INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Jaipur Living Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Jaipur Living Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jaipur Living Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Jaipur Living Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Jaipur Living Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Jaipur Living Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Jaipur Living Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

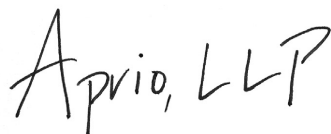

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at End of Year and Delinquent Participant Contributions as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JAIPUR LIVING INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note A

Description of Plan

The following description of the Jaipur Living Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a safe harbor defined contribution plan that covers all employees, except union employees and part-time/temporary/seasonal (as defined in the Plan document), of Jaipur Living Inc. (referred collectively hereafter as the "Company") who have completed three months of service and are 21 years of age. Employees may enter the Plan on the first day of the month subsequent to satisfying the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 15, 2021, the Plan was amended and restated to comply with the Internal Revenue Service's (IRS) Cycle 3 restatement requirements.

Contributions:

Each year, eligible participants may elect to defer up to 100% of their pre-tax annual compensation, subject to the maximum amount allowed by the Internal Revenue Code, and make contributions to the Plan with certain limitations as defined by the Plan. For participants who have attained age 50, catch-up contributions are also allowed by the Plan. The Plan also allows for participants to make Roth elective contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company provides a safe harbor matching contribution equal to 100% of a each participant's elective deferrals not exceeding 3% of the participant's compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess next 5% of the participant's compensation. Nonelective profit sharing and additional discretionary matching contributions may also be contributed by the Company. The Company made no nonelective profit sharing or additional discretionary matching contributions for the year ended December 31, 2024. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts:

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contribution, and the participant's allocation of the Company's nonelective profit sharing and additional discretionary matching contributions and is reduced for loans, withdrawals, and benefit distributions. Participant accounts are further credited or charged with their pro rata share of earnings or losses of the total investments in each investment account and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

JAIPUR LIVING INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note A

Description of Plan (Continued)

Vesting:

Participants are immediately vested in their contributions and the Company's safe harbor matching contribution, plus actual earnings, thereon. Vesting in the Company's nonelective profit sharing and additional discretionary matching contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service.

Payment of Benefits:

Upon termination of service due to death, disability, or retirement (age 59 ½), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum, partial distribution or in installments. For termination of service due to other reasons, a participant whose vested balance does not exceed \$5,000 will receive an automatic lump-sum distribution; participants whose vested balance exceeds \$5,000 may elect to receive the value as a lump-sum distribution, partial distribution or in installments. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or upon hardship, as defined in the Plan document.

Notes Receivable from Participants:

Participants may borrow against their investment account balances a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested balance, whichever is less. Generally, loans can be made for a period not exceeding five years; however, if the loan is for the purchase of a primary residence, the loan repayment period may not exceed 30 years. The loans are collateralized by the vested balance in the participant's account and bear interest at Prime plus 1%. Principal and interest are paid ratably through payroll deductions.

Note B

Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the note receivable from participant is recorded as a benefit payment based on the terms of the Plan document.

Contributions:

Participant contributions and the related Company safe harbor matching contributions are recognized in the period the participant contribution is withheld from compensation.

Payments of Benefits:

Benefit distributions, determined in accordance with provisions of the Plan, are recorded when paid.

Plan Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the related participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note C

Related Party Activity

During the normal course of plan administration, the Plan conducts transactions with and pays fees to parties-in-interest. Certain plan investments are shares of investments managed by Capital Bank and Trust Company, the trustee of the Plan. Plan management believes that these transactions qualify as exempt party-in-interest transactions.

Note D

Information Certified by the Plan's Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held and notes receivable from participants at December 31, 2024 and 2023, net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust Company, the trustee of the Plan.

Note E

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note F

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Income Tax Status

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the non-standardized profit-sharing plan with CODA adopted by the Plan, as then designated, qualifies under Section 401(a) of the IRC. The Plan administrator timely adopted the approved Plan. The Plan administrator believes that the Plan is currently being operated in accordance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits in progress for any tax periods.

Note H

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price reported by the fund.

Money Market: Valued at quoted market prices in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2024 and 2023:

December 31, 2024				
Description	Level 1	Level 2	Level 3	Total

Note J

Subsequent Events

Subsequent events have been evaluated through August 28, 2025, which is the date the financial statements were available to be issued.

Note K

Prohibited Transactions

During the year ended December 31, 2021, the Company failed to remit to the Plan's custodian certain participant contributions totaling \$660 within the period prescribed by Department of Labor regulations. Consequently, the Plan is considered to have engaged in non-exempt transactions with a party-in-interest. The Company is required to rectify the matter by paying lost earnings on the participant contributions that were remitted late. Lost earnings were deposited in November 2024.
