INDEPENDENT AUDITORS' REPORT

August 7, 2025

To the Administrative Committee
Compunetics, Inc. Employees' Stock Ownership Plan
Monroeville, Pennsylvania

Opinion

We have audited the accompanying financial statements of Compunetics, Inc. Employees' Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of November 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Compunetics, Inc. Employees' Stock Ownership Plan as of November 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Compunetics, Inc. Employees' Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Compunetics, Inc. Employees' Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Compunetics, Inc. Employees' Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Consider whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Compunetics, Inc. Employees' Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) and Schedule of Assets Held for Investment Purposes that were both Acquired and Disposed of within the Plan Year, referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Such information is the responsibility of the management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, are presented in the conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated, in all material respects, in relation to the financial statements as whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

EMPLOYEES' STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note A – Summary of Significant Accounting Policies

Method of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting. Assets are stated at fair value in the statements of net assets available for benefits, and the net unrealized appreciation or depreciation of such assets is reflected in the statements of changes in net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Sponsor stock is valued at fair value by obtaining an annual appraisal by an independent certified valuation analyst. Stock funds are valued at the net asset value per share. Interest is recorded on the accrual basis. Life insurance contracts are valued at their cash surrender value at year end, which approximates fair value. Dividends are recorded on the ex-dividend date. The change in cash surrender value of life insurance is recorded net of premiums paid. Expenses are recorded when incurred, and consist primarily of administrative, legal and accounting fees.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

New Accounting Standard – In June 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-13, “Measurement of Credit Losses on Financial Instruments,” which amends guidance on the impairment of financial instruments. The new guidance estimates credit losses based on expected losses, modifies the impairment model for available-for-sale debt securities and provides a simplified accounting model for purchased financial assets with credit deterioration. During the year ending November 30, 2024, the Plan adopted the standard on a retrospective basis. The adoption of this standard had no material impact on the Plan’s financial statements.

Subsequent Events: The Plan has evaluated all subsequent events through August 7, 2025, the date the financial statements were available to be issued.

Note B – Description of Employees’ Stock Ownership Plan

The following description of the Compunetics, Inc. Employees’ Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan, which is a multiple employer plan, is sponsored by Chorus Call, Inc. (the Company) and covers all eligible employees of Compunetics, Inc., Compunetix, Inc., Compunetix Pty Ltd., Compunetix Pte Ltd., Chorus Call, Inc., InComm Conferencing, Inc., Chorus Call SA, Chorus Call Italia s.r.l., Chorus Call (Pty) Ltd, Compunetix Limited, Chorus Call Hellas A.E., Chorus Call do Brasil Participações, Ltda., Chorus Call Canada Corp., Chorus Call Germany GmbH, Chorus Call Australia Pty Ltd., Chorus Call Conferencing Services India Private Ltd, and Sonexis, Inc. All full time employees who have attained the age of 21 and have completed one year of service are eligible for participation in the Plan.

The contribution to the Plan for any fiscal year, as determined by the Board of Directors, is discretionary, but in no event will it exceed that allowable as a deduction under the Internal Revenue Code. Contributions and forfeitures are allocated based on eligible compensation.

COMPUNETICS, INC.
EMPLOYEES' STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note B – Description of Employees’ Stock Ownership Plan (continued)

Plan income, loss and expenses are allocated annually to participants in relation to their respective account balances. Participant vesting ranges from 20% at two years of service to 100% at six or more years of service.

Each participant is entitled to exercise voting rights attributable to the vested portion of the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised.

Diversification is offered to participants who have completed ten years of participation in the Plan and attained the age of 55. Diversification is offered over a six year period. The shares of those electing diversification require the Sponsor, or if the Plan so elects, the Plan, to repurchase these shares. As a result of the diversification elections, 29,176.6776 shares were purchased by the Sponsor at \$22.32 per share during the year ended November 30, 2024 and 23,270.0325 shares were purchased by the Sponsor at \$24.58 per share during the year ended November 30, 2023.

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Sponsor or Plan buy any shares of its post-1986 stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Note C – Participants’ Equity

The balance of participants’ equity at November 30, 2024 and 2023 has accumulated as follows:

	<u>2024</u>	<u>2023</u>
Employer contributions	\$ 39,884,904	\$ 38,977,214
Net earnings	9,117,912	9,254,848
Distribution to participants	(64,777,464)	(62,245,729)
Change in market value of employer securities	<u>39,635,801</u>	<u>38,303,443</u>
	<u>\$ 23,861,153</u>	<u>\$ 24,289,776</u>

Note D – Investments

The fair market value of each share of the employer’s stock of Chorus Call, Inc., is determined annually through an independent appraisal. The fair market value of Chorus Call, Inc. stock at November 30, 2024 and 2023 was \$23.64 and \$22.32, respectively per share. The fair market value of each share of the mutual funds is valued at quoted market price. All investments are nonparticipant directed.

The following represents the composition of appreciation (depreciation) in market value for the years ended November 30, 2024 and 2023 including realized gains and losses on securities sold, if any:

	<u>2024</u>	<u>2023</u>
Employers’ Stock – at appraised fair market value	\$ 1,332,358	\$ (2,542,083)
Mutual Funds – at net asset value	<u>33,961</u>	<u>42,146</u>

Note E – Tax Status

The Compunetics, Inc. Employees' Stock Ownership Plan is intended to qualify as a tax exempt entity under Section 401(a) of the Internal Revenue Code.

The Plan obtained its latest determination letter on July 9, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan had been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The Plan's tax returns for 2020, 2021, and 2022 are subject to examination by the taxing authorities, generally for three years after they were filed.

Note G – Secured Notes Payable

In accordance with procedures defined in the plan document, the Plan issued secured notes from 2020 through 2023 to repurchase shares of employer stock distributed to 23 former participants. The notes are secured by irrevocable standby letters of credit in favor for the account of Compunetics, Inc., Compunetix, Inc. and Chorus Call, Inc. and require 5 annual payments of 20 percent of the principal and interest at varying interest rates. Maturities of the notes in future plan years are as follows:

November 30, 2025	\$ 846,658
November 30, 2026	\$ 583,923
November 30, 2027	\$ 188,332

Note H - Vesting

Vesting is based upon years of service. Participants are fully vested in their account balances after 6 years of credited service. The non-vested portion of terminated participants' accounts are forfeited and reallocated to the remaining participants in accordance with provisions of the Plan.

The following vesting schedule is used for the Company's contributions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Note I – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their account.

Note J – Forfeitures

The nonvested portion of accounts for terminated participants are forfeited after a five year break in service and are then allocated to active participants. Forfeitures allocated in 2024 and 2023 were \$21,398 and \$16,913, respectively.

Note K – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note L – Concentration of Investments

Included in investments at November 30, 2024 and 2023 are shares of the sponsors' common stock amounting to \$23,861,326 and \$25,105,882, respectively. These investments represent approximately 100.00% and 101.38% of net assets available for benefits at November 30, 2024 and 2023, respectively. A significant decline in the market value of the sponsors' stock would significantly affect the net assets available for benefits.

Note M – Transactions with Parties in Interest

The Company and its subsidiaries provide to the plan certain accounting and administrative services for which no fees are charged. Administrative expenses paid by the plan include audit fees, attorney fees, and fees incurred for the stock valuation. The plan has a receivable recorded on the financial statements for reimbursement of amounts paid by the Plan on behalf of the sponsor.

Note N – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASB 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value:

Mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end and are traded on an active market.

Life insurance contracts are valued at their cash surrender value at year end, which approximates fair value.

Sponsor stock is valued at fair value by obtaining an annual appraisal by an independent certified valuation analyst.

Note N – Fair Value Measurements (continued)

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, of the Plan's investments at fair value as of November 30, 2024 and 2023:

Assets at Fair Value as of November 30, 2024
