INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Raymours Furniture Company, Inc.
401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Raymours Furniture Company, Inc. 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year – as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) AND PROFIT SHARING PLAN**

Notes to Financial Statements

1. Description of Plan

The following description of the Raymours Furniture Company, Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective as of January 1, 1984, by the Raymours Furniture Company, Inc. (the "Company"). Effective April 29, 2021, the Plan operates under a Pre-Approved Defined Contribution Plan document of FMR LLC.

The Plan covers all employees of the Company and its affiliates who have attained age 19 and have satisfied the plan document's service requirement. Employees who have attained age 19 and completed three months of service are eligible to make deferrals and receive an allocation of matching employer contributions. Whereas employees who have attained age 19 and completed six months of service are eligible to receive an allocation of non-elective employer contributions.

Plan Administration

The Plan is administered by Raymours Furniture Company, Inc. which acts as the Plan Sponsor. The Retirement Plan Committee determines the appropriateness of the Plan's investment earnings, monitors investment performance and reports to the Board.

Contributions

Each year, participants may contribute up to 60% of their annual wages as defined on a pretax basis, subject to the maximum allowed by the Internal Revenue Service and as defined in the Plan. Notwithstanding the foregoing, highly compensated employees may contribute up to 5.0% of their annual wages as defined on a pre-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employees may rollover certain amounts from other qualified defined benefit plans and defined contribution plans. The Company contributes 50% of the first 4% of eligible compensation that a participant contributes to the Plan. Additional profit-sharing amounts may be contributed on a discretionary basis at the option of the Company's Board of Directors. There was no discretionary profit-sharing contribution made for 2024. During 2023, the Board made a discretionary profit-sharing contribution of \$1,501,401 to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings and losses. Participant accounts are charged with an allocation of administrative and investment advisory expenses to the extent not offset by revenue generated on fund investments. Allocations are based on participant earnings, account balances or specific transactions, as defined. Participants must complete 1,000 hours of service in the plan year and be employed on the last day of the plan year in order to receive an allocation of profit-sharing employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

401(k) AND PROFIT SHARING PLAN**

Notes to Financial Statements

1. Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service (1,000 hours of service completed in a plan year). A participant is 100% vested upon completing five years of vesting service pursuant to a five-year graded vesting schedule.

Notes Receivable from Participants

Participants may borrow from their accounts, a minimum of \$1,000, to a maximum of \$50,000 or 50% of their vested account balance, reduced by the excess of the participant's highest outstanding balance of all loans on any day during the one-year period ending on the day before the loan was made, over the outstanding balance of loans from the plan on the date the participant's loan is made. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 9.50%, which is commensurate with the Prime Rate published in The Wall Street Journal as of the last business day of the month immediately preceding the month in which the loan was issued, plus 1%. Principal and interest is paid ratably through payroll deductions. A participant with an outstanding loan balance who terminates employment may continue to pay such loan directly to Fidelity Workplace Services LLC.

Investment Options

Participants may direct contributions to selected investments as made available and determined by the Plan Administrator. All contributions are invested in investment options as determined by the participant. Participants may change their investment options at their discretion. Contributions allocated to the accounts of participants who do not make an investment election are invested in the designated default fund.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive the value of the participant's account as a lump-sum amount. In service withdrawals are also permitted for certain financial hardships or when a participant attains age 59 ½.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined in the Plan. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures may be used to pay plan expenses or to reduce employer contributions. Unallocated forfeitures at December 31, 2024 and 2023, were \$650,974 and \$507,192, respectively.

Notes to Financial Statements

1. Description of Plan (continued)

Recent Regulatory Event

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act of 2022 was signed into law as part of the Consolidated Appropriations Act of 2023. The SECURE 2.0 Act of 2022 builds on the SECURE Act of 2019 which revised existing rules around retirement saving. The SECURE 2.0 Act of 2022 contains dozens of new retirement-related provisions with effective dates beginning January 1, 2024 and beyond. SECURE 2.0 is intended to expand and increase retirement savings and to simplify and clarify many complex existing retirement plan rules. However, there was no impact to the Plan's 2024 or 2023 financial statements. See Note 9 for subsequent event disclosure information related to provisions adopted in 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administration Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

**RAYMOURS FURNITURE COMPANY, INC.
401(k) AND PROFIT SHARING PLAN**

Notes to Financial Statements

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**RAYMOURS FURNITURE COMPANY, INC.
401(k) AND PROFIT SHARING PLAN**

Notes to Financial Statements

3. Fair Value Measurements (continued)

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Fair Value Hierarchy</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 240,074,450	\$ 240,074,450	\$ -	\$ -
Total investments at fair value	<u>\$ 240,074,450</u>	<u>\$ 240,074,450</u>	<u>\$ -</u>	<u>\$ -</u>

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Fair Value Hierarchy</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual funds	\$ 206,955,558	\$ 206,955,558	\$ -	\$ -
Total investments at fair value	<u>\$ 206,955,558</u>	<u>\$ 206,955,558</u>	<u>\$ -</u>	<u>\$ -</u>

4. Group Annuity Contract with Insurance Company

At December 31, 2024 and 2023 the Plan holds benefit-responsive guaranteed investment contracts with J.P. Morgan Retirement Plan Services LLC ("J.P. Morgan") totaling \$14,085,498 for 2024 and \$14,579,876 for 2023, respectively. J.P. Morgan maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer.

**RAYMOURS FURNITURE COMPANY, INC.
401(k) AND PROFIT SHARING PLAN**

Notes to Financial Statements

4. Group Annuity Contract with Insurance Company (continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan at December 31, 2024 and 2023 by J.P. Morgan, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. Information Certified by Trustee

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023 and for the year ended December 31, 2024, included in the Plan's financial statements and ERISA-required supplemental schedule that was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

	December 31,	
	2024	2023

**RAYMOURS FURNITURE COMPANY, INC.
401(k) AND PROFIT SHARING PLAN**

Notes to Financial Statements

5. Information Certified by Trustee (continued)

For the year ended December 31, 2024, the trustee also certified to the completeness and accuracy of interest and dividends of \$11,747,817; net appreciation in fair value of investments of \$27,468,437; and interest income on notes receivable from participants of \$921,074, as well as all items and amounts included within the ERISA-required supplemental schedule and Notes 2 (Investment Valuation and Income Recognition), 3 (Fair Value Measurement), and 4 (Group Annuity Contract with Insurance Company).

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Related Party Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Management Research Company, a related party of Fidelity Management Trust Company (Fidelity). Fidelity is the trustee and record keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Effective July 29, 2021, Fidelity Workplace Services LLC is the record-keeper. Fidelity provides certain administrative services to the Plan pursuant to a Fidelity Investments Retirement Plan Service Agreement (Service Agreement) between the Company and Fidelity. Fidelity receives revenue from mutual funds service providers for services Fidelity provides the funds. This revenue is used to fund a Revenue Credit Account. The Company may direct Fidelity to use amounts held in the Revenue Credit Account to pay service providers, including Fidelity, and to allocate funds to participant accounts no more frequently than quarterly. During 2024, approximately \$546,000 remained in the Revenue Account after the payment of Fidelity's fee, other fees and administrative expenses for the Plan, and an allocation to the accounts of the participants.

8. Tax Status

The Company has adopted the pre-approved plan document of FMR LLC. The Internal Revenue Service ("IRS") has determined and informed FMR LLC by a letter dated June 30, 2020, that the pre-approved plan document is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**RAYMOURS FURNITURE COMPANY, INC.
401(k) AND PROFIT SHARING PLAN**

Notes to Financial Statements

9. Subsequent Events

The Plan has evaluated subsequent events through July 15, 2025, which is the date the financial statements were available to be issued.

Effective April 1, 2025, the Company elected to adopt the following withdrawal provisions of the SECURE 2.0 Act (see Note 1): a) Qualified Birth or Adoption Distributions as defined in Section 113; b) Domestic Abuse Withdrawals for participants who are victims of domestic abuse, as defined under Section 314; c) In-Service Terminally Ill Distributions as defined in Section 326; d) Increase in Dollar Threshold for Mandatory Cash-Out Distributions; d) Increased Catch-Up Limits for Ages 60, 61, 62 and 63, effective May 1, 2025.

Effective on or about January 1, 2024 and January 1, 2025, respectively, the Company elected to not opt out of a unilateral amendment advanced by Fidelity Workplace Services LLC, and thus adopt the following provisions of the SECURE 2.0 Act (see Secure Act 2.0 herein): a) Increase in Dollar Threshold for Mandatory Cash-Out Distributions, as defined in Section 304 and b) Increased Catch-Up Limits for Ages 60, 61, 62 and 63, as defined in Section 109.
