Independent Auditor's Report

To the Participants and Benefits Administration Committee of the
Aviation Communication and Surveillance Systems 401(k) Plan

Opinion

We have audited the financial statements of Aviation Communications and Surveillance Systems 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued (or when applicable, one year after the date that the financial statements are available to be issued).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information listed in the table of contents as of December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The Participants and Benefits Administration Committee of the
Aviation Communication and Surveillance Systems 401(k) Plan

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

AVIATION COMMUNICATIONS AND SURVEILLANCE SYSTEMS 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

NOTE 1 — DESCRIPTION OF PLAN

The following description of the Aviation Communications and Surveillance Systems 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

- A. **General** — The Plan is a defined contribution plan with a 401(k) feature covering eligible employees of Aviation Communications and Surveillance Systems, LLC (the “Company” or “Employer”) as defined in the Plan document. The Plan was established effective June 1, 2001. The Company was a wholly-owned subsidiary of L3 Harris Technologies, Inc. (“L3Harris”) throughout the years ended December 31, 2024 and 2023, but spun off subsequent to December 31, 2024.

The Plan Administrator for the years ended December 31, 2024 and 2023 was the L3Harris Employee Benefits Committee comprised of persons appointed by L3Harris. The Plan is designed to provide eligible employees with tax advantaged long-term savings for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

- B. **Contributions** — Participants may contribute a percentage of eligible compensation, as defined in the Plan document and subject to Internal Revenue Code (the “Code”) limitations, on a pre-tax basis and/or after-tax basis. After-tax contributions may be made either on a regular after-tax basis or on a designated Roth after-tax basis. Participants age 50 and older by the end of the calendar year can contribute an additional amount above the annual pre-tax/designated Roth after-tax limitation, as defined in the Plan document and subject to Code limitations. For any eligible employee who has completed one year of service with the Company, the Company matches up to 100% of pre-tax, regular after-tax and designated Roth after-tax contributions subject to a limit of 6% (5% for a participant who is accruing a benefit under the Company’s defined benefit pension plans) of eligible compensation. Full-time regular employees who make no election with respect to their contribution percentage are deemed to have elected deferment of 6% of eligible compensation on a pre-tax basis. In addition, participants may rollover amounts to the Plan from other qualified retirement plans or certain individual retirement accounts (“IRAs”).
- C. **Payments of Benefits** — Prior to termination of employment, a participant may withdraw all or any portion of his or her regular after-tax account balance or rollover account balance. A participant may also receive a distribution while employed for financial hardship, as defined in the Plan document, after attainment of age 59 1/2 or in certain cases, in connection with active military duty. Participants who are at least age 55 also may withdraw their Company matching contribution account balance while employed. Upon retirement or other termination of employment, a participant may elect to receive either a lump-sum amount equal to all or a portion of the participant’s vested account, or installments of his or her vested account over a future period. Alternatively, a participant generally will be eligible to rollover his or her vested account to an eligible retirement plan or IRA.
- D. **Participant Loans** — The participant loan program permits participants to borrow against their pre-tax, regular after-tax, designated Roth after-tax, qualified non-elective, and rollover accounts. A participant may borrow a minimum of \$500 to a maximum of up to 50% of the vested portion of the participant’s account or \$50,000, whichever is lower, within certain limitations established by the Plan document. Payback periods range from one to five years unless the loan is to be used for the purchase of a principal residence, in which case the payback period generally may not exceed ten years. Certain loans that transferred into the Plan via the acquisition of another plan’s assets may have a payback period exceeding ten years. Interest rates are established by the Plan Administrator based on market rates. Loans are paid back ratably through payroll deductions (or, if the participant is not receiving paychecks, then they are paid back by personal, certified or cashier’s check, money order or electronic transfer). The outstanding loans have been established as a separate fund.
- E. **Participant Accounts** — Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contributions on the participant’s behalf and (b) Plan earnings and is charged with an allocation of Plan losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

- F. **Vesting** — Participants are immediately vested in their pre-tax, regular after-tax, designated Roth after-tax, qualified non-elective and rollover contributions, plus earnings thereon. Participants who complete one hour of service on or after January 1, 2020 are vested in Company contributions 25% after one year of service, 50% after two years of service and 100% after three years of service (except that Company matching contributions made prior to January 1, 2020 are 100% vested). Participants will also become fully vested in Company contributions and earnings thereon upon 1) termination due to disability, 2) termination due to death, 3) the participant's 55th birthday if the participant is actively employed by the Company on or after that date or 4) the participant's death while on leave of absence due to qualified military service.
- G. **Forfeitures** — A terminated participant who is not 100% vested will forfeit the non-vested portion of the Company's contributions plus earnings thereon unless the participant returns to employment within five years. Forfeited contributions are used, in the order determined by the Plan Administrator, to restore the accounts of recently located missing participants; to restore the accounts of participants whose benefits previously were forfeited and who are reemployed prior to incurring a break in service of five consecutive years; to fund any Company contributions to be allocated to participants who are reemployed after a period of qualified military service, as defined in the Plan document; to reduce future contributions to the Plan by the Company; and to pay Plan administrative expenses. Forfeited amounts included in Plan assets at December 31, 2024 and 2023 were \$6,909 and \$5,846, respectively. For the year ended December 31, 2024, Company contributions to the Plan were not reduced by using forfeited non-vested accounts.
- H. **Plan Termination** — Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
- I. **Investment Options** — Upon enrollment in the Plan prior to the spinoff in 2025, a participant could direct Company and participant contributions into any of several investment options (including the L3Harris Stock Fund) and/or a brokerage window account. The L3Harris Stock Fund was a unitized fund as of December 31, 2024 and 2023. As a unitized fund, the fund's value is determined by its underlying assets consisting primarily of shares of L3Harris common stock, but also some short-term liquid investments. The fund's unit price is computed by the Trustee daily. Shares of common stock held in the L3Harris Stock Fund as of December 31, 2024 and 2023 are valued at the last reported quoted market price of a share on the last trading day of the year. A participant may transfer amounts from other investment options into the L3Harris Stock Fund, provided that no transfer shall cause more than 20% of a participant's account to be invested in the L3Harris Stock Fund. A participant may invest no more than 20% of his or her newly made contributions to the Plan in the L3Harris Stock Fund, except that a participant generally may elect to invest in the L3Harris Stock Fund up to 100% of newly made Company matching contributions for his or her benefit. The investment options are described in detail in the Plan's "Summary Plan Description," which is available to all participants. In the event no investment option is selected by a participant, the default investment option for contributions is the LifeCycle Fund that is age-appropriate for the participant. Elections to change investment options can be made daily. Investments are governed by certain limitations described in the Plan document and the "Summary Plan Description."

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accounting records of the Plan are maintained on the accrual basis and have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Interest in Master Trust — Prior to the spinoff in 2025, assets of the Plan were maintained in the L3Harris Retirement Savings Plan Master Trust (the "Master Trust") administered by Northern Trust, as Trustee. The Plan participated in the Master Trust along with the L3Harris Retirement Savings Plan. See Note 6 – Master Trust for further information regarding the Master Trust.

The interest in the Master Trust represents the Plan's specific interest in the assets of the Master Trust. The assets consist of units of funds that are maintained by Northern Trust. Contributions, benefit payments and certain administrative expenses are specifically identified and charged to the Plan.

Valuation of Investments and Income Recognition — Investments are stated at fair value, except for fully-benefit responsive investments, which are stated at contract value. For investments stated at fair value, quoted market prices are used, when available, to value investments. Investments for which quoted market prices are not available are stated at fair

values as reported by the Trustee or investee company. See Note 7 — Financial Instruments for further information on the valuation of investments. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments.

Notes Receivable from Participants — Notes receivable from participants represent participant loans recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded upon the participant's eligibility for a Plan distribution.

Payment of Benefits — Benefits to participants or their beneficiaries are recorded when paid.

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts, disclosures, and schedules. Accordingly, actual results may differ from those estimates.

Administrative Expenses — Unless otherwise elected by the Company, all reasonable charges and expenses incurred in connection with the administration of the Plan are paid by the Trustee from the assets of the Master Trust.

NOTE 3 — RELATED-PARTY TRANSACTIONS

Certain Plan investments, through the Plan's interest in the Master Trust, are managed by Northern Trust, Trustee of the Plan and therefore these transactions qualify as exempt party-in-interest transactions. Additionally, the Plan's recordkeeper, Fidelity Workplace Services LLC, also qualifies as an exempt party-in-interest. Fees paid by the Plan to Northern Trust for trustee services totaled \$841 for the year ended December 31, 2024. Fees paid by the Plan to Fidelity Workplace Services LLC for record keeping services related to the Plan totaled \$13,216 for the year ended December 31, 2024.

The Plan's specific interest in the L3Harris Stock Fund includes 46,293 and 56,989 shares of L3Harris common stock valued at \$9,734,399 and \$12,003,028 as of December 31, 2024 and 2023, respectively. The Plan received aggregate dividends on the stock held within the L3Harris Stock Fund in the amount of \$227,954 for the year ended December 31, 2024.

NOTE 4 — TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated December 2, 2014, that the Plan is designed in accordance with applicable sections of the Code, and thus is exempt from federal income taxes. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan as amended is qualified under Section 401(a) of the Code and the related trust is exempt from federal income taxes.

Based on U.S. GAAP requirements, management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 there are no uncertain tax positions taken or expected to be taken within twelve months that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

NOTE 5 — CREDIT RISKS AND UNCERTAINTIES

Cash amounts at the Trustee may exceed the federally insured limit from time to time. The Plan provides for investments in various investment securities, which, in general, are exposed to certain risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 6 — MASTER TRUST

The fair value of the assets, liabilities and investments of the Master Trust held by the Trustee and the Plan's portion of the fair value as of December 31, 2024 and 2023 are presented in the table below:

(In thousands)	Master Trust Balances		Plan's interest in Master Trust Balances	
	2024	2023	2024	2023
ASSETS				
Investments at fair value:

NET ASSETS	\$ 16,224,354	\$ 14,066,234	\$ 53,139	\$ 57,726

The net investment gain of the Master Trust and the Plan's portion of the net investment gain for the year ended December 31, 2024 are presented in the table below.

(In thousands)	Master Trust	Plan's Portion
Net investment gain:		
Net appreciation in investments	\$ 1,894,517	\$ 5,760
Interest and dividend income	102,867	312
Net investment gain	\$ 1,997,384	\$ 6,072

Net appreciation in the fair value of the investments consists of realized gains or losses and unrealized appreciation or depreciation on those investments. The net appreciation and interest and dividends are allocated to the participating plans based upon plan account balances.

NOTE 7 — FINANCIAL INSTRUMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal market (or most advantageous market, in the absence of a principal market) for the asset or liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). A three-level fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 — inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.
- Level 2 — inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 — inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models and similar techniques for which some or all significant assumptions are not observable.

The following section describes the valuation methodologies the Trust uses to measure financial assets at fair value.

In general, and where applicable, the Trust uses quoted prices in active markets for identical assets to determine fair value. This pricing methodology applies to the Plan's Level 1 assets which include common stocks, convertible equity, and the brokerage window account (which includes interest bearing cash, common stocks and registered investment companies). If quoted prices in active markets for identical assets are not available to determine fair value, then the Plan uses quoted prices for similar assets or inputs other than the quoted prices that are observable either directly or indirectly. These assets are included in Level 2 and consist of corporate, government, and municipal bonds, asset backed securities and mortgage-backed securities as of December 31, 2024 and 2023. Assets for which fair value is determined by management using assumptions that market participants would use in pricing assets are included in Level 3. As of December 31, 2024 and 2023, there were no Level 3 assets held by the Plan.

Target date common/collective trust funds share the common goal of first growing then later preserving principal and contain a mix of U.S. stocks, international stocks, U.S. issued bonds and cash. There are currently no redemption restrictions on these investments. The fair values of the investments in this category have been estimated using the net asset value per unit calculated by the investment's issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes. Net asset values (NAV) are reported by the funds and are supported by the underlying share prices of actual purchases and sale transactions occurring as of or close to the financial statement date. Assets measured at net asset value are exempt from the fair value hierarchy.

Assets Measured at Fair Value on a Recurring Basis

Investments in the Master Trust measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2024:

Fair Value Measurements Using Input Type

(In thousands)	Level 1	Level 2	Level 3	Total

NOTE 8 — SYNTHETIC GUARANTEED INVESTMENT CONTRACTS

The Plan, through its interest in the Master Trust, held fully benefit-responsive, synthetic guaranteed investment contracts (“synthetic GICs”) in the Stable Value Fund (the “Fund”) which are stated at contract value. A corresponding contract wrapper with the issuer of the synthetic GICs was also held in order to provide a variable rate of return on the cost of the investment. The interest crediting rate of synthetic GICs is based on the contract value, and the fair value, duration and yield to maturity of the portfolio of bonds underlying the synthetic GICs. The interest crediting rate is reset quarterly. The minimum crediting rate is zero percent.

The interest crediting rate reset allows the contract value to converge with the fair value of the underlying portfolio over time, assuming the portfolio continues to earn the current yield for a period of time equal to the current portfolio duration.

The primary variables impacting the future interest crediting rates of synthetic GICs include the current yield of the assets underlying the contract, the duration of the assets underlying the contract and the existing difference between the fair value and contract value of the assets underlying the contract.

Synthetic GICs generally provide for withdrawals associated with certain events which are not in the ordinary course of Master Trust operations. These withdrawals are paid with a market value adjustment applied to the withdrawal as defined in the investment contract. Each contract issuer specifies the events which may trigger a market value adjustment. Such events include but are not limited to the following: material amendments to the Plan or in the administration of the Fund; changes to the Master Trust's competing investment options including the elimination of equity wash provisions; complete or partial termination of the Master Trust; the failure of the Master Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; the redemption of all or a portion of the interests in the Fund held by the Master Trust at the direction of L3Harris, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the Plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit or affiliate, the bankruptcy or insolvency of L3Harris, the merger of the Master Trust with another trust, or L3Harris' establishment of another tax qualified defined contribution plan; any change in law, regulation, ruling, administrative or judicial position or accounting requirement, applicable to the Fund or the Master Trust; or the delivery of any communication to Plan participants designed to influence a participant not to invest in the Fund.

At this time, the Master Trust does not believe that the occurrence of any such market value adjustment-triggering event, which would limit the Master Trust's ability to transact at contract value with participants, has occurred or is probable.

If the Master Trust defaults in its obligations under any synthetic GIC (including the issuer's determination that the contract constitutes a non-exempt prohibited transaction as defined under ERISA), and such default is not corrected within the time permitted by the contract, then the contract may be terminated by the issuer and the Master Trust will receive the fair value of the underlying investments as of the date of termination. With the exception of this circumstance, termination of the contract by the issuer would be settled at contract value.

NOTE 9 — SUBSEQUENT EVENTS

Subsequent to December 31, 2024, the Plan's assets were transferred out of the Master Trust as the Plan sponsor spun off from L3Harris. There were no adjustments to the Plan's 2024 financial statements resulting from this transaction. The Plan evaluated all other subsequent events and transactions that occurred after the balance sheet date up to the date that the financial statements were issued, noting none requiring disclosure.
