## INDEPENDENT AUDITORS' REPORT

Board of Trustees  
San Diego City Employees Retiree Medical Trust  
San Diego, California

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the accompanying financial statements of San Diego City Employees Retiree Medical Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of March 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended March 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of San Diego City Employees Retiree Medical Trust as of March 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended March 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of San Diego City Employees Retiree Medical Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about San Diego City Employees Retiree Medical Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of San Diego City Employees Retiree Medical Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about San Diego City Employees Retiree Medical Trust's ability to continue as a going concern for a reasonable period of time.

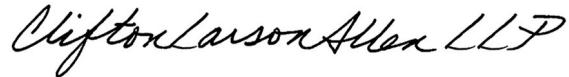

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i)–Schedule of Assets (Held at End of Year) as of March 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO FINANCIAL STATEMENTS**  
**MARCH 31, 2025 AND 2024**

**NOTE 1 DESCRIPTION OF PLAN**

The following description of San Diego City Employees Retiree Medical Trust (the Trust) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Trust is a benefit trust established pursuant to a Trust Agreement adopted by five labor organizations, the San Diego Police Officers Association, San Diego Municipal Employees Association, San Diego Lifeguards – California Teamsters Local 911, the American Federation of State County and Municipal Employees Local 127 District Court 36 AFL-CIO, and the Deputy City Attorneys Association of San Diego effective December 1, 2011 and amended effective February 19, 2016. The Trust provides an entity to which contributions from the City of San Diego (the City) and participating employees are paid and through which the trustees can create and administer one or more employee welfare benefit plans for the participants and their beneficiaries. The Trust offers reimbursement of qualified medical expenses to eligible participants in accordance with the Medical Expense Reimbursement Plan (the Plan) of the Trust, effective April 1, 2012. The Trust and Plan are maintained in compliance with the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

**Eligibility**

The City provides three postemployment health benefit options (Option A, B and C) for eligible *Participants* who began City employment before July 1, 2005 and retire on or after April 1, 2012. The Trust and Plan were established to receive the Option C benefits (and leave transfers and pooled contributions as described below) for the members of the five adopting labor organizations.

**Contributions**

The Trust is financed by contributions as follows:

- *Option C* – Transfers of mandatory employer contributions to the Trust made by the City pursuant to the terms of a memorandum of understanding or special agreement with the City.
- *Pooled Contributions* – Mandatory contributions for every employee in a specific classification bargaining unit at a minimum of \$25 per pay period and deposited to the pooled account within the Plan.
- *Leave Transfers* - Optional contributions at the election of a Plan participant to transfer accrued leave at the time of retirement to the Plan.

Accounting principles generally accepted in the United States of America require separate disclosure of employer and employee contributions. Optional leave transfer contributions funded should be classified as employee contributions, however based on how the Plan is administered, it is not feasible to segregate between the source of the contributions and, consequently, that information is not disclosed in the accompanying financial statements.

**NOTES TO FINANCIAL STATEMENTS**  
**MARCH 31, 2025 AND 2024**

**NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**

**Participant Accounts**

Each participant's account is credited with employer contributions and an allocation of Plan earnings or losses. The allocation of income and expenses to Plan participants is based on the investment allocations selected by the Plan participants. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

**Benefit Payments**

The Plan was established to reimburse participants for qualified out-of-pocket health care expenses (such as medical care, vision care, dental care, prescription drugs, and certain over-the-counter drugs) and qualified long-term care expenses, as well as premiums for health insurance, health plan coverage, and qualified long-term care insurance contracts that occur after the participant has retired or terminated employment.

A participant becomes eligible to begin using their accrued benefits when:

- *Option C and Leave Transfers (account beneficiary)* – An employee or former employee shall become eligible to receive benefits from his or her Employee Account when he/she meets all the following requirements: 1) there is a positive balance in the Employee Account (including Option C transfers); and 2) the Employee has ceased employment as an Employee under this Plan.
- *Pooled (regular beneficiary)* – An employee shall become eligible to receive monthly benefits to his/her account when he/she meets all the following requirements: 1) the employee earns 10 years of active service, provided that for an individual who is an employee on the date the pooled contributions began for his or her Association, this requirement shall be five years; 2) pooled contributions are made to the Trust on behalf of the employee for all years of active service; 3) the employee attains age 50; 4) the employee has ceased employment as an employee under this Plan; and 5) the employee has a positive Employee Account balance.

**Forfeited Accounts**

Account forfeitures may be used to defray the costs of operating the Plan.

**SAN DIEGO CITY EMPLOYEES RETIREE MEDICAL TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
**MARCH 31, 2025 AND 2024**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Concentration of Credit Risk**

The Plan maintains cash balances at financial institutions and the accounts are secured up to the limits of the Federal Deposit Insurance Corporation (FDIC). From time to time, the Plan has balances which exceed FDIC insured amounts.

**Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Benefit Payments**

Benefits are recorded when paid.

**Administrative Expenses**

The Plan's expenses are paid directly by the Plan, as provided by the Plan document. Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statement of changes in net assets available for benefits.

**Subsequent Events**

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 15, 2025, the date the financial statements were available to be issued.

**SAN DIEGO CITY EMPLOYEES RETIREE MEDICAL TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
**MARCH 31, 2025 AND 2024**

**NOTE 3 FAIR VALUE OF INVESTMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at March 31, 2025 and 2024.

*Money Market Funds and Mutual Funds:* Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily net asset value (NAV) and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

**NOTES TO FINANCIAL STATEMENTS**  
**MARCH 31, 2025 AND 2024**

**NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31:

	2025			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 28,252,833	\$ -	\$ -	\$ 28,252,833
Mutual Funds	258,482,050	-	-	258,482,050
Total Investments at Fair Value	\$ 286,734,883	\$ -	\$ -	\$ 286,734,883

Mutual Funds	247,511,004	-	-	247,511,004
Total Investments at Fair Value	\$ 270,907,888	\$ -	\$ -	\$ 270,907,888

**NOTE 4 TRUST TAX STATUS**

The Trust is placing reliance on an exemption letter from the Internal Revenue Service (IRS) dated October 30, 2013, indicating that the related trust holding plan assets is designed in accordance with the applicable provisions of section 501(c)(9) of the Internal Revenue Code (IRC). The Plan administrator is not aware of Trust activity that would generate unrelated business taxable income. The Trust administrator believes that the Trust is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Trust is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Trust management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Trust has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Trust is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 5 PLAN TERMINATION**

Although it has not expressed any intention to do so, the Trustees have the right under the Plan to modify the benefits provided to participants, to discontinue its contributions at any time and to terminate the Plan. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for the participants. No assets of the Plan may revert to the participating organizations or be used for purposes other than for the exclusive benefit of the participants.

**SAN DIEGO CITY EMPLOYEES RETIREE MEDICAL TRUST**  
**NOTES TO FINANCIAL STATEMENTS**  
**MARCH 31, 2025 AND 2024**

**NOTE 6 PARTY-IN-INTEREST TRANSACTIONS**

As described in Notes 1 and 2, the Plan has several arrangements with service providers. These transactions qualify as party in interest transactions, which are exempt from the prohibited transaction rules of ERISA.

**NOTE 7 RISKS AND UNCERTAINTIES**

The Trust may invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
