## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
Westlake Services Holding Company Employee Stock Ownership Plan  
Los Angeles, California

### **Opinion on the 2024 Financial Statements**

We have audited the accompanying financial statements of Westlake Services Holding Company Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Westlake Services Holding Company Employee Stock Ownership as of December 31, 2024, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion on the 2024 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

To the Administrative Committee of  
Westlake Services Holding Company Employee Stock Ownership Plan  
Los Angeles, California

### **Auditors' Responsibilities for the Audit of the 2024 Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters**

#### **2024 Supplemental Schedules Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

To the Administrative Committee of  
Westlake Services Holding Company Employee Stock Ownership Plan  
Los Angeles, California

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**2023 Financial Statements**

The financial statements of the Plan as of December 31, 2023, were audited by other auditors whose report dated August 9, 2024 expressed an unmodified opinion on those statements.

## WESTLAKE SERVICES HOLDING COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

#### Note 1: Description of Plan

The following description of the Westlake Services Holding Company Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

##### General

The Plan is an employee stock ownership plan with a Code section 401(k) element covering all employees of Hankey Group employees, except for leased employees. The Hankey Group (the "Company") consists of Hankey Investment Company, LP and its affiliates, HFC Acceptance, LLC, Midway Rent A Car, Inc., Westlake Services, LLC, Nowcom, LLC, Knight Management Insurance Services, LLC, TNK Motors, Inc., Western Funding Incorporated, Westlake Portfolio Services, Inc., US Insurance Service, LLC, Conrad Staffing Services, LLC, CULA LLC, Knight Management Company, LC, Nowpay, LLC and Covered Holdings, Inc.. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan initially became effective on January 1, 2001.

The Plan is administered by an administrative committee. The trustee of the Plan is Don R. Hankey, Chairman of the Hankey Group. The Plan contracted Principal Financial Group to perform recordkeeping services and to process and maintain participant account data.

Employees will become eligible to participate in the Plan if they have completed six months of service and have reached the age of 18. Participants may enroll in the Plan immediately upon satisfaction of the eligibility requirements.

##### Contributions

The Company sponsors another defined contribution retirement plan, HG 401(k) plan. Eligible participants may contribute between a minimum 2% and a maximum 30% of their annual compensation in pre-tax contributions, Roth contributions (only offered under HG 401(k) plan), a combination of these two types offered by the Plan or HG 401 (k) Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants is allowed to investment of their contributions into only company's stock under this Plan.

The Plan allows for the Company to make discretionary matching contributions. The Company provides an employer matching contribution based on total employee deferrals and eligibility criteria among two plans. To qualify for a match, employees must have an active employment status at the last business day of the plan year and must have worked at least 1,000 hours during the year. Employer matching contributions are subject to the IRS maximum compensation limit of \$345,000, resulting in a maximum employer match of \$13,800 for 2024. The Company's matching formula is tiered based on the employee's contribution rate as a percentage of eligible compensation as follows:

- For combined employee contributions between the Plan and HG 401(k) Plan up to 3%, the Company matches 100 % of the employee's contribution, up to 3% of compensation.
- For combined employee contributions between the the Plan and HG 401(k) Plan of 3-5%, the Company matches 100% of the first 3% and 50% of the 1-2%, resulting in a total potential match of up to 4%.

#### Note 1: Description of Plan (Continued)

- For combined employee contributions between the Plan and HG 401(k) Plan of 5% or more, the maximum employer match remains 4% of eligible compensation.

Total employer match is first calculated at combined for both the Plan and the ESOP Plan. Then, it is further allocated proportionally between the Plan and HG 401(k) Plan based on how employee contributions are funded between two plans.

#### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. The Company's matching contributions and earnings thereon will be vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

The normal retirement age is 65. A participant who is an employee on or after the date they reach normal retirement age (as defined by the Plan) will be 100% vested in employer contributions.

#### Notes Receivable from Participants

No loans are permitted.

#### Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account by the Company's stock, cash or combination of both. If the distribution is made by the Company's stock, the stocks must be sold to the Company immediately after distributions are made. All vested account balances not exceeding \$1,000 will be distributed in a lump-sum payment by the end of the following year. For vested account balances exceeding \$1,000, up to \$5,000, participants may elect to receive in lump sum by the end of the following plan year. If the participant doesn't not elect to have the distribution paid directly to another qualified retirement plan or IRA and does not elect to receive the distribution directly, the Plan administrator may transfer such vested account balance to an IRA of its choosing and will notify participants in writing of the transfer.

#### Note 1: Description of Plan (Continued)

##### **Forfeited Accounts**

At December 31, 2024 and 2023, the Plan did not have any forfeited non-allocated accounts available for use. Forfeitures may be used to reduce future employer contributions or to pay Plan expenses. During the year ended December 31, 2024, Plan expenses were reduced by \$36,314.

##### **Diversification**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company's common stock into investments that are more diversified. Participants who are at least age 55 with minimum 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant through qualified election periods covering a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to their accounts, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution or may elect to have the proceeds transferred to the HG 401(k) Plan. Diversification rights must be exercised during the 90 day period following each of the plan year included in the qualified election period.

In 2013, the Plan initiated an additional diversification clause to allow participants who have ten years of service and attained the age of forty to diversify a portion of their account, not to exceed 25 percent of their account balance. Elective deferral accounts are not eligible for diversification under the Plan.

53,502 shares of the Company's common stock were redeemed for a total diversification of investments amounting to \$3,767,545 during the year ended December 31, 2024. This amount is included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits during the year ended December 31, 2024.

##### **Voting Rights**

All shares of the Company's stock held in the trust shall be voted by the plan committee. However, each participant will have the right to direct the voting of any Company stock allocated to its individual stock account for any matter for specific matters. Participants will be notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote on any allocated share for which instructions have not been given by participants. However, the trustee is required to vote on behalf of unallocated shares in favor of the best interest of the plan participants and beneficiaries.

##### **Put Option**

Under federal income tax and ERISA regulations, the Company is required to provide a put option to participants or their beneficiaries who receives distributions in the form of employer securities, if the securities are not readily tradable on an established market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put options is to ensure that the participant has the ability to ultimately obtain cash.

#### Note 2: Summary of Accounting Policies

##### **Basis of Accounting**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

##### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

##### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and an independent appraiser. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividend income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

##### **Payment of Benefits**

Benefits are recorded when paid.

##### **Plan Fees and Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

##### **Date of Management's Review**

Events occurring after December 31, 2024 have been evaluated for possible adjustments to the financial statements or disclosures as of September 10, 2025, which is the date the financial statements were available to be issued.

#### Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Cash and cash equivalents: Cash is reported at value held at bank.

Corporate stocks and fixed income securities: The fair value of corporate stocks, corporate debt instruments and fixed income securities are generally based upon closing price reported on the active market on which the individual securities are traded.

Bonds: While the bond is listed on an active exchange, it trades infrequently, and observable market transactions are limited. As such, fair value measurement incorporates both observable and unobservable inputs. The fair value of the bond is determined primarily based on last available trade data, quoted prices in market that are not active.

Interest-bearing cash: Interest bearing cash consists of money held by investment broker. The carrying value is believed to be representative of its fair value based on its short-term nature.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**WESTLAKE SERVICES HOLDING COMPANY EMPLOYEE STOCK OWNERSHIP PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

**Note 3: Fair Value Measurements (Continued)**

*Westlake Services Holding Company's common stock:* Westlake Services Holding Company ("WSHC")'s common stock is not actively traded and significant other observable inputs are not available. Thus, the fair value of WSHC common stock is equal to the amount reported at value appraised by an independent appraiser, KPMG, LLP. The appraisal was based upon a combination of the market approach (guideline public company method) and income approach (discounted cash flow method) valuation techniques consistent with prior year. The valuation process involves plan management's selection of an independent appraiser and providing the data to the appraiser based on the audited financial statements of the Company. The appraiser prepares a report which is reviewed and approved by the plan management and the trustee of the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

INVESTMENTS	Fair Value Measurements			Total
	Using Input Type			
	Level 1	Level 2	Level 3

### Note 3: Fair Value Measurements (Continued)

#### Changes in Level 3 Fair Value Measurement

The changes in the fair value the Plan's level 3 investment assets at December 31, 2024 is as follows:

Balance, Beginning of year		Purchases	Balance End of year
6,658,063 shares	Unrealized	22,000 shares	6,680,063 shares
@\$70.42	gains	@\$70.42	@74.13
<hr/>			
\$ 468,860,796	\$ 24,783,034	\$ 1,549,240	\$ 495,193,070

### Note 4: Party-In-Interest Transactions

The Plan allows for transactions with certain parties who may perform investment or recordkeeping services for the Plan. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

### Note 5: Related Party Transactions

In addition, the Plan invests in common stock of WSHC. The Plan purchased 22,000 shares of WSHC common stock for \$1,549,240. The Plan also received \$24,066,429 in S Corporation distributions during the year ended December 31, 2024.

On June 21, 2024, the Plan entered into a non-interest bearing loan agreement with WSHC. The original maturity date of the loan was December 31, 2024, which was subsequently extended to February 6, 2025. The loan was fully repaid on February 6, 2025. As of December 31, 2024, the outstanding loan balance was \$3,405,000.

### Note 6: Plan Termination

Although it has not expressed any intent to do so, the sponsoring Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any employer contributions.

### Note 7: Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 28, 2013, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan's management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the management believes that the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

#### Note 7: Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is currently under examination by the Department of Labor. As of the date of this report, management has not received any further communication regarding whether the examination has resulted in any findings.

In September 2024, the Plan was notified by the Internal Revenue Service (IRS) of an audit pertaining to the 2021 plan year. As of the date of this report, the Plan has not received any formal communication from the IRS regarding the outcome of the audit. Based on the audit and examination to date, the Plan's legal counsel does not believe that the Plan's tax-qualified status is at risk.

#### Note 8: Risks and Uncertainties

The Plan invests primarily in WSHC common stock, which is subject to various risks, including industry-specific market conditions, the credit risk of the Company's customers, and the valuation assumptions used in estimating the fair value of the Company. Due to the inherent risks and uncertainties associated with these factors, the value of the WSHC common stock may fluctuate, which could impact on the amounts reported in the accompanying financial statements.

#### Note 9: Contingencies

The Plan is periodically involved in various legal proceedings and claims that arise in the ordinary course of business. Management, in consultation with legal counsel, evaluates the potential outcomes of these matters as well as the likelihood and range of potential loss.

As of the date of these financial statements, management does not believe that the outcome of any pending or threatened legal proceedings will have a material adverse effect on the Plan's net assets available for benefits or changes in net assets available for benefits. Accordingly, no amounts have been accrued for any such matters in the accompanying financial statements.

#### Note 10: Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 at December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>

Net increase in net assets available for benefits per Form 5500	<u>\$ 9,605,942</u>

#### Note 11: Delinquent Participant Contributions

During the 2022 and 2023 audit, it was determined that the Company had failed to remit employee deferrals in the time described in 29 CFR 2510.3-102. As a result of these late remittances, the Plan is considered to have engaged in a prohibited transaction. The Company has not corrected the late remittances or remitted the related lost earnings to the Plan, as management was advised by the DOL agent to defer any corrective action until the completion of the ongoing DOL examination. As a result, these errors remain uncorrected as of the date of this report.
