Metglas, Inc. 401(k) Plan
Conway, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the **Metglas, Inc. 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

METGLAS, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1. Description of Plan

The following description of the Metglas, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all employees of Metglas, Inc. (the Company) except for employees covered by a collective bargaining agreement, leased employees, non-resident aliens, and temporary or seasonal help. Each employee is eligible to participate on the first plan entry date. Plan entry dates are the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974. The Plan Trustees oversee the governance of the Plan, including determining the appropriateness of the investment offerings and monitoring investment performance.

On July 22, 2023, the Plan was amended to remove the age requirement to be eligible to participate in the Plan. Prior to this date, each employee was eligible to participate on the first plan entry date following the attainment of age 21.

The Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act of 2022 was enacted to enhance retirement savings opportunities and improve retirement plan administration in the United States. The Act provides a broad range of mandatory and optional provisions affecting retirement plans, including increasing participation, improving portability of retirement savings, and expanding penalty-free withdrawal options for certain circumstances. Plan sponsors may elect to adopt certain provisions voluntarily before their mandatory effective dates. For the year ended 2024, the Plan adopted the following voluntary provisions under the SECURE 2.0 Act:

- Auto Portability/Portability Services Network (PSN): The Plan adopted an auto portability feature, enabling the automatic transfer of eligible account balances for participants who change employers, as facilitated by the Portability Services Network.
- Domestic Abuse Withdrawal: Participants who have experienced domestic abuse may take penalty-free withdrawals, subject to applicable limits and repayment options.
- Emergency Expense Withdrawal: Participants may take penalty-free withdrawals to cover unforeseeable or immediate financial needs related to personal or family emergencies, subject to applicable limits and repayment options.
- Qualified Declared Disaster Withdrawal: Participants may take penalty-free withdrawals in the event of a federally declared disaster, subject to applicable limits and repayment options.

Management has evaluated the impact of these amendments and determined that they do not materially affect the financial statements as of and for the year ended December 31, 2024. These changes are intended to improve participant experience and administrative efficiency in accordance with recent legislative developments.

METGLAS, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1. Description of Plan (Continued)

Contributions

The Plan includes an automatic contribution arrangement. Under the automatic contribution arrangement, the Plan treats a participant as having elected to make a pre-tax deferral contribution equal to 3% of compensation provided under the Plan until the participant specifically elects not to have the Company make the contributions or elects a different percentage. In October 2016, the Plan was amended to increase the automatic contribution from 3% to 6%. Additionally, the automatic contribution arrangement includes an automatic deferral increase provision. Each active participant having automatic enrollment contributions made on his behalf shall be increased annually by 2% of compensation, limited to 9% of compensation. The automatic deferral increase shall not apply to a participant within the first six months following the date upon which automatic enrollment contributions begin for the participant.

Participants may contribute up to 60% of eligible compensation to the Plan. In addition, participants may contribute up to 100% of their compensation for the payroll periods in the final month of the Plan year. Participants may also contribute 100% of any employer paid bonuses. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All contributions are subject to the limitations as defined in the Internal Revenue Code (IRC). Company matching contributions are determined annually by the Company's Board of Directors. The Company made matching contributions of approximately \$440,000 and \$447,000 for the years ended December 31, 2024 and 2023, respectively.

Qualified non-elective contributions may be made by the Company in order to satisfy the nondiscrimination tests described in the IRC. Qualified non-elective contributions are allocated to every non-highly compensated plan participant who was active in the Plan during the Plan year. The allocation is based upon the participant's proportionate share of the total compensation paid during that plan year. The Company did not make any qualified non-elective contributions for the years ended December 31, 2024 and 2023, respectively.

Rollover and transfer contributions from other qualified defined benefit or defined contribution plans to the Plan are permitted upon meeting certain requirements.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching and qualified non-elective contributions, if any, and an allocation of plan investment results and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions and the Company's qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after three years of credited service. A participant who reaches normal retirement age, dies, or becomes totally and permanently disabled will also become 100% vested.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 1. Description of Plan (Continued)

Forfeitures

Forfeited company matching contributions may be used at the discretion of the plan administrator to reduce the administrative fees of the Plan. Forfeited Company matching contributions in excess of administrative fees are applied to the contributions of the Company for the Plan year subsequent to the Plan year in which forfeitures occur. Forfeitures totaling \$8,308 and \$0 were used to reduce Company matching contributions for the years ended December 31, 2024 and 2023, respectively. Forfeited Company matching contributions remaining for future use totaled approximately \$7,820 and \$2,500 as of December 31, 2024 and 2023, respectively.

Participant notes receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in participant accounts and accrue interest at rates that range from 4.25% to 9.50% which represents rates similar to the rates charged for loans made under similar circumstances by persons in the business of lending money. Only one loan may be outstanding at any given time. Principal and interest are to be paid ratably through payroll deductions.

Payment of benefits

On termination of service, if a participant's vested account balance does not exceed \$1,000, the Plan will automatically distribute the participant's vested account balance in a lump sum. If his or her vested account balance exceeds \$1,000 but is less than \$5,000, a participant may elect to receive a single lump sum or roll over the vested balance into an Individual Retirement Account (IRA) or other qualified plan. However, if no election is made by the participant, the Plan will automatically roll over the vested balance into an individual retirement plan designated by the plan administrator. If his or her account exceeds \$5,000, a participant may elect to receive the value of the participant's interest in his or her account in the form of a lump-sum distribution or roll over the vested balance into an IRA or other qualified plan or may leave their funds in the Plan.

Participants still employed may withdraw all or part of their account balance that is attributable to the participant's deferral and rollover contributions (including earnings) at any time. Such withdrawals may also be subject to tax penalties.

Participants still employed may withdraw all or part of their account balance that is attributable to the participant's contributions, excluding earnings, upon furnishing proof of financial hardship, however, not more than once in any plan year.

Investment options

Upon enrollment in the Plan, participants may direct their contributions, the Company's discretionary matching, and qualified non-elective contributions, if any, in a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Contributions

Employee contributions and company matching contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

Company qualified non-elective contributions are accrued and paid based on amounts to be funded for each year under the Plan provisions and the applicable requirements of the IRC.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis by the trustee. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reported as a reduction of investment returns for such investments.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2024 and 2023. If a participant ceases to make repayments and the plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3. Information Prepared and Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 4. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

- *Interest bearing cash*: Stated using amortized cost which approximates fair value.
- *Shares of registered investment companies (mutual funds)*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 1,776,906	\$ -	\$ -	\$ 1,776,906
Shares of registered investment companies	18,776,136	-	-	18,776,136
Total assets at fair value	<u>\$ 20,553,042</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,553,042</u>
	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 1,893,653	\$ -	\$ -	\$ 1,893,653
Shares of registered investment companies	18,951,657	-	-	18,951,657
Total assets at fair value	<u>\$ 20,845,310</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,845,310</u>

Note 5. Income Tax Status

The Plan is a prototype plan of Fidelity Management and Research Company. A determination letter has been received from the Internal Revenue Service (IRS) indicating that the prototype plan is a qualified plan under Section 401 of the IRC and is exempt from federal income taxes. Although the prototype plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

METGLAS, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

Note 8. Party-In-Interest Transactions

Certain accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are paid by the Company and will not be reimbursed by the Plan. The recordkeeper and investment advisor assist the Company with selecting investments and monitoring investment results. Therefore, investment transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9. Delinquent Contributions

Due to administrative errors, the Company did not remit certain participant contributions of \$6,680 in a timely manner as defined by ERISA during 2023. These contributions are considered non-exempt party-in-interest transactions which may result in an imposition of 15% excise tax on the amount of the transaction. The Company intends to compensate participants for any potential lost earnings associated with the delay in remitting contributions. The accompanying financial statements do not include any adjustments or accruals related to the potential liability for excise tax or lost earnings.

Independent Auditor's Report

To the Trustees
Metglas, Inc. 401(k) Plan
Conway, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the **Metglas, Inc. 401(k) Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters — Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1. Description of Plan

The following description of the Metglas, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all employees of Metglas, Inc. (the Company) except for employees covered by a collective bargaining agreement, leased employees, non-resident aliens, and temporary or seasonal help. Each employee is eligible to participate on the first plan entry date. Plan entry dates are the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974. The Plan Trustees oversee the governance of the Plan, including determining the appropriateness of the investment offerings and monitoring investment performance.

On July 22, 2023, the Plan was amended to remove the age requirement to be eligible to participate in the Plan. Prior to this date, each employee was eligible to participate on the first plan entry date following the attainment of age 21.

The Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act of 2022 was enacted to enhance retirement savings opportunities and improve retirement plan administration in the United States. The Act provides a broad range of mandatory and optional provisions affecting retirement plans, including increasing participation, improving portability of retirement savings, and expanding penalty-free withdrawal options for certain circumstances. Plan sponsors may elect to adopt certain provisions voluntarily before their mandatory effective dates. For the year ended 2024, the Plan adopted the following voluntary provisions under the SECURE 2.0 Act:

- Auto Portability/Portability Services Network (PSN): The Plan adopted an auto portability feature, enabling the automatic transfer of eligible account balances for participants who change employers, as facilitated by the Portability Services Network.
- Domestic Abuse Withdrawal: Participants who have experienced domestic abuse may take penalty-free withdrawals, subject to applicable limits and repayment options.
- Emergency Expense Withdrawal: Participants may take penalty-free withdrawals to cover unforeseeable or immediate financial needs related to personal or family emergencies, subject to applicable limits and repayment options.
- Qualified Declared Disaster Withdrawal: Participants may take penalty-free withdrawals in the event of a federally declared disaster, subject to applicable limits and repayment options.

Management has evaluated the impact of these amendments and determined that they do not materially affect the financial statements as of and for the year ended December 31, 2024. These changes are intended to improve participant experience and administrative efficiency in accordance with recent legislative developments.

Note 1. Description of Plan (Continued)

Contributions

The Plan includes an automatic contribution arrangement. Under the automatic contribution arrangement, the Plan treats a participant as having elected to make a pre-tax deferral contribution equal to 3% of compensation provided under the Plan until the participant specifically elects not to have the Company make the contributions or elects a different percentage. In October 2016, the Plan was amended to increase the automatic contribution from 3% to 6%. Additionally, the automatic contribution arrangement includes an automatic deferral increase provision. Each active participant having automatic enrollment contributions made on his behalf shall be increased annually by 2% of compensation, limited to 9% of compensation. The automatic deferral increase shall not apply to a participant within the first six months following the date upon which automatic enrollment contributions begin for the participant.

Participants may contribute up to 60% of eligible compensation to the Plan. In addition, participants may contribute up to 100% of their compensation for the payroll periods in the final month of the Plan year. Participants may also contribute 100% of any employer paid bonuses. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All contributions are subject to the limitations as defined in the Internal Revenue Code (IRC). Company matching contributions are determined annually by the Company's Board of Directors. The Company made matching contributions of approximately \$440,000 and \$447,000 for the years ended December 31, 2024 and 2023, respectively.

Qualified non-elective contributions may be made by the Company in order to satisfy the nondiscrimination tests described in the IRC. Qualified non-elective contributions are allocated to every non-highly compensated plan participant who was active in the Plan during the Plan year. The allocation is based upon the participant's proportionate share of the total compensation paid during that plan year. The Company did not make any qualified non-elective contributions for the years ended December 31, 2024 and 2023, respectively.

Rollover and transfer contributions from other qualified defined benefit or defined contribution plans to the Plan are permitted upon meeting certain requirements.

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching and qualified non-elective contributions, if any, and an allocation of plan investment results and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions and the Company's qualified non-elective contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after three years of credited service. A participant who reaches normal retirement age, dies, or becomes totally and permanently disabled will also become 100% vested.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

Note 1. Description of Plan (Continued)

Forfeitures

Forfeited company matching contributions may be used at the discretion of the plan administrator to reduce the administrative fees of the Plan. Forfeited Company matching contributions in excess of administrative fees are applied to the contributions of the Company for the Plan year subsequent to the Plan year in which forfeitures occur. Forfeitures totaling \$8,308 and \$0 were used to reduce Company matching contributions for the years ended December 31, 2024 and 2023, respectively. Forfeited Company matching contributions remaining for future use totaled approximately \$7,820 and \$2,500 as of December 31, 2024 and 2023, respectively.

Participant notes receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in participant accounts and accrue interest at rates that range from 4.25% to 9.50% which represents rates similar to the rates charged for loans made under similar circumstances by persons in the business of lending money. Only one loan may be outstanding at any given time. Principal and interest are to be paid ratably through payroll deductions.

Payment of benefits

On termination of service, if a participant's vested account balance does not exceed \$1,000, the Plan will automatically distribute the participant's vested account balance in a lump sum. If his or her vested account balance exceeds \$1,000 but is less than \$5,000, a participant may elect to receive a single lump sum or roll over the vested balance into an Individual Retirement Account (IRA) or other qualified plan. However, if no election is made by the participant, the Plan will automatically roll over the vested balance into an individual retirement plan designated by the plan administrator. If his or her account exceeds \$5,000, a participant may elect to receive the value of the participant's interest in his or her account in the form of a lump-sum distribution or roll over the vested balance into an IRA or other qualified plan or may leave their funds in the Plan.

Participants still employed may withdraw all or part of their account balance that is attributable to the participant's deferral and rollover contributions (including earnings) at any time. Such withdrawals may also be subject to tax penalties.

Participants still employed may withdraw all or part of their account balance that is attributable to the participant's contributions, excluding earnings, upon furnishing proof of financial hardship, however, not more than once in any plan year.

Investment options

Upon enrollment in the Plan, participants may direct their contributions, the Company's discretionary matching, and qualified non-elective contributions, if any, in a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

METGLAS, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Contributions

Employee contributions and company matching contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

Company qualified non-elective contributions are accrued and paid based on amounts to be funded for each year under the Plan provisions and the applicable requirements of the IRC.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis by the trustee. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reported as a reduction of investment returns for such investments.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2024 and 2023. If a participant ceases to make repayments and the plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3. Information Prepared and Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

Note 4. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

DECEMBER 31, 2024 AND 2023**

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

- *Interest bearing cash*: Stated using amortized cost which approximates fair value.
- *Shares of registered investment companies (mutual funds)*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 1,776,906	\$ -	\$ -	\$ 1,776,906
Shares of registered investment companies	18,776,136	-	-	18,776,136
Total assets at fair value	<u>\$ 20,553,042</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,553,042</u>
Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Interest bearing cash	\$ 1,893,653	\$ -	\$ -	\$ 1,893,653
Shares of registered investment companies	18,951,657	-	-	18,951,657
Total assets at fair value	<u>\$ 20,845,310</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,845,310</u>

Note 5. Income Tax Status

The Plan is a prototype plan of Fidelity Management and Research Company. A determination letter has been received from the Internal Revenue Service (IRS) indicating that the prototype plan is a qualified plan under Section 401 of the IRC and is exempt from federal income taxes. Although the prototype plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

METGLAS, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

Note 8. Party-In-Interest Transactions

Certain accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are paid by the Company and will not be reimbursed by the Plan. The recordkeeper and investment advisor assist the Company with selecting investments and monitoring investment results. Therefore, investment transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9. Delinquent Contributions

Due to administrative errors, the Company did not remit certain participant contributions of \$6,680 in a timely manner as defined by ERISA during 2023. These contributions are considered non-exempt party-in-interest transactions which may result in an imposition of 15% excise tax on the amount of the transaction. The Company intends to compensate participants for any potential lost earnings associated with the delay in remitting contributions. The accompanying financial statements do not include any adjustments or accruals related to the potential liability for excise tax or lost earnings.
