INDEPENDENT AUDITORS' REPORT

To the Plan Participants and Plan Administrator
Brake Parts Inc. LLC 401(k) Plan
Cleveland, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Brake Parts Inc. LLC 401(k) Plan, (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2024 and December 31, 2023 and the related statement of changes in net assets available for benefits for the period from January 1 through October 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of October 31, 2024 and December 31, 2023, and for the period from January 1, 2024 through October 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of October 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BRAKE PARTS INC. LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
October 31, 2024 and December 31, 2023

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Brake Parts Inc. LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established for the benefit of eligible employees of Brake Parts Inc. LLC (the Company). The plan document was restated through adoption of a non-standardized prototype plan sponsored by Merrill Lynch, Pierce, Fenner & Smith, Incorporated (MLPF&S), effective January 1, 2018. MLPF&S is an affiliate of Bank of America, N.A. (BOA) and serves as recordkeeper.

Effective October 31, 2024, the Plan merged into First Brands Group 401(k) Plan with Empower Trust Company as its trustee.

Eligibility

Eligible employees, as defined, are eligible to defer compensation by contributing to the Plan and may receive discretionary Company matching and profit-sharing contributions. Employees enter the Plan on the first of the month following date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants are automatically enrolled to make salary deferral contributions of 3% of compensation, as defined. Unless a participant changes their deferral election, an automatic increase of 1% per year will be made until salary deferral contributions reach 6% of compensation, as defined. Participants may defer up to 50% from eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Company matching contributions may be made at the discretion of the Company. Such amounts are credited among the accounts of participants who have made compensation reductions during the year. In addition to the matching contribution, the Company may make a profit sharing contribution for the related year. No matching or profit sharing contribution was made in 2024.

The plan agreement contains various limitations on the amount of employee and employer contributions to the Plan, in accordance with Sections 401 and 415 of the Internal Revenue Code (IRC) on a pre-tax or post-tax basis. The maximum amount of compensation a participant can defer is \$23,000 for the period ended October 31, 2024. Participants age 50 and over may make catch-up contributions up to an additional \$7,500.

Roth 401(k) contributions

The Plan allows for Roth Elective Deferrals that are includible in participant's gross income at the time deferred and have been irrevocably designated as Roth Elective Deferrals by participant.

BRAKE PARTS INC. LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
October 31, 2024 and December 31, 2023

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after two years of credited service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into a variety of investments as more fully described in the Plan's literature. Participants may change their investment options at any time.

Forfeitures

At October 31, 2024 and December 31, 2023, forfeited nonvested accounts totaled \$0 and \$23,566, respectively. Forfeitures of terminated participants' nonvested accounts are used to reduce Company contributions or plan expenses. For the period ended October 31, 2024, forfeitures used to reduce Plan expenses totaled \$43,822.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, if any, as well as allocations of the Company's profit-sharing contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000, reduced by the excess of the participant's highest outstanding loan balance on their account during the prior 12-month period or 50% of their account balance. Note terms range from 1-5 years or up to 10 years if used for the purchase of a primary residence. Participants may only have one note outstanding at a time. The notes are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1% as of the quarter ended prior to the note origination and fixed for the loan term. Interest rates ranged from 4.25% to 9.50% at October 31, 2024. Principal and interest payments are paid through payroll deductions.

Payment of Benefits

A participant is entitled to 100% of his or her account balance upon retirement, death, or disability. The Plan also allows for hardship distributions, as defined, and distributions upon reaching age 59 ½.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value by Bank of America Trust Services (d/b/a Merrill Lynch), the Trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Notes in default are treated as distributions based upon the terms of the plan document surrounding defaults.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to plan administration are either charged directly to participant accounts or are included in administrative expenses.

Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities.

NOTES TO FINANCIAL STATEMENTS
October 31, 2024 and December 31, 2023

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2024 and December 31, 2023 and for the period ended October 31, 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

The Plan has evaluated subsequent events through September 11, 2025, the date the financial statements were available to be issued.

NOTE 3 – SUMMARY OF FINANCIAL DATA CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. The Trustee has certified that the following unaudited data included in the Plan’s financial statements and supplemental schedules are complete and accurate:

	2024	2023
Mutual funds, at fair value	\$ -	\$ 35,514,926
Notes receivable from participants	\$ -	\$ 516,460
Net appreciation in fair value of investments	\$ 3,969,414	N/A
Interest and dividends	\$ 374,421	N/A
Interest income on notes receivable from participants	\$ 26,047	N/A

NOTE 4 – INVESTMENTS

The fair value framework requires categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value; whereas, Level 3 generally requires significant management judgment.

The three levels are defined as follows:

- Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Significant unobservable inputs that reflect the Plan’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges.

In accordance with the Financial Accounting Standards Board fair value standard, the following table presents the Plan's assets within the fair value hierarchy as of:

	October 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	-	-	\$ -
Total investments at fair value	\$ -	\$ -	\$ -	\$ -
	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 35,514,926	-	-	\$ 35,514,926
Total investments at fair value	\$ 35,514,926	\$ -	\$ -	35,514,926

NOTE 5 – PLAN TERMINATION

The Company may discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6 – INCOME TAX STATUS

Effective January 1, 2018, the Plan adopted a non-standardized form of a prototype profit-sharing plan sponsored by MLPF&S dated March 31, 2014. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receipt of the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

NOTE 7 – RISKS AND UNCERTAINTIES

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
