## **INDEPENDENT AUDITOR'S REPORT**

To the Participants and Board of Trustees of the  
Plumbers and Pipefitters Local 430  
Health and Welfare Fund

### ***Opinion***

We have audited the financial statements of Plumbers and Pipefitters Local 430 Health and Welfare Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Plumbers and Pipefitters Local 430 Health and Welfare Fund as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plumbers and Pipefitters Local 430 Health and Welfare Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plumbers and Pipefitters Local 430 Health and Welfare Fund's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), Schedule of Reportable Transactions, and Schedules of Administrative expenses, together referred to as “supplemental information,” are presented for purposes of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions represents supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

**Note 1. Description of Plan**

The following description of the Plumbers and Pipefitters Local 430 Health and Welfare Fund (the Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a complete description of the Plan's provisions.

**General** – The Plan is a multiemployer health and welfare benefit plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was established on October 14, 1968, under an agreement with the Plumbers and Pipefitters Local Union 430 and Mechanical Contractors Association of Eastern Oklahoma, Inc. The Plan is administered by a Board of Trustees (Trustees) with equal representation by the employers and the Local. The Plan previously contracted with an administrative manager to oversee daily operations and with RBC Wealth Management to serve as custodian of the Plan's assets. Effective January 1, 2024, the Plan transitioned to a self-administered model, assuming responsibility for managing its own daily operations. RBC Wealth Management continues to serve as custodian of the Plan's assets.

**Benefits** – All benefits, except life, accidental death and dismemberment, and retiree, are paid by the Plan on a self-funded basis. These include medical, prescription drug, dental, short-term disability, and vision benefits. Life and accidental death and dismemberment insurance benefits for active participants are provided through an arrangement with Symetra Life Insurance Company. Retirees and their dependents are covered under an arrangement with Community Care for comprehensive health benefits.

The Plan maintains a Preferred Provider Option (PPO) agreement with Blue Cross Blue Shield of Illinois. This agreement provides negotiated rate savings. The PPO's service providers are available to all participants who elect to receive medical services under the PPO agreement. The PPO agreement automatically renews annually unless terminated by the Plan.

**Note 2. Summary of Significant Accounting Policies**

**Method of Accounting** – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America (U.S. GAAP). Under this basis, revenue is recognized when earned and expenses when incurred.

**Investment Valuation and Income Recognition** – The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Contributions Receivable** – The Plan estimates amounts receivable from reporting employers at year end based upon amounts collected subsequent to year end. The Plan considers the receivables to be fully collectible. The Plan has a policy of performing payroll compliance audits on the records of contributing employers. Delinquencies may arise from these procedures; however, due to uncertainty of collection, no allowance for doubtful receivables is required.

**Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Administrative Expenses** – The Plan's administrative expenses are paid for by the Plan, as provided by the Plan document and are included in these financial statements as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net investment income (loss) in the accompanying statements of changes in net assets available for benefits.

**Benefit Obligations** – Benefit obligations are estimated by the Plan's consultant using accepted actuarial principles, based on prior claim payment history, eligibility, claim lag studies, percentage factors, paid and incurred claims cost studies and other data as considered necessary.

Benefit claims payable and claims incurred but not reported is an estimate of claims incurred by eligible participants on or before December 31 of each year but paid by the Plan after year-end.

Accumulated eligibility credits include an estimate of the costs to the Plan to provide benefits to participants who have accumulated sufficient hours in their hour bank to provide extended coverage. As a result of the eligibility provisions of the Plan, hours worked by participants through December 31 produced February eligibility for active participants. The estimate of this hour-bank account is based on actual hours banked, converted to equivalent months of eligibility and multiplied by an estimate of the monthly costs of benefits to the Plan.

Notes to Financial Statements  
Years Ended December 31, 2024 and 2023

---

**Payment of Benefits** – Health claims and insurance premiums are recorded upon distribution. Any refunds due to overpayments, subrogation, or adjustments are shown netted with benefit payments.

**Prescription Rebates** – The Plan utilizes a pharmacy benefit manager (PBM) who periodically makes refunds to the Plan based on the Plan’s actual utilization pattern of specific drugs. The refunds are recorded when earned. Refunds due as of the financial statement date have been reported as a receivable. Pharmacy rebates totaling \$442,993 and \$571,074 have been netted with prescription drug benefits paid in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, respectively.

**Stop Loss Recoveries** – The Plan has stop-loss coverage through an insurance arrangement. The specific attachment point for each year ended December 31, 2024 and 2023, was \$425,000. During the years ended December 31, 2024 and 2023, stop-loss recoveries totaling \$500 and \$300,482, respectively, have been netted against benefit payments. Stop-loss recoveries earned but not received have been recorded as a receivable on the statements of net assets available for benefits.

**Reciprocal Contributions** – The Plan is signatory to reciprocity agreements with various other multiemployer welfare plans outside its territorial jurisdiction that are affiliated with the Plumbers and Pipefitters trade. Employees who are normally employed within the territory of one local union (home local) may be temporarily employed within the territory of another local union (reciprocating local). When an employee of the home local works in the territory of a reciprocating local, the latter is to make contributions to the former’s fringe benefit funds on the employee’s behalf. Contributions received by the Plan on behalf of persons from outside participating local unions are forwarded to their home local fringe benefit trust funds. The Plan uses the same recognition and measurement criteria for contributions received on behalf of its participants under the terms of reciprocity agreements, as for all other employer contribution revenue.

Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan.

Employer contributions include reciprocal contributions of \$740,426 and \$590,551 for the years ended December 31, 2024 and 2023 respectively, from various other welfare plans under the terms of reciprocity agreements.

**PLUMBERS AND PIPEFITTERS LOCAL 430  
HEALTH AND WELFARE FUND**

Notes to Financial Statements  
Years Ended December 31, 2024 and 2023

---

The Plan remitted a total of \$2,224,674 and \$1,397,649 in reciprocal contributions to various other welfare plans under the terms of reciprocity agreements for the years ended December 31, 2024 and 2023, respectively.

**Health Reimbursement Arrangement (HRA)** – The Plan provides a Health Reimbursement Arrangement (HRA) benefit for eligible participants, funded by employer contributions as provided under the Plan’s Rules and Regulations. HRA benefits may be used to reimburse qualified medical expenses as defined by Internal Revenue Code Section 213 and the Plan provisions.

Participants earn the right to access HRA funds in accordance with the Plan’s eligibility requirements. Once earned, amounts remain in the participant’s account until used to reimburse eligible expenses or forfeited in accordance with Plan terms. Forfeitures are returned to the Plan and may be used to reduce future contributions or pay benefits. The HRA liability represents the balances available to participants at year-end. As of December 31, 2024, the HRA liability was \$34,152.

**Note 3. Priorities Upon Termination**

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees subject to the provisions of ERISA. In the event of termination, the Trustees shall first satisfy or make provisions to satisfy the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for, or diverted to, purposes other than the exclusive benefit of the participants.

**Note 4. Tax Status**

The trust established under the Plan to hold the Plan’s assets is qualified pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC) as a tax-exempt organization. The Plan has obtained a favorable determination letter from the Internal Revenue Service and the Plan Sponsor believes that the Plan, as amended, continues to qualify and to operate in accordance with applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 5. Funding Policy**

The Plan is funded primarily by employer contributions as determined by collective bargaining agreements. The Plan also receives contributions from retirees and participants electing COBRA coverage. Retiree and COBRA participant contribution rates are determined by the Plan's consultant in accordance with COBRA regulations and approved by the Trustees.

**Note 6. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Money Market Funds:* Valued at the daily closing price as reported by the fund. Money market funds are open-end funds that are registered with the Securities and Exchange Commission.

Years Ended December 31, 2024 and 2023

These funds are required to publish its daily net asset value (NAV) and to transact at that price. Money market funds are deemed to be actively traded.

*Mutual Funds and Exchange Traded Funds:* Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024:

Description	Total	Level 1	Level 2	Level 3
Money Market Funds	\$ 1,362,020	\$ 1,362,020	\$ -	\$ -

The following table sets forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023:

**Note 7. Active Participants' Accumulated Eligibility**

The Board of Trustees has established a plan of continued eligibility based on a Reserve Hour Bank structure. All the hours of covered employment are accumulated in an hour bank. Initial eligibility is obtained for benefits on the first day of the second month following a period of up to six consecutive months during which at least 400 hours of Covered Employment has been worked.

After initially becoming eligible, 140 hours will be deducted from the Hour Bank account for each month of coverage. Participant must have at least 140 hours of Covered Employment accumulated in their Hour Bank account at the beginning of each month in order to be covered for that month.

Participant may be reinstated to eligibility on the first day of the second month following the month in which participant is credited with a total of at least 140 hours of Covered Employment. In order to be reinstated, participant must be credited with a total of at least 140 hours of Covered Employment within the 12-consecutive month period immediately following termination.

**PLUMBERS AND PIPEFITTERS LOCAL 430

Notes to Financial Statements  
Years Ended December 31, 2024 and 2023

---

After an individual has become initially eligible for coverage, they will be allowed to accumulate excess hours in their Reserve Hour Bank up to a maximum of 3,600 hours.

At December 31, 2024 and 2023, the active participants had earned and accumulated eligibility for benefits in future periods totaling approximately \$6,749,580 and \$7,316,580, respectively.

The estimated liability for accumulated eligibility at December 31, 2024 and 2023 is based upon the average monthly cost of benefits per participant multiplied by the number of months of benefits earned for a future period by the end of the plan year.

**Note 8. Medicare Subsidy**

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 introduced a prescription drug benefit under Medicare, as well as a federal subsidy to sponsors of retiree health care benefit plans, which provide a benefit that is at least actuarially equivalent to Medicare Part D. For multiemployer plans, and Medicare subsidy is received directly by the Plan and not the individual employers participating in the Plan.

**Note 9. Related Party and Party-In-Interest Transactions**

The Plan shares office supplies, equipment and staff with Plumbers and Pipefitters Local Union 430 (Local 430). Shared operating and administrative expenses are paid initially by Local 430 and later reimbursed by the Plan on a timely basis. For the years ended December 31, 2024 and 2023, the Plan reimbursed Local 430 \$128,351 and \$46,042, respectively. Amounts due to related organizations represent operating expenses owed at year end. As of December 31, 2024 and 2023, the Plan owed Local 430 \$11,199 and \$3,479, respectively.

The Plan leases office space from Local 430 on a month-to-month basis. Terms of the lease require monthly payments at \$594. Lease payments received for the years ended December 31, 2024 and 2023 were \$7,125 and \$7,125, respectively.

Payments for professional services such as administration, auditing, consulting, investment management, legal, and other services rendered by parties in interest are considered reasonable and customary for such services.

Management believes the Plan maintains cash deposits in bank accounts with financial institutions deemed creditworthy. Cash balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 in a single bank. At times, balances may exceed federally insured limits.

**Note 11. Risks and Uncertainties**

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**Note 12. Concentration of Contributions**

Four signatory employers each contributes more than five percent of total contributions. The withdrawal of one or more of these employers may impact the funding of the Plan.

**Note 13. Reconciliation of Financial Statements to Form 5500**
