## Independent Auditors' Report

### To the Plan Administrators and Management of Medsphere Systems Corporation 401(k) Plan

#### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Medsphere Systems Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in assets available for benefits for the year ended December 31, 2024, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

#### Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

---

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

---

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Notes to Financial Statements**

---

### **1. Description of the Plan**

The following description of the Medsphere Systems Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering all employees of Medsphere Systems Corporation (the Company, the Employer, or the Plan Sponsor) who have reached a minimum of 21 years of age. The Plan, established effective January 1, 2004 and amended and restated effective October 1, 2024, is intended to be a qualified retirement plan under the Internal Revenue Code (IRC), and is subject to the provisions of the Employer Retirement Income Security Act of 1974, as amended (ERISA).

#### **Contributions**

Contributions to the Plan include: (i) salary reduction contributions authorized by participants, (ii) discretionary non-elective contributions made by the Plan Sponsor; and (iii) participant rollovers from other plans.

Participants may contribute up to 100% of their pretax compensation as defined in the Plan, subject to the maximum amount allowable under the IRC. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions, and the related matching contributions made by the Plan Sponsor, into various investment options offered by the Plan.

The Plan allows for discretionary nonelective contributions and discretionary matching contributions to each participant based on his or her elective deferrals in a percentage set by the Employer that is not in excess of 100% of each participant's contributions. During the year ended December 31, 2024, the Company did not make a nonelective contribution to the Plan.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions, an allocation of the Employer's contributions, and an allocation of earnings, and is charged with withdrawals and an allocation of losses and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

#### **Vesting**

Participants are vested immediately in their contributions plus actual earnings thereon. Participants, other than those transferred into the Plan from the Marketware, Inc. 401(k) Plan in 2021, are immediately vested in the Employer's matching contributions. Vesting in the Marketware, Inc. contributions prior to the plan merger on July 6, 2021, are subject to a three-year cliff vesting schedule.

#### **Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from one to five years (15 years if for the purchase of a principal residence). The interest rates on the outstanding notes as of December 31, 2024 were from 4.25% to 9.50% with maturities ranging through April 2037.

#### **Payment of Benefits and Withdrawals**

Upon a participant's death, retirement, or termination of employment, a participant or his or her beneficiaries may receive a distribution equal to the vested balance in his or her account in a single, lump-sum cash payment, subject to the Plan's provisions. Upon termination of employment participant account balances less than \$5,000 may be automatically distributed without participant consent. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to the occurrence of these events.

---

### ***Forfeitures***

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future Employer contributions or pay Plan administrative expenses. As of December 31, 2024, forfeited nonvested accounts totaled \$0. During the year ended December 31, 2024, there were no forfeited amounts.

### ***Administrative Expenses***

Plan administrative expenses may be charged directly to the Plan or paid by the Plan Sponsor. During the year ended December 31, 2024, the Plan paid \$80,682 of administrative expenses. Certain administrative expenses are paid by the Company. Investment related expenses are included in the net appreciation (depreciation) in the fair value of investments.

### ***Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

## **2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

### ***Use of Estimates***

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### ***Risks and Uncertainties***

In general, investment securities are exposed to various risks, such as interest rate, currency exchange rate, credit, and the overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

### ***Investment Valuation and Income Recognition***

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). The Plan's investments in mutual funds are valued at the daily closing price. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Investments in the pooled separate account and common/collective trust are stated at net asset value (NAV) per share as a practical expedient, which is based on the fair value of the underlying investments.

The fully benefit-responsive guaranteed investment contract is recorded at contract value, which is calculated as contributions plus earnings, less participant withdrawals and administrative expenses, which charges are contractually defined.

Net appreciation (depreciation) of investments includes realized and unrealized gains or losses on investments and is recognized in income currently. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends and interest are reinvested as earned.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest and are secured by the participants' vested account balances. Interest income is recognized over the terms of the notes at the rate specified in the loan documents.

Fees related to the notes receivable from participants are recorded as administrative expenses when they are incurred. If a participant defaults, the carrying amount of the note receivable from the participant is eliminated and a benefit payment is recorded at the time the participant has a distributable event.

### **Payment of Benefits**

Benefits are recorded when paid by the Plan.

### **Subsequent Events**

Plan management has evaluated events occurring subsequent to year end through August 21, 2025, which is the date the financial statements were available to be issued.

### **3. Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.
- Level 3 Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31:

<b>2024</b>				
<b>Description</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>

#### **4. Fully Benefit-Responsive Guaranteed Investment Contract**

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with The Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Accordingly, the GIC is considered a traditional investment contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Since the GIC is fully benefit-responsive, it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. Management has concluded that no events are probable of occurring that would limit the ability of the Plan to transact at contract value with the contract issuer. The Plan Administrators do not believe that the occurrence of any event that would limit the Plan's ability to transact at contract value with participants is probable.

#### **5. Exempt Party-In-Interest Transactions**

The notes receivable from participants are exempt party-in-interest transactions.

#### **6. Income Tax Status**

The Plan has adopted a prototype profit sharing plan which has obtained a favorable tax opinion letter from the Internal Revenue Service dated October 6, 2020, stating that the non-standardized prototype plan is qualified under the appropriate sections of the Internal Revenue Code.

Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified. Accordingly, no provision for income taxes is included in the accompanying financial statements.

Management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management has concluded that as of December 31, 2024, there are no uncertain tax positions that require either recognition or disclosure in the financial statements. The Plan is subject to audits by taxing authorities for tax years for which the applicable statutes of limitations have not expired. There are currently no audits for any tax periods in progress.

#### **7. Information Certified by the Trustees**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by ADP Retirement Trust Services, LLC, Empower Trust Company, LLC, and Empower Annuity Insurance Company of America, the trustees of the Plan, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule:

- The investment assets of the Plan
- Notes receivable from participants
- The recording of transactions related to all investment assets and notes receivable from participants, including related earnings (losses) and interest and dividends.
