Plan Administrator Swig 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Swig 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of assets available for benefits as of November 30, 2024, the related statement of changes in assets available for benefits for the period from January 1, 2024 through November 30, 2024, and the related notes to financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audit of Swig 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution for the 2024 financial statements, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Swig 401k Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Plan Merger and Transfer of Assets

Effective November 30, 2024, all assets and participant account balances of the Plan were transferred to the Secure Future Pooled Employer Plan pursuant to a plan merger. As a result of the merger, the Plan was terminated and no longer holds any assets as of November 30, 2024. All participant accounts were transferred at fair value, and the Plan is expected to file a final Form 5500 as of November 30, 2024.

Notes to Financial Statements

1. Description of the Plan

The following description of the Swig 401k Plan (the Plan) provides only general information. Participants should refer to the Plan document, adoption agreement, and summary plan description for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan open to domestic employees of Savory Swig Stores LLC, Greenfield Soda LLC, and Gilbert Soda LLC (the Company or the Employer) and was established June 1, 2023. To be eligible to participate in the Plan, employees must be 18 years of age and have completed at least 12 months of service and 1,000 working hours within 12 months as outlined in the Plan documents. The Plan is intended to be a qualified plan under the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Merger and Compliance Testing

Effective November 30, 2024, all assets and participant account balances of the Plan were transferred to the Secure Future Pooled Employer Plan pursuant to a plan merger. As a result of the merger, the Plan was terminated and no longer holds any assets as of November 30, 2024. All participant accounts were transferred at fair value, and the Plan is expected to file a final Form 5500 as of November 30, 2024. The Plan Sponsor elected to process compliance corrections, if any, through the Secure Future Pooled Employer Plan after November 30, 2024.

Contributions

Each year, participants may contribute up to the maximum allowed by the Internal Revenue Code (IRC). In addition, the Plan allows for catch up contributions by employees 50 years and older. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions. Participants are auto enrolled into the plan at 3% upon meeting the eligibility requirements. The automatic deferral amount will increase yearly on the anniversary of the participants first deferral up to a maximum of 10%.

The Company makes safe harbor matching contributions to each participant's account equal to 100% of the first 3% of each participant's elective deferrals, plus 50% of the next 2% of each participant's elective deferrals.

The Company, at its discretion, may also contribute a non-elective contribution to the Plan. Eligible employees must be 18 years old, have worked 1,000 hours within their first 12 months since hire date, or during the Plan year, and must be employed on the last day of the Plan year to be eligible to receive employer non-elective contributions. For the period from January 1, 2024 through November 30, 2024, the Company did not make employer non-elective contributions.

Participants direct the investment of their contributions, Company discretionary matching contributions and non-elective contributions into various investment options offered by the Plan. The Plan offers various mutual funds and a common collective trust as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions; including amounts rolled over from other qualified plans, allocations of the Company's matching contributions, the Company's discretionary non-elective contributions, Plan earnings, and is charged with benefit payments and an allocation of administrative expenses (loan and withdrawal fees). The allocations above are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. The Company's safe harbor matching contributions vest 50% on the first anniversary of employment and 50% on the second anniversary of employment. Employer non-elective contributions are 100% vested after 3 years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between participant-directed investments and notes receivable from participants. Note terms range from one to five years or up to thirty years for the purchase of a primary residence. The notes are collateralized by the participant's vested balance in the Plan and bear interest at the prime rate plus 2%. Principal and interest is paid ratably through payroll deductions. There were no outstanding notes receivable from participants as of November 30, 2024.

Payment of Benefits

Upon termination of service, if the vested value of a participant's account is less than \$500, his or her account will be distributed in a single lump-sum payment. If the vested value of a participant's account exceeds \$500, he or she may elect to (i) receive a lump-sum amount, (ii) substantially equal payments for a specified term, (iii) to have all of the distribution paid in a direct rollover to another qualified plan, or (iv) a combination of the above.

Forfeitures

Forfeitures represent employer discretionary contributions generated by a participant account that is not fully vested. Forfeited amounts may be used to reduce employer contributions, pay reasonable plan expenses, or allocate among participants as additional contributions. There were no forfeitures used for these purposes for the period from January 1, 2024 through November 30, 2024. The balance of unused forfeitures as of November 30, 2024 and December 31, 2023 was \$0 and \$10, respectively. During the period from January 1, 2024 through November 30, 2024, \$47,793 was used to reduce Employer contributions and amounts forfeited by participants totaled \$47,719. Net investment gain on forfeitures totaled \$75 for the period from January 1, 2024 through November 30, 2024. Total forfeitures transferred in the Plan Merger was \$11.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit, and the overall fluctuation in the market. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Investments in mutual funds are stated at fair value based upon quoted market prices. Investments in target date collective investment funds, common/collective trusts, and stable value funds are stated at net asset value (NAV) per share as a practical expedient, which is based on the fair value of the underlying investments.

Net appreciation (depreciation) of investments includes realized and unrealized gains or losses on investments and is recognized in income currently. Amounts invested may earn interest and dividends, which in turn are reinvested. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as deemed distributions when the participant has a distributable event. During 2024, there were no deemed distributions.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Plan Expenses

Administrative expenses of the Plan are paid by either the Plan or the Company, as provided in the Plan document. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable and requested distributions from participants are charged directly to the participant's account and included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Plan management has evaluated events occurring subsequent to year-end through September 12, 2025, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

Level 1 : Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3: Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of November 30, 2024 and December 31, 2023:

November 30, 2024				
Description	Level 1	Level 2	Level 3	Total
Shares of registered investment companies:				
Mutual funds	\$ -	\$ -	\$ -	\$ -
Common/collective trust, at NAV practical expedient *				-
Total investments, at fair value				\$ -

December 31, 2023				
Description	Level 1	Level 2	Level 3	Total
Shares of registered investment companies:				
Mutual funds	\$ 209,977	\$ -	\$ -	\$ 209,977
Common/collective trust, at NAV practical expedient *				10
Total investments, at fair value				\$ 209,987

**The fair values of these investments are provided above to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.*

The following tables set forth a summary of the Plan's investments reported at NAV as a practical expedient as of November 30, 2024 and December 31, 2023.

November 30, 2024				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ -	n/a	Daily	none

December 31, 2023				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	\$ 10	n/a	Daily	none

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

4. Exempt Party-In-Interest Transactions

Plan investments managed by the trustee of the Plan qualify as exempt party-in-interest transactions. Transactions related to notes receivable from participants are also exempt party-in-interest transactions. As of November 30, 2024, there were no exempt party-in-interest transactions.

5. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements:

- All investment assets held by the Plan
- Notes receivable from participants
- The recording of transactions related to all investment assets and notes receivable from participants, including related earnings (losses) and interest and dividends.

6. Federal Income Tax Status

The Plan was adopted from a non-standardized prototype plan document offered by ADP, LLC. The IRS has determined and informed the prototype sponsor by a letter dated October 6, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has not received a letter specific to the Plan itself; however, the Plan Administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 30, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.
