INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
Germania Companies Employees
Profit Sharing and Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Germania Companies Employees Profit Sharing and Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule of Assets (Held at End of Year), as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024 and 2023

(1) Description of Plan

The following description of the Germania Companies Employees Profit Sharing and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan that prior to January 1, 2024 covered substantially all full-time employees of Germania Farm Mutual Insurance Association (the “Company”) who were age 21 or older, and part-time, seasonal, and temporary employees who were age 21 or older and who had one year service with a thousand hours. Effective January 1, 2024, the plan covers substantially all full-time, part-time, seasonal and temporary employees who are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(b) Contributions

Each year, the Company makes matching contributions to the Plan in an amount determined by the Board of Directors. Also, the Company makes discretionary contributions in an amount determined by the Company’s Board of Directors to all eligible participants hired or rehired by the Company on January 1, 2009 and thereafter, provided they are expected to work at least 1,000 hours during the Plan year. The Company is under no legal obligation to make a contribution during any specific year. Part-time, seasonal and temporary employees are excluded from Company contributions. Participants make voluntary contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations. Participants direct the investment of Company contributions and their contributions into various investment options offered by the Plan including an option for participant-directed brokerage accounts. The Plan includes an auto-enrollment provision whereby all newly hired eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Effective February 1, 2023, the automatic deferral rate increased from 4 percent to 6 percent of eligible compensation and the contributions are invested in a designated fund until changed by the participant.

(Continued)

(1) Description of Plan (continued)

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and discretionary contribution (where applicable), and (b) Plan net earnings. Allocations are based on the participant's annual earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions and, where applicable, Company matching contributions plus actual earnings thereon. Company discretionary contributions, where applicable, are 20% vested each year and fully vested at five years.

(e) Payment of Benefits

Upon termination of service, a participant will receive (1) a lump-sum amount equal to the value of his or her account or (2) fixed periodic installments.

(f) Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of (1) \$50,000 reduced by the highest outstanding loan balance incurred by the participant during the 12-month period ending on the day before the date on which the loan was made or (2) 50% of the value of their vested account balance. Loans are secured by the vested balance in the participant's account. Interest is charged at the prevailing rate at the time a loan is made and scheduled loan repayments are made through payroll deductions. The participant may have two loans outstanding at any given time. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. Loan origination fees are deducted from the participant's account. Any outstanding loans become immediately due and payable upon termination of a participant's employment.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Germania Companies
Employees Profit Sharing and Savings Plan

Notes to Financial Statements
(Continued)

(2) Summary of Significant Accounting Policies (continued)

(b) Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investments

The Plan provides for self-directed investment programs for individual participants. The Plan's investments, except for the collective trust funds, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion of fair value measurements.

The collective trust funds are stable value funds (the "Funds") which invest in separate collective trust funds comprised of investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to direct investments in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. However, the collective trust funds indirectly hold investments in fully-benefit responsive investment contracts; therefore, the Plan's investment in the Funds is reported at net asset value as a practical expedient for fair value as opposed to contract value. The objective of the Funds is to maintain principal value. Participant transactions (purchases and sales) may occur daily and normally are transacted using the net asset value. If the Plan initiates a full redemption of the Funds, the issuers reserve the right to require up to 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Further, transfers from the Funds to certain other investment options of a similar nature with the Plan may require up to a 90-day notice from the participant. There were no unfunded commitments at December 31, 2024 and 2023 related to the Funds.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

Germania Companies
Employees Profit Sharing and Savings Plan

Notes to Financial Statements
(Continued)

(2) Summary of Significant Accounting Policies (continued)

(e) Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgment occurs.

(f) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(g) Notes Receivable from Participants

The Plan records notes receivable from participants (participant loans) at their amortized cost (unpaid principal balance of the loan) plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis.

(3) Information Certified by the Trustee

The financial information included in the Plan financial statements, except for contributions receivable, contributions, benefits paid to participants, and administrative expenses, have been derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer discretionary contributions.

Germania Companies
Employees Profit Sharing and Savings Plan

Notes to Financial Statements
(Continued)

(5) Tax Status

The Plan is using a standardized prototype profit-sharing plan document. In a letter dated June 30, 2020, the Internal Revenue Service (“IRS”) indicated the standardized form of the Plan is acceptable under Section 401 of the Internal Revenue Code (the “Code”). The opinion of the IRS on the acceptability of the form of the Plan is not a ruling or determination as to whether the Plan qualifies under Code Section 401(a). Although the Plan has been amended since receiving the acceptability letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

(6) Party-In-Interest Transactions

The Plan invests in a collective trust fund managed by Principal Global Investors Trust Company. Principal Global Investors Trust Company is a member of Principal Financial Group; therefore, this transaction qualifies as a party-in-interest transaction.

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan to participants as party-in-interest transactions.

(7) Fair Value Hierarchy and Measurements

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a financial instrument in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Germania Companies
Employees Profit Sharing and Savings Plan

Notes to Financial Statements
(Continued)

(7) Fair Value Hierarchy and Measurements (continued)

The following methods and assumptions were used to estimate the fair value of each class of financial instruments:

Mutual funds: Valued at quoted market prices which represent the net asset value (“NAV”) of shares held by the Plan at year-end. Mutual funds held by the Plan are deemed to be actively traded.

Participant-directed brokerage accounts: Includes money market accounts which are valued at quoted market prices which represent the NAV of shares held by the Plan at year-end, and common stocks which are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value at December 31, 2024 and 2023:

	Fair Value December 31, 2024	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

	\$ 23,890,419	23,890,419	-	-

(8) Forfeitures

Forfeitures may be used to pay for administrative expenses of the Plan or reduce Company contributions, as determined by the Company at its sole discretion. Forfeited non-vested amounts included in net assets available for benefits totaled \$1 at December 31, 2024 and 2023. Forfeitures used to reduce Company contributions for 2024 and 2023 were \$6,265 and \$1,607, respectively. No forfeitures were used to reduce administrative expenses for 2024 and 2023.

(9) Reconciliation of Financial Statements to Form 5500

The statement of net assets available for benefits at December 31, 2023 agrees to the Form 5500 Asset and Liability statement at December 31, 2023. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024:

Net assets available for benefits per the financial statements	\$ 75,731,827

(9) Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of contributions per the financial statements for the years ended December 31, 2024 and 2023 to the Form 5500:

	<u>2024</u>	<u>2023</u>
Total contributions per the financial statements	\$ 5,874,096	7,751,790
Employer's contributions receivable at end of year	(85,304)	49,144
Participants' contributions receivable at end of year	<u>(99,798)</u>	<u>61,437</u>
Total contributions per the Form 5500	<u>\$ 5,688,994</u>	<u>7,862,371</u>

(10) Delinquent Participant Contributions

In 2020, participant contributions were withheld from participants' wages, but through oversight, were not remitted to the Plan within the time frame required by the Department of Labor under the Plan asset rules. This constitutes a loan from the Plan to the Company. The Company remitted the contributions of \$89, plus earnings, to the Plan in August 2024.

(11) Subsequent Events

The Plan has evaluated subsequent events from the date of the statements of net assets available for benefits through September 5, 2025, the date at which the financial statements were available to be issued and determined there are no items to disclose.
