## Independent Auditor's Report

To the Trustees  
Leonard Management 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Leonard Management 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note J to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules, as listed in the accompanying contents page, as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Leonard Management 401(k) Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note A - Description of Plan**

The following description of Leonard Management 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all eligible employees of Leonard Management, Inc. (the Company), who have one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan, including reviewing the appropriateness of the Plan's investment offerings and monitoring investment performance.

1. Contributions

Participants may enter into an elective deferral agreement authorizing the employer to withhold a portion of such participant's compensation to deposit to the Plan, subject to IRS limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions of amounts received from other tax-qualified retirement plans.

The Company may make matching contributions as defined in the Plan and approved by the Company in its sole discretion. In 2024 and 2023, the Company matched 100 percent of each eligible participant's contribution that was not in excess of 3 percent of compensation plus 50 percent of each eligible participant's contribution that exceed 3 percent of compensation but that do not exceed 5 percent of compensation. The Company's actual contribution may be reduced by certain available forfeitures, if any, during the Plan year. The Plan also allows for an additional discretionary contribution at the option of the Company in its sole discretion. No discretionary contribution was made for the years ended December 31, 2024 and 2023.

2. Participant accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, Plan earnings or losses, an allocation of the Company's discretionary contribution, if any, and charged with an allocation of administrative expenses. Allocation of the Company's discretionary contribution is based upon the ratio that each participant's compensation for the Plan year bears to the total compensation of all participants for the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

3. Vesting

Participants are immediately vested in their salary deferral, rollover contributions, and related earnings. Participants vest ratably and are fully vested in the employer's discretionary profit-sharing and matching contributions allocated to their account after six years of credited service. A participant becomes fully vested, regardless of the years of service, upon attainment of retirement due to total and permanent disability or death.

4. Investment options

Each participant may direct account balances to be invested in one or any combination of investment options offered by the Plan and may change the allocation daily. The Plan does not have any nonparticipant directed investments.

5. Payment of benefits

The Plan provides for payment of benefits upon death, disability, retirement, or termination of employment. A separated participant with a vested balance exceeding \$5,000 may elect to receive a lump-sum amount equal to the value of his or her account. If a separated participant has a vested balance that does not exceed \$5,000, they will receive a lump-sum distribution rather than receiving installments.

**Note A - Description of Plan - Continued**

6. Forfeited accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$0 and \$0, respectively. In 2024, \$292 was applied to pay plan expenses.

**Note B - Summary of Accounting Policies**

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

3. Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note D for discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Net appreciation (depreciation) in fair value of investments

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

5. Payment of benefits

Benefits are recorded when paid.

6. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

7. Date of management's review and subsequent events

Subsequent events were evaluated through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

**Leonard Management 401(k) Plan**  
**Notes to Financial Statements - Continued**  
**December 31, 2024 and 2023**

**Note C - Party-In-Interest Transactions**

All plan investments are held by Reliance Trust Company, the plan custodian. The Plan paid \$48,223 of commissions and fees to Transamerica Retirement Solutions, \$9,385 to Bank of America NA, and \$2,250 to FuturePlan by Ascensus during 2024. These transactions qualify as party-in-interest transactions.

**Note D - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets.
  - Quoted prices for identical or similar assets or liabilities in inactive markets.
  - Inputs other than quoted prices that are observable for the asset or liability.
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
  - If the asset or liability has a specified contractual term, level 2 inputs must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds

The Plan invests in a stable value collective trust valued at the NAV of the units of a bank collective trust. The NAV, as provided by the trustee, is used as a readily determinable fair value to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This readily determinable fair value is not used when it is determined to be probable that the fund will sell the

investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<u>2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments in fair value hierarchy				
Mutual funds	<u>\$3,912,156</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$3,912,156</u>
Investments measured at net asset value*				
Common/collective trusts				<u>12,896</u>
Investments at fair value				<u><u>\$3,925,052</u></u>
<u>2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments in fair value hierarchy				
Mutual funds	<u>\$2,894,110</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$2,894,110</u>
Investments measured at net asset value*				
Common/collective trusts				<u>7,521</u>
Investments at fair value				<u><u>\$2,901,631</u></u>

\* Certain investments that are measured at NAV (or its equivalent) have not been classified in the fair value hierarchy, as allowed by U.S. accounting principles. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Note E - Income Tax Status**

On March 31, 2014, the Internal Revenue Service ruled that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401 of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal taxing authorities. Management is not aware of any uncertain tax positions taken by the Plan. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**Leonard Management 401(k) Plan  
Notes to Financial Statements - Continued  
December 31, 2024 and 2023**

**Note F - Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**Note G - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will immediately become fully vested in their accounts.

**Note H - Reportable Transactions under ERISA**

The Plan had no loans, fixed income obligations, or leases at December 31, 2024. All plan assets are in an investment contract with Reliance Trust Company.

**Note I - Reconciliation of 2024 Form 5500 with Financial Statements**

The following is a reconciliation of net assets available for benefits and the change in net assets available for benefits per the financial statements at December 31, 2024, to Form 5500:

	<u>Form 5500</u>	<u>Difference</u>	<u>Financial statements</u>
Net assets available for benefits	\$ <u>4,252,994</u>	\$ <u>-</u>	\$ <u>4,252,994</u>
Net increase in net assets available for benefits	\$ <u>1,053,352</u>	\$ <u>-</u>	\$ <u>1,053,352</u>

**Note J - Information Certified by Custodian**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments and interest for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified by Reliance Trust Company (the custodian of the Plan).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.
