allowable, not to exceed the limits of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Effective September 1, 2006, the Plan provides for Roth after-tax contributions.

Effective January 1, 2008, the Company began making matching contributions in an amount equal to the sum of 100% of the amount of the participant's elective deferral that does not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferral that exceeds 3% of the participant's compensation but does not exceed 5% of the participants' compensation. These contributions are 100% vested at the time of the contribution.

Effective January 1, 2017, the Plan was amended to eliminate the "true up" provision at year end for the safe harbor match.

The Company may also make profit sharing contributions to the Plan in an amount determined by the Company. These contributions will be allocated in the ratio in which each participant's compensation for the Plan year bears to the total compensation of all participants for such Plan year.

Total additions to participant accounts are limited to the lesser of \$66,000, or 100% of the participant's compensation for the Plan year.

#### Participant Accounts -

Each participant's account is credited with the participant's contribution and allocations of, the Company's contributions and the earnings (losses) of the participant's investments and charged with an allocation of administrative expenses. Allocations are based on earnings or account balances as defined. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account. Investment decisions are made by the Plan participants.

THURSTON FOODS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note #1 - Description of Plan. (continued)

Vesting -

Participants' contributions are fully vested at all times. Vesting in Company profit sharing contributions would be based on years of continuous service. A participant would be 100% vested after six years of credited service. The Company made no profit sharing contributions during the years ended December 31, 2024 and 2023.

Investment Options -

Upon enrollment in the Plan and during the course of the year, participants direct the investment of their account in any of the investment options currently offered.

Forfeitures -

Forfeitures are created when participants terminate employment before becoming fully vested. Forfeitures are used to pay any administrative expenses and to reduce the Company's matching contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$6,151 and \$10,793, respectively.

Payment of Benefits -

On termination of service due to death, disability, dismissal, voluntary termination, or retirement, a participant may elect to receive an amount equal to the current value of the participant's vested interest in their account. Distributions under the Plan shall be paid as lump sum payments.

Administrative Expenses –

Administrative expenses as well as investment related expenses are charged directly to individuals accounts. In 2019 the Plan started using a Revenue Sharing Pricing model. Any earnings in excess of costs for standard services are returned to the Plan and credited into a Revenue Credit Program account which can be used to pay for qualified plan expenses such as investment advisory fees.

Plan Termination -

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any forfeitures that occurred prior to the termination of the Plan but that have not been applied to matching employer contributions shall be distributed pro-rata among the accounts of those employees who were participants on the effective date of the termination of the Plan.

Note #2 - Summary of Significant Accounting Policies.

Basis of Accounting -

The accompanying financial statements are prepared under the accrual method of accounting.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note #2 - Summary of Significant Accounting Policies. (continued)

Use of Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition -

Investments of the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain (loss) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurements -

The provisions of the Financial Accounting Standards Board (FASB) ASC 820 *Fair Value Measurements and Disclosures* establish a single definition of fair value and a framework for measuring fair value in generally accepted accounting principles (GAAP) that is intended to result in increased consistency and comparability in fair value measurements. The standard provides for additional disclosures about fair value measurements used whenever other authoritative literature requires (or permits) certain assets or liabilities to be measured at fair value.

A hierarchy of valuation techniques has been specified based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. These two types of inputs create the following fair value hierarchy:

- Level 1 - Quoted prices for *identical* instruments in active markets.
- Level 2 - Quoted prices for *similar* instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.
- Level 3 - Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

This hierarchy requires the Plan to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value.

Payment of Benefits -

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note #3 - Investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Money market fund and mutual funds* - Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market fund .....	\$ 471,914	\$ -	\$ -	\$ 471,914

Note #4 - Information Prepared and Certified By Plan Trustee.

The investments and related investment activity included in the accompanying financial statements and supplemental schedule as of December 31, 2024 and 2023 and for the year ended December 31, 2024 were obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, the trustee.

Note #5 - Related Party Transactions.

Plan investments were managed by Fidelity Investments Institutional Operations Company, Inc., the asset custodian of the Plan, and therefore related transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity Investments Institutional Operations Company, Inc. during the year ended December 31, 2024 and 2023 totaled \$10,707 and \$15,110, respectively.

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### Note #6 - Tax Status.

The Company has adopted the Employee Benefit Compliance Services, Inc. Prototype Non-Standardized 401(k) Profit Sharing Plan and Trust. The Internal Revenue Service has determined and informed Employee Benefit Compliance Services, Inc. by a letter dated August 7, 2001, that the plan is designed in accordance with applicable sections of the IRC. The Plan has since been amended most recently as of June 22, 2021. The Company has adopted the Fidelity Non-Standardized Pre-Approved Profit Sharing Plan with CODA. The Internal Revenue Service has determined and informed FMR LLC d/b/a Fidelity Investments by a letter dated June 30, 2020 that the plan is designed in accordance with applicable sections of the IRC.

The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and related trust is tax-exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### Note #7 – Commitments and Contingencies.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

### Note #8 – Contributions under the Self Correction Program.

During the course of the 2023 audit, it was determined that an employee should have been allowed to make 401k deferrals plus receive an appropriate match. This deferral opportunity was inadvertently not given. The Company calculated the correction contribution following the Self Correction Program as updated by the IRS Notice 2023-43: Secure 2.0 section 305 for "Eligible Inadvertent Failures" or EIF. Contributions of \$1,842 and related earnings through July 2024 of \$547 were contributed to the plan on August 8, 2024.

### Note #9 - Subsequent Events.

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 20, 2025, the date the financial statements were available to be issued.
