INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the

Primus Builders, Inc. Employees Savings Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of

PRIMUS BUILDERS, INC. EMPLOYEES SAVINGS TRUST

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of Primus Builders, Inc. Employees Savings Trust’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from Ascensus Trust Company, a qualified institution, as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note (4) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note (2).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Primus Builders, Inc. Employees Savings Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note (2) of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note (2); this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Primus Builders, Inc. Employees Savings Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Primus Builders, Inc. Employees Savings Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Primus Builders, Inc. Employees Savings Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) (Modified Cash Basis) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

(1) Description of the Plan

The following description of the Primus Builders, Inc. (the “Plan Sponsor”) Employees Savings Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Primus Builders, Inc., Primus Design Services, LLC and P3 Advantage, Inc. (collectively, the “Company”). Employees are eligible to participate on the first day of the quarter following one month of service, as defined in the Plan agreement, and after attaining the age of 21. The Plan was established effective January 1, 2006 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent amendments. The Plan was amended and restated effective June 10, 2024 to allow participants to enter after attaining the age of 18.

Contributions - The Company may elect to make safe harbor matching contributions to satisfy certain non-discriminatory tests required by the Internal Revenue Service (“IRS”). Participants may elect to defer up to the maximum amount of their compensation, as determined by the Plan administrator, which will not cause the Plan to violate certain non-discrimination tests required by the IRS. Elective deferrals can be made in whole percentages of compensation or in specific dollar amounts, not to exceed \$23,000 and \$22,500 for 2024 and 2023, respectively, of pretax annual compensation, as defined in the Plan agreement. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions totaling \$7,500 for both 2024 and 2023. Participants may also “roll over” amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. Employees are eligible to designate a portion of their elective deferrals as Roth elective deferrals. Any Company profit sharing contributions are discretionary. The Company may contribute matching safe harbor contributions equal to 100% of up to the first 3% of a participant’s contributions and an additional 50% on participant contributions between 3% and 5% of a participant’s compensation contributed to the Plan. The Company made safe harbor matching contributions totaling \$640,226 and \$508,804 for the Plan years ended December 31, 2024 and 2023, respectively. The Company may make a profit-sharing contribution at its discretion using the individual participant group formula as outlined in the Plan agreement. No discretionary profit sharing contributions were made for the Plan years ended December 31, 2024 and 2023.

Participant accounts - Each participant's account is credited with the participant's pre-tax and Roth 401(k) contributions and an allocation of (a) the Company’s contributions, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants’ non-vested amounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

PRIMUS BUILDERS, INC. EMPLOYEES SAVINGS TRUST

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

(1) Description of the Plan (continued)

Vesting - Participants are immediately vested in their elective deferral contributions, rollover contributions, and safe harbor matching contributions plus actual earnings thereon. Participants become vested in employer contributions in accordance with Plan provisions based upon years of service. For all discretionary profit-sharing contributions and earnings, a participant is 100% vested after six years of credited service. Participants who reach normal retirement age while still employed by the Company are also fully vested in their accounts.

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move money from one fund to another in accordance with rules established by the Plan administrator. The Plan administrator may change the investment options available to participants at any time.

Forfeited accounts - Forfeitures of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. Distributions to terminated participants whose accounts are not 100% vested are reduced by forfeiture of the non-vested portion of their accounts. As of December 31, 2024 and 2023, there were no forfeited non-vested amounts outstanding, and no forfeitures were used to reduce Company contributions in 2024 and 2023.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the highest outstanding loan amount during the prior twelve months or 50% of their vested account balance, excluding Roth deferrals. Loan transactions are treated as a transfer between the investment fund(s) and the participant loans fund. Loan terms range from one to five years and are granted for hardship reasons or for specified financial needs. The loan term can be up to 30 years if it is for the purchase of a principal residence. A participant may have no more than two loans outstanding during the Plan year. Principal and interest are repaid through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at market rates that are periodically adjusted by the Plan administrator. The loans bear interest at the Prime rate plus 1%. The interest rates ranged from 4.25% to 9.50% for the years ended December 31, 2024 and 2023, respectively.

Payment of benefits - Upon termination of employment, disability, retirement at age 65, or loan for reason of hardship, a participant may elect a lump sum distribution of his/her vested account. Upon death, the participant's beneficiary may also make a withdrawal in lump-sum or via the installment method. Participants are required to begin taking minimum distributions from their accounts by April 1 of the year following the calendar year in which they attain age 73, unless they are still an active employee. The Plan dictates automatic distribution of vested benefits totaling \$5,000 or less for terminated employees.

Plan expenses - Substantially all Plan administrative expenses are paid by the Company.

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies

Basis of accounting - The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (“U.S. GAAP”). Contributions, interest, and dividend income are recognized at the same time such amounts are received. Distributions and other expenses are recognized at the same time such amounts are disbursed. However, for these financial statements, the cash method is modified to report investments at fair market value as required by the U.S. Department of Labor (“DOL”).

Investment valuation and income recognition - The Plan’s investments are stated at fair value in accordance with Financial Accounting Standards Board (“FASB”), Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, (Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The market value of mutual funds is determined by the quoted market prices.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date.

Investment income - Investment income (loss) consists of interest, dividends, gains (losses) on sales of securities and the unrealized appreciation (depreciation) in fair market value of investments. Net appreciation (depreciation) in the fair value of investments includes the Plan’s gains (losses) on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

Estimates - The preparation of the financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payments of benefits - Benefits are recorded when paid.

Plan expenses - Certain expenses may be paid by the Company directly on behalf of the Plan while others may be paid from the Plan assets. The expenses paid from Plan assets will either be shared by all participants or will be charged directly to the account of the participant on whose sole behalf the expense is incurred. Expenses shared by all participants will either be paid on a pro-rata basis or on an equal dollar basis.

(3) Fair value measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Interest bearing cash and mutual funds: These investments consist of various publicly traded money market and mutual funds. The fair values are based on quoted market prices and are therefore classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(3) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 1,231,343	\$ -	\$ -	\$ 1,231,343
Mutual funds	16,209,622	-	-	16,209,622
Total investments at fair value	<u>\$ 17,440,965</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,440,965</u>
	2023			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 48,846	\$ -	\$ -	\$ 48,846
Mutual funds	13,687,209	-	-	13,687,209
Total investments at fair value	<u>\$ 13,736,055</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,736,055</u>

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds and mutual funds, are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets.

(5) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination, regardless of their percent vested at the time of the Plan's termination.

(6) Tax status

The Company adopted a Prototype Basic Plan Document which obtained a favorable tax determination letter from the Internal Revenue Service on January 1, 2018, in which the IRS stated that the Plan as then designed was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Fidelity bond coverage

ERISA Code section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total Plan assets as of the preceding Plan year or \$500,000. The Plan has sufficient bond coverage as of December 31, 2024 and 2023.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2024 and 2023 to Schedule H of Form 5500:

Changes in net assets available for benefits per Schedule H of Form 5500	<u>\$ 3,630,277</u>	<u>\$ 3,437,365</u>

(9) Party-in-interest transactions

Certain Plan investments are managed by Vanguard Group. Vanguard Group is the record keeper for the Plan as of December 31, 2024 and 2023, and therefore, those transactions qualify as party-in-interest transactions. Ascensus Trust Company is the trustee, as defined by the Plan, as of December 31, 2024 and 2023. Fees paid by the Plan for these investment management and other services totaled \$2,205 and \$2,520 for 2024 and 2023, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(10) Subsequent events

Management has reviewed subsequent events through September 8, 2025, the date which the financial statements were available to be issued. Management has determined that there were no subsequent event matters that require recognition or disclosure in the financial statements.
